Ten cents to all others

### Award Insignia to 55 Athletes

Eleven Varsity Letters Voted—  
Six Men Get Minor Sports  
Recognition—Many Num-  
erals Conferred

#### SWIMMING A MINOR SPORT

Poor Record of Team Given as Reason  
for Change

The athletic activities for the winter were completely summed up when, at a special A. A. meeting, held last Thursday, the Insignia Committee's recommendations for awards in swimming, basketball, wrestling, handball and water-polo were approved, with some changes. In all, fifty-five awards in these sports were made.

At the same meeting at which awards were made it was decided to relegate swimming to a position of minor importance. The inability of the team to win a meet or even to do well in its contests, coupled with the fact that swimming is but a minor sport at all other colleges, were the reasons given for the change. The change, however, does not affect any awards to members of this year's team, but will begin its operation with the 1922 season.

Before the recommendations were announced by Nasanow, the chairman of the Insignia Committee, the rules which governed the committee were submitted to and approved by the A. A. Board. Among the provisions of the regulations is a clause whereby a member of a minor team may get the regular Varsity letters when his performance or that of the team warrants the award. Such a performance as winning a collegiate, metropolitan or national championship would entitle the performer or team to the highest athletic honor.

Eleven men received Varsity letters, four were awarded the minor sports letters for swimming, and two for handball. Four members of the Varsity basketball team, who did not play in a sufficient number of games to entitle them to the Varsity letters, were given the minor letters for basketball. Forty-two Varsity numerals and thirty-two class numerals were voted. The former of these awards consists of four-inch numerals of the candidate's class; the latter award consists of the last two class numerals, surrounded by a circle.

Capt. Feigin, "Tubby" Raskin, Sam Lamm, Red Klauber, Frank Murray, Nat Krinsky, and Manager Nasanow received the highest honors for basketball. For swimming, Lehman, who broke two college records, and Thor, Haas and Ashworth were awarded Varsity insignia because of their three years of service. Ken Nunes, the Varsity cheer leader, was included in the number given the big letters, his work, in the opinion of the board, being sufficiently effective to merit the award.

After much discussion the board decided to limit the letters given to Anderson of the basketball team and Capt. Menkes of the water-poloists to the "b. b." and "w. p." respectively. The fact that both men will be in college next year and will therefore be able to earn the major insignia next year was the reason assigned for this decision.

To David Levinson, the captain of the handball team, was voted the first minor sports award for this sport ever made at the College. A similar award was given Manager Vesell, who, it was brought out at the meeting, is directly responsible for the prominent place the team now occupies among the city clubs. But for the fact that wrestling has only officially existed at the College for a year, and but three meets were engaged, minor sports letters would have been given to Capt. Wittner for his efforts in this game. The list of awards sanctioned by the board follows, the class numerals alone being omitted for lack of space:

Our Seventy-fourth Birthday.

### Sale of Tickets For Varsity Excursion Proceeding Rapidly

Reservations for Staterooms Must Be  
Made Soon—Extra Hour at Bear  
Mountain—Full Moon Due

So far as can be ascertained, almost everybody intends to be aboard the Robert Fulton when she steams out of the Desbrosses Street pier on May 21. Reports from all the other colleges of the city where "Varsity Excursion" tickets have been distributed show that the sales to date have surpassed all previous records. The boat, although the largest available, has a limited capacity, so that the necessity of purchasing tickets as early as possible cannot be too strongly emphasized.

All applications for staterooms for classes, fraternities and clubs must be in by the end of this week. A large number of reservations have already been made.

It is interesting to note that of all other local colleges, Hunter leads in the number of tickets sold. The "Y" has seen to it that a sufficient supply of tickets are on hand. The amount will be increased if necessary.

By an interesting combination of State law and city law, there will, in all probability, be added an extra hour to the stay at Bear Mountain. The Day Line boat will run on New York City time, which is daylight saving time. On the other hand, the Interstate Park closes by regular "suntime," so that if Bear Mountain closes at, say 7:30 by sun-time, it will be 8:30 by city time. It can easily be seen that an hour is gained by the excursionists. The managers of the "Robert Fulton" are perfectly willing to have the boat stay at the mountain until the park authorities shut things up for the night.

Mr. Roberts is making arrangements with the Day Line people to permit dancing on board, a thing which is usually forbidden. A special jazz band will be engaged because the company does not furnish its own orchestra. There will probably be dancing at Bear Mountain, unless it is too early in the season.

Upon consulting the American Nautical Almanac, it is found that a better day, rather evening, could not have been chosen. On May 21 the moon rises at 7:57 P. M. (daylight time) and the sun sets at 8:13. This means that by the time the boat is started homeward old "Sol" will be out of everyone's eyes, and in his place a FULL MOON will be shining. By the word "full" is meant that on May 21 the moon assumes its largest possible size. This happy coincidence assures a most delightful trip. It will be remembered that last year there was only a measly little crescent moon.

Tickets for the excursion may be obtained from Prof. Burchard, Mr. Roberts or in the "Y" alcove at practically any time of the day.

### FREUDIAN THEORY OF DREAMS IS EXPLAINED TO PSYCHOLOGY CLUB

The Freudian theory of dreams in all its ramifications was clearly explained at the meeting of the Psychology Club, held last Tuesday evening in Room 312.

Samuel Stein, '21, who spoke on the subject, carefully presented the Freudian conception of dreams and the method of psycho-analyzing them. The theory, stated briefly, is that every dream, no matter how silly, is of vital importance to the individual and that when psycho-analyzed the dream appears to be the fulfillment of a wish. The Freudian theory of "repression" was also explained, and profuse illustrations of dreams and their psycho-analysis were given.

The next meeting of the Psychology Club will be held Tuesday, April 16, in Room 312 at 1 P. M. Mr. Applebaum, '21, will present the refutation of the Freudian conception of dreams. All students interested in psychology are invited to be present.

### Plan Festivities For Charter Day

Student Committee in Charge—  
May Have Chapel on Friday  
as Part of Celebration

#### LUNCHEON ON CAMPUS

Baseball Game with North Carolina—  
Student Council Dance in  
Gym in Evening

The Student Affairs Committee of the Student Council is taking complete charge of the festivities of Charter Day, Friday, May 6. The permission of Dean Brownson to hold the chapel meeting on Friday instead of on Thursday is all that is needed to complete the plans. It is likely that there will be no classes after 12 o'clock.

The morning's festivities will consist of an assembly devoted to the students and the Alumni. Julius Flamm, '23, has been assigned to correspond with Alumni and get them to come to the College. "Bibby" Algase, '22, is taking care of the details connected with the assembly. An attempt is being made to have Thomas W. Churchill, '82, the newly appointed trustee of the College, as the speaker of the day. Lee Sherman, President of the Student Council, will act as chairman. Violin solos and the singing of the favorite College songs will supply the music of the affair. Student Council insignia, Soph Skull and Senior Lock and Key, will be awarded.

The assembly will be followed by a luncheon on the Campus. Glasgow, '22, who is in charge of this part of the day's ceremonies, announces that a novel plan has been devised that will make the luncheon very attractive.

The baseball game between Varsity and North Carolina will start at 3.30 P. M. The Southerners have a formidable team that promises an exciting game.

The dance in the evening in the gym will close the festivities. The band that was hired by the '25 class for its dance will be used by the Student Council. The '25 class has postponed its dance to May 13.

### MONEY APPROPRIATED FOR FROSH BALL TEAM

The '24 Class Council has voted an appropriation of \$8 for the Freshman baseball team to help pay some minor expenses of the few June, '24 men, which represent them on the team. It was decided to make an appeal to June, '24, for more candidates for the Freshman baseball and track teams.

Rapid progress was reported to have been made towards the final arrangements of the third Arabian Night, which will be held during the latter part of May in a prominent hotel.

Tryouts for the '24 debating team have already been held. The team selected will engage the Freshmen in an open debate in the near future.

### FOREIGN TRADE CLASS ADDRESSED BY "GRAD"

The Foreign Trade Class, under Prof. Snyder, enjoyed an interesting talk by Mr. Edward Silver, of the class of 1920. He spoke of the value of a college education in the export field, pointing out, however, that the college man did not "Conquer the world" upon entering business, but had to serve a long apprenticeship. He explained that "a college education has its value only when a man has been in business for a number of years;" that the business world acknowledges that a college education is necessary if a man is to really hold a responsible position, and that the college trained man is in a better position to acquire the attributes of an executive. The student must be prepared to "start at the bottom of the ladder."

C. C. N. Y. May Day!

### Seven Straight For Frosh Team

Lenkowsky Slams Out Homer  
While Bluestein Gets  
Three-Base Hit

#### MORRIS HIGH IS VICTIM

Weissberg and Sternberg Hold Op-  
ponents to Lone Run—Fresh-  
men Score Five

Again the Freshman nine succeeded in humbling its opponents, this time the victims being the Morris High School team. The victory was gained in the Stadium last Tuesday by a score of 5 to 1, the yearlings taking the jump in the second inning by hanging up four tallies, and retaining the lead throughout the game without, at any time, being hard pressed.

The first inning saw both sides retire without a tally. Lenkowsky started the second inning with a single. He was followed by Bluestein, whose three-base error sent him home. A catcher's error enabled Bluestein to cross the plate, and Rieger, the next to face the Morris twirler, was passed to first on balls. He gained third when Oshinsky singled, and another error on Miller's part brought in a third run for the yearlings. Danis' base tap sent Oshinsky home. The inning was brought to an end without any further tallies.

The fifth run scored by the Freshmen came in the fourth inning. Lenkowsky was the first to swing the bat, clouting the pill to the outer gardens for a real Babe Ruthian homer. The remainder of the inning went fast.

The fourth period also saw Morris pin up its sole run. Wittenberg scored when Botsky sent the ball whistling for a safe three-bagger. Botsky was left on third, however, and the Bronx lads were retired without any further scoring.

This new laurel brings the number of games won to seven. The slate of the Freshmen team to date is not marred by any defeats and everything indicates that it may remain so to the end of the season.

### SOCIAL PROBLEMS CLUB

The Social Problems Club announces that there will be no lecture today in Room 126. Because of the fact that there are several important matters to be decided upon, a business meeting will take the place of the usual lecture.

The Vintage of '47

### Student Committee Will Enforce Rules To Clean Concourse

Emmer, '22, to Head Police Squad of  
Class Presidents, Student Coun-  
cillors, Class Marshals, Lock  
and Key and Soph Skull

At a joint meeting of the Student Affairs Committee and the Student Council last Wednesday a body of men was appointed to police the concourse and see that it was kept in a proper condition. This action came about as the result of a number of complaints brought up to the committee by the faculty and students of the college on the conditions of the floors and tables in the lunch rooms. Last Thursday a meeting of the Students Affairs Committee, consisting of four professors and five students, took up Sid Emmer's suggestion that the Student Council be so organized that it may take charge of the lunch room and see that the misdemeanors are suitably corrected and punished.

The plan presented requires that all members of the Student Council, together with the class marshals, cover the lunch room daily and aid in keeping it clean and tidy. Attention is called to the fact that papers are not to be left on the table or strewn on the floor; the lunch bags and all other papers are to be thrown into the cans, which are placed there for that purpose. The men in charge of this police duty are empowered to order any man to obey this rule, and disobedience will be referred to a body established to try such cases and pass judgment. Failure to appear will be punishable with one week's suspension from College. Guilty students will be likewise punished by the committee.

The president of each class received permission to appoint an alcove committee to see that the alcoves were kept properly.

### Varsity Ball Team To Play in Philly

Meet Drexel Tomorrow—Chick Feigin  
Probable Pitcher

While the Varsity tennis team is opening its season with Fordham tomorrow, the baseball nine will be playing the Drexel team in Philadelphia. The absence of a game this week has given the men a better opportunity to rest up, and the team is believed to be in better form than ever before.

The game will be the first one between the Lavender cohorts and the Philadelphians, athletic relations between the two colleges having been confined to track in the past.

"Chick" Feigin will in all probability start on the mound for the College. Feigin has not done much work since the N. Y. U. game, when he pitched for seven innings. His lone attempt in the box since was in the game with Manhattan, when he relieved Anderson in the eighth inning and succeeded in holding the Manhattanites, who had just begun a batting and run-getting spree, scoreless for the rest of the game. In doing this, Feigin struck out three men.

The rest of the line-up will be essentially like that used in the Columbia game, with Raskin, Kelly, Salz and Hahn in the infield, and Wrenn and Nadel in two of the outfield positions. Martin or Eisenstein will start in center. Capt. Murray will do the catching.

### DEAN ROBINSON AT EDUCATION MEETING

Dean Robinson will represent the Association of Urban Universities, as well as the National Conference Committee on College Standards, at a conference of the American Council on Education, to be held May 7 at Washington, D. C. Prof. Robinson is a member of the executive committee of the Council.

C. D. . . . . C. D.

### Alumni Support Football Drive

Plans to Sell Combination Tickets  
to Football and Basketball  
Games to Graduates

#### NUMBER TO BE LIMITED

Alumni Complain About Treatment  
Accorded Them—Say Authorities  
Have Actually Driven Them  
Away—Two Lower Classes  
to Be Canvassed

The first real step towards the re-establishment of football at the College was made when at a joint meeting of the students and Alumni committee, held in the A. A. Room last Tuesday night, it was decided to enlist the support of the graduate body by selling subscription tickets for Freshman football, basketball, baseball and swimming to the Alumni. The price of the combination ticket will probably be \$15, ten of which will be set aside to cover the expenses of basketball and swimming, the remaining five to be given for the support of Freshman football. For the present, at least, the number of tickets to be sold the Alumni will be limited to 250.

Representing the Alumni at the meeting were George Brill, '10, Harry Gell, '12, Dr. Edwards, '11, and Arthur Taft, '20. For the College were present George Feigin, '21, Bob Kelly, '22, Sol Brin, '22, of the A. A. Board, Morton Vesell, '22, Sylvester Shalvey, '21, Nat Heller, '23, of the Football Committee, and Mendel Jacobbi, '21, Sports Editor of the "Campus." Professor Williamson, secretary of the Faculty Athletic Committee, represented that body.

After outlining the developments in the football restoration movement during the last few months, and especially stressing the concessions as to schedule and practice hours granted by Dean Brownson, George Feigin, who occupied the chair, asked for suggestions how to raise the thousand dollars still needed to assure the College of a Freshman team in September.

It was at first proposed by the Alumni present that the largest part of the money be collected from the students at the College, but this plan was shelved when they were shown that all the money already collected had come from the students and that it would hardly be fair to tax them again. It was, however, agreed that the June, '24, and February, '25 classes should be asked to donate to the fund, these classes not having contributed as yet. The details of the campaign among these two classes are to be worked out by the Football Committee at its meeting this afternoon.

Speaking on the subject of asking the Alumni to support the movement, Harry Gell, '12, a member of the graduate committee, said that unless the graduates were approached with something definite in the way of football, even if it were only a season ticket to Freshman games, there would be little chance of raising the money. "These men are nearly all hard-headed business men who have, by short sightedness on the part of some of the men in charge of athletics at the College, actually been driven from their Alma Mater. They have been denied any representation in the athletic councils of the College in the past and have only been asked to help financially. At all other times, when their money was not needed, they were given a mighty cold welcome by the athletic authorities.

"Now these men are not properly organized for a campaign such as you propose. There is practically no other method besides a personal campaign by those of us who are here to-night and a few others whereby we can reach the graduate body, which is, or properly should be, the financial support of athletics.

"What I propose is that we build from the bottom. Give the older men  
(Continued on Page 3)  
Watch May Sixth!

# TENNIS TEAM TO PLAY FORDHAM TOMORROW--VARSITY NINE MEETS DREXEL

## WHAT'S WRONG WITH BASEBALL?

The Varsity baseball team has now lost three of its first four regularly scheduled games. At least two of them—the games with N. Y. U. and Columbia—should have been Lavender victories. The opponents in both cases were only average ball players, not better than our players, man for man. Yet the college dropped both games by large margins.

With such players as have never been grouped together at any one time in the last ten years at the college, players whom the N. Y. "Post" and N. Y. "Globe" picked as sure victors over Columbia, it is hardly possible that the men individually are at fault. A man may slip up for one game, but when the same thing occurs again and again something more fundamental must be wrong.

## TROUBLE SEEMS TO BE WITH THE COACHING

The reason for the team's failure, it seems to us, is due directly to the coaching of Mr. MacKenzie. It is not because he doesn't know baseball. Presumably he does. It is because he cannot get along with the men. The team will not play with or for him. It has no confidence in him as a few incidents will show.

At the beginning of the season, Mac did his coaching in so loud a voice that the spectators in the furthest part of the left-field grandstand could hear him. The men became disgusted because of these public ridings, so much so that quiet Bob Kelly, whom we had never heard answering Mac when the latter criticized, threw up his hands when he came to the bench at the end of the fifth inning during the American Express game and said: "For God's sake, Mac, let me alone when I'm on the field. Wait till I get to the bench before you ride me!"

Now Mac keeps quiet on the field. In fact, so quiet is he that he hardly even tells his team what to do in particular instances. Thus, in the Manhattan game, without instructions of any kind, the men played only such elementary ball as any kid team could have done, while in the Columbia game several players tell us Mac didn't issue a real order.

On at least two occasions has Mac shown poor judgment. Last Saturday it was plainly apparent that Axtell was through in the sixth and surely during the first part of the seventh inning. With Chick having rested for more than a week, there was no reason for leaving Teddy in the box to face the head of the Columbia batting list. Just as poor judgment allowed Chick to stay more than a few innings against N. Y. U.

## TEAM HAS NO CONFIDENCE IN MAC

The result of all this is that the men take little stock in Mac's baseball knowledge and have no faith in his orders. So far have they lost faith in his baseball acumen that two prominent and very capable members of the team have taken the trouble to draw up a list of the faulty baseball plays ordered by Mac as well as various defects of his coaching system—and the list, a copy of which is in our possession, is quite a long one.

Without stopping to pass judgment on Mac's baseball knowledge—we are not a sufficient authority to do it—the fact remains that the team does not believe in Mac, and hence will not obey his orders. The result is that a good team is losing steadily—THIS MUST NOT GO ON.

## TWO SOLUTIONS FOR THE SITUATION POSSIBLE

Two courses are open towards remedying this condition. Either every man who refuses to obey orders should be asked to hand in his suit and leave the team, or the coaching system must be changed. With hardly twenty men out for the team in the beginning, the first course is manifestly impossible. If these men now on the team were to be dropped, there would be no others to take their places and there would be no team; which doesn't solve the problem at all.

There remains only one thing to do—to change the coaching system. A man who can agree with the men and make them do what they're asked to, and a man who knows sufficient baseball to order the right thing at the right time is needed.

**HEARD AT THE COLUMBIA GAME** as City College went to the fore: "Get that Bible out, Chick, for Andy Coakley to pray. He will now read the first chapter of Psalms."

What language does the umpire talk in?" "We'll get 'em with a vengeance, boys."

**TWICE THIS YEAR HAVE LAVENDER TEAMS BEEN GIVEN RAW DECISIONS** in games with Columbia. On Saturday at least two runs were handed Columbia when the umpire called men, out by a foot, safe at home. In the basketball game last winter a similar thing happened. Other colleges have broken off athletic relationships for less reason than these. Why can't we have a say in the matter of picking the arbiters so as to be sure of a fair deal?

**THE A. A. BOARD** seems to have a notion that every member of a squad, regardless of his performance in competition, is entitled to an award, be it only class numerals. We suggest, therefore, class numerals to all the U members of the college for their efficient work on the cheering squad during the basketball season.

**THE TENNIS TEAM OPENS ITS SEASON** tomorrow against Fordham. The netmen are booked for a stiff season, but they look equal to the job. The end of the season will probably see the tennis laurels of the city coming to the college as a result of an even better record than that made by the team last year.

**AS USUAL, "SCOTTY" SCHAPIRO AND "BIBBY" ALGASE** are the stellar performers on the team. The south-paw racquet wielders seem better than they have ever looked during the last two seasons, and we predict a good many points coming our way via Scotty and Bibby singles and Scotty-Bibby doubles.

**EPSTEIN AND FUENTES** look like two more point getters for the college. Both have played before, the first was a semi-finalist in the boys' metropolitan champs; the latter led Harris courtmen—and know the game thoroughly.

**KEN NUNES, THE POPULAR CHEERLEADER, WILL CONTINUE TO WAVE HIS ARMS—BUT WITH A RACQUET IN HIS RIGHT HAND. HE'S DOING AS WELL IN HIS NEW JOB AS HE DID IN HIS OLD ONE.**

**JOHNNY NATHAN, the famous business manager of the infamous "Merc,"** has evolved from a class-tournament tennis player to a Varsity performer. His promotion but again illustrates the motto of "try, try again, 'the true Lavender spirit."

## Varsity Tennis Team Will Play Tomorrow

Fordham to be Team's Opponent—Capt. Schapiro Expected to Give Vincent Richards Hard Fight

When the Varsity tennis team lines up against the Fordham netmen tomorrow afternoon at Fordham, what will probably be the most difficult season ever scheduled for a Lavender team will be begun.

While most of the opponents the team will play this year have been pitted against City College in former years, the contests for the coming season will differ radically from those of the preceding seasons. For one thing, tennis has become a more popular sport at Eastern colleges, bringing more and more capable men out for the teams. The new rules adopted by the national governing body and the anticipated more rigid enforcement of the foot rules brought into being last year are also expected to add to the difficulties and interest attached to the game.

Of all the contests listed for the season that opens tomorrow the two games against Fordham, the first of which will be decided tomorrow, promise to be the most interesting and most difficult.

The Maroon team is built around Vincent Richards, who has, during his tennis activities, annexed several national and metropolitan indoor and outdoor titles. His superior brand of playing got him a rating among the first fifteen in America, and until very recently he was believed to be slated to accompany Tilden to England to defend the American doubles title.

Capt. Scotty Schapiro will, in all probability, be Richards' opponent tomorrow. The port-sider is playing at the top of his game right now and his showing in practice, together with Richards' recent reversal of form in the indoor meets, makes the contest not as one-sided as it appeared to be when the schedule was first announced.

The prospects for this year's team are as bright as they have been in recent years. The two best members of last year's team, "Scotty" Schapiro and "Bibby" Algase, who led the 1920 team, are back at school and on the team. Epstein, a new man, was, during his high-school days, a semi-finalist in the boys' tournament of the metropolitan district, while Fuentes, another new man, captained the Townsend Harris netmen two years ago. The other two men on the squad, Johnny Nathan and Ken Nunes, the Varsity cheerleader, have had experience in the interclass games held at the College during the last three years. Both are seniors and had been playing tennis for some time before entering college.

## FACULTY POSE FOR MICROCOSM PHOTOS

The faculty heads or the various departments of the College posed for pictures for the 1921 "Microcosm" yesterday at 2:45 in the Webb Room.

## "TINY" BRIN (otherwise known as Sol), is getting thin these days. We move the A. A. Board appropriate a goodly sized sum to feed the boy properly until the end of the term. . . . .

## THE SPECIALS' TENNIS TEAM, of which we are, hereby challenges any class team in college to a series of three singles and two doubles matches, best three out of five to decide the winner. Athletic managers please note: All interested in the challenge write to Mr. John Dalton, care of Sports Editor, "Campus."

## OUR FRIENDS FROM HUNTER AND BARNARD who accompanied us to the game just barely found polite, dignified collegiate words adequate enough to express their feelings about the way City College was treated on the field.

To the Sports Editor of "Campus":

What is wrong with the athletic situation at the college? Briefly, our executive system and our coaching system, the only two relics in the present organization of the pre-war conditions, are the obstacles in the way of the athletic advancement of C. C. N. Y.

The first flaw in our organization is the well-known Faculty Athletic Committee, if it is permissible to call it a committee. There are only two out of the six members who are in the least acquainted with the athletic conditions, and since the committee never meets these two men act for the entire body. The objections are not to the fact that the men interested are incapable, but that both have different views and that the authority is divided; they do not work harmoniously. To take a few specific examples: On about Oct. 1, 1920, after the A. A. Board had adopted a new constitution and it had been approved in full by Prof. Williamson, Sec.-Treas. of the F. A. C., it was headed to Prof. Woll, who insisted that he approve it before it went into effect. The laws by which the A. A. is ruled are still in the hands of Prof. Woll and will remain there indefinitely.

The same trouble has been met in the formation of schedules. No games were closed without the advice of Prof. Williamson, who has a wide knowledge of athletics. But that was not enough—Prof. Woll had also to give his O. K., and, as usual, at this point there was delay and censure.

What I propose is the abolition of the Faculty Athletic Committee and the appointment of Prof. Williamson as Athletic Director. He would then have absolute control over athletics. His office would be open at all times and managers would have to consult him on all matters. This would do away with divided authority, delay and red tape and would give our sports the advice and entire time of a most capable man. To be able to do this, Prof. Williamson must be relieved of all his duties in the Hygiene Dept.

The second flaw in the system is the matter of coaches. In the first place, we have not enough men to direct our teams. Secondly, the best man is not put in charge of the teams he should coach. To illustrate: Take the case of Mac. He is the coach of Varsity and Freshman swimming, Varsity and Freshman track and cross-country and Varsity baseball. To give the proper amount of time to all these sports is a physical impossibility. Mac needs assistance.

The other point I mentioned about coaches is that the best man available is not appointed. To be specific: Take our baseball situation. It is the unanimous opinion of the entire squad that Nat Holman is a more capable coach than Mac. The men absolutely refuse to listen to Mac and as a result the best is not produced.

There should be a definite policy in the appointment of coaches. It should not be a case of Mac taking the position and then allowing the team to drift along. Let the authorities put the best man available on the job.

To aid the authorities in the appointment of coaches, I propose that an Alumni committee take a hand. The foundation of Alumni co-operation has been laid by the selection of a graduate football board to work in conjunction with the undergraduates.

I believe that with the abolition of the Faculty Athletic Committee and the appointment of Prof. Williamson as Athletic Director, the much-needed definite coaching policy would follow of itself. Let me further add that this is not merely my opinion but is talk quite common among the student body. Action to eradicate these evils is immediately necessary.

GEORGE M. FEIGIN, Pres. A. A.

## ALUMNI AID FOOTBALL

(Continued from Page 1)

some concessions and make them feel that they are wanted at all times. Some such scheme as the combination basketball tickets sold some years ago would be an excellent way of bringing the old boys back into touch with the school."

The plan of a combination ticket for the four major sports at the College was then adopted and Prof. Williamson was authorized to have these tickets printed. The sale of the tickets will be in the hands of the Alumni Committee. It is expected that most of the tickets will be disposed of at the next dinner of the Twentieth Century Club.

In order to set before the Seniors of the various high schools in the city the fact that a Freshman football team will be organized at the College the joint committee decided to write an open letter to the principals and the editors of the high school publications, setting forth the plans and asking them to call these plans to the attention of their students. Later on it is possible that prominent members of the faculty and student body will visit these schools so as to set the ideas before the students in person. It is hoped in this way to attract men interested in football to the College.

## PROFESSOR SNYDER TO ATTEND TRADE MEETING

Professor Guy Snyder of the Department of Economics will attend the annual convention of the Foreign Trade Council at Chicago during the first week of May. Professor Snyder is an expert consultant on foreign trade. He has for years been in charge of the program of meetings of the Foreign Trade Council, which is made up of the most influential business men in foreign trade.

## Chick Feigin Would Do Away With F. A. C.

A. A. President Believes Director of Athletics More Efficient—Prize-Winning Letter in this Issue

George M. (Chick) Feigin, '21, president of the A. A. Board, was adjudged the winner of the recent contest conducted by the Sports Department of the "Campus." His letter, which is published in this issue of the "Campus," deals with the Athletic situation at the College, stressing especially the ineffectiveness of the Faculty Athletic Committee and the coaching system. It advocates the abolition of the F. A. C. and the substitution of an athletic director.

In making the award the judges considered ideas and facts before all else. Literary style was taken into account only insofar as it expresses clearly the writer's opinion.

Hyman L. Sakolsky, '23, was awarded honorable mention for his letter.

## STUDENT WILL GREET DR. CHAIM WEIZMAN

Jacob Ravidowitz, of the Menorah Society, has been selected by the Intercollegiate Zionist Association to greet the Palestine Commission, headed by Dr. Chaim Weizman, at a reception to be held on Sunday, April 24, at the Manhattan Opera House.

## Two of the biggest expenses in the restaurant business are broken dishes and silver.

Please do not leave dishes in the alcoves, but return them to the tables. Every bottle you break costs us 2c.

In order to sell food at moderate prices the co-operation of the student body is needed.

## Special Students Form Tennis Team

Plan to Play Specials of Other Colleges—Movement to Extend to Other Sports

Under the leadership of John Dalton, a special student at the College, a tennis team composed of special students has been formed to take part in interclass and intercollegiate tennis tournaments. Negotiations for matches with the special students of N. Y. U., Fordham, Columbia and Stevens are under way.

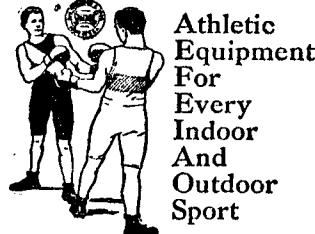

The efforts of these students are the first organized ones ever made along these lines by this branch of the college. Heretofore special students were regarded as separate and distinct from all others at the college, and, as such, not entitled to take part in extra-curricular activities. It is the intention of the students to take part in intramural athletics until such time as the present ruling that bars them from competing for places on Varsity teams is removed.

The present action of the specials in forming a tennis team is designed as an entering wedge for football, basketball, swimming and baseball next year. Tennis was chosen for this step because of the short time before the end of the year and because of the limited efforts necessary to produce a good team.

Besides putting the special students into College activities generally, it is the aim of the promoters of the plan to use these activities to get the scattered specials to know each other better. Social functions akin to those conducted by the various classes and clubs of the college the expected to follow.

Among the men out for the tennis team is Frank Daley, whose brother, a sophomore at Princeton, is a member of the Tiger tennis team, having made the place by beating Harold Taylor, the former metropolitan boys' champion.

## Evening Session Has Successful Banquet

### Trustees Pledge Support to Evening Sessions—All Branches Well-Represented at 12th Semi-Annual Dinner

On Saturday evening, April 16th, at 200 Fifth Avenue, over 440 students, members of the faculty, and members of the Board of Trustees of the College gathered together for the twelfth semi-annual banquet and dance of the Evening Sessions.

The Senior class, which reserved a very large section of the place, supplied its members with paper caps and musical balloons, which always come to the rescue of the fatigued musicians. Sigma Tau Phi occupied the entire right wing of the place. Its banner and insignia could not be missed by anyone, and they were not. Its cheering was only outclassed by the organized cheering of the entire body, under the leadership of Mr. Shalvey. Kappa Phi Sigma was also well represented at the affair.

The Newman Club was out in full force, but they were unheeded until they exploded on the screen with three cheers for the Irish Republic. They were heartily applauded. The Menorah Society and its members were spread out in every group. Other groups which were heard were THE OWL STAFF and the BASEBALL TEAM.

At 10 o'clock, after all signs of roasted chickens, fried potatoes, salad, sauce and cake had disappeared, Dean Robinson, the toastmaster, introduced the Honorable Albert Weiss of the Board of Trustees, who thanked Dr. Robinson and the student body for the privilege of being present at the gala affair. The Honorable Lee Kohns, also of the Board of Trustees, followed. He promised that everything at the disposal of the Board of Trustees will be thrown open to the Evening Sessions, and said that he was looking forward to the day when the gymnasium will be open for the women and girls of the College.

Dr. Emanuel Baruch, an old friend of the Evening Session, began his remarks with the phrase, "Fellow Students," for no one ceases to be a student. There is no one that stands higher in his esteem than the student, not he who attends college because he is sent by his parents, but he who works during the day and attends college at night. This group of evening session students cannot be duplicated anywhere. His affection and admiration for C. C. N. Y. is more than for any other group because it represents the Lincolnian spirit of the students. The greatest thing ever done for the people was when C. C. N. Y. tore down the academic obstacles and threw open its academic portals to everyone who wished to come and enjoy the fruits of knowledge of generations. These students will remain true to its ideals and will best serve themselves, their country and C. C. N. Y. The students regretted that President Mezes was not present, as they had hoped that they would be honored by the President of the Col-

Dean Robinson deplored the fact that there was not a student representative from the Municipal Building, since the Evening Sessions were founded at the Municipal, with a view of increasing the earning capacity of the municipal employes which would place them in a position to serve the city better. Mr. Teeter, in charge of the classes at the Municipal Building, was present.

George Orloff, president at the Main Building, was the first student speaker. He was followed by Mr. Albert Welti, the downtown ex-president. Mr. H. Arnold Mosley, representing Brooklyn, was the next speaker. These speakers brought out the facts. The year 1920-1921 has brought to light the greatest student activity in the history of the Evening Sessions. The extra-curricular activities started and in full force are Menorah Society, Newman Club, the Accounting Club. The inter-building undertakings are first the baseball team and the "Owl," the Evening Sessions' monthly. Dr. Robinson remarked that they had picked out a wise bird as their organ, but hoped that they would keep the bird alive by giving it good nourishing food. All the student speakers thanked the members of the Board of Trustees and Dr. Robinson for all they have done for the Evening Sessions. The Honorable Lee Kohns was prompted, at the conclusion of all the speeches, to take the floor. He made it known that all the thanks were due Dr. Robinson, who formulated all the plans for the Evening Sessions which the trustees O. K'd. He was so inspired by what had been said that he asked the entire body to rise and give three good American cheers for Dr. Robinson.

At 11 o'clock dancing began and continued until 2 o'clock, after the older folks had gone and left the young folks to themselves, unlike former days, when the older folks sent the younger ones to bed.

The success of the banquet is due to the untiring work and unselfish sacrifices of the Executive Chairman, Mr. Jack Feltman, and the Building Chairmen, Messrs. Morris A. Engel, Albert N. Cory and Arthur Brown. No words can repay Nathau Engle of the 23rd Street Building, who although not a member of the committee, gave up his time before the banquet and the meal and dancing at the banquet to see that all arrangements came off as per schedule. Thanks are due to the other members of the committees, and especially Miss Sniger, Bloom, Kanner, Davidoff, Dorothy Levy and Melair and Messrs. Harry Topoloff, Harry L. Lincoln, Jerry Silverman, Eddy Goodman, Arthur Brown, Harry Wilkes and H. Arnold Mosely for the publicity they gave to the banquet and for making it possible to run a successful affair at two weeks' notice.

The committee wishes to thank the directors of the buildings, Dr. Linehan, Mr. Green and Dr. Fradenburgh, for the freedom allowed the committees in the canvassing the student body in their efforts to give publicity to this successful affair.

### STUDENT COUNCIL AT ITS FIFTH MEETING

The fifth meeting of the Student Council of the Commerce Building was held on Friday, April 15, at 10:15 P. M. Mr. Warmflash, the President, presided.

After the reading of the minutes President Warmflash announced that the taking of the picture of the Student Council would be postponed until Sunday, April 24, as a flashlight could not be taken.

Mr. Engel, Chairman of the Entertainment Committee, submitted the results of the sale of tickets for the banquet. Brooklyn Branch lead with 184 tickets, followed by the Commerce Building, which sold 175, and the Main Building with 70 tickets to its credit. Mr. Topoloff, Chairman of the Athletic Committee, submitted an account of the expenditure of the \$15 appropriated by the Council.

Do you believe in Birthdays? L. O. C..... B. G..... D. I. G.

### MENORAH AND STUDENT COUNCIL TO TAKE PHOTOS

Due to the bad weather conditions of the previous Sunday, pictures of the Student Council and the Menorah Society, for the Microcosm, will be taken this Sunday afternoon, April 24th, at 2:30 P. M. in front of the Commerce Building by Mr. Schwartz, director of the photography class, now in session at the Commerce Building. All members of the Council and Menorah Society are urged to meet in front of the building at the stated time.

### PROFESSOR ROBINSON TO ADDRESS TEACHERS

Dean Robinson will address an assembly of graduates of the New York Training School for Teachers on Tuesday, April 26, on "Influence of Teachers on American Life."

## Juniors Invited to Meeting of Seniors

### Senior "Mike" Payments Are Due April 25—College Is Invited to Senior Dance in Gym

The Senior Class of 1921, Commerce Building, extends an invitation to all Juniors to attend its meetings and take part in discussion after the disposition of important business. This is an ideal opportunity for the Juniors to get an insight into the many interests that will affect them in their Senior year.

The committee in charge of "Mike" subscriptions and individual group pictures announces that all Seniors must pay \$3.50 to Messrs. Skaf or Faber on or before April 25, otherwise their individual pictures and histories will be eliminated from the 1921 "Microcosm."

The student body is invited to the "farewell dance" of the Senior Class of 1921, to be held on Saturday evening, May 7, in the college gym.

## ERROR ANNOUNCED BY SCHOOL OF BUSINESS

The language requirement, at least three years of one modern foreign language, referred to the Bachelor of Business Administration, a degree offered by the School of Business only in the Evening Session. Candidates for the degree of Master of Business Administration must complete all requirements of one of the liberal degrees, i. e., B. A., B. S., or B. S. S., and must pursue additional courses in order to bring their total up to the required 160 credits.

## Brooklyn Nights

To supplement the work of Prof. Henderson's classes in Psychology there has been organized here a Psychology Study Club. A series of short talks on topics relating to the science will form the program. Students have already discussed "Methods of Psychological Analysis, Attention, Sensations, and Auditory and Visual Sensations."

The Poetry Class at its last meeting had the pleasure of hearing Miss Annette Wynne, the foremost writer of children's verse in the country. This gifted young woman provided a very enjoyable evening for the budding poets.

In proportion to its size this branch had a larger representation at the inter-branch affair than any other—about 150 Brooklynites graced the festive board. Mr. Mosley spoke for our branch and helped spread our special propaganda—our own building, all courses and all degrees for Brooklyn. And our cheers—if it had not been so far above us we would have raised the roof off 200 Fifth Avenue. All agreed on one point—that it was a thoroughly enjoyable evening and one that would long be remembered with pleasure.

V. L.

## BUSINESS FACULTY TO MEET WITH TEACHERS FROM COMMERCE HIGH

Dean Robinson of the School of Business is conferring with the principal of the High School of Commerce with the view of arranging a joint meeting of the professors of the School of Business and the teachers of Commerce High. It is hoped to co-ordinate the course of study of both high school and college, in order to facilitate the progress of Commerce High students entering the School of Business.

## Miss Levinsohn at Menorah Discussion

### Fallacies of Chesterton's "The New Jerusalem," Are Shown—Prove That His Arguments Not Based on Facts.

Miss Lotta Levinsohn, the National Chairman of Hadassah and a prominent worker in Judean and Zionist circles, led a discussion on Chesterton's "The New Jerusalem" at a meeting of the Commerce Building Menorah. Some fallacies in his arguments were carefully analyzed.

The part that the Jew has played in the recent world war was used to answer Mr. Chesterton's statement that the Jew in England is an alien and a traitor. The enforced cosmopolitanism of the Jew was brought out.

Mr. Chesterton's weakness in argument was shown in his stand of criticizing usurers for being Jews rather than Jews for being usurers. His failure to mention the programs in Russia, it was claimed, indicate the incompleteness of the author's view.

The assertion that the Jews were destroyed with the fall of Jerusalem was dismissed as nonsensical. It was said that the persistence of Judaism for two thousand years so dazzled Mr. Chesterton that he could not comprehend the fact.

Mr. Chesterton upbraided Dr. Weizman for saying that the Jews are bringing culture into Jerusalem. It was easily proved that the standard of living has in the Holy Land been raised by the increased Jewish population.

## DR. WAXMAN TO SPEAK ON "SPIRITUAL ZIONISM"

Dr. Meyer Waxman, Secretary of the Misrach Organization of America, formerly principal of the Misrach Teachers' Institute and one of the editors of the Jewish Forum, will address the Commerce Building Menorah Society next Tuesday evening, April 26th, at 9:15 P. M. in Room 101 on "Zionism in Its Spiritual Aspect."

Dr. Meyer Waxman is a very prominent character in Zionist and religious circles throughout the United States. He has been a Rabbi of Orthodox organizations in many cities. The Misrach Organization, with which he is now connected, represents the Orthodox element of the Zionist movement which, since Dr. Weizman's and Dr. Einstein's visit to America expects to play a very important part in obtaining Palestine as a homeland for the Jewish people. All those attending the meeting are assured of an enjoyable and interesting time. Discussion, which is open to all attending, will follow.

## CLONIA HOLDS MEETING

At a recent meeting of Clionia, a warm discussion was held over Edgar Lee Master's "Spoon River Anthology," and the works of other modern authors. A basketball challenge has been issued to Phreno.

Juniors and Seniors are urged to attend the meeting Friday at 8:30 P. M. in Room 308.
