Well Known Engineer Chosen to Succeed Professor Steinman

Frederick A. Skene, of Bureau of Highways, Joins Dept. of Engineering—State Engineer and Hefley Professor

Frederick A. Skene, well-known engineer, has been appointed Associate Professor of Civil and Mechanical Engineering in place of Professor D. B. Steinman who has resigned to enter business.

Prof. Skene is a graduate of New York University, 1897, with the degrees of B.S. and C.E. From 1897 to 1900 he served as Assistant Engineer in the Bureau of Highways, Borough of Queens. In 1900 he was promoted to the position of Chief Engineer in this Bureau, which position he held up to 1906.

From 1905-1908 he served as State Engineer for New York State and from 1909 to 1916 as Consulting Engineer for New York City. Then in August, 1916, he was put in charge of the Civil Engineering Department of Hefley Institute, Brooklyn, N. Y. He held this position until October, 1917, when he secured a leave of absence to serve as Captain in the U. S. Army Corps of Engineers.

In September, 1919, Prof. Skene returned to Hefley Institute where he resumed his duties as head of the Engineering Department. He taught Surveying, Railroad Engineering, Masonry, Theory and Design of Roofs and Bridges, Engineering Geology, Roads and Pavements, Irrigation Engineering, Laws, Contracts and Specifications and other subjects of allied nature.

In February, 1920, he started a new course to train Federal Board men in inspection of construction, materials, map reading, drawing, reading specifications and contracts, field work the use of the level, mathematics and English.

SECRETARY COLBY TO ADDRESS ALUMNI AT RE-UNION BANQUET

On November 16th, the Associated Alumni, Lee Kolms, President, will hold its regular annual banquet at the Hotel Astor.

Secretary of State, Colby, is slated to address the noted assembly of financiers, professors and captains of industry.

A one act play by Francis Edwards Faragoh, '20, will be presented for the amusement of the alumni. The actors will be the same as those who composed the cast of the Senior Play, "Bye Bye Beowulf," given June, 1920, at the Morosco Theatre.

CO-OP. STORE OPEN FOR USE OF STUDENTS

The Co-op store will be open daily from 9 A. M. to 2 P. M. A new complete line of stationery, text books and sporting goods has been received and students are advised to make their purchases here. The usual reduction of 10 per cent. on all text books will again be offered this term, while there will also be a substantial reduction on all stationery and sporting goods.

"U" Campaign Opens With Large Number of Paid Up Members

800 Already Enrolled—Expect Record-Breaking Membership

The campaign for members of the C. C. N. Y. Union started with a rush last week, and is gathering impetus as the term goes on. Reports from the "U" membership committee indicate that most of the students of the college will join the "U" before the membership drive comes to an end.

Up to Thursday of last week, there were approximately 800 paid-up or nearly paid-up members of the Union. If this rate of increase in membership continues, it will not be very long before the college will be 100 per cent. "U."

The campaign for membership this year is being handled by a large Membership Committee, subdivided into various departments. At the executive end of the campaign is the Executive Committee, of which David L. Nassow is chairman, and Lewis E. Zorn, Secretary.

Since the C. C. N. Y. Union is simply a collecting organization, the "U" Committee acts only as a canvassing committee for the various associations which make up the Union. These are five in number—The Athletic Association, The Students' Council, The Campus, The Mercury, and the four class organizations. When all the funds for the "U" have been collected, they will be apportioned among these organizations in a varying ratio.

The C. C. N. Y. Union was organized in February, 1919, being a movement on the part of the chief activities of the college toward greater centralization, particularly in the collection of funds. Naturally, this resulted in a great duplication of effort. It was to obviate this that the Union was formed. It was a success from the start.

It has admirably fulfilled its primary and only object—the collection of funds for college activities. This term the "U" Committee intends to make a big drive for the Union in every sense of the word.

(Continued on Page 6)

ALPHA PHI MEMBER DIES BY DROWNING

The Campus regretfully announces the death of Max Liverant, class of 1918.

Liverant, a member of the Alpha Phi Fraternity, was drowned this summer while swimming at Belmont.

While at college, he was an excellent student, a good mixer and exceedingly active in extra-curricular activities.

FRESHMAN ARTISTS DECORATE CAMPUS

The Eternity Rock on 137th Street and Convent Avenue now sports a large white "24," the emblem of the Freshman Class. The rock had been painted with the '23 numeral for almost a year till last week the Freshmen got busy and changed the scenery.

FRESH-SOPH SCHEDULE ARRANGED FOR TERM

1. Push Ball—Thursday, Sept. 23, at 3 P.M.
2. Cane Spree—Thursday, Sept. 30, at 12 M.
3. Tug of War—Tuesday, Oct. 5, at 3 P.M.
4. Swimming Meet—Thursday, Oct. 7, at 12 M.
5. Baseball—Tuesday, Oct. 12, at 10 A.M.
6. X-Country—Tuesday, Oct. 12, at 1:30 P.M.
7. Soccer—Tuesday, Oct. 12, at 2:30 P.M.
8. Freshman Sing—Monday, Oct. 18, at 3 P.M.
9. Tennis—Thursday, Oct. 21, at 3 P.M.
10. Flag Rush—Friday, Oct. 29, at 3 P.M.
11. Debate—Thursday, Nov. 4, at 3 P.M.
12. Track Meet—Friday, Nov. 5, at 2:30 P.M.
13. Soph Carnival—Friday, Nov. 12, at 3 P.M.
14. Basketball—Saturday, Dec. 4, at 8 P.M.
15. Fresh Feed—???
16. Soph Smoker—!!!
17. Peace Banquet—Sunday, May 21, at 8 P.M.

Captain Crandall to Command R.O.T.C. Succeeds Major Casteel As Professor of Military Science and Tactics

The R. O. T. C. unit at City College this term will be under the command of Captain Derby Crandall, who was adjutant last term. Captain Crandall succeeds Major Casteel as Professor of Military Science and Tactics, the Major having been transferred to the New Bedford, Mass., High Schools.

When interviewed concerning the work of the R. O. T. C. this term, Captain Crandall said it would be divided into three distinct branches—the First Year Basic (for beginners), the Second Year Basic (for those who have had one year of training), and the First Year Advanced. The last-named consists of only five men, Captains Herrlich, Yankowitz, Barry, Hoeflinger, and McKay, who will act as the Senior Officers of the unit. The non-commissioned officers and officers for the First Year Basic will be chosen from the Second Year Basic. In all, there will be only twenty-five officers, instead of sixty, as formerly. Captain Crandall believes this reduction in the number of officers will make for greater efficiency.

(Continued on Page 6)

Notice.

By action of the Faculty Committee on Student Activities May 19, 1920.

(1) The president of each student organization is directed to cause to be sent to the Secretary of this committee a report of any function which the organization plans to hold.

(2) The Secretary of each student organization is directed to file each term with the secretary of this committee a typewritten list of the officers and members of the organization with respective classes.

SOPHOMORE CLASS WINS ANNUAL PUSH-BALL CONTEST AGAINST GREAT ODDS.

SOPHS MAKE USE OF STRATEGY TO DEFEAT FRESHMEN. SPECTATORS ENJOY SIGHT OF BATTLING UNDER-CLASSMEN. GYM SCENE OF INTENSE STRUGGLE.

The Push-Ball Tussle of September 23, between the Freshmen and the Sophomores marked the first great organized effort of the avowed enemies as firm units. When the opposing factions were lined up facing each other, the Freshman force outnumbered that of the Sophs more than two to one. The yearlings trusted to their strength of numbers and their dogged spirit. The Sophs trusted their hope of victory to strategy.

Elect Notable Men To Fill Vacancies in Trustees' Ranks

Messrs. Weiss and Larkin Succeed Mr. Baruch and the Late Col. Lydecker

Two new trustees were appointed during the summer vacation. Mr. Albert Weiss is to fill the vacancy caused by the death of Mr. Lydecker. Mr. William P. Larkin is to fill the vacancy caused by the resignation of Mr. Baruch.

Mr. Weiss was born in Pernartitz, Bohemia, in 1865, of poor parents, and received only the rudiments of an education. He came to the United States in 1883 at the age of 18, and unaided he soon began to build the foundations of the various mercantile enterprises with which he is now connected in Georgia and Colorado.

In 1888 he came to New York City and for a number of years, has devoted his attention to the real estate business in New York City, the retaining his large financial interests in cotton mills and other enterprises in the southern states.

Mr. Weiss has always taken an active interest in communal, religious, and charitable affairs of this city; more particularly of the Yorkville section in which he is a resident.

He has traveled extensively, and feels that such travel and his contact with all sorts and conditions of men is the real basis of his education and experience.

Mr. Weiss has recently sailed for Czecho-Slovakia, taking with him large amounts of clothing, shoes and hospital supplies for welfare use in that country. He is financing the trip personally.

(Continued on Page 6)

MR. BURCHARD NOW MEMBER OF FACULTY

Mr. Lewis Sayre Burchard, '77, the "Big Brother of City College," is now a member of the Faculty of the School of Civic and Business Administration. He will take charge of the courses in Business Law recently given by Professor Justin H. Moore, who has left to take a commercial position. Dean Frederick B. Robinson recently discovered that Mr. Burchard was not only a successful practicing lawyer, but had also taught law to no less a jurist than Charles E. Hughes. Thereupon Professor Robinson prevailed upon him to take Professor Moore's place.

PROF. KROWL RETURNS FROM ORIENTAL TRIP

Prof. Krowl of the English Department has just returned from China and Japan, where he spent eight weeks investigating economic and social conditions.

It was a hard fight. Both sides pushed unceasingly, raising with every fresh effort clouds of dust that hid them from the rooting onlookers; dust that clung to the perspiration on their faces, that entered their lungs, that stifled them. Men stumbled, fell, and were trampled upon. Some would detach themselves from the mass of heaving shapes to dash off in a semi-circle to reinforce a weak spot. Some would leave the maze of entangled bodies, but to draw a bit of pure air into their lungs and dash back once again to the rising columns of dust. Some with less endurance than their fellows fell back for the moment but to pitch in with renewed pep to take a fresh hold and shove with the rest.

Sophs Resort to Strategy.

All this time the Big Pill was passing from one end of the starting point to the other, every foot hotly contested. The Sophs played the ball to the side, for that was their only chance against greater numbers. The Sophs hindered organized opposition by sending dummies to the side of the Freshmen. The dummies stood for a lot of battering before they budged.

When the dummies were done for, the Sophs mounted lightweights on their shoulders. This new opposition kept the ball down and hindered the efforts of the Freshmen. The Freshmen retaliated by adopting like tactics. That stopped all further progress either way until the whistle blew, ending the clash, with the Sophs advanced a few feet into the territory of the Freshmen.

Gather on Gym Steps.

But that wasn't all! The real thing came after the tussel with the inflated oval. The Sophs, a bit too full of their victory, got reckless and challenged the Freshmen from the steps of the GYM building. The yearlings didn't need a second invitation. Before they knew it, the Sophs were laying down on the job at the bottom of the stairs, and searching for bruises.

All told, three men were more or less seriously cut, one window smashed, and three times thirty shirts, pants, and under-gear ripped from the bodies of as many doughty warriors. Yet, not a single man regretted his cuts and bruises when he went home that night to hear what mother had to say about it.

MR. ARTHUR ALBRECHT EDITS MARKET REPORT

Mr. Arthur Albrecht of the Department of Economics, has become associated with the State Bureau of Markets, and is now editor of the Market Report.

THE CAMPUS
A WEEKLY JOURNAL OF NEWS AND COMMENT

VOL. 27 SEPTEMBER 29, 1920. NO. 1

Published weekly, on Wednesday, during the College year, from the third week in September until the fourth week in May, excepting the fourth week in December, the second, third and fourth week in January, the first week in February, and the third week in April, by THE CAMPUS ASSOCIATION, Incorporated, at the College of the City of New York, 139th Street and St. Nicholas Terrace.

Entered as second class matter March 14, 1916, at the post office at New York, N. Y., under the act of March 3, 1879.

COLLEGE OFFICE, ROOM 411, MAIN B'L'D'G.

"The accumulation of a fund from the profits which fund shall be used to aid, foster, maintain, promote, realize or encourage any aim which shall go towards the betterment of College and student activities. This corporation is not organized for profit."

Five cents to "U" members; ten cents to all others.

The subscription rate is \$2.00 a year by mail. Advertising rates may be had on application. Forms close Thursday of the week preceding publication. Articles, manuscripts, etc., intended for publication must be in THE CAMPUS OFFICE, ROOM 411, before that date.

THE "U" FOR U!

At the close of the second week of the "U" Campaign, as we scan our record of accomplishment, we cannot help but feel a sense of intense gratification. The untiring response accorded by the student body was the natural outcome of a realization of the value of the Union and the indispensability of membership in it.

Already the Union has as many pledged and paid up members as it had altogether last term.

However, in spite of the untiring efforts of numerous "U" agents there are still hundreds of men who have neither paid up nor pledged themselves to the Union. In almost all cases, we are sure, it is merely a matter of neglect. The procrastinating impulse prompts us to put it off another day and still another, without realizing that it may soon be too late.

Surely the fee of two dollars is not in any manner prohibitive. To an outsider it would seem almost preposterous to think that there could be any difficulty in collecting so small a fee, while other colleges impose a compulsory fee of ten, fifteen and even twenty-five dollars a term for student activities.

Men of the college, awake! Don't wait to be solicited. Go of your own accord to the "U" table in the concourse and pay up your "U" membership fee. The Union which made possible the larger and finer lunch room, the Union which made possible such a Lavender book as the last, the Union which saved Campus from the quicksands of financial distress, and salvaged Mercury, the Union which gives promise of increased activity and greater service to the college than ever, surely that Union deserves your support.

Don't hesitate! Don't delay! For your own sake and for the sake of your College make that hitherto vague, ephemeral phrase "100% membership," a concrete reality. Join the "U!"

Notice those Soccer signs scattered all over the concourse? Here is a chance to revive a good sport. "Obey that impulse." Come out!

WELCOME FRESHMEN!

On the 15th of January, 1849, one hundred and forty-three boys assembled in the now aged edifice at 23rd Street and Lexington Avenue, and enrolled as students in the Free Academy. They were our Alma Mater's first Freshman Class.

Since then many Freshmen Classes have entered and passed through our Institution. Since then there have sprung up about it a wealth of splendid traditions, fostered and revered by men whose names shall go down to posterity among those of America's greatest. Since then it has won for itself a reputation in the scholastic world, to be regarded with pride and exultation.

And now after 71 years, a new group, the "youngest of the giant brood" has come to tread the path which many have trodden before them.

Welcome Freshmen! You have matriculated this term four hundred strong at the greatest college in the country. You are about to spend the cream of your lives within its gates. Let your sojourn here be more than a mere agonized tussle with curricula and exams.

Abolish the old "trading-stamp basis" of college activity—so many hours for so many credits. Get into the activities; join the "U," take an active interest in the affairs of your class, join a club or two, come out for your teams, or try out for the publications. Only in this way can you form lasting associations and fulfill your obligations to your school.

Freshmen! make your number significant. Let it be a real "Four Hundred," an aristocracy of loyalty and devotion, an aristocracy of service to your school.

Fresh-Soph activities have begun this term with a very fine and commendable display of spirit. It might be wise at this stage, however, to bear in mind last year's mishap and its terrible consequence. "A word to the wise—"

NEW WORLDS TO CONQUER

Since the day of the S. A. T. C., Campus has been forced because of financial and other difficulties to pursue a policy of intrenchment rather than one of aggressiveness.

With everything in a more or less unstable state and printing costs soaring skyward, Campus had all it could do to sit tight and hold its own.

But now that we have reached a more normal state of affairs, now that we feel a bit more secure financially, we are ready to begin the work of extending Campus' activity and influence.

Our first experiment is the establishment of the Evening Session Page which appears this issue. Hereafter, Campus will be the medium of expression not only of the Day Session, but also of the Main Building Evening Session and of the 23rd Street, Brooklyn, Municipal Building Schools. Temporary staffs have been organized at each of these schools during the past two weeks, and the fine spirit shown in the preparation of this week's page augurs well for the future success of the venture.

A regular campaign is being conducted this week to give the men of the Evening Session the opportunity to subscribe to Campus at Union rates, and to try out for the staff. Let us hope that one page will soon be entirely inadequate to meet their needs.

Fifteen men trying out for the News Staff and ten more for the Business and Circulation Staffs of Campus as we go to press. Not so bad, eh?

NEW TRUSTEES

Campus is pleased to announce the appointment of Mr. Albert Weiss and Mr. William P. Larkin as Trustees of this College in the positions left vacant by the death of Col. Lydecker and the resignation of Mr. Bernard M. Baruch. Both of the new appointees are men of achievement and we trust that their service to the College will be characterized by the same loyalty and devotion as displayed by their predecessors.

Salutatory

We're here once more. We're here once more,
Tra-la-la-la-la-la;
Just as before in days of yore,
Tra-la-la-la-la-la.

We'll make you laugh—forget your pains,
We'll send warm blood clear thru cold veins,
We'll act the sunshine when it rains,
Tra-la-la-la-la-la.

There're two of us. There're two of us,
Fol-de-le-rol-rol-rol;
We never fuss, nor even cuss,
Fol-de-le-rol-rol-rol.
Jay's never sad. He always merry,
A clever chap and funny? Very!
(This verse was written by me, Jerry),
Fol-de-le-rol-rol-rol.

There's Jerry too. There's Jerry too,
Squee deedle-ee-dum-dee,
I think he'll do. His stuff is new,
Squee deedle-ee-dum-dee,
His head is bald—from thought, they say,
He never frowns; he's always gay,
(This verse was written by me, Jay),
Squee deedle-ee-dum-dee.

We're introduced. We're introduced,
Umpety-umpety-ump,
Our stuff we boost, our dart is loosed,
Umpety-umpety-ump.
We hope our column won't be slow,
For our hard work we get no dough,
It's time we went to work. Lets go!
Umpety-umpety-ump.

Hy Cohen, the famous sign painter, has voluntarily left our art staff. He is now our re-sign painter.

THE NEW MEMBERS

The high cost of existing has struck City College with a bang that surpasses the Wall Street explosion. Not to be outdone by the outside world, the office has issued registration cards this term to juniors and seniors that look like casualty lists of the German army for the whole four years of war.

It took one poor Technology student three hours to recopy his subjects from his registration card to his program card. To keep the numbers straight he had to employ a slide rule. It looks as if we will have to supply ourselves with adding machines if we intend to make out programs in the future.

The time honored joke about Chem. 99 and 260 has been realized. To employ the joke we must increase the number of digits. The new edition will work something like this: Approach your friend who is specializing in Chem. and ask him if he is taking Chemistry 265,112,304. The college has been forced to discontinue six elective subjects that were offered last term due to the fact that the office ran out of numbers. We suggest the office to employ Roman numerals and primes to make up the deficiency.

We asked an advanced student in business administration what courses he was taking this year, and it took him two hours and a half to recite the numbers in rapid succession. "In numbers there is strength" should be changed to "In numbers there is confusion."

DRY STUFF

"The stag at eve had drunk his fill,"
The poet, Scott, did say,
Oh, Stag! what would we give if we
Could drink our fill today?

What did the stag imbibe at eve?
What made him feel so gay?
When through the Forest King was seen
To STAGger on his way.

Would you call buying a hat an overhead expense.—Jerry-Jay.

Registration at

THE NEW SCHOOL FOR SOCIAL RESEARCH

will begin October First

Courses by

Thomas S. Adams
Leon Ardzrooni
Charles A. Beard
John Dewey
A. A. Goldenweiser
Frederick W. Ellis
Horace M. Kallen
Wesley C. Mitchell
James Harvey Robinson
Ordway Tead
Thorstein Veblen
Leo Wolman

There will be late afternoon and evening classes to permit the attendance of business and professional men and women. The standard of postgraduate work will be maintained.

THE PURPOSE OF THE SCHOOL IS

to develop a scientific attitude toward current political, social and economic problems, through research, lectures and discussion. Exceptional opportunities for research are offered students having the necessary qualifications.

New York City

Evening Session News

PREPARED WITH THE ASSISTANCE OF MR. A. L. WELTE, MISS HASTINGS, AND MISS CUNNINGHAM, OF THE 23rd ST. BRANCH, AND MR. SAFFERSON AND MR. LIPTZIN OF THE UPTOWN BRANCH.

TO THE EVENING SESSION

It is with a very distinct purpose in view that the CAMPUS has established a section especially devoted to the interests of the students of the Evening Session. Not only was this done to enlarge the scope of the weekly, to bring it home to the many members of the different branches of the College. Rather was it done to effect a closer, more intimate, more amicable consolidation of all the students of all the sessions.

Startling as it may seem at first sight, it is nevertheless true that the Day and Evening Sessions of the College have hitherto been as antipodal, in point of interests and purposes, as if they had been two distinct colleges. Such a condition is deplorable. There is no reason why the two sessions should not be able to foster some forms of communal interest.

The Evening Session, it may be argued, harbors a type of student different from that of the Day Session. We concede this. But why permit this to militate against our proposed plan? Why not rather utilize this state of affairs to aid us? The mere fact that the students are different, is, we believe, sufficient reason for bringing them into closer concord. They may learn of each other. They may, thus, learn from each other.

The CAMPUS proposes, for the realization of this hope, to be more than merely a purveyor of news. The CAMPUS desires to be the channel through which the ideals and the ideas of the students are transmitted.

It is for this reason that the CAMPUS appeals to the students of the Evening Session. It appeals not only for financial support. It pleads for unstinted moral and intellectual supports. It will welcome such whether in the form of a subscription or in the form of a literary contribution.

JOURNALISM COURSE GIVEN BY EXPERTS

Two courses of inestimable value to the man or woman who is at present engaged in or expects to enter the field of Journalism, are being given this year at the Brooklyn Branch of the College.

Course I, Reportorial and Editorial Course, will be given on Wednesday evenings, 7:30-9:18 o'clock (two periods).

Course II, Current Events and News Analysis will meet on Thursday evenings, 7:30 to 9:18 o'clock (two periods).

Both courses will continue throughout the year, but either may be taken for the first term only. Fees for term of sixteen weeks: Course I, \$12; Course II, \$16; First sessions, September 29th and 30th.

The courses will be conducted in the Boys' High School Building, Putnam and Marcy Avenues, Brooklyn, N. Y.

The work of the courses is planned and guided by the following committee: Dr. H. L. Bridgeman, Business Manager of the Standard Union, Chairman; Dr. F. B. Robinson, Dean of the School of Business and Civic Administration, and Mr. H. V. Koltzenborn, Assistant Managing Editor of the Brooklyn Daily Eagle.

INCOME TAX COURSE GIVEN AT DOWNTOWN COMMERCE BUILDING

The School of Business and Civic Administration announces a course in Federal and State Income Taxes, to be given this term at the 23rd Street Building. The lecturer is Dr. Joseph J. Klein, C. P. A., a graduate of City College, a member of Klein, Hinds & Finke, certified public accountants, and a very prominent authority on the subject. Further details may be secured from Dean Frederick B. Robinson.

EVENING SESSION BOASTS OF RECORD REGISTRATION

Though no figures can yet be given, the registration for the Evening Session of Sept.-Feb., 1920-21 bids fair to exceed all previous ones. Dr. Linahan prophesies that all records will be broken.

Every evening last week the Evening Session office and the Registrars have been put to it to accommodate all those who presented themselves for registration.

EVENING SESSION OFFERS NEW ENGLISH COURSES

Three new English courses are being given this term. They are: "Great Literary Classics" and "Modern European Literature," and "Currents in Contemporary Literature."

"Great Literary Classics" treats of masterpieces of writers of all ages and countries. "Modern European Literature," which is given by Dr. Friedland, discusses the writers of modern Europe. No credit is given for these courses, but they are open to all who desire a cultural education.

"Currents in Contemporary Literature" is a university course of a series of lectures by Prof. Stair. "This course aims to orient students in the bewildering variety of elements in contemporary literature." Movements such as Realism, Naturalism, Symbolism, Impressionism, the New Poetry, etc., are dealt with.

EVENING SESSION OFFERS TWO NEW ECONOMICS COURSES

Two new economics courses, "A Comprehensive Course in Federal and State Income Taxes" and "Cost Reduction" are being given.

The first, the course on Income Taxes, is given by Dr. Joseph J. Klein, C.P.A. It embraces the historical, legal, and accountancy aspects of income taxes. There are laboratory work and reports.

"Cost Reduction," offered by Dr. Robert Grimshaw, is the only course of its kind in the city. It is a practical course for business men as well as students of accounting.

NEW BOOKS ADDED TO "CITY COLLEGE SERIES"

Professor Eggleston's new book, "Principles and Practices of Cost Accounting," will soon be ready for the press. It will supplement his earlier volume on "Problems of Cost Accounting," and is one of the volumes in the "City College Series on Commerce, Civics, and Technology," of which Professor Frederick B. Robinson is editor.

During the summer, "Problems of Business Law," by Professors Moore and Houston, was added to the series. Professor Brett will contribute a book on accounting, this term, and Professor Robinson a book on economics, next term.

AMERICA is fast becoming a pipe smoking country. Every year more and more men are realizing the comfort, the satisfaction, and the economy of the pipe. And by natural selection, more and more men are smoking WDC Pipes. This is not chance. It is because WDC Pipes offer the utmost in pipe value. Honest French briar, seasoned by our own special process make WDC Pipes break in sweet and mellow. Coupled with that is a self-governed body of pipe makers whose sole object is to fashion pipes which are without peers in all the world. And it has been accomplished. Ask any good dealer.

LO FROSH! GLAD TO SEE YOU here! Want to say you've picked the greatest college in the country when you elected to come here. Wondering whether we're gonna give you the same ole tally everybody's been handing out? We're not! Just want to find out if you're going to be a doer or just one of the students. We're not gonna tell you what the College is gonna do for you! Want to know what you're gonna do for the College, now that you ARE here.

YOUR PREP SCHOOL DAYS are over. You're fullfledged men now. Are you going to assume your full duties, or are you still gonna be a kid. To borrow from good old "Mac," your number is 24. Let there be not less than 24 men out for each team. Shake, Freshmen! Good Luck!

WOULD LIKE TO SAY HELLO to the whole college, but we have so much to say, that we are going to pass over all formalities and just pitch right in. Many of you are no doubt exclaiming, "what, still at college?" No, got out in June; studied with Hy Fleigel during first six weeks of summer and then went off to camp where we fell in love with Esther, Mildred, Lillian, but that is not what we started out to say. Came back to throw some light on athletic situation for coming year as seen by ye ex-sporting editor. Yes! "Jake" Jacobi is gonna run the column from now on.

VARSITY FOOTBALL IS OUT OF QUESTION AT THE PRESENT TIME. HOWEVER, FROSH FOOTBALL CAN BE EASILY GOTTEN UNDER WAY. WE HAVE A LARGE FUND ON HAND TO FINANCE SUCH A PROJECT. THE TWENTIETH CENTURY GRADS CLUB HAS PROMISED TO BACK UP A FROSH TEAM. IT IS NOW UP TO THE FROSH CLASS TO BREAK OUT THE MEN NECESSARY TO HAVE A SUCCESSFUL TEAM AND THE VARSITY FOOTBALL BUD WILL HAVE RECEIVED A BOOST TOWARDS MATERIALIZING INTO A REAL FRUIT—A SOUGHT FOR FRUIT SINCE 1909. ARE WE GOING TO HAVE A FOOTBALL TEAM THIS YEAR?

ITS TOO EARLY AT THE PRESENT WRITING to say much about the soccer team. The fiasco of the fall of 1919 is too near to say anything in favor of the coming season. Yet the men interested in soccer are coming out strong, and those boys sure can play. Our last team beat both Yale and Princeton in the same season. Our present team is out to smash that record. We have watched among the many out for the team, Vessel, Kirchstein, Glassgold and Fass boot the pill like ole Harry. Have no doubt they can trim the best in the field.

BACK IN '18, WHEN WE TRIED TO GUIDE the destinies of the soccer team, as is Sid Emmer, the present manager, we tried to form a Metropolitan Intercollegiate Soccer League. The war called us to the colors and broke up our plans. We don't see why plans for a league are not consummated. Such a move would bring soccer back to the Metropolitan Colleges. It would prove a popular one.

MET "MAC" OVER AT THE Gym building the other day, and wanted to find out his opinion on prospects for the coming year. And "Mac" started out very softly and grew hotter and hotter as he went along and almost had us in tears when he quoted Kipling, Browning and Mark Twain. In spite of which we learned that all sports were to be firmly organized this year—each sport in itself; that there were to be definite practice hours—the last two hours each day; and that each team was to be run as unit. Although we did not fully understand him, we said "Yea Bo!"

FOR ONCE WE ARE GOING TO HAVE team practice in X-country. The entire squad is scheduled to run over the Van Cortlandt course three times the week, and what is more significant, under the coach's direction. In looking over the squad we lamped Sands, Cohen, Inselbuch, Rosenblum, Levinson and Bisgier. Each is a good runner. Each is an experienced man. We hope to hear great things about this combination.

FROSH WILL BE FROSH! In looking over some of the literature filled out by some of the future athletes, we ran across the following: "Have you ever played baseball on a summer team....." "Yes." "If so, what and when....." "104th Street Team."

WE ALSO LEARNED that Harry Mostow of DeWitt Clinton, "C" man and interscholastic champ sprinter, is among us and ready to get into his battle trunks. And we wish him the best of luck and know he'll make good, for he promised to practice faithfully and he's got the ability.

THE SWIMMING AND WATER POLO TEAMS HAVE had little success at the college in the past years; but since a new system was inaugurated last year to bring up our tank standard, this season will see a well-balanced team sport the Lavender colors.

THE FISH, CAPT. LEO LEHRMAN, is still with the team and has improved a great deal in his specialty. McFague, MacKay, Ashworth, Dutch Lehman, Messrs. Tubby, Thuor and Schapiro, Ned Levin and AL Hass make up a formidable aggregation of mermen to satisfy any coach.

A BID IS TO BE MADE THIS YEAR to have a frosh swimming team. Quite a few of Townsend Harris' crack swimmers are with us and if they can show the same class in Frosh circles that they displayed in interscholastic circles, what a team we'll have!

WE'VE GOT TO HAND IT TO the Sophs. It has never been our good fortune to see such a brand of grit as was sported by the '23 class in the push ball contest last week. Although outnumbered two to one, these men went into the fray with the determination to win and win they did. What a battle! Even our "gang" went wild over the Sophs and voted them regular fellas. Good work, '23. Come out and inject the same spirit in varsity sports. Good Luck, Sophs!

WE MET SMILING "NAT" HOLMAN, the other day, and very naturally our confab shifted to basketball. "Nat" was all smiles. Material? We've got a wealth of material and what's more, a large number of new men, are as yet in hiding, waiting for the first call. Its too early to get a line on any of the men, but we have available from last year's teams, Frosh and Varsity, Capt. "Chick" Feigin and Tubby Raskin, of that fast roving backfield. Nat Krinsky, Sammy Lamm, Archie Hahn, Barney Goldberg, Bricktop Klabner, Lee Sherman, Goldstein, "Toby" Berger, Anderson and Johnny Fleigel, brother of the famous Hy, not to mention fifteen or twenty others.

MANAGER DAVE NASANOW GAVE US one lil peep at the basketball schedule, and we almost lost our breath when we saw some of the most powerful western teams scheduled to appear in our gym. We would like to say more about this matter, but well, the schedule will be out in a coupla months.

Soccer Started as Major Sport Here

Forty Men Out for Varsity—Practice Held in Stadium Daily.

"Babe" Soccer, reborn with the new athletic spirit revival at C. C. N. Y., made its 1920 debut at an enthusiastic meeting held in the A. A. room a week ago Monday. Forty men reported in answer to the initial call for candidates with a similar number of Freshmen waiting outside "all het up" about their prospective chances on the yearling eleven. After a brief talk by Coach Nat Holman, Manager Emmer dismissed the men with the advice that they obtain their medical examination promptly.

Soccer was first inaugurated as a major sport at the college in 1917, in which year an all-star Lavender combination succeeded in defeating such first rate teams as Yale, Princeton, and Columbia. Then came the war period of inactivity and a belated re-organization in 1919, with a subsequent disbandment due to lack of a sufficient number of candidates.

This season looms up as the banner sport year at the College, with soccer one of the chief contenders for major honors. Plans for an interclass tournament are already near completion, the aim of which is to draw out all the athletic material in the school. A like plan is being perfected for obtaining the Frosh talent.

A tentative schedule shows Yale, Springfield Y. M. C. A., Syracuse, U. of Penn, Navy and Princeton, among others, on the list. Many of these contests will be decided at home, offering soccer enthusiasts an opportunity of seeing most of the intercollegiate cup contenders.

Practice is being held under "Nat's" supervision Mondays and Wednesdays at 4 o'clock and Thursday at noon in the Stadium. Men who have never played before are especially urged to try their hand at the sport.

PROF. WOLL WARNS OF SWIMMING REQUIREMENT

Prof. Woll, through the columns of the Campus, wishes to emphasize the dire need for those men who have not as yet passed the regular College swimming requirement, to do so at the earliest possible opportunity. This ruling will be strictly enforced during the coming year.

Prof. Woll in part states: "This requirement is essentially a College requisite and not a ruling of the Hygiene Department. Many students have had their diplomas held up and some have been suspended from classes for failure to cover the required distance.

Now is the time for those men who have not yet learned how to swim to begin work at once. The pool is open daily and the instructors down there are ready and willing to help you."

The C. C. N. Y. "U" Means U.

MEMORIAL TABLET NOW AWAITING ERECTION

The memorial tablet dedicated by fellow instructors of the Hygiene Department of the College to the memory of Lieutenant George Meehan and Sergeant James Kennedy is now in the gym building awaiting erection. Both men were gym instructors and lost their lives doing their bit for Uncle Sam across seas.

Before closing this column, we wish to say that with all the prospects bright for a successful season in the sport arena, the teams won't come through unless given the proper support by the student body. If you have a spare hour, just drop around to the stadium and watch the boys going through their tricks or take a jump up to the gym and watch the indoor practices of some of the teams. A little interest on your part will help a great deal toward stimulating the team men to greater efforts.

HECK.

Lavender Natators Return En Masse

Record Season Predicted—Entire Team Practicing Diligently for Coming Intercollegiates.

Swimming prospects for the coming season are better than they ever were before. There are a score of new candidates out of the team as well as last year's veterans. Camp training during the summer has put the men in fine trim.

Capt. Ashworth and Leo Lehrman will take care of the 220, and in the sprints we have Levin, Reed, Bauer, Lehrman, and Capt. Ashworth. Our crack divers, Cagney and Haas are back. The latter has also developed into a sprinter. "Tubby" Thor has also reported for the plunge.

Manager Eddie Eliscu is arranging an attractive schedule which will include the following teams: Harvard, M. I. T., Brown, Navy, and Wesleyan, as well as the members of the Intercollegiate Swimming Association.

Last year's water-polo team is back intact. It includes Ludy Langer, the flashy forward, Menkes, Ornstein, Lehrman, and Phildius. The team has been further strengthened by Shapiro, Pfeiffer and Wittner.

Organized practice is being held daily from 4 to 6. All candidates are urged to report to Coach Mackenzie at once.

Don't Wait for the "U" to Come to U. U go to the "U."

TRACKMEN BEGIN WORK FOR COMING SEASON

Fifty Men Out for Squad—Harriers to Practice at Van Cortlandt Park—College to Have Indoor Team.

The 1920 cross-country and track season started with a bang when, at a meeting held in the A. A. room a week ago Monday, fifty candidates answered Coach Mackenzie's call for candidates. Each man present was given an assignment for a medical examination and it is expected that all green cards will be in the hands of Manager Jacobi by today.

Practice for both teams will be held daily in the Stadium at 1 and 4 o'clock. Next week "Mac" expects all Varsity cross-country candidates to begin practice at Van Cortlandt Park where the team will go over the course three days a week.

Cross-country prospects look very bright with Capt. Bisgier and Cohen of last year's team, and Sands, a former freshman runner back at college. "Cy" Inselbuch, who ran on the team in 1918, Levinson, Rosen, Rosenblum and O'Connell, a new man, are among the others out for the team.

For the first time in years, City College will be represented by an indoor track team this year. With nearly all last year's team back, the college should make a reputation in metropolitan circles. Most of the veterans have been running all summer and performing creditably, notably Capt. Bisgier, who beat "Ted" Meredith in the quarter, and Sands and Horne of the Morningside A. C.

Judging from the number of fresh harriers that turned out, the college will also be represented by a freshman team this year. Assistant Manager Chasoff is already at work arranging a schedule for the yearlings.

'23 Class Plans to Crush All Freshmen

Rules to Be Strictly Enforced—Plans Made for Active Term

The Class of 1923, now composed of lord Sophs, at meetings held during last week, voiced its intention of making Fresh-Soph activities everything they should be. With this end in view, it began at once to enforce the Fresh rules.

Pledging of Freshmen began as soon as school started. It is impossible to gain accurate knowledge of the activities of '23 in that direction, but it is safe to say that about twenty-five men have already been pledged by them.

The committee in charge of the sale of Fresh caps is doing a rushing business, as every Freshman, according to a new interpretation of the Fresh-Soph rules, must secure a cap.

The Soph class has realized a large sum of money from the sale of tax tickets, a vast majority of the class responding to the call for funds.

The officers of the 1923 Class are as follows:

June—President, L. A. Warsoff; Vice-President, W. Filler; Secretary, D. Factor; Treasurer, J. Flamm; Class Councilors, G. Schapiro and F. Miller.

February—President, J. Fliegel; Vice-President, J. Michaels; Secretary, G. Iscolsky; Treasurer, M. Fass; Student Council, J. Chasoff; Class Councilors, S. Prerau and J. Marx.

The following committees have been appointed: Fresh Caps—Chasoff, Filler, Miller, Prerau, Gade; Publicity—Fass, Sakolsky, Dickstein, Reich; Tax—Flamm, Fass, Factor, Iscolsky; Alcove—Ferber, Schapiro, Tannenbaum, Frankenberg, Gade, Cinnamon; Union—Marx, Prerau.

The names of the members of the Hazing Committee and the Smoker Committee are being kept secret.

DRAMATIC SOCIETY TO PRESENT TWO VARSITY PLAYS

The Dramatic Society met Friday, September 24th, and discussed plans for the coming term. New members were enrolled and the election of officers was announced for next week.

The question of the "Little Theatre" was raised and Mr. Fink reported that no word had as yet been received about the Fire-house from the Building Department. It was, therefore, suggested that the Varsity Show, which will be held some time in December, should be given in a Broadway Theatre, at the Hotel Astor, or in some other appropriate place.

The plays suggested were the "Florentine Tragedy," by Oscar Wilde, and "Close the Book," a comedy by Susan Glasspell.

LUNCH ROOM READY TO SERVE STUDENTS

The College Lunch Room, under the direction of Messrs. Hammond and Stevens, is bigger and brighter than when it first opened for business.

Everything has been made spic and span. Every nook and corner cleaned. The walls have been whitewashed and the woodwork painted.

The long counter in the inside room has been extended to the wall in order to permit of better service to the Students.

Altho the cost of eatables has not come down since the ending of last term, the present prices charged are comparatively low.

More help has been engaged so that the tables and benches might be kept clean for the students.

Every effort is being made to secure the best food possible.

EMPLOYMENT BUREAU OFFERS POSITIONS TO COLLEGE STUDENTS

The Employment Bureau has reopened after one of the most successful years in its history. There are many positions now open. Students seeking employment after school hours should register in room 305-A. Applications should be filed promptly. Students are reminded that it is necessary to report to the bureau the result of their interviews with the employer and also the total amount of their earnings each month.

The faculty committee on student employment is seriously considering the advisability of charging a small registration fee this term to help meet the necessary expenses for office supplies, postage, etc. This matter is to be taken up and a report will be submitted to the student body in the near future.

For Your Own Sake—Join the "U."

BIOLOGY DEPARTMENT LOSES PROF. YOCOM

Prof. Earl A. Martin, of the University of Missouri will take the place of Prof. Harry B. Yocom, of the Biology Department, who has resigned to accept a position with the University of Oregon. Prof. Martin was formerly a member of the faculties of Goucher College and Kansas State Agricultural College.

Professor Yocom and Brown and Mr. Ruckes all spent the summer in research work.

Prof. Brown was at the U. S. Bureau of Fisheries at Wood's Hole, Mass., Prof. Yocom was at the Marine Bio Laboratories, while Mr. Ruckes was engaged in anatomical work at Pine Barrens, N. J.

Mr. John Slawson, tutor, has resigned to do statistical work for the Board of Education.

Mr. Robert Patterson has been appointed a fellow.

FRENCH PROFESSORS RETURN FROM EUROPE

Professors Weil, Lafargue and Costa have recently returned from Europe where they spent the summer on business and in visiting their families.

Professor Weil went to France as representative of the Alliance Francaise of which he is secretary. While there, he was invited to take part in the celebration which attended the presentation of the statue of Lafayette by the Knights of Columbus to the city of Metz. He also visited the battlefields of Verdun and Alsace and the invaded territories.

PROF. KLAPPER HAS BOOK ON EDUCATION

Prof. Klapper of the Education Department, is the author of a book on "College Teaching" which has been recently published and is now obtainable in the college library. This book received a very flattering review in a late issue of the New York Post's "Book Review." Besides the chapters which it contains on general teaching in colleges written by Prof. Klapper, there are many chapters on various subjects by such distinguished authorities as President Butler of Columbia, President Mezes, Prof. Williams, Dean of Columbia School of Journalism.

COLLEGE ORCHESTRA TO BE REORGANIZED

The Glee Club and Orchestra, both under the direction of Prof. Baldwin, will hold a reorganization meeting Friday, October 1st, at 1 P. M., in the Great Hall. All old and prospective members are urged to attend.

"MERC" POEM TO APPEAR IN COLLEGE ANTHOLOGY

Benjamin Levine ("Tricotrin" of the Silver Lining), has received word from the Stratford Co., publishers of a college anthology, that his sonnet "Futility" has been selected for publication in the "Poets of the Future." The sonnet was first published in the March issue of College Mercury for 1920.

Bill Burston, who recently returned from Germany where he spent the greater part of the summer, will again edit "College Mercury." Dave Schenker succeeds Aaron Furman as business manager. Morris White has been appointed a member of the "Merc" editorial council in recognition of his services during the past semester. Jerry Landsman and Charlie Goldberg will assist Schenker in running the business end of "Merc."

There is room on the staff of "Merc" for students with literary ability. Poems, stories, wit, humor, and cartoons are solicited. Contributions should be brought to the office on the fourth floor, or deposited in the "Mercury" box in the Concourse.

"Success"

and all the that word implies to

At the Other End of the Wire

A TWIST of the wrist and electricity lights cities and towns, turns the wheels of industry, or affords conveniences to millions of people.

But let us follow the wire carrying this energy to its source and we find either a waterfall, a coal mine or an oil well.

Much of the supply of fuel in this country is being used up rapidly while the power of water is running to waste. For the rivers and streams of this country could, if properly harnessed, develop enough electric power to save 300,000,000 tons of coal annually.

By studying nature's forces—coal, oil and water—by applying them to machines, and finally by the perfection of apparatus to insure uninterrupted power service under varying conditions, the General Electric Company is serving to make electric power cheaper, more plentiful and reliable.

GENERAL ELECTRIC COMPANY

**LOWER FRESHMEN TIE
FEB. MEN AT SOCCER**

Fifty freshmen reported for the first of the interclass soccer contests last Friday noon. After a short but inspiring talk by Coach "Nat" on the future difficulties and prospects of a successful Frosh team, the Feb. and June elevens lined up for the first kick-off of the year.

The June men with a peppery show of footwork, soon managed to come within striking distance of the Feb. goal, but good work between the posts prevented a score. Time limit found both teams strenuously endeavoring to score, but to no avail. Mostow, of the Lower Freshman class, a former Clinton back, did exceptional work on the field.

Coach Holman felt well satisfied with the show of soccer material among the yearlings and his hopes for a champion team run high. Regular Freshmen practice will be announced by Manager Prerau during this week.

FACULTY NOTES

Professor Stephen P. Duggan has been granted an extension of his leave of absence for another year.

Professor H. A. Overstreet has secured a leave of absence for one year.

Professor Justin H. Moore of the Department of Economics, has resigned.

Professor D. F. Swenson, of the University of Minnesota, is a new acquisition of the Department of Philosophy. Welcome!

President Mezes has been appointed Acting Dean of the School of Technology, of which position Professor Fox had asked to be relieved.

Professors were included in the bill granting increases to city employes, which was recently passed by the Board of Aldermen and the Board of Estimate.

The increases granted were as follows: 22 per cent. to those receiving a salary of less than \$1,500 a year; 20 per cent. to those receiving a salary between \$1,500-\$2,500 a year; a flat increase of \$500 for those receiving above \$2,500 a year.

The courses in Physiology and Bacteriology heretofore considered as a part of the courses of the Hygiene Department have been transferred to the Biology Department.

**"U" CAMPAIGN OPENS
WITH LARGE NUMBER
OF PAID-UP MEMBERS**

(Continued from Page 1)
This week will be known as "U" week, and special meetings will be held in all parts of the college to encourage membership.

The staff of the Campus has volunteered to take full charge of the partly paid up tickets. There will be a "U" table in the concourse, where at every lunch hour, money will be accepted in full or part payment for tickets. There will also be men stationed all over the concourse to sell tickets.

We mourn the loss of Edward J. Stork, Instructor in Art. Died July, 1920.

**BIOLOGY DEPARTMENT
GIVES HYGIENE COURSES**

The following courses have been transferred from the department of Hygiene to the department of Biology. Hygiene 32, 33, 34, 41, 42, 43, 44, 48, 49. Students specializing in Biology may now count the above courses with their Biology work.

**CAPT. CRANDALL TO
COMMAND R. O. T. C.**
(Continued from Page 1)

Uniforms are being distributed this week. They are the same as those of last term, except that the regulation spiral leggings and barrack cap will be worn. When asked about the prospects of securing overcoats, the Captain asked the Campus to state that he is doing all he can to get them. He said that no R. O. T. C. unit has them as yet, but that as soon as they arrive they will be distributed.

The R. O. T. C. has finally secured permission to use the Fire House opposite the college, and architects are now at work remodeling the building. It will be completely equipped with rifle galleries, sub-target guns, relief maps, etc., for the use of all members of the College R. O. T. C.

In Union There Is Strength.

NOTICE

The German Library will be open for the distribution of books on Mondays, Wednesdays and Fridays, from 1 P. M. to 1.45 P. M. As it is desired to suit the convenience of the users of the library, suggestions will be very welcome, and will be followed unless in conflict with established provisions of the College.

CARL W. KINKELDEY,
Acting Librarian.

**ELECT NOTABLE MEN
TO FILL VACANCIES
IN TRUSTEES' RANKS**

(Continued from Page 1)
Mr. William P. Larkin, who succeeds Mr. Baruch, was born in Galway, Ireland, 1878. He was educated at St. Aloysius College, Glasgow, Scotland; and holds degrees from Glasgow and Oxford Universities.

He is a graduate of the New York Law School and was admitted to the bar in 1910.

The degree of LL.D. was conferred upon him by Fordham University in 1918.

He was a chief executive of the Knights of Columbus, serving as Chairman of the New York Chapter, State Deputy, Supreme Director and Overseas Director of War Activities.

He was decorated by Pope Benedict XV. with the cross of the Knighthood of St. Gregory, and by the French Government as an Officer of Public Instruction; and with the Cross of the Legion of Honor.

He is a lecturer on various topics and an orator of nation-wide repute. Recently he was the principal speaker at the presentation of the Statue of Lafayette to the City of Metz.

For many years Mr. Larkin has been connected with the publishing house of P. F. Collier & Sons, of which he is now General Sales Manager.
