SPORT SPARK

BY ZEKE

The game tomorrow at Fordham will be an interesting one. Not only will the usual rivalry of the city's schools intensify the battle, but the teams are more equally matched than they are thought to be. N. Y. U. has beaten both aggregations. The Fordham eleven bowed to the Violet for the first time in its history on Election Day, 20 to 0. Four days later the N. Y. U. team administered a 26 to 0 defeat to the College. These scores would show that the teams are very nearly equal in calibre. But in the N. Y. U.-Fordham game, Thorp had his regulars playing most of the time, while in the fracas with the Lavender N. Y. U. was represented by nearly every man on its bench. Again, the Violet scored four touchdowns against the College, but it crossed the Fordham line only twice—both times in the last quarter. For the other six points Howley, N. Y. U. left end, kicked two placements, one from the 20-yard line in the second quarter, and again in the third quarter from the 15-yard mark.

But one must weigh against this pro-Fordham dope the fact that the Bronxites have scored only thirteen points since they beat Mount St. Mary's in the first game. Their opposition though, has been much better than that faced by City College. The strongest point in the College's favor is the fact that Tommy Myers, the Maroon star, and several other regulars, will probably not start because of injuries incurred in the Holy Cross game last week.

But if the Lavender as heretofore, goes into the fray, feeling that it has no chance, that it will be licked, that it will fight only to keep the score low—then nothing will be in its favor. A team playing easy football and safe football never gets any breaks for itself. It is only a scrappy, fighting team that has the luck. A hard tackle makes the other man drop the ball. A wide-awake team follows the ball and gets the fumble. An end that plays football hurries the forward pass—the thrower loses direction for speed and the ball is caught not by the intended receiver but by his opponents. A tackle or end that plays to win breaks through the line and blocks that kick. But a bunch that plays safe football—safe for each individual—never gets what the grandstand calls breaks.

An eleven that fights to keep its opponents' score low soon begins to take things easy. It feels that it will lose anyway so why shall one exhaust one's self? Why get under a kick? Phildius will make the tackle anyway. A play around the other side?—Why run there? It will be stopped by a back and then if one is not in the pile, one will be fresh for the next play, eh what? Before long the team gets so that only one man runs as far as the 35-yard line when the kick-off is caught. And that's what happened in the N. Y. U. picnic with City College, as one newspaper phrased it.

Fordham has been losing, too. Its morale must be low. But it expects an easy game. The only minor games on its schedule this season according to its rules for the award of insignia, are the tilts with Mount St. Mary's and with C. C. N. Y. Will the results prove that the City College game is just a practice game—a Saturday to rest after the Holy Cross fight—a sure victory? The team, alone, can answer and its only response will be, "We'll fight like hell!"

The freshmen were unbeatable. No all-American team could vanquish them. A coach?—"Oh yes, Parker is all right. But the frosh have a great team, haven't they?" What need had they to listen to the coach's instructions? An all-knowing backfield—each member a wonder—played modern scientific football to lose their only game, their most important, to the N. Y. U. freshmen after scoring a touch-down in the first five minutes of play.

Had the quarterback heeded his coach and not his backfield, the result might have not been any different. But of five previous engagements the coach's directions were sage enough to win four and tie one.

The example is too good to waste. Freshmen, all better take heed. "Pride goeth before a fall." Those freshmen who are criticizing "THE CAMPUS" and the "MERCURY," those who are too good to try for the cross-country team, those who are better than the varsity debaters, even those who can tell the Dean a thing or two about how often they can cut classes and pass—in short, every freshman consider that "unconquerable" football team, then shut up and work!

The varsity basketball team, which, according to the "Mail," is refused games because many colleges dislike to be beaten by such a small five, is not smaller, but is faster than ever.

Its speed may be judged by the following play. Last Tuesday, Palitz made a pass from the side of the court. Seeing that the pass would be intercepted toward the center of the field he dashed toward the man of the opposition who was in the line of the pass and came in time to catch the ball as it struck his opponent's hand. The entire play was so fast it took less time than it takes to tell it.

CROSS-COUNTRY TEAM MEETS B'KLYN POLY

Team Running Well — Coaches Look for Victory in Last Meet

Although the Varsity Cross-Country team has failed to turn in a victory in its meets thus far, it stands a good chance of closing its season with a victory over Brooklyn Poly tomorrow. The Engineers have fared badly this season and comparative scores and times indicate a decided superiority for the Lavender team.

Show Good Form
The college harriers displayed excellent form in their last meet, against New York University. Captain Cy Reisman, Tony Orlando and Charlie Dain turned in fine races when they completed the difficult Van Cortlandt Park course in less than thirty-six minutes. If they continue in this form in the Brooklyn Poly meet, they will undoubtedly finish among the leaders. "Whitic" Mayday, "Red" Brodsky and Bob Bernhardt should follow this trio closely.

Judging from the marked improvement of the college harriers, the team stands a very likely chance of winding up the season with a victory. A spirit of optimism pervades the men, and Coaches McKenzie and Friedman are looking forward to an easy victory for the Lavender.

FORDHAM GAME ENDS COLLEGE GRID SEASON

(Continued from Page 1)
Met. Honors To Be Determined

While the Lavender and Maroon are struggling at Fordham Field tomorrow Columbia will meet N. Y. U. at Baker Field. At present N. Y. U. ranks first in the metropolitan district having vanquished both C. C. N. Y. and Fordham. If Columbia beats N. Y. U. they may rightfully claim the Metropolitan Football Championship since Columbia does not play either C. C. N. Y. or Fordham. If N. Y. U. wins, the metropolitan title goes to the Violet undisputed. Should Columbia lose to N. Y. U. by more than twenty-six points the winner of tomorrow's fracas between C. C. N. Y. and Fordham can rightfully claim second place honors.

JUNIOR ASSISTANTS MEET

All candidates for the positions of Junior assistants to the Managers of basketball, swimming, and wrestling must report to the A. A. Room today at 1:15 P. M., according to an announcement by the A. A. Treasurer, Samson Z. Sorkin '25.

MORRIS HIGH BOOTERS OUT TO BEAT FROSH

What should turn out to be the hardest game on the Lavender Soccer Club's (freshman soccer team) schedule will be played tomorrow against the strong Morris High School soccer team, at 10 o'clock in Jasper Oval.

The Morris booters were the city champions last year and have a strong aggregation (this season). They are out to stop the winning streak of the frosh, who have established an enviable record thus far this season, in their effort to gain recognition from the A. A.

Jack: "I thought short skirts had gone out of style."
Mac: "Oh, that's only Bud Jones in his Finchley 'Plus-fours'."

(Apologies to Ball Weevil)

VARSITY WRESTLERS COMING AROUND FAST

The varsity wrestling squad is rapidly rounding into form. Mr. Olsen, of the Hygiene Department, is acting as coach, and giving the men all he knows. Captain Willie Finkel, Tille and Zamurore are the contenders for the 145 pound class job. Barrett, Weisberg and Klinger are battling it out in the 135 pound group.

The Story of Chiropractic Its Development.

On the death of Dr. D. D. Palmer, the discoverer of Chiropractic, its development principally devolved upon Dr. Willard Carver whose 28 years of accomplishment in its service have been largely instrumental in placing the science where it is today.

Dr. Willard Carver, LL. B., D. C. founded in 1905 the first Chartered Chiropractic College in the world. His deep knowledge of the science, and his ability to impart that knowledge to others gives to every Carver graduate the confidence and respect of his patients.

If you are interested in further details of the Story of Chiropractic, call, write or phone Gramercy 4022 for literature.

TRUSTEES OUTLINE FUNCTIONS OF F. A. C.

Trustees Give Faculty Athletic Committee Full Powers In Athletics

According to a recent announcement the Board of Trustees, at a meeting last April adopted as the sense of the organization a resolution on the functions of the Faculty Athletic Committee. The statement of the Trustees gives the F. A. C. full powers regarding the College's athletics.

The officers of the F. A. C. at present are Professor Storey, Director of the Hygiene Building and the Stadium Chairman, Professor Williamson, College Director of Athletics, Secretary—Treasurer. The other members of the committee are: Professors Saurel, Holton, Stevenson, Linchan and Gottschall.

The full statement of the "functions of the Faculty Athletic Committee adopted as the sense of the Board of Trustees of The College of the City of New York, April 17, 1923," follows:

Responsible For Athletics

"1. The Faculty Athletic Committee shall be responsible for and have immediate jurisdiction over (1) all student athletic organizations, the activities of which may affect the reputation of the College or the honor of its student body or interfere with the curriculum, recitation schedule or other academic affairs of the College; (2) all questions of policy or standards of conduct arising from any extra-mural athletic relationship; (3) all eligibility requirements for admission to the various athletic trainings and competitions that are or may be developed within the student body of The College of the City of New York; (4) the athletic seasons within the College year and the allocation of athletic competitions and sports to those seasons.

Approve Schedules

"2. All schedules for intercollegiate or other extra-mural athletic competitions shall be submitted to the Faculty Athletic Committee by its Chairman for approval and no such schedule may be operative or official until it has secured such approval.

Manage Athletics

"3. The management of student athletic organizations shall be under the immediate authority of the Faculty Athletic Committee, and all financial receipts from athletic organizations shall be under the immediate authority of the Faculty Athletic Committee and all financial receipts from athletic organizations of or within the College student body shall be turned over to the Faculty Athletic Committee for deposit to the account of the Athletic Association of The College of the City of New York, and no expenditure may be made from such receipts except in accord with regulations of the Faculty Athletic Committee and with the signed approval of the Chairman and Treasurer of that Committee.

Make Annual Inventories

"4. Annual inventories shall be made to the Faculty Athletic Committee and to the satisfaction of that Committee covering all athletic property that may be purchased by or for any of the student athletic organizations of the College, and it shall be the duty of the Committee to see that all such property is properly safeguarded.

Has Seven Members

"5. The Faculty Athletic Committee shall have a membership of seven, one of whom shall be designated by the President of The College of the City of New York as Chairman, and another as Secretary-Treasurer. The Chairman shall be the Executive Officer and Spokesman of the Committee. The other duties of these officers of the Committee shall be those that usually pertain to such offices.

"6. The Faculty Athletic Committee shall be authorized, with the approval of the President of The College of the City of New York, to employ such clerical service as it may need for the transaction of its business.

"7. The Faculty Athletic Committee shall formulate and adopt rules and regulations for the conduct of its affairs.

CHEMIST ADDRESSES ENGINEERING CLUB

Last Wednesday evening, Mr. Kenney, Chemist-in-Charge of the Central Testing Laboratories, delivered an illustrated talk before the college chapter of the American Society of Civil Engineers in the Doremus Lecture Theatre.

Mr. Kenney spoke on the numerous activities of his laboratory which does the testing of all the city's purchases. The care and the varieties of the articles tested were especially emphasized. These range from articles such as textiles, paper, twine and rubber goods, to those of iron and steel products.

On Thursday, a class in advanced testing visited the laboratories.

CAGE MEN PRACTICE WITH COOPER UNION

Basketeers Outplay Engineers—Lavender Strong on Defense—Scrubs Weak

With the opening of the basketball season less than a month off, the varsity five is already in excellent form. Besides the daily scrimmages, Coach Nat Holman has had practice games with several amateur and professional teams, which furnished the men actual competitive experience.

Last Friday, the Lavender basketeers engaged the Cooper Union five, which is coached by "Tubby" Raskin, '22, former varsity basketball captain. The defensive work of the varsity was the most impressive feature of the team's play. The Cooper Union players were rarely able to pierce the first team's defense; on the other hand, the Lavender scored almost at will. But the College players were apt to be careless on under-the-basket shots.

Nadel's Play Features

The all-around playing of Nadel was a feature of the Lavender's play. He continually slipped away from his guard to make a speedy cut and shot. Salz and Palitz scored frequently on long shots while Match played a brilliant guarding game. Edelstein put up a good game. The Cooper Union center frequently got the jump on the Lavender captain but quick work on the part of Salz prevented the downtown team from getting possession of the ball.

The second team was sent in towards the end of each half. Although the scrubs kept up the strong defensive play of the first team, their attack was not nearly as effective. Hodesblatt and Perlman guarded for the second team. Heynich was at center and Goldberg and Moses worked up front. Hodesblatt played the entire second half in place of Match.

ORGANIZATION MEETING OF SPANISH CLUB HELD

An organization meeting of the new Spanish Club was held last Thursday, Nov. 8, in the French Library, Room 209, at 1 P. M. The purpose of the meeting was to elect officers and to discuss the requirements of the Student Council concerning the formation of a new society. Fifteen students present acknowledged their desire to join the club.

Eli Spark, '27, the sponsor of the project was chosen president and Chabotsky was elected secretary.

A constitutional committee of three was appointed consisting of Schumann, chairman, and Josis and Metersky.

PARKER TAKES OVER FROSH BASKETBALL

No Definite First Team Selected — Keen Fight for Center

The freshman basketball squad was taken over this week by Coach Parker, official frosh mentor. While "Doc" Parker was occupied with frosh football Nat Holman was teaching the freshman basketball candidates some of the fine points of the game. He devoted practically as much time to the '27 men as he did to his own varsity squad.

No really definite first or second teams have been selected as yet. That task has been left to Coach Parker, who will do it as soon as he has his men properly sized up. The squad looks very promising in spite of the fact that it contains fewer high school players than in former years.

The tentative first team in practice, forwards, Goitchman and Greenberg; guards, Schein and Feinberg; and Seligman, center, will have to fight to keep its place. Competition is especially strong for the center berth, where Resin, a late comer to the squad, is showing much promise.

The end of the football season, besides allowing time for coach Parker to attend to the freshmen, will furnish several new candidates. Prominent among them is Fred Meisel, star fullback of the frosh eleven and a former New Utrecht dribbler.

Under the undivided attention of "Doc" Parker, two or three smooth running fives should be built up in short order. With a taste of the Holman system as a foundation, prospects for a successful season are exceedingly bright, as intensive training starts for the fast approaching opening game.

SWIMMERS TO HAVE BEST TEAM IN YEARS

Many Veterans and Good Newcomers Will Give Closer Competition.

The varsity swimmers have been practicing very faithfully for the coming meets of the intercollegiate season. Coach McCormick has a good deal of material to work with and expects to put out a strong, well-balanced team.

Many veterans are in the fold and hopes for a strong team are quickly being realized. The veterans, together with the newcomers, look very good. Captain Hughie Glynn is making some fine time trials in the four-forty along with Hy Schecter and Bert Mine. Murray Dundes, who ranked ninth among intercollegiate swimmers in point scoring last season, will, in all probability, stand still higher this season since many ranking swimmers have graduated. Dundes is tearing along at great speed in the fifty and hundred and may also be used for water polo in times of necessity.

In the backstroke event, there is Steve Abatte, a veteran, who scored a good number of points last season, and Ginsberg, of last year's freshman team who is showing fine form. Wallace and Schneeweiss will carry the Lavender in the breast stroke. Wallace holds the college record for a 75-foot pool in this event. Harvey has been turning in good time for the fifty while Casper is trying hard for Ashworth's hundred record.

Many men have reported for the dive and a number are showing good form. Those who look best so far are Shein, Worrell and Bolsam. It is expected that Garvey will report for this event after the close of the football season.

This year's team will undoubtedly be one of the best in the history of the college because Coach McCormick has a host of stars and not one or two, as has been the case in the past. Despite the strength of the team, it is not expected to place higher in the league than last year because of the calibre of the league teams. If the plan of Manager De Young works out, C. C. N. Y. will face several teams that are in its own class.
