Polo Team to Battle Yale Tonight for Second Place

Lavender Will Pass Columbia in League If Team Wins Game

MENKES FIRST IN LEAGUE

Lehrman to Play Polo Tonight—Will Swim in But One Event—Mermen Meet Yale Swimmers

Tonight at New Haven the college water polo and swimming teams will meet the Yale representatives for the second time this season. At that time an attempt will be made to wipe out the defeat administered to the local team by the Yale men in the college pool earlier in the season, and to try to tie the Yale polo team for second place in the league.

Especially will the water polo game be watched. Yale is at present second to Princeton in the Intercollegiate League. Columbia is third, and the college fourth. Should, however, the Lavender sextet be able to win over the Yale team it will pass Columbia and go into a tie for second place with the Blue.

The Lavender hopes for the victory will be pinned largely on the performance of Captain Menkes and Leo Lehrman in the forward line. Captain Menkes will be relied upon to tally most of the points. Lehrman, it is understood, will not start in more than one race in the swimming meet. Coach MacKenzie desiring to keep Leo as fresh as possible for the gruelling polo game which is to follow. Yale will again present the speedy Jeliffe in the forward line and the chances of success for the Varsity depend on its ability to hold the Blue flag. It is for this reason that Lehrman, a very fast man himself, will concentrate his efforts on the game rather than on the swimming meet. Pondero, Lilling, Hayter and Shapiro will again start the game in the back-field and at guard, respectively.

Captain Menkes High Scorer

Besides deciding the chances of the team for a prominent place in the league tonight's game will go a long way towards determining Captain Menkes' position among the league scorers and whether or not he will make a position on the mythical All-Collegiate polo team. At present, Menkes leads the league in the number of points scored with a total of 78 tallies. Botting, the captain of the Princeton polo team, is his nearest competitor with 64 points. Princeton, however, has an easy game ahead of it with Pennsylvania, in which Botting will undoubtedly run his score up considerably, while the Varsity faces the two hardest teams next to Princeton, Columbia and Yale, in its next two encounters. If Menkes can break through the Blue defense, and that of the Blue and White next Friday night at Columbia for a total of fifteen points it is hardly possible that Botting will beat him. First place in the league means a sure place on the All-Collegiate team, an honor as yet unknown by the college.

With the Yale and Columbia pole games in view, Mac has been working the team hard this week and, as a result the men are in better physical condition than they have been at any previous time this season. The rough edges have been smoothed off, new plays have been mastered, and the team will enter the pool tonight far superior to the team that lost to Yale in January.

Before the polo game the Varsity swimmers will race the championship Yale outfit. With such men as Thurston, Jeliffe and Mahan, all collegiate champions, it is hardly possible that the Lavender boys will be able to do more than put up a strong fight, especially with Lehrman out of the lineup.

Yale will have its hardest fight in the plunge and dive, in which Fink and Joseph will represent the college. Captain Ashworth, Krause, Murray, McTague and Haas will be the other starters for the college.

The "Campus" is having copies of the basketball team's picture, published in the last issue, printed upon paper suitable for framing. Copies of these will be sold to the students for fifteen cents. Those desiring copies will please sign the note on the bulletin board.

Mr. Hendricks Talks on Olfactory Senses

Large Audience of Students and Chem. Faculty Hear the Editor in Doremus

Two hundred students and the entire chemistry faculty filled Doremus Lecture Theatre to listen to Mr. Ellwood Hendricks speak on "Beyond the Laboratory" on Monday afternoon, March 7, as the guest of the Chem Society. Mr. Hendricks is the consulting editor of a chemical and metallurgical engineering periodical and has written numerous scientific books. He explained to his audience the practical and aesthetic advantages which man could derive by the proper cultivation of his olfactory senses.

The chemist says that ethyl alcohol is the same whether derived from rye or from maize, the speaker stated. But any "rumhound" can smell a difference. Since this difference is manifest only in the odor, it can be discovered only by proper research through the nose. Many practical benefits would result from such research, Mr. Hendricks asserted. The aid in the manufacture of perfumes would be but one of these.

The old books are full of passages describing beautiful smells: the flowery field, the woody glade. Mr. Hendricks quoted Shakespeare.

"At present it has passed out of fashion to use one's nose," he continued. "Gardens of delight are to be had for the asking." All that is required is the cultivation of the sense of odor. A new beauty awaits to be understood.

The power that dogs have of recognizing people, or even woods, by smell, is known to all. But, he added, it would be considered very impolite for men to develop this faculty.

Mr. Hendricks illustrated the power of smell to stimulate the memory by a sad sentimental story. He had given his twelve-year-old sweetheart a bottle of perfume for her birthday. First of course, he had inhaled the odors plentifully. Years later, when Louise had been long buried and forgotten by most people, the smell of a soap brought her back to his mind.

The possible explanation of various mystical phenomena, such as the presentation of an accident occurring to a distant friend or relative, was offered by the speaker. It is not inconceivable that bodily emanations indicating danger are given off by the person in distress and are smelled by the relative.

Mr. Hendricks concluded by saying that it remained for the chemist to make the world beautiful through the olfactory senses. Apparatus is waiting. "The business of people is to do less talking and more smelling."

SEVEN ARTS TO HEAR PROF. BALDWIN MAR. 17

The Seven Arts Society wishes to call special attention to the lecture of Thursday, March 17, at which Professor Baldwin, the college's eminent organizer, will discuss in some detail the modern phases of music.

Every effort has been made by the society this term to procure the best available speakers for each subject, and it feels well compensated for its endeavors by the enthusiastic response which the college has given thus far.

New members are solicited, and every man interested in the work of the society is invited to attend its business meeting, the time and place of which will be announced on the bulletin board in the concourse.

TWENTY-THREE HAS DANCE ON MAY 14

At a meeting of the '23 Council, held on Monday, March 7, it was decided to hold the class dance on Saturday evening, May 14, in the gym. The insignia committee reported its choice of a class emblem—a boy with the school insignia. Fobs will be ordered and will be on sale very soon.

"Johnny" Fliegel, manager of the '23 basketball team, reported the prospects for victory in that field of athletics very bright.

Three Wall-Artists Easily Survive in Amateur Champs

Levenson Wins, 21-14, 21-8—Swertlow Wins, 21-5, 21-2—Seltzer Wins by Default

Three members of the Varsity handball team survived the elimination contests in the Metropolitan tournament last Sunday. The games were held on the New York Athletic Club grounds, which possess an immense four-wall court. Having a great deal of experience and practice on a similar court, the Lavender wall-artists easily sent their opponents down to defeat.

The entire Varsity team had been entered in this tourney, but only three men appeared on the scheduled day, the others having defaulted. Had the remainder of the team been present, they also would have been among the survivors.

Captain Levenson was engaged in battle with Frankel of the City Athletic Club. He had beaten his opponent the day before on the Lavender courts, and repeated this feat in the championship games. The triumph was accomplished mainly through the headwork of the captain. He continually slammed the ball to the opponent's left, which he discovered was rather weak. In this manner he easily piled up points and wumped Frankel in two games by scores of 21-14, and 21-8.

Swertlow, C. C. N. Y., displayed his flashy spurs and smashing killers, puzzling J. Ruddy, New York Athletic Club. Ruddy, a famous water-poloist, was completely outplayed and was helpless before the well-placed drives of his rival. The latter won both games by large margins, 21-5 and 21-2. Seltzer, C. C. N. Y., won his match by default.

The next part of the tournament will be run off next Sunday.

War Department to Hold Examinations

Successful Candidates Will Be Appointed Army Lieutenants Immediately

The War Department has sent a request to the Professor of Military Science at City College for applications from men desiring to take examinations for commissions in the U. S. Army. The examination will be held April 25 and the successful candidates will receive appointments as 1st or 2nd lieutenants in the army at the end of the college semester.

As there are several thousand vacancies to be filled immediately, this offers an exceptional opportunity to the men of City College who desire to take advantage of it. Applicants must be 21 years of age and subject to a preliminary examination as to their character, physical fitness, and general capability.

The examination itself includes the following subjects: History, grammar, geography, arithmetic, algebra, geometry, trigonometry, physics and any three of the following advanced subjects: Math, literature, languages, electricity, chemistry, law and minor tactics. Any student of C. C. N. Y. is eligible, whether he is a member of the R. O. T. C. or not, and those interested should consult with the Military Science Department at once.

FIRST AIR PHOTO OF COLLEGE REJECTED

An unsatisfactory picture of City College was taken from airplane last week and promptly rejected. Professor Robinson, who conceived the plan of photographing the college buildings from the air, received the results and refused to accept them because they took in too much of the land surrounding the college and because the college buildings were not very distinct. Since the contract calls for aerial photographs which are satisfactory and acceptable, another picture will have to be taken of the buildings under favorable weather conditions in the near future. Different views from different angles will be taken. These will be developed and printed and sold to the student body and alumni.

Class of '24 Will Give Entertainment in the Gym Tonight

Soph Class Entertains College at First Arabian Night Affair in Gym This Evening

All arrangements for the first Soph Arabian Night have been completed. The stage is set for one of the greatest surprises the college has ever witnessed. The curtain will rise at 8 o'clock on the dot tonight in the gymnasium. Nothing has been left undone, so that all who attend are promised a "grand and glorious time."

Robert St. Clair, manager of the Hippodrome, will officiate. The song writers, dancers and entertainers who will bow before his command will perform at their best. A feeling resembling that of a large family circle will permeate through the audience and the actors.

The dance which will follow the entertainment will add an attractive feature to the evening. The Sophomore jazz band will make its debut. A professional band has also been hired.

The committee in charge has defeated all attempts of members of the '24 class to discover the names of the performers. It merely announces that the highest expectations will be realized. The fact that Mr. St. Clair, who has nee'd in the production of some of the world's greatest shows, will act as master of ceremonies, is an indication of the quality of the entertainment to be provided.

A committee consisting of Bernhard, Ragin, Halpern, Sagerstone, Chomsky and Schneider has been appointed to decorate the gymnasium. They will spare no efforts to transfer an Arabian atmosphere to our prosaic gym.

"Y" Speaker Depicts Conditions of Vicinity

Dr. Ackley, Rector of Harlem Church, Shows Need for Social Service in Territory South of College

The Rev. Dr. Charles B. Ackley, Rector of St. Mary's church, gave an illuminating talk last Tuesday to members of the "Y" on the need of social work in the neighborhood of the college.

Dr. Ackley pointed out that between City College and Columbia University on the West Side there was not a single settlement house and only one Protestant church, with the result that the district has been characterized by Mrs. Humiston as being one of the toughest neighborhoods in the city. Some of the worst gangs and degenerates operate in this region, which was the scene of the Cruger murder.

The speaker quoted Jane Addams as stating recently that settlement work without any religious character was practically useless and that something better than the teacher himself must be held up as an example to the boys.

As a result of the talk, the Social Service Committee will present at the "Y" meeting today the proposition of having a number of the men visit St. Mary's church on Lawrence street in Harlem and help Dr. Ackley in the Boys' Club work that is carried on there.

GEOLOGY CLUB NEWEST ON SOCIETY ROSTER

The formation of new clubs now seems to be the vogue at C. C. N. Y. Hardly had the college been informed of the formation of the Psychology Club than the news leaked out that plans are on foot for the institution of a Geology Club. Expectant rock-breakers and ambitious soil-analysts will now have the opportunity of studying Mother Earth at first hand in company with other zealous experimenters. It is planned to take excursions and walks in order to gain a better knowledge of the geological structure of the ground.

All students interested in the formation of a club of this nature should confer with Professor Butler as soon as possible, so that the club may be started this term.

ROSE PASTOR STOKES AT COLLEGE TODAY

Mrs. Rose Pastor Stokes, who has been called the most picturesque figure in the movement of social revolt, will address the Social Problems Club on "The New Society" today at 1 o'clock in Room 126. Doors will close at three minutes after one promptly.

Indoor Track Meet Will Be Held Mar. 18

Interclass Champion Will Be Given Banner—Wrestlers to Meet Poly Between Races

The annual interclass indoor track meet, a classic in the sports annals of the college in former years, will this season be held on Friday evening, March 18, in the gymnasium. Entries for the meet close on Monday at 1 o'clock, by which time the athletic managers of the various classes must have handed the lists of competitors to Manager Fischel. As in former years, a handsome banner will be awarded the class scoring the greatest number of points in the meet.

The wrestling team which last Saturday forced Pratt to its utmost to win over the college representatives will make its last appearance of the season on the evening in question. Manager Chabon is negotiating with Brooklyn Poly, the victors over Dartmouth and Stevens, for a dual meet before the races begin. It is also possible that the gym team, long quiescent, will be rejuvenated in time to perform at the meet.

The meet will be the final event of the current indoor track season, one of the best in recent years. The Lavender runners have placed prominently in nearly all the recent important track games, among them being those conducted by the Western Union, Samaclear and Wilco Athletic Clubs. Several first places in relays and sprints, including the junior metropolitan 300-yard title were annexed by the team in competition with the best runners of such colleges as Princeton and Rutgers, and such clubs as the Morningside and Glencoe Athletic Associations.

The meet will serve as a means of bringing out more men of good calibre who can be developed for the regular outdoor team, whose season begins early in April. Last year nearly the entire Varsity track aggregation was made up of men who had first run at the college in the interclass meet. Preran, Sands, Bonvay, Levinson, among others, were first brought to Mac's attention by their performances in the indoor games.

It is expected that this year's meet will be fully as exciting and closely contested as was the 1920 affair. '23 is understood to be hard at work practicing, in order to retain the title it won last year. The other classes, especially '21 and '24, are hot on the trail of the Juniors. All three classes are determined to make a strong bid for premier honors, if the number of entries already received is any criterion.

VARSITY DEBATERS MEET MANHATTAN ON CHARTER DAY

A debate is being arranged between Manhattan College and C. C. N. Y. It will probably be held on Charter day, May 7. The subject of the debate and the details have not yet been decided upon.

Last year, it will be remembered, the Varsity team received a unanimous decision over the representatives of Manhattan College. The recent victory of the C. C. N. Y. team over Brooklyn Polytechnic Institute makes it probable that the victory will be repeated.

CHARLES SOLOMON AND DEAN ROBINSON DEBATE

Dean Robinson ably upheld the negative side of a debate with Socialist Assemblyman Charles Solomon last Sunday in Hoboken before a large audience. The topic was: "Resolved, That Socialism is Historically Logical and Economically Desirable." At the end of the debate the assembled audience was permitted to ask questions which were answered alternately by Dean Robinson and Assemblyman Solomon.

"Mike" Staff Resigns: New Elections to Be Held Soon

Student Council Accepts Resignations of Editor and Business Manager

NON-"U" MEN DISMISSED

Senior Class to Nominate New Executives of "Microcosm" Next Week

Following closely upon the action of the Student Council last week in forcing the non-"U" members of the "Mercury" staff to resign, the Council at its meeting on Wednesday passed a resolution demanding the dismissal of all non-"U" members on the staff of the 1921 "Microcosm." Edward Eliscu, '21, and Jules Merkelson, '21 editor and business manager, respectively, of the "Mike," were compelled to resign immediately afterward.

The action taken by the council is an outgrowth of its recent determining body in college extra-curricular activities. In line with this policy, the Council has forced the resignation of the staffs of "Mercury" and of "Microcosm," and is proceeding with an investigation into several organizations in the college which are not composed entirely of "U" members.

The motion demanding the dismissal of all non-"U" members on the "Mike" was passed almost unanimously, but only after a protracted debate. Eliscu, editor of the publication, asserted that the Student Council had no jurisdiction over the "Microcosm," contending it was purely a Senior annual. Other speakers, however, claimed that since the editor is subject to the approval of the Student Council, the publication is under its control.

Taking another tack, Eliscu declared that the dismissal of all the non-"U" members on the staff would break up the entire plan of publication, and would necessitate the abandonment of the 1921 "Mike." The Senior class, he said, would not stand for such a move.

At this point, Morris Weintrob, president of the Senior class, arose and stated that his class would back up the Council in its action and would see to it that the "Mike" is published, regardless of whether the present staff was retained or not.

The motion which affects six men on the "Mike" who are not "U" members was then passed. Following this, Messrs. Eliscu and Merkelson handed in their resignations.

The Senior Class at its next meeting will nominate an editor and a business manager to take charge of the "Mike." These nominations will be passed upon by the Student Council. A new editorial and business staff will be chosen, and work on the "Microcosm" will go ahead as before.

Other business was disposed of by the Council at its meeting. The matter of Phrenocosmia and Clonia was brought up. The Student Affairs Committee was instructed to make an investigation into the two societies and report on their relation to the "U."

The recent intercollegiate debate with Poly came in for its share of attention. Two members of the college team were not members of the "U." The committee in charge of the debate was censured for its failure to exclude them from participation in the debate.

The meeting was adjourned after the transaction of various matters of routine. The next meeting of the Council will be held on Wednesday, March 23.

SOCIALISM ARTICLE BY PROF. OTIS IN "TIMES"

Professor Otis has written a long and interesting article for the New York "Times" on the subject of "Socialism in American Institutions of Higher Education."

The subject matter is all drawn from personal investigations and personally compiled statistics. The essay will be published in the coming Sunday issue, or the following issue of the "Times."

Alpha Mu Sigma Wins Track Meet

Tie for First Honors—Alpha Mu Sigma Scores More Firsts—Agreement Gives Latter the Victory

MEET IS A BIG SUCCESS

Rosenwasser Captures Three Firsts—Levenson Captures Two—Winners of Relay Cover Distance in Good Time

The Inter-Fraternity track meet was completed last Tuesday night in the gym. The mile relay, shot-put, high jump and running broad jump were the events of the evening.

There were not many onlookers to cheer the boys on. In all the contests there were sufficient entries to satisfy the officials, and the meet served its purpose.

Four fraternities entered a team in the mile relay. Alpha Mu Sigma, Phi Epsilon Pi, Delta Sigma Phi and Sigma Alpha Mu.

Rosenwasser, Sigma Alpha Mu, a Varsity runner, by strenuous efforts captured the running broad jump by a very small margin.

The shot-put did not furnish any excitement to the crowd except that a few students were nearly hit by the shot.

The high jump, the closing event of the evening, caused great excitement. Hamburger, by landing on his neck, ruined himself and was unable to continue with his performance.

The first part of this meet, which was run off about a month ago, resulted in a tie for first honors between Alpha Mu Sigma and Sigma Alpha Mu.

Summaries: 100 Yd. Dash. Langer (Tau Delta Phi), Parisi (Delta Alpha), Nemes (Delta Sigma), Becker (Phi Epsilon Phi).

220 Yd. Dash. Rosenwasser (Sigma Alpha Mu), Murray (Delta Sigma Phi), Parisi (Delta Alpha), Nemes (Delta Sigma).

440 Yd. Race. Rosenwasser (Sigma Alpha Mu), Fagin (Phi Gamma Alpha), Langer (Tau Delta Phi), Murphy (Delta Sigma Phi).

880 Yd. Race. Levinson (Sigma Alpha Mu), Murray (Delta Sigma Phi), Herrlich (Delta Kappa Epsilon), Philidius (Theta Delta Chi).

1 Mile Run. Levinson (Sigma Alpha Mu), Hamburger (Phi Epsilon Pi), Hynes (Theta Delta Chi), Connor (Delta Alpha).

Relay. Alpha Mu Sigma, Phi Epsilon Pi, Delta Sigma Phi, Sigma Alpha Mu.

Shot Put. Jones (Delta Sigma Phi), Zorn (Tau Delta Phi), Houson (Tau Delta Phi), Rosenwasser (Sigma Alpha Mu).

High Jump. Murphy (Delta Sigma Phi), Perlman (Alpha Mu Sigma), Hamburger (Phi Epsilon Pi), H. Murphy (Delta Sigma Phi).

Broad Jump. Rosenwasser (Sigma Alpha Mu), Zorn (Tau Delta Phi), Cohen (Alpha Mu Sigma), Vesell (Phi Epsilon Pi).

Final Point Score table listing fraternities and their scores.

Field Events Men To Get More Attention

Needed Apparatus Placed on Gym Floor—Cups to Be Given Best Performers

Candidates for field events on the track will come in for the major share of Coach Mackenzie's time until the team takes to the under path in the Stadium.

This decision by Coach Mackenzie to devote most of his time to the field men is taken to be the first step in developing men of sufficiently good ability to compete for the silver cups which are to be awarded for the best performances in the shot-put and running broad jump.

Indoor track practice is being held daily in the gymnasium at the hours stated on the schedule posted on the gymnasium bulletin board.

A. A. DOINGS

At the last meeting of the A. A. board it was decided that election of basketball manager and nominations for assistant manager would be called for, at its next executive session.

The A. A. board is going to push football. A manager and assistant manager will be elected in the near future.

Track practice has been lagging because the runners were not able to use the track. Special hours are to be retained for track practice in the future.

Tennis practice will begin in about one week. The schedule has been approved and is as follows:

- April 13—C. C. N. Y. vs. Pratt. April 20—C. C. N. Y. vs. Fordham. May 6—C. C. N. Y. vs. Johns Hopkins. May 9—C. C. N. Y. vs. Boston University. May 11—C. C. N. Y. vs. Fordham. May 21—C. C. N. Y. vs. Stevens. May 27—C. C. N. Y. vs. N. Y. U.

*Games played at home.

CHESS TEAM BEATS COOPER UNION 5 1/2-2 1/2

After a slow start the City College chess team came back strong last Saturday and easily defeated the Cooper Union chess team by the score of 5 1/2-2 1/2.

Captain Slochower, Grossman, Schlacter, Bedri and Tholfsen won their matches, while Steinberg played a draw.

This Saturday, March 12, the team will play that of New York University.

SENIOR CLASS WILL HOLD DANCE IN GYM

The class of '22 will hold a dance on Saturday evening, March 26, in the gymnasium. The affair will fully live up to the expectations of the college.

GRADUATE ARISTA TO MEET

The Graduate Arista will hold a meeting in Room 221 on Tuesday, March 16, at 1 P. M.

ALUMNUS IN STATE POST

Henry L. Young, '18, has been added to the staff of the Agricultural Experiment Station at Geneva, N. Y.

Freshman Five Wins Three-Quarters Of Games this Season

Goes Through First Half of Season Without a Defeat—Nadel, Salz and Edelstein Now on Varsity—Fahrer, a New Find, Performs Well

The Freshman basketball team has completed a successful season, winning nine out of twelve games. The yearlings were represented by two very different combinations in the past season.

The early collection of players contained Captain Nadel, Edelstein, Salz and Prager, all of whom are now playing Varsity basketball.

A great deal of credit must be given to ex-Captain Nadel, who played in several games for the Varsity. Despite his size, the aggressive lad was able to cover space and tackle his man well.

Edelstein, who has also travelled with the Varsity, played well last term at guard for the Freshman quintet.

Close behind Edelstein in the number of field goals comes Salz. The latter player was a scrappy man and was always in the struggle, either following up his shots or taking the ball away from his opponent.

Rosenowitz, the tall pivot man, and Prager, guard, rounded out a team that accomplished a feat that will go down in the annals of the history of basketball.

During the second part of the season a new find was added to the Fresh squad in Louis Fahrer, ex-captain of the Stuyvesant team, who proved to be a valuable asset to the yearlings.

Summary table with columns: Player & Position, Games, Pts., Foul, Reb., Sec., Gls.

HEARN TIES .59 For this small sum you can purchase your college colors displayed in a handsome tie. With acknowledgments to K. C. B.

"I smiled—and he shot me" AFTER MONTHS and months. MY WIFE persuaded me. TO HAVE it done. SO I went around. TO THE photographer. AND GOT mugged. WHEN THE pictures came. I SHOWED them to a gang. OF AMATEUR art critics. AND PROFESSIONAL crabs. DISGUISED AS friends. WHO FAVORED me. WITH SUCH remarks as. "DOESN'T HE look natural?" "HAS IT got a tail?" "A GREAT resemblance." AND THAT last one. MADE ME sore. SO WHEN friend wife. ADDED HER howl. I TRIED again. THIS TIME they were great. FOR HERE'S what happened. THE PHOTOGRAPHER said. "LOOK THIS way, please." AND HELD up something. AS HE pushed the button. AND NO one could help. BUT LOOK pleasant. FOR WHAT he held up. WAS A nice full pack. OF THE cigarettes. THAT SATISFY. LIGHT up a Chesterfield and sense the goodness of those fine Turkish and Domestic tobaccos in that wonderful Chesterfield blend. Taste that flavor! Sniff that aroma! You'll register "They Satisfy." You can't help it. They Satisfy Chesterfield CIGARETTES Liggett & Myers Tobacco Co.

DON'T BE A SLACKER

During the late war, those who did not do their duty were called "slackers" and ostracized socially. They were regarded as social parasites who enjoyed the privileges of freedom for which courageous men fought and died! They refused to shoulder a gun, they refused to make any personal sacrifices; but they still dare to talk about free speech, free education, and personal liberty!

In our own college we have many, far too many slackers! They are those who will not help the Student Council carry on its work by contributing to the membership fund. And why not? The Student Council, as has been pointed out in a previous issue of the "Campus," is essentially a student's organization working to enlarge the curriculum as the demand for certain courses asserts itself.

There are not a few who believe that the chief interests of the Council are social, which is far from correct. What the Council desires to do is to work with the Faculty in having more courses introduced, in securing the best professors and teachers, and in making college more than a place for study. That is, concisely, the purpose of the Council. But it cannot pose as being representative of all students and ask the Faculty to apply to the Board of Trustees for new courses; it cannot hope to obtain the appointment of new professors or teachers to teach these courses; it will not attempt to launch social functions for your entertainment unless you show by becoming a member that you are willing to do your share.

All that is asked of you is, first, that you elect good, dependable delegates to the Council Legislature; and second, that you join the Council at once to prove that you are not at college for solely selfish reasons. DON'T BE A SLACKER! ENLIST TODAY!

Big Program Planned for St. Patrick's Day

Newman Club to Witness "Night Watch" and to Have Midnight Supper at Pepper Pot on March 17

St. Patrick's Day will be celebrated in the style of the Newman Club. One of the most elaborate programs ever prepared in the college, and at the same time, for an unacceptably small sum, has been arranged by the Evening Newman Club, so that St. Patrick and the college will not be forgotten on March 17. The party will first witness the melodrama "The Night Watch," now playing at the Century, from seats in center orchestra, the best seats in the house for seeing a spectacle. The management of the Century and the Newman Club are co-operating in having a special program printed with an artistic cover for the guidance of the members of the party.

When the final curtain has fallen, the three hundred persons who are expected to be present will adjourn to the Pepper Pot, in Greenwich Village. The fourth Avenue Bus Company, by means of chartered busses, will furnish the transportation to the P. P., amidst much blowing of horns and rattling of rattlers.

While the party is enjoying a delectable six-course dinner, entertainment will not be lacking, for a number of professional Irish comedians and actors and actresses from leading Broadway shows will be "actively" present. Red ink, paper hats, confetti and souvenirs will be given away. Finally, dancing will be indulged in.

The chance of getting a two seventy-five seat at the "Night Watch," a bus ride, a six-course dinner, souvenirs, entertainment and dancing for three dollars, which is the price of the tickets, come only once in a lifetime.

Tickets may be obtained by Newman Club members and their friends from any of the Evening Session officers or from S. P. Shalvey, 1123 Woodycrest Ave., Bronx.

APPLY FOR EVENING SESSION DIPLOMAS

The students of the Evening Session who expect to receive Baccalaureate or Business Degrees or Diplomas of Graduate in Accountancy in June, 1921, are requested to interview Dr. Lincban (if they have not already done so) in his office, Room 226, any evening except Thursday or Saturday. Although an interview is highly desirable, nevertheless a consultation may be made by telephone or letter if an interview will put the student to great inconvenience.

CLUBS AT COMMERCE BUILDING THRIVING

It is rumored that the Girls' Club of the Commerce Building Evening Session will hold a dance in the near future. No tickets will be offered on sale to the public; admission will be by invitation only.

Among the other societies that are becoming active this term are the Economics Club and the Accounting Club, the latter of which has invited several prominent men to address it. Notices in regard to this will be posted on the bulletin board.

AFTER THE GAME VISIT A & K successor to MULLER Hot and Cold Drinks Candies and Cakes 3385 Broadway Near Subway Station

Elect Officers of Accounting Club

Elect Schochet President—Mr. Neubauer of Irving Bank to Speak

The first business meeting of the spring term of the Accounting Club was held Thursday evening, March 3, in Room 102 N. The following officers were elected to act as an executive committee: "Al" Schochet, President; Harry Futterman, Vice-President; Henry Halperin, Secretary; Sol Kappel, Treasurer; members of Executive Committee, Miss Friedman, Miss Z. Halperin and Mr. R. Geber.

The organization, from an executive and systematic viewpoint, has been improved by the formation of two subsidiary committees, known as a Program Committee and a Report Committee. The Program Committee, consisting of ten Vice-Presidents, Miss Halperin and Mr. Robert Geber, has secured Mr. Charles Neubauer of the Irving National Bank for Friday evening, March 11, to speak on the subject of "Methods in Credit Accounting," which will explain the handling of the balance sheet at the bank.

The Report Committee, consisting of the Secretary, the Treasurer, and Miss Friedman, will take care of the secretarial and other business duties of the organization.

This term the organization promises to be as successful as during the fall term, and already the Program Committee has announced that at its later meetings there will be authoritative presentations and discussions of the State Tax Law, Co-operative Society Accounting, and Methods of Insurance Investigations.

COMMERCE BUILDING ALUMNI WILL DANCE

June, 1920, marked a new era for the Commerce Building. With the graduation of the first class of the School of Civic and Business Administration, a new organization known as "ASSOCIATION OF GRADUATES IN ACCOUNTANCY" came into being. The officers and committees for the year are: Lawrence A. Cayo, President; Max H. Zabronsky, 1st Vice President; Daniel S. Wallerstein, 2nd Vice President; Joseph Warmlash, Secretary; Leo Kopekin, Treasurer; Hyman Sprayagen, Marshall; William M. Raphael, Historian. Board of Governors, for one year, Harry Burstein, Nathan Mandel, Morris A. Schwartz; for two years, Edward H. Eisenberg, Samuel Hackel, Louis S. Shyatt; for three years, Reuben Barnett, Samuel Kingston, Herman Wiesenthal; Auditing Committee, Louis Kruglov, C. P. A., William M. Raphael, C. P. A., Abraham Verbit; Entertainment, Max H. Zabronsky, Harry Burstein, Edward H. Eisenberg, Morris A. Schwartz.

The entertainment committee has arranged a dance on Saturday eve, March 19, at the College Gymnasium. Tickets may be had from the Secretary any evening at the Commerce Building. An enjoyable time is promised and a general invitation is extended to all students of the College and their friends.

On Friday, March 11 at 10.15 P. M., there will be a meeting of the newly-elected delegates to the Students Council of the Evening Session. All delegates must be present.

SURVEY OF EVENING SESSION ACTIVITIES

The Evening Session of the College has attracted such wide attention that the United States Bureau of Education has decided to make a complete survey of its activities. Dean F. B. Robinson has been appointed by the commissioner to investigate what is being done in the Evening Session and what are the possibilities for further developments.

City College was the first institution of its kind to organize regular evening courses leading to the regular baccalaureate degrees. In many cases business courses now taught in the day session were first inaugurated in the evening session.

EVENING SESSION MEN ELECT TERM OFFICERS

On March 4 the Evening Session Student Council elected the following officers for the term: President, Mr. George Orloff; Vice President, Mr. Dennis O'Sullivan; Secretary, Miss Rosa Cohen; Treasurer, Mr. Ted Steinmetz. It was unanimously voted that all old council members, whether duly elected representatives or not, be invited to the meetings of the present council and enjoy all the privileges of members.

ALUMNUS TO ADDRESS COMMERCE MENORAH

Saul Pulver, of the class of '19, twice winner of the Kelly prize for debating, and one of the leading speakers and debaters of the college, will address the Menorah Society of the Commerce Building on Tuesday evening, March 15, at 9.18 in Room 101. The subject of his address will be "The Federation."

TO ORGANIZE "Y" IN COMMERCE BUILDING

The college "Y," which carries on an extensive social program in the day session, is desirous of extending its activities to the evening session.

To this end, there will be an organization meeting for all those who are interested on Tuesday, March 15, at 9.20 P. M. in Room 101, at the Commerce Building. Mr. Roberts, General Secretary of the college "Y," will be one of the speakers.

JEWISH BIG BROTHER SPEAKS TO MENORAH

The Menorah Society is continuing its activities on the lines mapped out by the Executive Council. Lecturers are invited every week to address the Society on important social and educational problems.

On February 24 Mr. Michael Smith, Secretary of the Jewish Big Brothers, acquainted the Society with the noble work which his organization is carrying on in the city. The Jewish Big Brothers and Big Sisters, as well as the Catholic and Protestant Big Brothers and Big Sisters, have a very heavy task cast on their shoulders. They try to keep the erring boy and girl from going wrong. Big Brothers and Big Sisters are assigned to young boys and girls whose case has come to their attention through the Court, School or the Community. They act as their friends and advisors. Through personal contact and advice many an erring boy and girl has been kept out of reformatories.

His appeal for volunteer workers brought on a shower of applicants. If there is anyone in the building who wishes to join the Big Brothers or Big Sisters, he should communicate with one of the Menorah officers and his application will be forwarded to the Jewish, Catholic or Protestant Big Brothers or Big Sisters Association.

On Tuesday, February 11, the Society had a rare treat in the form of an address on Jewish Music and Melodies and a vocal concert by Miss Anna Leiner, one of the Glile concert singers.

PROF. EGGLESTON AND PROF. ROBINSON WRITE ON COST ACCOUNTING

A new book entitled, "Business Cost," written by Professors Eggleston and Robinson, will be published on March 8. The volume contains about 600 pages, and is the most thorough treatise on cost accounting that has yet appeared. The classes in cost accounting in the College will all adopt this book as their official text.

PROF. BROWNE IS FELLOW

Professor W. W. Browne of the Biology Department of the College has been elected a fellow in the American Association for the Advancement of Science.

MR. TULGAN ELECTED TO AM. BAC. SOCIETY

Mr. Joseph Tulgan of the Biology Department of the College has been elected to membership in the Society of American Bacteriologists.

Two of the biggest expenses in the restaurant business are broken dishes and silver. Please do not leave dishes in the alcoves, but return them to the tables. Every bottle you break costs us 2c. In order to sell food at moderate prices the co-operation of the student body is needed.

MURAD

The Turkish Cigarette

We go 6000 miles for the Turkish tobacco used in Murad—Why?

Because—Turkish has a taste—Turkish has a mildness—Turkish has a delight—far beyond all cigarette tobaccos of all other lands—

Murad gives you real enjoyment, and true delight such as no Tobacco other than 100% Pure Turkish Tobacco can give.

Facts—Facts—FACTS—!

Tens of thousands of smokers—tens of thousands of times—have PROVEN this—

"Judge for Yourself—!"
