## LAUNCH PLANS TO DECORATE ALCOVES

Professor Hunt to Make Miniature Art Museum of Concourse

### SMALL CONTRIBUTIONS ASKED FROM STUDENTS

Lunch-Room Rallies Every Day—Committee Depends Upon Quick Action

A drive is on to collect funds for the alcoves and the concourse. Today is the second day of lunch-room rallies and personal solicitation to get together \$500.00 necessary for carrying through the project. Tomorrow will be the last day of the drive. The Alcove Decoration Committee of the Student Council, in consultation with Professor Hunt, has arranged all details and will produce results within two weeks after the money is collected. A contribution of twenty-five cents or more from each student will assure the success of the plan.

The decorations called for are reproductions in color of famous masterpieces. The choice of the pictures and their arrangement upon the walls of the Concourse are in the hands of Professor Hunt. Eleven catalogues are being studied. Three of these were exhibited in the Campus office. The staff was so much pleased that a decision was reached to appropriate money for decorating the Campus office with pictures ordered at the same time as those for the alcoves. Professor Hunt will receive a special discount. All kinds of pictures will be bought, including figure pieces, marine scenes, landscapes, and portraits.

The committee expects to succeed by quick action. Although the necessity of improving the appearance of the Concourse has always been evident, nothing was done until this committee was appointed. Last Thursday afternoon the plans were drawn up, on Friday they were approved by the Student Council; the first three days this week were set aside for collecting the sum of \$500 and results are promised within two weeks if the money is collected.

A special meeting of the committee was held Friday.

Chairman Avrutis opened the meeting with a talk on the importance of decorating the alcoves. "Every time the matter of dirty alcoves has been brought up, decoration of the student meeting-places has also been discussed." The speaker went on to describe the effect of the present appearance of the Concourse upon the entering student. Upon seeing the ugly, drab walls of the alcoves, the uninviting aspect of the lunch room, the freshmen cannot help treating the Concourse with very little regard. But how different the effect that will come if the same freshman enters to find alcoves tastefully decorated with paintings? Respect for the surroundings will immediately be instilled in him, and he will unconsciously strive to keep them clean. Besides, the effect of the present conditions upon the visitor is far from pleasing. The appearance of the Concourse has always been an eyesore, and has continually reflected upon the reputation of the College.

Mr. Avrutis stated that Professor Leigh Hunt of the Art Department has been spending a great deal of time upon the plans. Realizing that students will not look with favor upon reproductions of famous, but heavy, works of art, he has chosen a list of pictures which will surely please the student body, and which will make the alcoves colorful and cheerful.

(Continued on page 3)

**FROSH BASEBALL**  
The Freshman Baseball Team will play the team of Stuyvesant High School in the Stadium this afternoon at 3:30 p. m.

## THURSDAY CHAPEL TO BEGIN WILSON DRIVE

Hamilton Holt Will Open Campaign for Contributions—Professor Duggan Heads Drive

The campaign for contributions to the Wilson Foundation Fund will be formally opened on Thursday of this week when Mr. Hamilton Holt will address the College at chapel on "The Ideals and Purposes of the Wilson Foundation."

Professor Stephen P. Duggan, who has charge of the drive at the College, wishes to emphasize that a large number of small contributions are desired, rather than a few very large ones. All students will be given an opportunity to contribute to the fund immediately after chapel. All donations will be gratefully received.

The Wilson Foundation is a non-partisan organization instituted in honor of Woodrow Wilson in recognition of and in sympathy with his ideals. It will award annually the interest derived from a million dollar fund as a prize, resembling the Nobel prize, to that individual who in the opinion of a board of judges to be elected by the organization, has done the most for the cause of humanity.

One hundred and sixty other colleges throughout the country have already made contributions to the fund. Subscriptions ranging from twenty-five cents to five hundred dollars have been received by Professor Duggan from these institutions.

## FIRST SOPH CARNIVAL THIS THURSDAY AT 1

Fifty Freshmen to Entertain in Stadium—Entire College Invited to Witness Performance

The Soph Carnival will be run off this Thursday at 1 P. M.

Fifty freshmen have received special invitations to this regal function which is being conducted solely in their honor.

An ingenious program has been arranged. A parade of the Freshmen arrayed in the full regalia which will be supplied by the '25 class will precede the performance at the Stadium.

Classes will be cut wantonly and lavishly on this Thursday afternoon as the program is of long and enjoyable duration.

The Soph class earnestly invites the entire College and Faculty to attend.

As the number of penitent Freshmen is so large as to be unwieldy at one carnival, one more at least will be staged in the future, so that no Frosh sinner need feel himself slighted.

## PLANS ARE MADE FOR CHARTER DAY

Committee Secures Prominent Speakers for Special Celebration

### JUSSERAND AND MEZES TO BE MAIN SPEAKERS

Procession of Faculty and Alumni to File Into Chapel in Academic Dress

At a meeting of the Charter Day Committee consisting of Trustees Lee Kohns, Thos. W. Churchill, Dr. Robert Abbe, Prof. Downer and Prof. Lewis S. Burchard, held last Thursday, final arrangements for the Seventy-fifth Anniversary Charter Day Celebration were drawn up. The plans which were decided upon are extensive and elaborate and provide for addresses by prominent speakers and for some additional exercises and ceremonies. The birthday of the College will be celebrated this year on Thursday, May 11.

The principle part of the festivities will take place in the Great Hall, where the entire College, and it is expected many alumni, will assemble at 10:30 o'clock. A large list of very prominent and distinguished speakers have been procured by the committee. They include Ambassador Jusserand, President Sidney E. Mezes, the Hon. Robert F. Wagner, president of the Associate Alumni, Bishop Gallor, the Hon. Chester S. Lord, Chancellor of the University of the State of New York, Chancellor Brown of New York University, ex-President Finley and Harry Raskin, '22. Trustee Lee Kohns will preside. Many distinguished persons and representatives of faculties of other metropolitan colleges and universities have been invited and have signified their intention to attend.

There will be an academic procession of faculty and alumni from Townsend Harris Hall to the Great Hall at 10:30 o'clock. Alumni will be permitted to join in this ceremony only if they don academic costume. Robes will be at their disposal for the small sum of \$1.75. The participants in this procession will robe between 10 and 10:15 in Townsend Harris Hall, where the procession will be formed.

After the chapel exercises it is planned to serve luncheon on the campus, as has been done in past years—when old Plevinus permitted. It is hoped, however, that weather conditions will be more favorable this year than last, and if the chronicles and almanacs, which have been thoroughly consulted, do not prevaricate, the day will dawn warm and balmy—and stay that way.

In the afternoon the Senior baseball team will cross bats with the Faculty. The Varsity will meet their ancient Charter Day rival, the University of North Carolina, on May 8. Admission to the games will be included in the combination ticket.

Tentative plans have been drawn up for a Lantern Dance to be held on the campus on the evening.

The Military Science Department has not as yet decided as to whether or not there will be a review by the R. O. T. C. It is thought likely, however, that the entire unit will manoeuvre in the Stadium, either preceding or directly following the baseball game.

Notices of the special celebration have been sent out to all of the alumni and it is anticipated that a large number of the old and not so old grads will be on hand to join in the festivities.

## "LIQUID AIR" SUBJECT OF SCIENCE LECTURE

An illustrated lecture on "Liquid Air" was delivered before the Science Club, the Science Co-operative Society of Washington High School, last week by Mr. Joseph Bahor and Professor Estabrooke. The young ladies claim they enjoyed the address.

## SUBWAY STATION FINALLY RENAMED

Panels Inscribed With "City College" and the Seal are Installed

### EVENING SESSIONERS CONTRIBUTE TO FUND

Movement Started by The Campus Over 15 Years Ago—Dean Robinson Carries Project Through

After almost two decades of not very patient waiting, the collective heart of City College was gladdened last week by the re-christening of the 137th Street subway station. At last, students may feel themselves on a parity with their sisters and brothers of Hunter and Columbia as they proudly survey the lavender tablets which bear the three-headed symbol of Alma Mater and the words "City College Station."

It is an interesting historical fact that many years ago, when the great Edward M. Shepherd was Chairman of the Board of Trustees, the Interborough Company, through the good offices of Mr. August Belmont, decided to name the station after the College. Somehow or other, though, the subway station was finished and duly tiled and named, without reference to the College of the City of New York.

When The Campus was first established at the College, it began a crusade for the re-naming of the subway station. But, like many crusades, this did not immediately bear fruit. As many as five years ago, Trustee Lee Kohns secured the willingness of the then existing Transit Commission to have the station re-named, but the Board of Estimate and Apportionment would not appropriate the money necessary to pay for the change.

At last, however, after many difficulties, a committee of the Alumni, of which Arthur M. Lamport was Chairman, and Dean Robinson Secretary, obtained the concurrent consent of everybody concerned, namely, the Transit Commission and Interborough Company and the Alumni, and this committee raised sufficient funds among the Alumni to pay for the improvement. They were also assisted financially by students of the Evening Session of the College.

Negotiations were completed, and Hon. Thomas W. Churchill, Chairman of the Board of Trustees, signed the contract with the Interborough Company for the erection of the tablets in the subway. Mr. George McAneny, now head of the Transit Commission, exerted his good influence to see that the work was pushed forward without delay.

### WHAT'S UP!

Today
12-1 P. M.—Alcove Decoration, rallies in concourse.
1-3 P. M.—Fresh Tennis Practice at Nottke Courts.
3-00 P. M.—Baseball, Frosh vs. Stuyvesant in Stadium.
All Day Track Practice in the Stadium.
Wednesday
3-00 P. M.—Baseball, Varsity vs. Columbia at South Field.
4-00 P. M.—Original Oratorical by Professor Baldwin in Great Hall.
2-4 P. M.—Varsity Tennis Practice.
Thursday
12-00 Noon—Chapel, Address by Hamilton Holt on Wilson Foundation.
1-00 P. M.—Geology Club, in 315; Address by Dr. W. B. Matthews.
1-00 P. M.—Soph Carnival in the Stadium.
1-00 P. M.—24 Council in Room 14.
1-00 P. M.—Club Council in Room 18.
1-00 P. M.—A. A. Board in Gym. Building.
1-3 P. M.—Fresh Tennis practice at Nottke Courts.
2-00 P. M.—Baseball Practice in Stadium.
Friday
1-00 P. M.—Social Problems in 124; Address by Robert Skinner.
1-00 P. M.—Original Oratorical Tryouts in room 222.
9-00 P. M.—Soph Dance in Gym.

## EDUCATION CLUB

Dr. William A. Hannig, a member of the Board of Examiners of the Board of Education, will address the Education Club at one o'clock today in Room 306.

## "DINOSAURS" IS TOPIC OF GEOLOGY LECTURE

Recent Discoveries May Prove Existence of Living Monster in South America

The controversy about the existence or non-existence of the Plesiosaurus may be definitely decided next Thursday at 1 p. m. in Room 315, when Dr. W. D. Matthews will address the Geology Club on Dinosaurs.

Whether the colossal monster of antediluvian times has in some mysterious manner survived in the keen struggle for existence or whether the reports of the presence of the plesiosaurus in South America is due to intemperance in that country is a pressing question, so that Dr. Matthews' lecture has a great significance.

He is Curator of the American Museum of Natural History in the Department of Vertebrate Paleontology. In his field there are very few who are greater authorities. His topic is to be "Recent Discoveries in Scientific Research on Dinosaurs" and he will illustrate the lecture with lantern slides.

## R. O. T. C. COMMISSIONS AWARDED AT CHAPEL

Major Herrick Explains Value and Use of Military Science

The Chapel exercises of April 20 were turned over to the R. O. T. C. unit. Colonel Arnold presided. After the reading of the announcement by Prof. Camera, Major Herrick delivered a short address on the purposes of the R. O. T. C.

He emphasized the importance of personality and said that military science brings this quality to the fore in a man.

"No man can discipline others unless he himself is disciplined," stated Major Herrick in presenting discipline as one of the objections of military science courses.

Colonel Arnold called forward the men who were to receive their commissions. President Mezes made a brief address to the men, after which he handed out the commissions to the following men:

Major—Louis J. Hoeflinger.  
Captains—Wm. E. Ringel, Raymond W. Sass, John L. Williams.

First Lieutenants—Benjamin Grossman, Edward Hamburger, Edwin Evans, Henry H. Meyer, Frank H. Miller.

Second Lieutenants—Gordon H. Casey, Eugene Itjen, Irvin L. Murray, Samuel Levinson, Alfred Pecker, Irving Peck.

## VARSITY EXCURSION PLANS COMPLETED

Tickets for the Varsity "Y" Excursion are already being disposed of rapidly. Nearly all those which have already been distributed went to the fraternities who reserved staterooms.

## VARSITY PLAYERS SCORE EVEN BREAK

Lavender Nine Beats R. P. I. by 5 to 2 After Defeat by New York U.

### RASKIN HOLDS TROY ENGINEERS IN CHECK

Zero Weather and Errors Give Violets 5-1 Victory—Axtell Pitches Well

The Varsity baseball team split even in the two games played last week, losing to New York University by the score of 5 to 1 on Thursday, and then travelling up to Troy on Saturday to trim Rensselaer Poly to the tune of 5 to 2. Axtell pitched a magnificent game against the Violets, but poor support aided the Bronx nine, and the Varsity could garner only three hits off the delivery of Platt. Axtell allowed six hits. In the game against Rensselaer, "Tubby" Raskin took the mound and although he was a bit wild, held the up-staters safe throughout while the Lavender team batted Winquist in the third and fourth stanzas for enough runs to win.

The N. Y. U. game started auspiciously when in the second inning Raskin was safe on Levinduski's error advanced on Murray's sacrifice a Trulio's infield out and scored on Axtell's single through third. The home team evened the count, however, in their half. Levinduski started by leaving out a hit to Raskin. Toorock singled to left field and advanced to second while Nadell played with the ball, Levinduski going to third. The latter scored on George's sacrifice.

In the fourth N. Y. U. clinched the game when Toorock was safe on Hahn's fumble and George was given a life by Abrevaya. Toorock going to third. George stole second and the bases were full when Hirschfield walked. Nelson drove a long sacrifice fly to centerfield, Toorock scoring and George advancing. Platt hit an easy ball between Raskin and Abrevaya and while they were debating as to whose it probably was, it rolled to right field and George and Hirschfield tallied. Liss then struck out and Dorkin went out Abrevaya to Raskin, but the damage had been done.

The Broax collegians added a superfluous marker in the seventh when with two out Flynn got on Hahn's error and stole second. He scored on Levinduski's Texas Leaguer to center.

The Varsity had but few chances to score. In the third Hahn forced Abrevaya, who had walked to start the inning, got to second on Flynn's wild throw on an attempted double play, when Kelly was put out, and went to third on a passed ball, but he was stranded there. Trulio made a clean hit to left field with two out in the fourth but, was caught stealing. Kelly made a hit, the last Lavender safety, in the sixth with one out but he was marooned on first. Garvey was safe on an error in the fifth, but Abrevaya popped to short and "Mike" was doubled off first.

In Saturday's contest the Varsity bunched four hits of their seven hits in the third inning, scoring three runs. In the fourth they got two more on errors. Brown here replaced Winquist and held the Lavender scoreless.

Raskin only allowed four hits but he was quite wild, giving eight bases on ball and hitting two of the opposing batsmen. He struck out nine men. The Engineers filled the bases in the seventh and eighth innings but were retired on double plays.

Hahn and Kelly garnered two hits each, and Frank Murray, "Tubby" and "Jackie" Nadell one apiece in this game. Frank Salz was back at his old position at short, "Bob" Kelly playing second and Archie third.

Tomorrow the team will play Columbia at South Field. The Blue and White nine has not done so well this season and with Axtell in the box, the Varsity's prospects are bright.

LEANINGS

# SPORT SPARK

BY A. H. A.

## THE PENN RELAYS

The team for the Penn Relays, which will be held at Franklin Field this Saturday, has not yet been selected, and as we know nothing of the teams entered against ours, any predictions will be about as correct as the "official" times for indoor meets. We will therefore limit our observations so that we can later do the I-told-you-so act.

"Bugs" Bayer, who finished first in the preliminary tryouts last Thursday, will probably be anchor man. He is a veteran of some standing, but he can still manage to hobble the 440 in 51 seconds without crutches. Captain Harry Rosenwasser was also a member of last year's team which finished second to Delaware in the fast time of 3:30. Milutinovich and Factor have shown much improvement of late and either or both will probably run.

Walcott is the dark horse among those trying out. When he was in high school he held several interscholastic records and was considered one of the most promising runners in Metropolitan circles. During the war he was gassed, however, and was slow in recovering his old-time form. He was ill during a large part of the last cross-country season, but what running he did marked him out. Now in the shorter distances he is coming through, rounding out into form in a way that augurs well for his showing in the various meets to come. In the preliminary tryout he finished fourth. Murphy, who won the 440 in the last interclass meet, and Keisman of the cross-country team, are among the others out for the relay team.

\* \* \* \* \*

## INTERCLASS SWIMMING AND TRACK

This Thursday at 1 o'clock two interclass meets will be held which have for the purpose, like all such meets, the bringing out of new material for the varsity and freshman teams. These meets will not and cannot succeed unless men come out to try themselves, unless the modest violets and the hams and the other vegetables show up.

The swimming meet will have three events for novices—men who have never competed for either Freshman or Varsity—the hundred yard swim, the plunge for distance and the fancy dive. In addition there will be a novelty relay race, a life-saving race and a 220-yard handicap for the Frosh and Varsity swimmers.

The track meet is described elsewhere, but there are also new men wanted and everyone in either '25 or '26 who can shake a leg is urged to come out.

\* \* \* \* \*

The Freshman team seems to be going in a vicious circle. It loses games because it has no confidence and it has no confidence because it loses games. If it only would start a winning streak it would clean up like last year's team.

\* \* \* \* \*

"Good support saved Raskin, the visitors' pitcher"—news-paper report. "Errors.—C. C. N. Y., 7"—box score. And we were going to speak about the poor support Axtell got!

\* \* \* \* \*

We had meant to write on the subject of tomorrow's game, comparing Price and Wunderlich with Axtell and counting up the hits and errors of each team but what's the use. It's about time the heavy batteries of our team were let loose and comparative scores and so forth won't mean anything when Messrs. Raskin, Nadell, Murray, Kelly, Hahn, Salz, Garvey, Axtell, Trulis, and the rest start clouting the old tomato.

## COMMITTEE CAMPAIGNS RIFLE CLUB ORGANIZED TO DECORATE ALCOVES TO COMPETE IN MATCHES

(Continued from Page 1.) "Tubby" Raskin will preside. Professors Overstreet, Burchard and Stair and Mr. MacKenzie have been asked to talk tomorrow. Avrutis will act as chairman.

The Alcove Decoration Committee is headed by William B. Avrutis, with whom the whole idea originated. Other members represent the classes, C. D. A., Menorah, the Y. M. C. A., and the Newman Club. The committee are canvassing all the students, are distributing subscription blanks, and are collecting contributions. A purple ribbon is given to each contributor to wear on his coat lapel.

The committee follows: C. D. A.—Serritella, Reussau; Menorah—Barnet Cohen; Newman Club—James Flynn; "Y"—Hoeflinger; '22—Wm. B. Avrutis; '23—Steve Brodfeld, Louis Ferber, Arthur Kahn; '24—Louis Botwin, Alex Kosloff, Simon Reissman; '25—Isidore Franzblau, Sid Rosenberg; '26—Israel Unger, Leo Meyer, Victor Levine. The sub-committee on publicity is composed of Nicholas, Arthur Kulick, Israel Unger, and Serritella.

## FROSH ERRORS LOSE ERASMUS GAME, 13-6

Nine Errors Offset Bastian's Good Pitching—Maxwell, of Erasmus, Fans 14—Bongiorno Gets Homer

The Freshman nine suffered another reverse when it took the short end of a 13-6 score in Saturday's game with the unbeaten Erasmus Hall team. Weak fielding nullified the able pitching of Bastian. In fact most of the Brooklynite's liabilities resulted from the nine errors of commission and omission credited to the yearlings. The Freshmen started like real champions, gathering four hits and a pass for a total of four runs off the delivery of Shaw. However, Maxwell, who replaced Shaw on the mound for Erasmus had the College yearlings eating out of his hand, limiting them to four hits over eight innings, and fanning fourteen batters. Bastian, who pitched a steady game and gathered two hits, and Fisher, who covered the short field, were the outstanding Lavender players. Tremppner, with three safe bingles, Richman at the hot corner, and Maxwell on the mound showed well for the Buff and Blue.

The Lavender runs in the seventh and eighth were the result of clean sharp hitting. In the seventh Steinberg singled and stole second. He injured his leg in sliding and was replaced by Spiegel who took third on a passed ball and scored on Langsam's rap to short. In the eighth, Bongiorno, Frosh outgardener, caught a curve on the nose and sent it to deep center for a home run. Bastian was not hit hard till the final innings.

## 25-26 TRACK MEET TO BE HELD THURSDAY

Lower Classes to Open Outdoor Season on Thursday—Many New Men Wanted

The outdoor track season will be ushered in this Thursday after chapel, when the semi-annual Frosh-Soph track meet takes place in the Stadium. The lower '25 class forms the nucleus of the Freshman track team so '25 is naturally favored to win the meet.

Men are especially needed for the field events. Brauer, '25, won the high event in the last indoor meet but only had to do five feet three inches. Brodsky is the only shot-putter on the team and there is a woeful lack of men for the pole vault.

There are not many sprinters on the freshman team but many '25 and '26 men are expected to come out. Among them is Jerry Wachtel, '26, former captain of the Townsend Harris Hall track team and high school 100 yard dash champion of upper Manhattan and Bronx, and "Red" Spiegel, who took the century in the last interclass meet.

In addition to the regular events there will be a 120 high hurdle and 220 yard low hurdle. The 220 yard dash, the 440, 880 and mile runs and the running broad jump are also on the program.

## A. A. AWARDS INSIGNIA TO WATER POLO TEAM

At the meeting of the A. A. Board last Friday awards of insignia to members of the water polo team were made. Captain Harry Menkes, '22, All-American forward for two years, and leader of the Lavender sextette for a similar period, was given his Varsity insignia. Captain-elect Shapiro, Lilling, Weinstein, Dondero, Tannenbaum, Ornstein, Hayter and Segal were given minor insignia, and varsity numerals went to Shnurer, Dundas and Judge. The awards to Lilling, who is graduating after three years of service on the team, and to Shnurer, will be reconsidered at the next meeting.

### CHEMISTS TRY NEW SYNTHESIZED PUNCH

Members of Baskerville Chemistry Society Relish Discovery of Louis Thuor.

"Honeyball Punch", one of the many refreshing synthetic drinks discovered by Louis Thuor of our own chemistry faculty, was served to the members of the Baskerville Chemistry Society at their meeting last Thursday afternoon in Room 204. Many faculty members were also present.

Mr. Thuor has spent a great deal of time perfecting his synthetic drinks and at the present time has a list of over one hundred drinkable concoctions. The "Honeyball Punch" served at the meeting "never saw honey," claims Mr. Thuor, despite the fact that the drink had the distinct flavor of pure bee's honey. The mystery involved herein is the secret of Mr. Thuor's discoveries. Professor Moody has suggested the commercial use of these synthetic drinks to the "Happiness Stores." If the public accepts this novelty the "Happiness Stores" are ready to offer Mr. Thuor the position of General Manager of the factory which will be built to produce the drinks. Thus far Mr. Thuor has tried out his concoctions with decided success on the student body and faculty of City College.

After the drinks had been disposed of, the Society took up the business of the day. It was unanimously voted to grant the Evening Session Chemical Society permission to change its name to the "Baskerville Chemistry Society," thus founding two chapters, day and evening.

The new pins of the society will be ready next week. The new black and gold triangular design will feature an alchemical retort in the mouth of which will be set a synthetic stone, either an amethyst or ruby. On the three corners of the triangle, the design of which was taken from the alchemical symbol for fire, there will be inscribed the Greek initials "Beta Chi Sigma."

After all the committee reports had been heard, Matthew R. Furman was recommended and voted into the society.

The President announced that the society would take two trips during the coming month the first to a Corn Products Plant and the other to a Rubber Manufactory.

This Thursday at 1 o'clock in Room 204, Samuel I. Gertler will address the society on his impressions of the Chemical Works in Washington, D. C. Mr. Gertler visited Washington during the Easter vacation.

### CITY COLLEGE CLUB HOLDS ELECTION

At the annual meeting of the members of the City College Club on April 7, 1922, the following officers were elected:

Messrs. Everett P. Wheeler and Benjamin M. Briggs were chosen the honorary presidents.

Bernard Naumburg, president; Lewis S. Burchard, Jacob Holman and Geo. L. Cohen, vice-presidents; Jacob Schapiro, treasurer; Paul T. Kammerer, Jr., recording secretary; Edward W. Stitt, Jr., corresponding secretary; Alfred Michaelis, historian.

The directors appointed to serve until 1923 are Denno Lewinson, Robert W. Boyne, Charles Murray, Louis M. Josephthal, James A. Foley, Arthur M. Lampert, Robert B. Boodie, Fred B. Robinson, Alvin Wieselthier, Saul Horowitz, Arthur P. Burch, Leo Mann and Francis E. Faragoh.

Those elected as directors till 1924 are Abram I. Elkus, Joseph F. Mulqueen, Alfred Michaelis, William K. Olcott, Robert F. Wagner, Jacob Holman, Emmanuel M. Merblum, Gabriel A. Di Martino, Louis Ogust, Stanley D. Winderman, Charles Rosenbaum, Edward W. Stitt, Jr.; Donald A. Roberts.

The directors serving until 1925 are Lewis S. Burchard, L. W. Churchill, Joseph L. Buttenwieser, Julius M. Mayer, Bernard Naumburg, Paul T. Kammerer, Jr.; Joseph J. Klein, Winfred M. Stern, George L. Cohen, Edward F. Unger, Jacob Schapiro, Harrison Kummerle and Daniel G. Krane.

The Nominating Committee is composed of Harry Cooper, Gustave Straubenmuller and Meyer Rosenblatt, who serve until 1923.

Those who serve until 1924 are Sigmund Pollitzer, Arthur R. Bastine and Gerard G. Vriens.

The following serve on the Nominating Committee until 1925: Jesse W. Ehrich, Mark Eisner and Max Mosher.

### WILL AWARD COUNCIL INSIGNIA TO NON-GRADS

Student Council Unanimously Ratifies Constitutional Amendment—New Fresh-Soph Committee

The Student Council at its last meeting unanimously ratified the constitutional amendment providing for the award of Student Council Insignia to men who leave College after three years. Previously, this award was made only upon graduation. Because of this, a number of men received no recognition for the work they have done in extra-curricular activities, because they had to leave College before graduation. This injustice is now removed.

A new Fresh-Soph Committee was appointed, composed of Leo Klauer, '23, Arthur Deutch, '23, and William Finkel, '24. The appointment goes into effect on May 1.

The Song Book Committee reported that Professor Baldwin has consented to edit a College Song Book during the year 1923. An investigation will be conducted to find where the money previously collected for publishing such a book has gone to.

### CLASSES ARRANGING FOR ANNUAL PEACE BANQUET

The Fresh-Soph Peace Banquet between the classes of 1924 and 1925 will be held on Saturday evening, May 27, at the Cafe Boulevard. Arrangements for the banquet are being made by a joint committee consisting of F. Eugene Corbie, Alex J. Whyman and Bernard Schoener, for '24, and Herman Yannet, Philip Ameret, Harry Bloch and Herman Getter, for '25.

### Dean's Office Issues Elective Cards, Schedules and Instructions

The Dean's office has issued the following directions for all those who have the privilege of choosing elective courses:

Elective cards and schedules of elective subjects for next term may be obtained at the office. Every Sophomore, Junior, Lower Senior and Technologist should file an elective card promptly, if possible before the last day. (If you do not intend to return next term, you should inform the office of that fact.) The last days for filing elective cards are:

Sophomores, Monday, May 1st. Juniors, Tuesday, May 2nd. Seniors, Tech., Wednesday, May 3rd.

After your card is filed, the office will examine it and make whatever changes are necessary under the rules of the College; a list of these changes will then be posted on the class bulletin boards.

During July, the complete schedule of recitations for next term, giving the hours of both prescribed and elective subjects, will be issued. Students should inform the office upon receipt of this schedule, whether their program as filed is O. K., or whether any changes are necessary on account of conflicts in hours of courses being dropped. If this is done during July, trouble on registration day in the Fall will be avoided.

### General Instructions

The normal number of credits for a full term's work, exclusive of Hygiene and Military Science, is 16. This number cannot be exceeded without special permission in advance, either from the Recorder or from the Faculty Committee on Course and Standing.

Prescribed work must be taken before elective work. The elective schedule does not specify the time when most of the prescribed subjects will be given; but as there usually are several sections in prescribed subjects, it is fairly safe to assume that they will not conflict with the electives you choose.

Before choosing your electives you should consult some member of the department in which your major interest lies. Heads of departments have been requested to announce office hours when they will be free for consultation. The importance of obtaining advice, instead of choosing subjects ignorantly and haphazardly, cannot be overemphasized. You should read also the College bulletin or register for information concerning the content, etc. of courses; and should be careful not to select courses given in the Fall term only or courses for which you do not have the prerequisites.

To the general rule that no electives can be taken until all prescribed work is completed, the following exceptions are made in the case of students maintaining an average grade of C in their studies:

### TICKETS GO RAPIDLY FOR VARSITY SHOW

On Sale in Lincoln Corridor—Choice Seats to Early Comers

Tickets for the Varsity Show have been put on sale in the Lincoln Corridor and have been going very rapidly. The reports for the short time during which the active campaign has been conducted is very satisfactory, and tend to show that the Varsity Show and Dance will be successful not only artistically and socially, but also financially.

All those who desire tickets, especially those who need blocks of seats, should get theirs immediately. All the seats in the Grand Ball Room are well placed, but the better ones go to the first comers.

A very extensive publicity campaign is being conducted among alumni and evening session students, and it is expected to result in an attendance that will truly make the Varsity Show an All-College event. Posters are on view throughout the building.

The interest shown in the production has been most praiseworthy. Trustees, faculty and students will be liberally represented at the big event of the year.

### CO-OP STORE ASKS FOR SUGGESTIONS

The Co-op Store, in its effort to serve the student body to the best advantage, has put up a "suggestion" box just inside the door.

### BASE BALL

# ONE BRAND- ONE QUALITY- One Size Package

All our skill, facilities, and lifelong knowledge of the finest tobaccos are concentrated on this one cigarette—CAMEL.

Into this ONE BRAND, we put the utmost quality. Nothing is too good for Camels. They are as good as it's possible to make a cigarette.

Camel QUALITY is always maintained at the same high, exclusive standard. You can always depend on the same mellow-mild refreshing smoothness—the taste and rich flavor of choicest tobaccos—and entire freedom from cigaretty aftertaste.

And remember this! Camels come in one size package only—20 cigarettes—just the right size to make the greatest saving in production and packing. This saving goes straight into Camel Quality. That's one reason why you can get Camel Quality at so moderate a price.

Here's another. We put no useless frills on the Camel package. No "extra wrappers!" Nothing just for show!

Such things do not improve the smoke any more than premiums or coupons. And their added cost must go onto the price or come out of the quality.

One thing—and one only—is responsible for Camels great and growing popularity.— That is CAMEL QUALITY.
