

Freshman Baseball Team to Play Many Games This Season

Rosonowitz, ex-Frosh Basketball Captain, to Lead Team—Men Needed at Once for All Positions

More men are needed for the Freshman baseball team. Individual solicitation on the part of those immediately interested is desirable. The manager has arranged a rather interesting schedule with promise of plenty of action.

The only two men whom the spotlight has disclosed thus far comprise what will probably turn out to be an excellent battery. Rosonowitz, former captain of baseball and basketball teams at Clinton, and captain of the C. C. N. Y. basketball team during the latter part of the past season, will wear the mitt for the yearlings. Rosonowitz caught for last year's Freshman team.

Sternberg, ex-captain of Boys' High baseball team, forms the other part of the duo. He is a promising young twirler with plenty of stuff and a good arm. Much is expected of him.

Among the other candidates are many promising men who can be developed into capable players. Steady practice will serve to bring out their good qualities and fill the empty berths of a nine perhaps destined to great achievement.

The schedule follows:
April 2—Newton High at Newton.
April 5—Boys' High at home.
April 9—Jamaica High at home.
April 12—Evandor Childs at home.
April 16—Clinton High at home.
April 19—Morris High at home.
April 23—Bushwick High at Brooklyn.
April 26—Commerce High at home.
April 30—Townsend at home.
May 3—Xavier at home.
May 7—Mount Vernon at Mount Vernon.
May 10—New York Textile at home.
May 11—Battin High at Elizabeth.
May 14—Richmond Hill at Richmond Hill.
May 17—Stuyvesant High at home.
May 19—Fordham Freshmen at Fordham.
May 21—Concordia Institute at Concordia.
May 24—George Washington at home.
May 28—Curtis at home.

INTERCLASS TOURNEYS SET FOR THURSDAY

All Interclass activities to begin last Thursday have been postponed. The opening events of the Basketball, Track and Swimming contests will be held this Thursday.

Baseball Team in Need of More Men

Only Twelve Men Have Reported Regularly—Reserve Strength is Lacking—Team Strength Depends on Second String Men

Baseball weather has at last arrived and the boys are ready to begin active outdoor practice. Practice will be held in the Stadium every day from five to six o'clock. This will give Coach MacKenzie an opportunity to look over his stock. Bunting and fielding practice will be indulged in by all candidates for the Varsity nine.

The number of men that have reported in the past few weeks was very small and not sufficient to make a strong team. Exactly twelve men had reported for practice during the team's sojourn in the Gym. Out of these, nine men must gain berths on the regular squad, leaving three men for the reserve staff. A team is considered weak without a strong second string squad. More men must come out and furnish an incentive to the men already stated for regular positions.

It is too early in the season to pick a line-up, but a probable combination is in order. Capt. Murray will receive the offerings of the slabsters, among whom will be Anderson, Axtell, Salz and last year's mainstay, "Chick" Feigin. The initial sack will be covered by "Tubby" Raskin, star of last year's aggregation. Bob Kelly, a veteran, will dicker around the keystone sack, while Hahn will be stationed at the far corner. Litenberg will complete the infield by swaying between second and third bases. The outfield positions will be taken care of by Wolf, Nadel, Prager and a number of new candidates.

THE SUN AND ITS RAYS pore in the windows of our new office. The few icicles in obscure corners of the garret office, all that reminds us of winter, are rapidly disappearing. Down below the campus, so recently covered with snow, is filled with pretty children playing in their kindergarten classes under the supervision of their still more attractive teachers. The windows of the Chem. building are open, fumes of H₂S and heads of boys coming therefrom. Filling the little space left around the Senior pedestal after the kids and misses have been accommodated are City College men. Meanwhile

ONLY TWELVE MEN ARE OUT for the baseball team. With the opening of the current season but a few weeks away, only twelve men—a scant dozen—find time and energy enough to come out for the nine. At that, the men are not new candidates, but the same few athletes who play all our other sports. And with these few men Mac. is expected to make a team, which, we understand, has been matched with Fordham and Holy Cross!

THE TEAM IS EXPECTED to be a world-beater. How does the fact that twelve men are out shape up with this theory?

Later in the season, when the team meets reverses, every one will be up in arms to know the reason. Nobody thinks it necessary to come out now. We suppose these men think they can come out when the team takes to the field.

NOTHING DOING. Either the men come out now and be ready and in condition when the team goes out to the field or the twelve men now out be the only men allowed out. Let's hear an answer in candidates. Col- lege spirit!

IS IT NECESSARY to part one's hair in the middle to be connected with the basketball team? Seven of the twelve men pictured in last week's "Campus" show a nice white space in the center. Even Tubby followed the style.

AND SPEAKING OF TUBBY REMINDS US that the portly guard is now the captain of the basketball team. That fast-roving backfield has become a school for captains, of whom not the least capable has now been chosen. With good material and a super-coach, a good team is inevitable. Good luck, Tubby; everybody's out with you, Captain.

ACCORDING TO THE LENGTH OF TIME Manager Shalvey is taking to make his schedule public, it ought to contain at least one hundred games. AND WE DOUBT IT! Then why the secrecy?

THE WRESTLERS GO ON again Friday. All ye college enthusiasts who want to see action with Bialosky, Capt. Wittner, Glasgow, Wolf and the rest taking the initiative, come up to the gym on Friday.

DAVE NASANOW TALKING a the telephone: "Hello. Yes, this's the gym. Yes, I'm the manager." When did you get the job, Dave?

THOSE LONG ASSEMBLIES CERTAINLY DESTROY good athletic schedules. That flag-rusterer last week caused the postponement of a perfectly good interclass swimming, basketball and track meets. A little earlier release from chapel would be appreciated.

Chairman Nasanow, of the Union executive committee announces that the "U" membership drive for the current term will end officially on Friday, March 18. All subscriptions must be paid by this day. No further subscriptions will be taken. Part payments will be forfeited.

Netmen Will Begin Work in Few Days

Capt. Shapiro and Algase Ready for Hard Work—More Candidates Urged to See Manager Pincus

The tennis team will begin its activities in a few days. The summer weather will find the racquet enthusiasts slamming the ball all over the field. Equipment for this sport is on hand and the netmen have a schedule that includes some of the best tennis teams.

Only ten men responded to the call for candidates a week ago Monday. Manager Pincus urges all students who have an idea of the tactics of the net game to see him personally. More men must report for this sport. The team, this year, has strong prospects among the ten candidates and will furnish strong opposition to all comers.

Last year the tennis team, with Scotty Shapiro and Bibby Algase as he mainstays succeeded in winning a majority of its matches. The lawnmen are fortunate in having these stars represent them again this year, and these men aided by their experience and tricks gained on the courts last year, will cause great havoc in the ranks of their opponents.

The tennis team easily defeated Manhattan College last year. The Lavender men, without any exertion, captured all four singles, when contests had to be called on account of bad weather. The following afternoon the Stevens aggregation suffered a loss at the hands of the Varsity netmen. In the remaining games the team displayed heady work and flashy serves, enabling them to conquer five out of eight of their rival teams, and tie one of them. The two defeats were administered by N. Y. U., being the only ones suffered by the team in two years.

Lavender Chess Team Holds N.Y.U. to Tie

Schlachter, Tholfsen, Grossman and Levine Win Games—Other Games Close.

Despite every indication to the contrary, the C. C. N. Y. chessmen held their New York University rivals to the even score of 4 to 4, in the middle leg of the Intercollegiate Chess Tournament last Saturday night. The N. Y. U. representatives are ranked among the strongest of the league, and they received a distinct shock when the final result made it apparent that the City College boardmen had been highly underrated.

In the first event, the two opposing captains, Slochower, of C. C. N. Y., and Cohn, of N. Y. U., were matched. After a heavy contest, which lasted more than two hours, Capt. Slochower's king was checkmated in a clever and masterly fashion.

The next three matches were won by Grossman, Schlachter and Tholfsen, of C. C. N. Y.

The necessity of taking all the next four games to win, N. Y. U. captured the next event, only to fall before the wiles of Levine, of City College, in the following game.

The score stood four to two in favor of C. C. N. Y. Two matches remained. Anzelowitz and Kalb, of the home team, yielded to the strain and succumbed to their opponents, leaving the final score 4 to 4.

The complete summary of the match follows:
4. C. C. N. Y. 4 N. Y. U.
Capt. Slochower 4 Capt. Cohn 1
Grossman 1 Dennon 0
Schlachter 1 Bourgin 0
Tholfsen 1 Zatulof 0
Bedri 0 Glassberg 1
Levine 1 Namensky 0
Anzelowitz 0 Kabetsky 1
Kalb 0 Bornholtz 1

AMERICA is fast becoming a pipe smoking country. Every year more and more men are realizing the comfort, the satisfaction, and the economy of the pipe. And by natural selection, more and more men are smoking WDC Pipes. This is not chance. It is because WDC Pipes offer the utmost in pipe value. Honest French briar, seasoned by our own special process make WDC Pipes break in sweet and mellow. Coupled with that is a self-governed body of pipe makers whose sole object is to fashion pipes which are without peers in all the world. And it has been accomplished. Ask any good dealer.

Employment Bureau Seeking Publicity

Launch Campaign to Interest Employers in City College Men.

In an earnest attempt to tide over the present critical period of unemployment and secure positions for students in City College, the Employment Bureau of the college has entered upon a campaign of publicity, the purpose of which is to bring to the attention of the employer the type of man the college offers. This campaign has already been launched through the columns of the New York Evening Post.

In addition to advertising its existence through the medium of the press, the bureau through Mr. Rose, its manager, has conceived of a method for forcing itself upon the attention of the business man. Mr. Rose spends several mornings a week in the downtown business sections hunting and interviewing employers with a view to securing positions for college men.

Despite this activity on the part of Mr. Rose the bureau has not been as successful in securing positions for men this year as it was in the preceding year when City College men earned \$37,000.

Prof. Burke, chairman of the bureau, is of the opinion that outside economic and industrial conditions are responsible for the few number of positions open to students. "In a time," said Prof. Burke, "when men are being laid off and not hired, it is exceedingly difficult for the Employment Bureau to locate jobs for college students. At such a time as this there is a great tendency for a man to become discouraged. The men must be patient and not get downhearted."

Mr. Rose, manager of the bureau, sees but little hope in the present situation. Speaking of the general outlook, Mr. Rose is of the opinion that it will continue to be poor for some time to come.

PSYCHOLOGY CLUB ELECTIONS FRIDAY

The Psychology Club has postponed its opening meeting until Friday, March 18. This action was taken because of the Miseryman picture.

The election of officers will take place at the meeting this Friday in Room 113.

NEW HISTORY COURSE OFFERED BY MENORAH

The Menorah Society is offering a course in the "History of Zionism." This course includes the study of Jewish history and discussions on modern Jewish problems. Registration for this course is open to all. Blanks are obtainable in the Menorah above.

SENIORS TO DANCE IN GYM MARCH 26

The Class of '22 will hold its dance on Saturday evening, March 26, in the gymnasium. Elaborate plans are being formulated for decorating the gym. This work is in charge of Scharf and Fagin. Tickets for the dance are on sale and may be obtained from the dance committee, the chairman of which is Lew Zorn.

"Newcomer" To Be Frosh Publication

Literary Magazine to Appear May 6—Frosh Smoker Postponed to April 2

A literary magazine, which will probably be known as the "Newcomer," will be issued shortly by the Freshman class. The first number, which will appear May 6, the day of the Freshman dance, will be put on sale at ten cents to those Freshmen who have paid their dues in full, and at twenty cents to those who have not, and to all other members of the college. The magazine, President Meeropol has announced, will be edited by Nathan Berall, the Freshman secretary. The remaining members of the staff will be announced in the next issue of the "Campus."

The magazine will contain both prose and verse, and the Freshmen feel confident that they have among them literateurs of high enough calibre to produce a truly excellent little publication.

For various reasons the Freshman Council has decided to change the date of the "Frosh" smoker from Saturday evening, March 26, to Saturday evening, April 2. The program for the affair will be held in Hammond Hall and a roaring good time is assured all who attend. Tickets are on sale at \$1.00.

NOTICE!

All those desiring to use the piano in the gym building will kindly obtain such permission from Lou Warsoff, '23, chairman of the Student Council Committee in charge. This applies to all classes and clubs that will hold dances in the gymnasium.

The FACULTY and STUDENTS will find delicious French Candies, Pastry and Ice Cream. Light Lunches and Hot Drinks are served in our beautiful Tea Room.

Prof. Guthrie Giving Number of Lectures

"Money and Banking Investments" Subjects of Lectures

Prof. Guthrie of the Department of Government and Law is very actively engaged on the outside, in connection with various lectures and talks he is constantly giving. Some of his important activities are mentioned in order that any interested students may avail themselves of the opportunity of attending them.

At present a series of sixteen lectures on the general subject of money and banking are being concluded. Of these, eleven were delivered by Prof. Guthrie and five by prominent bankers. The lectures are being conducted in the Harlem Y. M. C. A. at 5 West 125th Street. This Thursday the subject will be "Investments," the following Thursday the lecture will be "Savings Banks in Relation to the General Banking Field," and finally, on Thursday, March 31, Prof. Guthrie will conclude the series with a talk on "Banking and Money Resources of the U. S. to Date." These talks are open to the general public, all being welcome.

Prof. Guthrie also delivers lectures on the general subject of "Theories and Progress" every Wednesday at 9 P. M. in the West Side Y. M. C. A. at 57th Street, and every Friday evening in the Girls' High School in Brooklyn.

He will also debate against Scott Nearing, under the auspices of the Barnell Club, on Wednesday, March 30, in some hall in Brooklyn. More information concerning this will be given later.

TREMAIN CONTEST TO CLOSE AFTER EASTER

Students are reminded that essays for the General Tremain Prize must be handed in immediately after the spring vacation.

The topic is "The Causes of the Great Civil War in the United States." Competitors are to be members of the Junior and Senior classes only. There are two prizes, \$150 for the best essay, and \$50 for the second best. Students who desire to compete should consult Professor Mead in the History Department office immediately.

JUNIOR DANCE TO MARK SOCIAL DEBUT OF '23

The Class of '23 will make its formal debut in the social calendar of the College on Saturday evening, May 14. On that date the Juniors will hold their dance in the Gym. Plans are being formulated for decorating the Gym. This work is in the hands of a corps of artists headed by Sol Dickstein and Moe Fass. It is anticipated that an interesting booklet will make its appearance at the dance. This booklet will contain the history of the class, class songs and original poems by our class poet.

Tickets for the dance are on sale and may be purchased from the ticket committee.

NO EXAMS ON JUNE 13 BECAUSE OF HOLIDAY

In response to a request from the Menorah Society, Recorder Gottschall announces that there will be no exams scheduled for June 13, that being the day of "Shevnoth."

ROSE P. STOKES SPEAKS

(Continued from page 1)

Mrs. Stokes said that the predatory instinct of mankind could not be overlooked. She is convinced, however, that since man is instinctively selfish and always will be so, an ideal condition can nevertheless be brought about by a different functioning of this trait. To illustrate her point, Mrs. Stokes pointed out how at the present time everyone takes great care that the city's water supply be kept pure and clean at all times, because the reservoir is a common utility and a person can not tamper with it without incidentally injuring his own well-being. In the same way, said Mrs. Stokes, if the order of society is so changed that everything is brought into common ownership, man's selfish motives will compel him to preserve these utilities and commodities to the best of his ability.

In closing, the speaker stated her belief that war under world-wide Sovietism would be impossible. She argued that since, under present conditions, a man cannot receive all he produces, there follows a great surplus of production. It is the pressure of this surplus which creates imperialistic impulses, which, in turn, are the causes of war. War will be abolished under

the new system, because its causes will be eliminated.

Mrs. Stokes concluded by saying that when the efforts of everyone are directed to the common good, the necessities of life will be provided in a very short time, leaving much more opportunity for the cultivation of the mind and the moral nature.

Mrs. Stokes' address revealed the intensity with which she believed the theories which she expounded, and it was this sincerity which made her arguments interesting.

Next Friday Mr. Norman Thomas, editor of the "World Tomorrow," will lecture on "The Forces of Destruction and Construction in the Present Social System."

The Social Problem Club wishes to call special attention to the study courses which are held every Monday and Thursday.

FOUNDED 1856

BETWEEN the last tinge of Winter and first touch of Spring, consideration of lighter clothes is a comforting subject.

Lightweight overcoats are ready—abundant variety, English, Scotch and American materials—sprightly modeled.

Another compelling factor in lightening the burden—the prices are considerably better than heretofore.
