'26 ELEVEN BEATS MAROON FROSH 7-0

Lavender Team, Heavily Outweighed, Wins by Effective Use of Open Game

ROY PLAUT SKIRTS END FOR ONLY TOUCHDOWN

Victory Over Fordham Gives Frosh Record of Three Games Won and Two Lost

In a keenly fought contest, the City College Freshman football team, although outweighed fifteen pounds to the man, defeated the Fordham Frosh eleven by a 7-0 score. It was a test of skill and speed against brute strength, and the former won. This victory was necessary in order to give the Frosh a successful season, as two victories and two defeats was their previous record.

The contest was cleanly played. In line plunging, the Maroon excelled, but the speed of the college ends, and the skill of Quarterback Plaut were enough to overcome this advantage.

In the first half, the Lavender yearlings played a defensive game the Fordham Frosh repeatedly menacing their goal line by terrific line plunging; but in the second half the college players assumed the offensive. In the third quarter, the Freshmen held for downs on their own 30-yard line. Plaut, on the first play, went around end for fifteen yards. On the next play, the freshman quarterback was injured and it looked bad for the college, but Plaut stayed in the game. Then the Lavender team was penalized five yards for a forward pass, Smith to Phildius, made 45 yards on the next play.

On their opponent's 10-yard line, the college freshmen went through the line for eight yards in three downs. It was the last down and two yards to go for a touchdown. Plaut then made a wide end run, fooling the entire Maroon team and scoring the touchdown. Smith kicked the extra point from placement.

The game in detail:— Plaut kicked off, and Ahearn ran it back to the 35-yard line. Fordham made first down on three consecutive end runs. Two more first downs gave Fordham the ball on our 30-yard line. Here the Freshmen line braced, the Maroon resorted to forward passes which were grounded. It was the College ball on its own 35-yard line. Smith kicked and when Fordham returned the punt, Plaut ran it back thirty-five yards to Fordham's 35-yard line. The College here lost the ball on downs. Then, on two consecutive first downs, Fordham marched down to the Lavender 15-yard line. The line was proving weak. Fordham going thru eight yards at a clip. On the 10-yard line Fordham was penalized fifteen yards.

On the first down Fordham fumbled and the College recovered. Smith kicked, and the ends, who were playing a wonderful game nailed Griffin as he caught the ball. On the 38-yard line, the Maroon attempted a drop kick which failed. It was the freshman ball on the 15-yard line. A fake kick was turned into a successful forward—Smith to Phildius. The college was making use of the overhead game. On the fourth down, Smith kicked. Fordham again marched down the field, and attempted a drop kick which also failed. The half soon ended.

Plaut again kicked off to Ahearn who ran it back to the 35-yard line. (Continued on Page 4)

DEBATING

All candidates for the debating squad should report to-night in Room 222. This will be the first of the weekly Tuesday evening meetings, at which instruction in the fundamentals of inter-collegiate debate will be given, and material developed for coming contests.

RUNNERS ARE FOURTH IN NEW YORK CHAMPS

Four Columbia Runners Lead Field—Fordham and Brooklyn Poly Trail Varsity

Columbia's cross-country team had no difficulty in establishing its supremacy over its metropolitan rivals when the bill and dale men of all the institutions within Father Knickerbocker's domain ran six miles over the Van Cortlandt Park course, last Saturday afternoon.

The Blue and White won with the remarkably low score of 16. Rutgers was far behind with a total of 50. New York University was third with 71, while City College ran fourth with 91. Fordham fifth with 102, and Brooklyn Poly with 135 trailed the rest of the field.

Individual honors were divided among Walter Higgins, Bob Moore and Frank Brennan, all of Columbia. When about 300 yards from the finish Higgins and Moore slowed up a bit to allow Brennan to come up and the trio jogged down the home stretch shoulder to shoulder, all three men breaking the tape together.

The winning time was 33 minutes 12 seconds. Powell of Rutgers finished fifth. Yater, the first N. Y. U. man to finish the course, was ninth in the whole race. The first Fordham man was Swankosk—finishing eleventh.

Dain, the best C. C. N. Y. barrier, finished in fifteenth place.

The Columbia distancers set a hot pace throughout and proved too much for the insufficiently coached and trained men of the Lavender team. "Tiny" Dain, the Sophomore, however, kept with the leaders and finished well up front. Captain Patent, a consistent runner, finished eighteenth in better time than he has made all season. The next man to finish for the College barriers was Parisi, right behind Patent. Reisman and Hamburger finished in twenty-fourth and twenty-seventh places, respectively. Seon did not place as one of the first five City College men but nevertheless finished thirty-first. In place of Orlando, who was ill, Manager Whyman entered Mayday, who, to the surprise of all, came in fourth from end defeating three regular men of other colleges.

Team Scores—Columbia, 1, 2, 3, 4, 6; total, 16. Rutgers, 5, 8, 10, 12, 15, total, 50. N. Y. U., 7, 11, 14, 19, 20; total, 71. C. C. N. Y., 13, 16, 17, 21, 24; total, 91. Fordham, 9, 18, 23, 25, 27; total, 102. Brooklyn Poly, 22, 26, 28, 29, 30; total, 135.

BEGIN SALE OF "MIKE" SUBSCRIPTION TICKETS

Subscriptions for the 1923 Microcosm will be sold beginning this week by Moe Fass '23, circulation manager of the year book. The annual will sell for two and a half dollars. "The '23 year book will be more than a senior class book. It will be a student council publication of interest to the entire student body," according to a statement issued by Bernard J. Benjamin '23, the Editor-in-Chief.

COUNCIL APPROVES "C. U." REFERENDUM

Charges of Dishonesty in Chapel Vote Heard at Meeting—Urged By Foes of Compulsory "U"

DISCIPLINE COMMITTEE TO HEAR FRAUD CLAIMS

Councillors Demand Reports of Finances of A. A., Campus and Mercury—Soiree Deficit Discussed.

The report of the Compulsory "U" Committee announcing the results of the campaign to date was accepted by a well nigh unanimous vote at the meeting of the Students Council last Friday afternoon. The official count of Thursday's referendum in chapel was given as 1183 to 560.

The vote came after a long discussion in which charges of fraud in the conduct of the balloting in the Great Hall were brought before the Council. Harry Slochower '23 urged that the referendum had been unfairly conducted. It was asserted that votes against the "C. U." proposal had been torn up and that men in favor of the plan had voted more than once. Slochower declared he had eight affidavits to prove his contentions. The case of a man who had boasted of having voted four times was cited as illustrative of the alleged wholesale fraud.

In answer to these claims, the councillors pointed out that the vote only illustrated student sentiment and was in no way final. Moreover it was explained that had the results of the referendum been effected by any wholesale fraud, the committee would favor a re-balloting although Mr. Slochower admitted that a re-vote would still give a big "C. U." majority.

Eague Corbie '24, demanded that the names of the men who had signed affidavits be disclosed in order that the council might take cognizance of the charges laid before it. He further accused Mr. Slochower of complicity in the fraudulent voting in withholding the names of men who had admitted their own guilt. It was finally decided to summon Slochower before the Discipline Committee to-day for complicity in fraud.

A request from the Athletic Association asking for additional "U" funds to cover the football losses was voted down. The council decided to summon the officers of the A. A. before the Discipline committee to show why a financial report had not been given as requested of them at a previous meeting. The secretary was also instructed to formally inform the editors-in-chief of the Campus and Mercury that reports of their finances were to be submitted at the next meeting.

The question of the heavy deficit incurred by the committee in charge of last week's Student Council Soiree precipitated a half hour of violent debate. Despite the pleas of Samuel Lifschitz '23, who supervised arrangements for the affair, the Council tabled acceptance of the report in which he asked for surplus funds.

The supremacy of the Student Council over all other bodies in the Union was claimed by Mr. Warsoff, president of the organization, who stated that the faculty would support his body in its efforts to assert its powers.

The chairman announced that the lunchroom situation would be taken up at the following meeting.

The Frosh-Soph committee reported that dance dates had been given back to the '25 and '26 classes as a result of their respective efforts in enforcing Freshman Rules.

FLAG RUSH

The Fresh-Soph Flag Rush is scheduled to take place in the Stadium Thursday at 3 o'clock. Both classes will be competing in this event for the first time, as '25 last term won a victory by forfeit. The Sophomore Carnival will be held on Friday.

SOPHOMORES WIN SEMI-ANNUAL DEBATE

Cancellation of Allied War Debts Subject of Close and Interesting Contest

The Sophs added another Frosh Scalp to the collection when on Thursday, by a vote 2 to 1, the Sophomore Debaters beat the '26 team. They upheld the affirmative of the question, "Resolved—that the United States Cancel the Allied Debt." An audience of more than one hundred attended in Doremus Hall.

The debate was in charge of Jeremiah Berman '24 who ably arranged all matters. The Sophomore class was represented by Rubin Goldin, David Driscoll and David Katz. The Frosh debaters were A. Pollsack, A. Chazin and I. Halpern. Abraham Evensky '25 of the Debating Committee presided. The judges were Professor Ball of the Latin Department and Professors Schulz and Coulton of the Public Speaking Department.

R. Golden '25 opened the debate by dwelling upon the moral obligation of the U. S. to cancel debts contracted in the cause of warding off a common enemy. He concluded a passionate plea by asserting that we should not "crucify America upon a cross of gold." A Pollsack, the first Freshman debater opened up the negative's arguments by showing that the cancellation of the Allied debts would make them commercial outlaws, and no nation would allow them any commercial credit.

David Driscoll in the intimate and deliberate manner of the Oxford debaters, discussed the impossibility of the Allies paying the \$11,000,000,000 debt in any of the possible methods. The last speaker for the affirmative David Katz, also discussed the economic aspect of the question, and showed that the exacting payment would so cripple the Allied nations, that the markets for our goods would disappear and the United States would, in the long run be the loser.

A Chazin '26, the second speaker for the negative, showed to what necessary and advantageous use the money of the debt could be used. He spoke particularly of the need for money to meet the Liberty Bond payments. I. Halpern who concluded the argument against the cancellation was perhaps the best speaker for the negative. He proposed a moratorium for ten years after which he said, Europe will be in a position to pay the debt.

David Katz and I. Halpern who were chosen for the rebuttal, both handled their arguments in fine style.

LEAVE OF ABSENCE IS GRANTED PROF. MOORE

Professor T. R. Moore of the Department of History has been given an indefinite leave of absence owing to illness and general bad health. So varied have the Professor's activities been, that henceforth they will be divided up among three professors. Dean Brownson will be in charge of the establishment of new societies, Professor Otis will attend to the outside speakers and Professor Compton will control activities in the College towers.

Varsity Loses To Catholic U. In Final Game Of Season, 21-0

Visitors Display Deceptive Open Attack, Forward Passes Accounting Directly For Two Touchdowns—Brennan Makes Ninety Yard Run For Touchdown

VARSITY'S FORM SHOWS REVERSAL OVER THAT DISPLAYED AGAINST N. Y. U. WEEK BEFORE

Home Team Brilliant At Times, Miller and Oshins Playing Well For Lavender—Lynch Stars For Catholic University—Schtierman's Record Marred

Catholic University's forward passes and trick plays proved too much for the College eleven last Saturday afternoon in the Lewisohn Stadium, and the Lavender was defeated 21 to 0. The game brought to an end City College's first football season in more than fifteen years. A fair-sized crowd viewed the finale. The College band, immaculate in white ducks and black jerseys, entertained between quarters.

DR. VAN DENBURG TALKS TO EDUCATION SOCIETY

Member of the Board of Examiners Lectures on "The Junior High School"

"The Junior High School" was the subject of an address delivered by Dr. Joseph K. Van Denburg of the Board of Examiners to the Education Club last Friday at 1 o'clock in room 306. A fairly large gathering of students and faculty members heard the talk.

In a speech which was marked by informality and unusual clarity, Dr. Van Denburg outlined the features of the Junior High School. The need for the school, its purposes and the methods it proposes to employ were explained in the course of the lecturer's remarks.

"In the first place the plan appeals to Boards of Education because it affords a means for saving money in the school budget in that it enables them to use elementary school teachers for secondary subjects and makes for better grouping of boys and girls in the upper classes," said the speaker.

"The present organization in the seventh and eighth grades looks backward. The Junior High seeks to avert the break at the end of the elementary school by making the work in the seventh, eighth and ninth grades forward-looking."

"The tendency to-day is to let the present classes alone and to build up a new set of schools with a different point of view. These schools, moreover, must always be organized with reference to the individual's needs."

"A Junior High has been defined as a school that tries to give the State its money's worth in paying for the schools. The Junior High should teach boys and girls to do better, the things they desire to do anyway. It should strive to make them better in whatever line they are interested in."

"The schools methods must be reasonable. The good teacher is like a salesman who has to convince his pupils of the worthwhileness of his goods. By making particular allowances for the pupil's individual aptitudes in High School work, the ends of the school will be better served as a result of the use of psychological tests which will be able to group children according to their abilities."

"The Junior High is a new departure in the educational field with a clean slate doing things no other type of school has ever attempted to do," Dr. Van Denburg concluded.

The difficulty of coping with a deceptive open attack was further enhanced by the fact that the home-team showed a decided reversal of form over that displayed against N. Y. U. a week before. The defense, which held the Violet to a lone touchdown, seemed unable to solve the Washington eleven's puzzling offense. The tackling, moreover, was about the most ragged displayed this season. The home team's offense, also, seemed to lack punch—or rather, it couldn't seem to get started. At times, however, the team displayed some brilliancy. Miller broke through the line frequently and smeared up several plays, nailing the runner behind the line of scrimmage. Oshins displayed a fine bit of headwork and some beautiful open field running in the second quarter, when, a bad pass from center on fourth down preventing him from punting, he grabbed the ball, evaded the tackles who were almost upon him, and sprinted around left end for fifteen yards and first down before he was nabbed.

What undoubtedly also had its effect on the showing of the team was the fact that a large number of substitutes played during a great part of the game. Inasmuch as it was the last game of the season, many of the scrubs got a chance to taste action.

In spite of the sporadic moments of brilliancy flashed by the home aggregation, the visitors had things pretty much their own way. Of all the plays which went to make up their versatile repertory of open formations, the red-jerseyed Washington lads found the forward pass the most effective. They attempted, twenty of these, ten of which were completed, eight incomplete, and two intercepted. These were directly responsible for two of their touchdowns, a forward pass, Brennan to D. Neary scoring one in the first period, and Brennan to Lynch scoring the other in the fourth period. In this latter period in particular, the visitors threw forward passes with reckless abandon in a mad attempt to annex another score before the final whistle.

Not long after the game started, Catholic U. scored. City College fumbled on her 45-yard line and Lynch recovered for Catholic. A 7-yard end run, a forward pass, and a City College penalty for offside brought the pigskin to the 25-yard line. Brennan then tossed one to D. Neary for the touchdown. W. Neary drop-kicked neatly for the extra point.

The visitors scored again in the second quarter. The individual work of quarterback Brennan was responsible for the tally. Immediately after Oshins' fine play, described above, City College was obliged to punt. Brennan (Continued on Page 4)

THE CAMPUS
A Semi-Weekly Journal of News and Comment

Vol. 31. TUESDAY, NOVEMBER 21, 1922 No. 14

Published semi-weekly, on Tuesday and Friday, during the College year, from the third week in September until the fourth week in May, excepting the fourth week in December, the second, third and fourth week in January, the first week in February, and the third week in April, by THE CAMPUS ASSOCIATION, Incorporated, at the College of the City of New York, 139th Street and St. Nicholas Terrace.

COLLEGE OFFICE, ROOM 411, Main Building

"The accumulation of a fund from the profits.....which fund shall be used to aid, foster, maintain, promote, realize or encourage any aim which shall go towards the betterment of College and student activities. This corporation is not organized for profit."

The subscription rate is \$2.50 a year by mail. Advertising rates may be had on application. Forms close the half week preceding publication. Articles, manuscripts, etc. intended for publication must be in THE CAMPUS OFFICE, ROOM 411, before that date.

FOOTBALL

The football season that closed Saturday, the first season of varsity football since 1907, was not a successful one, so far as victory is a measure of success, nor was it successful from a financial viewpoint, for the Varsity Football Fund is in sad need of refreshment. But looked at with an eye to the future, this season's showing is encouraging.

The varsity team had a difficult schedule, and they are to be commended upon doing as well as they did. Coach Neville had an almost entirely inexperienced squad to start with, but he has laid a firm foundation upon which future teams may be built. Only one regular will be lost by graduation and most of the players have two years ahead of them. In addition this year's fine freshman team, which ended the season by defeating the Fordham Freshmen, should furnish a number of valuable additions to the squad. The outlook as regards playing strength is extremely bright and there is reason to believe that the support the team will receive will become greater and greater as time goes on and a football tradition is built up here.

The charge has been made that the vote on the "C. U." was inaccurate because of frauds perpetrated in the distribution and collection of ballots. The Student Council should investigate the matter, and if the charge is corroborated punish those guilty. If the fraud was of such proportions as to cast any doubt upon the referendum as a reflection of student sentiment, the vote should be invalidated and a re-vote held.

The many lectures given at the college last week are proof of the intelligent activity of the clubs and the keen student interest in them, but they are also conclusive evidence as to the need for speedy action by the Club Committee.

The loss resulting from the Student Council Soiree should certainly not be paid out of the Council treasury. The waning power and prestige of the Council would be given a disastrous blow, if the Council attempted to pay for its pleasures out of college funds.

Gargoyles

Headline: "Colleges Should Include Year's Cow-punching Course in Curriculum, Says Dr. Knoles".

Toreador training would be far more practicable. "Know horses and you know men", he adds. We feel that he has slighted a certain long-eared species, although we do not stand champion for the latter—No, we do not mean critics.

It isn't the way she converses,
It isn't her dress or her talk,
It isn't the way she rehearses
A carefully exercised walk.

It isn't the grace of her movements,
The depth of a virginal sigh,
Her oral and facial improvements,
The yearning appeal in her eye,

It isn't her arms or caresses,
Inspires hysterical verse,
It's the million or so she possesses,
The well fostered family purse—

The following is an extract from our uncompleted novel, "The Boy Grows Bolder"
—and as the shade of the departed Professor lectured to Satan, hell yawned before him.

The contributing mania has become a real menace. It has even invaded the ranks of the alumni. W. M. Finger '12, A. B., D. D. S., a former Editor of Campus sends us the following.

N. Y. U. scores moral victory over Columbia.
C. C. N. Y. scores moral victory over N. Y. U.
Now, my dear Abel, doesn't that put C.C.N.Y. way ahead of Columbia, MORALLY?

W. M. Finger, '12.
We hope the present Editor of Campus sees a moral in the above.

WHAT EVERY COLLEGE MAN SHOULD KNOW

1. During the tender years spent in College, many pit-falls and snares will await unwary feet. Often you will be tempted to study. Professors will try to mislead you. But be firm. Remember that one habit leads to another, and that eventually you may become a Phi Beta Kappa man. Think of your grieving family and sorrowing friends.

2. A certain percentage of the student body invariably falls in love. The mortality rate is higher in the Spring session than in the Fall. Remember that love is a disease, and although many times no more harmful than an ordinary cold, with intelligent precautions can be altogether avoided.

Books by the same author:
What Every Expectant College Man Should Know
What To Do When the Exams Come
What Every Professor Should Know

She petitioned cruel Fate
For a beautiful nose,
Redundant with classic renown,
But tyrannical Fate,
The harsh magistrate,
Made answer by turning it down.

Famous Sayings by Famous Men:
Boccaccio: I thought he was playing with fire, but it was only a red-headed woman.

One contributor has resorted to foul means in the desperate attempt to break into print. Thinking to bribe us by patting a self-conscious ego on its very sensitive pate, he submits the following.

Poets great who write sublime,
Receive the robe of sable,
But I, poor dolt, have it not,
Ah, me! Would I were able.

—Argee

Dr. Coue's advice to fat men, to be repeated twenty times day and night.

Day by day, in every weigh,
I'm growing better and better.

NOTES

The Biology Field Club will go snake hunting next Sunday. Members are urged to bring their own flasks. Prescriptions can be filled at the Chem Building.

Prof. N. Ploshun will perform some interesting experiments with nitro-glycerine at the next meeting of the Baskerville Chemical Society. Identification tags will be distributed at the meeting.

We have succeeded in arousing four contributors from a self-imposed lethargy to date. Next week we shall raise Cain.

—ABEL.

**WOGLOM ADDRESSES
BIO CLUB ON CANCER**

Clears Up Misconceptions And Explains Difficulty of Combating Dread Disease

Before an audience which taxed to the utmost the small confines of Room 319, Dr. Woglom, assistant director of the Crocker Institute for Cancer Research, delivered a fascinating address on the "Cancer Problem," last Thursday, under the auspices of the Bio Club.

Dr. Woglom opened his talk by an explanation of the nature of a cancer growth. Whenever a tissue, he explained, for any reason, disregards the laws of normal growth by developing beyond its natural size, it is called a cancerous growth or tumor. "A cancer, therefore, is a normal tissue turned "anarchist," said the speaker.

"Contrary to the popular conception cancer growths are of themselves harmless. They are not toxic. Death is caused in purely mechanical ways. While developing unrestrained, the cancerous tissue may disrupt a blood vessel and cause a fatal hemorrhage or in growing out upon the surface of the body it may develop into an infectious ulcer. In cancer of the stomach the agony suffered by a victim after eating, eventually results in his death from starvation.

"The study of cancer experimentally has shown the cancer cell to be immortal, using as much oxygen and giving off as much carbon-dioxide as do normal cells," said Dr. Woglom. "They keep on performing the same functions as normal tissue.

"Experiments with mice have hardly yet resulted in anything more definite than the proof that discovery of a cancer cure is extraordinarily difficult. "The disease is caused by old age; by chronic irritation and to a very slight extent, in humans, by heredity. It may occur in any part of the body, most often in the stomach or the breast. There is no proof that cancer is due to meat eating," asserted the doctor.

The lecture was a feature of the national Cancer Week.

**DISCIPLINE COMMITTEE
ACTS ON VIOLATIONS**

The Student Council Discipline Committee has formulated a definite set of rules which it has determined to enforce, and has already taken steps in this direction. Sidney Rosenberg, '25, has been summoned to appear before the Discipline Committee on the complaint of Francis E. Corbie, chairman of the Alceve and Concourse Committee. Rosenberg is accused of smoking in a college room, which is a violation of rules.

The Committee will meet to-day in Room 207 at one o'clock. Louis Warsoff, chairman, Klauer, Greenberg, and Michaels are the students who form the committee.

**FRESHMEN TIES TAKEN
BY WATCHFUL SOPHS**

Swooping down upon an innocent and blissfully unsuspecting Freshmen class, the Sophs last week succeeded in amassing a vast collection of four-in-hands, collegiate, and other fashionable ties at the expense of the guilty freshmen.

Owing to the fact that the '25 class had not been enforcing rules for many a week, Freshmen were now coming to school in the most dazzling of neckties and the brightest of bowties, and the Sophs could not have chosen a more opportune moment to reap their rich harvest. Whether '25 was urged on by the dread of not having a class dance or merely felt in need of some additional neckwear, is not known.

KILPATRICK TO SPEAK

Professor Kilpatrick of Teachers College at Columbia will address the Education Club on Thursday at 1 o'clock in Room 306. A large gathering is expected to hear the lecture.

**PHILHARMONIC CONCERT
IN CHAPEL TO-MORROW**

The Philharmonic Orchestra will give its first concert in the College Chapel this Wednesday evening, Nov. 22. It is the first of a series of ten concerts for which many City College men subscribed a few weeks ago. Five of the concerts will be given in our Chapel, and five at Carnegie Hall.

The program includes: Beethoven's "7th Symphony," Strauss' "Don Juan Symphony," Debussy's "Clouds and Festivals," and Wagner's "Prelude Meistersinger."

**DRAMATIC READING OF
"JUSTICE" THURSDAY**

Dr. Joseph E. Tynan, Faculty Advisor of the Dramatic Club, and co-worker of Dr. Schultz in coaching it, will give a Dramatic reading of Galsworthy's "Justice" next Thursday at 1 o'clock in Room 118.

"Justice," a stirring play, has enough in the way of dramatic possibilities, the length of the play, and the cast to serve instead of three short plays, which the program usually includes. Dr. Tynan's reading will be for the purpose of acquainting the candidates for parts with the demands to be made on them. The parts will probably be assigned next week.

There is still lots of room for new men, both in the cast and in stage managing. Especially in the latter are men sorely needed. All candidates for the business end of the affair should report to any of the directors.

The Varsity Show will probably be held in one of the large hotels, and will be followed by a dance, January 12, 1923 is the tentative date set for the affair.

**SOPHOMORE DANCE TO
BE ELABORATE AFFAIR**

The Sophomore Dance Committee has completed all preparations for the affair which will take place on Saturday evening, November 25. An excellent band has been hired and other elaborate preparations have been made.

**C. D. A. ACTIVITIES
ARE IN FULL SWING**

Preparations for the C. D. A. Smoker which will be held on December 29, at Coney Island, are in full swing. Tickets for the Smoker are now on sale for \$1.50 and they may be obtained at the C. D. A. Alceve. Servitella, who is directing the affair, has extended an invitation to all classes to attend.

Professor Costa who was scheduled to address the society last Thursday, was compelled to delay the talk for three weeks, due to a conflict in the allotment of rooms. His subject is, "D'Annunzio, Poet, Soldier and Man of Action."

The C. D. A. of the College is the sponsor of the Inter-Collegiate Italian Basketball League, Columbia, Brooklyn Poly, N. Y. U., Washington Square College, and New York Dental College are the members of the League. The first game will be played about December 1.

The C. D. A. has already won a practice game against the Twenty-third Street Y. M. C. A. by the score of 26-18. The team practices every Saturday in the Gymnasium and challenges any of the clubs in the College to a match.

**JACOB DE HAAS TO
TALK ON PALESTINE**

The Menorah Society will be addressed this Thursday at 1 o'clock in Room 126 on "The Economics of Palestine," by Mr. Jacob de Haas.

Mr. Haas is the organizer of the Zionist Organization of America, and was the Executive Secretary of that movement. He is now Secretary of the Palestinian Development Council, and is leading the campaign of the Brandeis group of Zionists. They propose the development of Palestine's economic resources by the investment of private capital under private direction, in contrast to the theory of Governmental regulation of the building program.

GREEK GLEANINGS

The past few weeks have been very active ones for the College Fraternities. Many preparations are being made for conventions and other events as Christmas week hovers near.

The following were initiated into Delta Alpha on Friday, Nov. 3: Walter A. Helbig '24, Douglas W. Wainwright '25, Edward R. Fiencke '26, Charles J. Kurz '26, Arthur O. White '26, and George R. Williams '26. The formal Thanksgiving Dance will be held on Wednesday evening, Nov. 22, 1922.

Delta Beta Phi announces the pledging of Jack Weisberg '25 and Irving Sprintzen '26. A formal dance and banquet will be held at the Hotel Vanderbilt on Dec. 27 and 28.

Phi Sigma Kappa recently initiated William Henry Du Bois and Donald Valentine, both of the class of 1926. The chapter will hold a theatre party at the Belasco on Thanksgiving Eve.

Zeta Beta Tau will give an Alumni Smoker at its new house at 107 Hamilton Place on the evening of Nov. 23, the Annual Convention will be held at the Hotel Plaza on Dec. 22, 24 and 25. There will be a formal chapter dance in the near future.

Phi Epsilon Pi will have a gathering at its house on Thursday, Nov. 23, to be attended by representatives of the various chapters and alumni, to celebrate the twentieth anniversary of the Alpha Chapter at C. C. N. Y., the founding of Phi Epsilon Pi. There will be a Chapter Dance at its house, for the active chapter on Friday, Nov. 24. The Annual Convention will be held at Chicago, Dec. 28 to 31, inclusive.

Tau Delta Phi has pledged Jack Hahn '26, bringing the number of pledges to three. A smoker is held every Saturday night at the Hotel McAlpin. The largest convention in the history of the fraternity is to be held in New York during the Christmas week.

Phi Beta Delta has taken possession of its house in conjunction with the Columbia chapter, at 610 W. 111 St. A tea-dance followed the N. Y. U. game and another was given after the Catholic U game, at its new house. The National Convention will take place at the Hotel Astor on Dec. 23rd, 24th, and 25th.

Harry Schlossberg '26, has been pledged to Sigma Omega Psi. Last Sunday, Nov. 19, there was a banquet and entertainment of the fraternity at Kean's Chop House.

Solomon Schwartz '26, is the latest pledgee of Pi Gamma Alpha. The Beta Chapter of N. Y. U. was host to the Alpha Chapter of C. C. N. Y. at a tea-dance on Saturday, Nov. 11, after the N. Y. U.-C. C. N. Y. football game.

The following men have been pledged to Phi Delta Mu: Joseph Brenner '24, and Louis Goodkind '26. A smoker was held on Saturday, Nov. 11, in honor of the pledges.

Tau Delta Mu has pledged Simon Mollin '23. The fraternity will hold an informal dance on Nov. 30, at its new house, 121st street and Broadway. The fraternity's convention, dance and supper will take place on Christmas Eve, Dec. 24, at College Hall, Hotel Astor.

SPORT SPARKS

BY B. J. K.

Our warnings against over confidence proved to be justified. The Catholic University eleven was probably the best we have played all season. Their interference was almost perfect. If players come any better than this fellow Lynch, who played end, tackle quarter, and defensive back—all at once—we'd like to see them.

After conference with the best minds of the Press Bureau, we have selected our all-City team. We warn Walter Camp and Tom Thorp that it is copyrighted. Here they are:—

First Team		Second Team
Howley, N. Y. U.	L. E.	Brauer, C. C. N. Y.
Fallon, Fordham	L. T.	Naggie, N. Y. U.
Fischer, Columbia	L. G.	Miller, C. C. N. Y.
Schierman, C. C. N. Y.	C.	Brennan, Fordham
Walbridge, Fordham	R. G.	Rosenberg, N. Y. U.
Berkwit, N. Y. U.	R. T.	Brodsky, C. C. N. Y.
Throop, N. Y. U.	R. E.	Tilhonon, Columbia
Sehres, N. Y. U.	Q. B.	Burt, Columbia
Koppisch, Columbia	L. H. B.	Oshins, C. C. N. Y.
Meyers, Fordham	R. H. B.	Manning, Fordham
Roderick, Columbia	F. B.	Toorock, N. Y. U.

Having seen only half of the city's teams in action we are well qualified to select this all-City eleven. Photographs of the chosen players will be found in our green sporting section. Complaints and arguments may be sent direct to the janitor—it will save time.

In selecting this team we have probably erred in one position or another. Yet we have here in full the requisites of an "all" team. The ends, Throop and Howley, are fast, deadly tacklers, and smart players. The tackles are swift on the charge, hard sure tacklers, and able to stand the gaff. Fischer, although regularly a tackle, we have moved to guard. He and Walbridge, a pair of 200-pounders, are strong, yet not slow, and almost immovable before an attack. Jack Schierman, our own contribution, is a brilliant all-around center, an accurate passer and a fine, roving defensive player. He is fast on his feet, a hard, sure tackler, and good at blocking short forward passes over the line.

Our backfield is brilliant yet steady. Sehres is a clever field-general, a hard fighter, and a tricky runner in a broken field. Koppisch, Meyers, and Roderick are each equally effective in carrying the ball either through the line or around the ends. Both Roderick and Meyers are good forward pass throwers, and "Boston Ben" is also a good kicker as concerns both punts and drop-kicks.

The second team line is scarcely, if at all, behind the first forward wall. The ends are fast, good tacklers, adept at receiving passes. Brauer, in particular, seems to have that invaluable "nose for the ball". He is always keenly alert, ready to take advantage of fumbles and other misplays by his opponents. The tackles, guards and center are heavy, yet fast, good tacklers, and hard gritty scrappers. Miller has a dreaded penchant for breaking through and nailing the runner, while Brodsky can always be called back for a plunge when a few yards are needed. Burt is a fairly good tactician and a passable runner and thrower. Our own Moftey, if heavy enough for hard wear, would take the quarterback berth. Oshins, as well as Manning, is a fast, shifty, hard-to-tackle runner. He is a dependable punter averaging over forty, and a great defensive back. Toorock is scarcely behind Roderick. Canapary, Columbia, is not considered because he played in but two games.

Of our own team we would give honorable mention to Schapiro, Kudin, Harry Tannenbaum, Moftey, Rosenwasser, Garvey, and Ross. Some of these are but little behind the members of the first two elevens.

The College showing—one man on the first team, four on the second of the gridiron elite—is really remarkable. Especially when it is remembered that none of our men ever played Varsity football before and that most of them are younger by far than the general run of College players. (Brodsky, for example, is only seventeen. If he's so good now what will he be when he grows up?) Our showing is good, in itself, and promises still bigger things for the future.

College sport fans are enthusiastic over the complete and decisive triumph of compulsory "U". They are unanimous in hoping that the Faculty and trustees will back up the stand of the great majority of the students. A universal "U", would benefit our teams no less than the other College activities.

ENGINEERING SOCIETY GIVES LECTURE SERIES

The Engineering Society has inaugurated a series of student lectures. The Westinghouse Electrical Co., has granted the society permission to use lecture outlines on matters of interest in connection with electrical problems, as well as illustrative slides. It has been announced that only members of the Engineering Society will be given membership in the American Society of Electrical and Mechanical Engineers, after graduation.

PROFESSOR CARRE TO ADDRESS FRENCH CLUB

On Monday, Dec. 4, in Room 208, Le Cor: Jusseland will hear Professor Carre a visiting professor at Columbia and a member of the Alliance Francaise. He will talk on either "French Life and Customs" or "Rehabilitation of the Devastated War Area."

A French play will be given late in the term. The co-operation of the Hunter College Circle has been secured for the undertaking.

VARSITY CRUSHES CATHEDRAL TEAM

Basketball Team Scores Easy Win Over Downtown Five In Practise Game

NAT HOLMAN NOT YET DECIDED ON FIRST FIVE

Coach Still Experimenting With Different Men—Several Shifts in Line-up Tried

Basketball practice last week consisted mainly of scrimmages held daily between the first and second Varsity teams. On Friday afternoon a practice game was arranged between the Cathedral College five and the Lavender quintette, the result of which was an overwhelming victory for the latter.

During the week Coach Holman worked his teams hard. On Thursday he made a shift in the line-up, putting "Pinky" Match in as guard for the first Varsity, and placing "Doc" Edelstein at center on the second team.

Both played well in their respective positions, particularly Match who gave an excellent exhibition of both offensive and defensive playing. Edelstein showed a world of stuff, particularly "feeding" his teammates, and Holman admitted that he was seriously considering him for a center post on the Varsity team.

Little Jackie Nadel is being instructed by Coach Holman to work along with Hahn in the shooting of baskets from the foul line. Hahn is especially efficient in this branch of the game, and thus adds considerably to the scoring ability of the team. Captain "Red" Klauber is playing the best brand of basket ball in his career. His floor work is really dazzling and his shooting ranks with the best on the team.

The squad had a very good workout on Friday afternoon when the Cathedral College five visited our court, apparently for a basketball lesson. Coach Holman used both first and second teams, and later combinations of both teams against the downtown quintet.

The first half of the game was played so well that the Cathedral boys only once penetrated the Lavender's defense and even then the opposing player did not score. On the other hand Jackie Nadel tallied no less than five times in a row for the first Varsity team, and on the floor did everything but outjump the opposing center.

Coach Holman then sent in the second Varsity team against the visitors, and they likewise held their opponents scoreless. The score at the end of the first half was 19 to 1, favor of Holman's basket-tossers.

In the second half, the Cathedral aggregation settled down a bit, and played a much improved game. They got through the Lavender defence more often and even scored on several occasions. The College players however, did not cease their bombardment of the opposing defense, and at the end of the game they had accumulated over 50 points.

This game bears a great deal of significance on the possibilities of the Lavender combination. Several days ago the Cathedral, Five was beaten by the St. Francis College quintet by a score of 31 to 16. The St. Francis aggregation will be our first opponents this season and if we are to judge by their showing against Cathedral, the College should win after a close game.

Coach Holman has not yet decided on a regular Varsity line-up, and most probably will not do so until immediately before the first game. Schierman, star football center, has still to be heard from.

MENORAH'S DEBATERS WILL ENGAGE N. Y. U.

A debate between the Menorah Societies of City College and N. Y. U. has been arranged for late December. The contest will be part of the program of the Intercollegiate Menorah Convention and the topic of the program will be concerned with some subject of modern Jewish thought.

PARKER TAKES CHARGE OF FROSH BASKETEERS

End of Gridiron Season Furnishes Many Recruits — New Find for Center Berth

Yesterday, a day after the close of the football season, the freshmen basketeers got under way for a few weeks of real hard practice. "Doc" Parker, the freshman football mentor, henceforth takes up the entire supervision of the turning out of a crack "frosch" team.

With the material which Nat Holman has selected from the original sixty aspirants, "Doc" Parker will be started well along the road to success. Yesterday, the football team, its season closed, turned out en masse, and, from this ambitious eleven, Coach Parker will also be able to draw a few capable basketball men. Among these men are many who have played with their high school basketball teams. The present five, composed of the best that Holman has selected, will have some stiff opposition in the former eleven. Mason, who at present holds down the berth at center, will have some tough work to keep this position against Hertzberg, who has played center at Erasmus Hall, and Anthony of Rhodes Prep.

Adler and Goldberg, the shifty forwards, will be pushed by Plaut, the fast quarterback of the yearlings, and Philidus, the star end. Plaut never played in high school but was for four successive years a regular on Nat Holman's camp team, champions of the Berkshires. Seighardt and Levitt, who are holding on to their guard positions very tenaciously, will be opposed by Schiller, of Morris, and the cracker-jack halfback, Sawickey of New Utrecht.

Another prodigy has been uncovered by Nat. Nat's record for this has been at least one a season. This important personage is no less a man than Robert J. Farley, freshman lately recruited from the West Indies.

Farley has never played basketball in his young life, but reaches the enormous height of six feet four inches. Nat Holman has high hopes of turning out another Cliff Anderson.

Last Thursday, immediately after chapel, Nat Holman ran the first and second yearling teams through a fast workout. Although the first team wrought havoc with the seconds, both teams worked hard and with speed. The centers on both teams looked very funny. Farley, the new find, had but to put up his hand to take the ball from Mason, while the latter jumped as high as he could but never came within three inches of the ball.

With the advent of "Doc" Parker as basketball coach, regular freshman practice will begin, the hours being:
Monday 5 to 6 P. M.
Thursday 1 to 2 P. M.
Friday 4 to 5 P. M.

HANDBALL TOURNAMENT FAVORITES ADVANCE

Mins Noses Out Barkan — Sophs Take All But One Match From Frosh

All the favorites in the varsity tournament have come through the second round with victories. Captain Milgram, Mins, and Ossipoff have reached the semi-finals by victories over Reichgott, S. Barkan and James respectively. Lato and Michalis have not yet played their third round match. The winner of this will play Milgram for a place in the finals. Mins and Ossipoff are the other semi-finalists.

In one of the closest matches ever played on the college courts, Mins defeated Barkan. Barkan won the first game by a score of 23-25 but Mins managed to squeeze through a victory in the second game, 21-19.

The third game was a toss-up until Mins made his last point and won 21-19. Milgram was not extended in his match with Reichgott but Ossipoff had a hard time defeating Menkes and James.

Milgram is favored to win the tournament. An interesting match will take place when Mins meets Ossipoff for the privilege of playing the Varsity captain who will undoubtedly reach the finals.

The Soph handball team, which consists of Varsity players, defeated the Freshman wall artists. The inexperienced yearlings won only one event out of five. Ossipoff and James starred for '25 while Rich did the best playing for '26. Frankel, '25 was unable to compete in either the Fresh-Soph meet or in the Varsity tournament because of illness.

The Freshman handball tournament will start today. If enough good material is brought out, a freshman handball team will be formed.

STAFF ERECTED FOR RADIO CLUB ANTENNA

The Radio has had a new mast, twenty-five feet high, erected on the tower. The mast is carefully guyed to carry the considerable strain of the club's antenna, and is also designed to be used for signalling with "blinker" lights at night, as the battleships do.

FRESHMAN RUNNERS SUCCUMB TO N. Y. U.

Sober Finishes After Quadruple Tie For First—Also Lose To Horace Mann

The freshman x-country team finished its scheduled meets for the season last Saturday, when it lost to the N. Y. U. freshmen 16-39. Last Wednesday the harriers also received a trimming at the hands of the Horace Mann distancers. In the meets Cap't. Sober of the freshman was first man in for the yearlings.

Last Wednesday at 4 P. M. running between the rain-drops the yearlings half slid, half swam the high school course of two and a quarter miles. The time was very fast considering the weather and Sober completed the course in thirteen minutes flat. He was followed by four Horace Mann winners. The sixth man was Dickson of the yearlings and the seventh man completed the Horace Mann team. The final score read Horace Mann, 21-C. C. N. Y. '26-34.

The meet between the N. Y. U. and C. C. N. Y. Frosh took place last Saturday over the regular freshman intercollegiate course of three miles. Although the freshmen lost to their Bronx opponents, the time was the fastest made in any freshman x-country meet this year. Four N. Y. U. runners finished in a dead heat for first place in the remarkable time of 16 minutes 30 seconds. Sober, the C. C. N. Y. frosh captain, took fifth place fifteen seconds later. The race was fast throughout and for the first two and a half miles both teams were bunched together within three yards of each other with the lead constantly alternating.

The summary of the N. Y. U.-C. C. N. Y. meet is:

1. Brown,	N. Y. U.	*16:30
2. Gentile,	N. Y. U.	*16:30
3. Lowe,	N. Y. U.	*16:30
4. Siegal,	N. Y. U.	*16:30
5. Sober,	C. C. N. Y.	16:45
6. Weeks,	N. Y. U.	16:52
7. Horrach,	C. C. N. Y.	17:00
8. Jacobi,	C. C. N. Y.	17:13
9. Stark,	C. C. N. Y.	17:36
10. Levitt,	C. C. N. Y.	18:00
11. Halpern,	C. C. N. Y.	18:01
N. Y. U. '26 — 1, 2, 3, 4, 6-16		
C. C. N. Y. '26 — 5, 7, 8, 9, 10-39		
*Dead heat for first place

CATHOLIC U. DEFEAT ENDS VARSITY SEASON

(Continued from Page 1)

nan gathered in Lou's kick on the 10-yard line, and, behind good interference, made a spectacular run of 90-yards for a touchdown. W. Neary again kicked the goal.

The visitors made their last touchdown in the final frame. After marching steadily down the field from the 33-yard line, Catholic U. was held to downs on the C. C. N. Y. 1-yard line. Oshins punted from behind the goal to the 25-yard line. Here, with only a few minutes to go, the Washington lads cut loose with a desperate aerial attack in a frantic dash for another goal. On reaching the 10-yard line, Brennan shot a wild heave over the goal line to Lynch, who snatched the ball out of the ozone by a miraculous leap. W. Neary made it three straight goals on a drop-kick.

Lynch was the hero of the day for Catholic University. This husky, versatile end was in every play, his fine tackling and brilliant offensive work-figuring considerably in the showing of his team. Miller and Oshins worked best for Lavender.

What looked almost like a record for Schtierman was marred when Sauber was substituted for him in the second half of the game. Should he have remained in the line-up throughout the fracas, Schtierman would have been the only Lavender player to have played every minute of every game this season.

In one department, City College had the better of it over Catholic U. This was in punting. Oshins' boots were indeed pretty to watch, having height and distance all the time.

The line up:

C. C. N. Y.	Position	Cath. U.
Brauer	l.e.	Moore
Kudin	lt.	Versanger
Miller	lg.	May
Schtierman	c.	Fitzgerald
Shapiro	r.g.	Tobin
Brodsky	r.t.	Mahoney
Ross	r.c.	Lynch
Greenberg	q.b.	Brennan
Rosenwasser	h.b.	Denault
Oshins	r.h.b.	W. Neary
H. Tannenbaum	f.b.	D. Neary

Score by quarters:— Catholic U. 7 7 0 7=21 C. C. N. Y. 0 0 0 0 = 0 Touchdowns—D. Neary, Brennan, and Lynch.

Goal from touchdown—W. Neary, 3, (dropkicks).

Referee—Crowley, Bowdoin; Umpire—Hastings, Cornell.

Head linesman—Scott, Michigan.

Time of periods—15 mins. each.

Substitutions—C. C. N. Y.—Garvey for Ross, Ringel for Brodsky, Friedman for Shapiro, Shuster for Garvey, Mofley for Greenberg, Flaxer for Mofley, Sauber for Schtierman, Vogel for Kudin, Ashworth for Sauber, Elk for Ashworth, Brodsky for Vogel, Farber for Shuster, Warsaw for Brauer, Math for Elk, Catholic U.—Connel for D. Neary, Freney for Denault, O'Brien for Moore, D. McCarthy for Brennan, Brennan for McCarthy.

PROF. BUTLER SPEAKS TO GEOLOGY SOCIETY

Prof. Butler addressed the Geology Society on Friday, November 17. The subject of his lecture was, "The Niagara Gorge and the Ice Age." Prof. Butler spoke of the three stages of the ice retreat at the end of the glacial period, as shown by the variations in the width of the Niagara Gorge. During the glacial period, the drainage of the Great Lakes had passed alternately through the Niagara and Oltana Rivers.

This vast volume of water, he explained exerting a tremendous pressure, pushed back the banks of the river. The wide portions of the gorge to-day show the effect of that pressure. At the close of this epoch when the ice began to retreat, three deltas formed in the St. Clair Lake region.

Thus the great volume of water that had passed through Niagara found new outlets. This decrease in volume with its resultant reduction of pressure formed the narrow parts of the gorge.

AMERICANISM SUBJECT OF TALK BY RANDOLPH

Capitalistic Interests Wholly Dominate American Politics, Asserts Editor of "Messenger"

In an address to the Douglass Society last Thursday, Mr. A. Philip Randolph, editor of the radical "Messenger," discussed "Americanism." The patriotism of the masses, he declared, has been perverted by the capitalistic owners of the means of production and distribution, until now it serves as a bulwark for doctrines of economic paternalism.

"Common tradition has it," asserted the speaker, "that the fathers of our country, when they drew up the Constitution, were imbued with a burning zeal for human equality and the sovereignty of the people. Although doubtlessly many were so inspired, on the whole, this impression is erroneous.

"The constitutional delegates were chosen, not by the people, but by the few favored, landed proprietors. Not through patriotic motives but because of economic advantage, was the Constitution adopted. These capitalists had invested vast sums in western lands of the Government and believed that a federal government would increase their value many fold. They had also bought up colonial currency at a low rate, and a strong constitution was needed to safeguard their investments. That is why we have a constitution today."

The Civil War itself, the speaker pointed out, was essentially a conflict between the Southern slave holding interests and the Northern manufactures.

Referring to the World War, the speaker analyzed the Americanism so rampant a few years. In this instance this land, "Dominion over economic circumstances determined the course of events.

Mr. Randolph concluded with a general survey of the influence of capitalists on the schools and churches of this land. "Dominion over economic life is dominion over politics," he emphatically asserted.

EMPLOYMENT BUREAU HAS VACANT POSITIONS

The employment bureau of the College wishes to announce that it has a number of positions open for Seniors and upper Juniors who are interested in the selling of life insurance, both as a part and full time proposition.

Mr. Heller, of the class of 1909, who is the assistant Agency Manager of the Equitable Life Assurance Company, has offered to secure positions for the interested upper classmen, with the tentative understanding that they will devote, after graduation, their full time to the life insurance business. Mr. Heller is certain that this field is a lucrative one for college graduates, and all applicants will be thoroughly grounded in the principles of insurance.

All upper classmen interested in this proposition should hand their names to Mr. A. L. Rose in the employment bureau, and the latter will arrange to have Mr. Heller visit the college and explain in detail to the men the various details of insurance selling.

TOUCHDOWN BY PLAUT GIVES FROSH VICTORY

(Continued from Page 1)

Three consecutive first downs brought the ball to our 30-yard line. There the Freshmen held for downs. Plaut went around end for fifteen yards. A trick forward proved ineffectual but on the second down a forward—Smith to Phildius—made forty-five yards. Three line plunges made eight yards, and on the 2-yard line, Plaut circled left end, for the touchdown. Smith kicked for the extra point.

Smith kicked. It was as Fordham's ball in midfield. Rosenberg twice pulled Griffin for big losses. Morris kicked, and Plaut ran it back fifty yards to Fordham's 30-yard line. Two line bucks made 8 yards and a penalty gave first down. With eight yards to go, the Frosh fumbled and Fordham recovered. Morris kicked to his own 30-yard line. Sawickey went off tackle for seven yards. Smith attempted a placement kick from the 30-yard line. It hit the cross bar and bounced back. Fordham made first down as the game ended.

C. C. N. Y. Freshmen	Fordham
Rosenberg	L. E. Kearns
Hertzberg	L. T. Theis
Kalish	L. G. Murphy
Malter	C. Ross
Weiswasser	R. G. Burns
Cohen	R. T. Liederfind
Phildius	R. E. Attridge
Plaut	(Capt) G. B. Griffin
Smith	L. H. B. L. Ahearn
Levenstim	R. H. B. Hassinger
Sawickey	F. B. Morris

Touchdown—Plaut, C. C. N. Y.

Goal from Touchdown—Smith, C. C. N. Y. Referee—Spalter, Savage; Umpire—Galbraith, Union. Head Linesman—Lear, Villanova. Substitutions—Lilly for Hertzberg; Hertzberg for Lilly; Vogel for Kalish Klein for Plaut; Schoenfeld for Malter. Time of Periods: 15 minutes.

How Much Time Do You Waste?

Sharpening wood pencils means loss of time and effort.

Ingersoll Pencil

Ends all pencil sharpening—

Costs less to use than wood pencils.

Uses double length leads, each equal to a seven inch wood pencil in writing service. Guaranteed not to clog at the point.

JUNIORS MAKE READY FOR BIG SOCIAL EVENT

Dates Fixed for Dance at Commodore Basketball Game and Other Events.

The 1924 class council will take up on Thursday the question of whether this term's Junior Prom will be formal or informal.

Plans for other events of the Junior Festival week will be also taken up.

The Prom, the annual social event of the College, will be held at the Hotel Commodore on Tuesday evening, December 26.

The Junior Week will open with the Varsity vs. Brown basketball game on December 23. A special section will be reserved for Juniors and their friends. Plans not yet completed by Chairman Alexander J. Whyman, call for a class banquet and a theatre party during the Christmas holidays.

Work has already begun on the Souvenir booklet for the coming festivities. A novel and artistic program of the week's activities has been arranged by the committee consisting of Isidore Zukernick, chairman, Peter Denker, Alfred T. Vogel, David Lieberman, Stanley H. Fuld and Irving J. Levy.

All Juniors who can draw or write poetry are asked to get into communication with Zukernick immediately.

ENGINEERS TO INSPECT BIG FILTRATION PLANT

The class in water supply, of the School of Technology, will visit the filtration plant of the East Jersey Water Company, Little Falls, New Jersey, on Thursday, November 23. This plant is the largest of its kind in the East.

CONSERVATISM
