COLLEGE MOURNS PROF. FUENTES, '89

Death of Professor of Spanish, Coming a Week After Death of Son, "Bob," Shocks College

DECEASED TAUGHT AT COLLEGE SINCE 1900

Many Colleagues and Friends Attend Funeral Services Held Tuesday—College Flag at Half Mast

The college was shocked to learn last week of the death of Professor Ventura Fuentes of the Romance Language Department, who passed away at his home on Sunday, September 23, after an illness of several weeks.

Professor Fuentes' death came as a distinct surprise to his friends. He had rallied after a malignant infection and was believed to have been recovering.

Dr. Fuentes was on the verge of death from pneumonia two years ago but, after a vacation in Cuba, regained his health. Late in August, however, he became ill with the gripe which was complicated by intestinal disorders. He had rallied later, and his condition was declared to be more hopeful by his physician, Dr. Charles Herberman, son of the late head of the Latin Department at City College. Professor Fuentes later suffered a relapse and specialists were called in who diagnosed the disease as cerebral meningitis. His condition was aggravated and his spirit completely broken by the sudden death the week before of his only son, Robert, a student at the college, who was seized with an attack of heart failure. After this his condition became steadily worse and he died at four o'clock Sunday afternoon. The funeral services for the deceased were held on Tuesday morning at 10 o'clock in Our Lady of Lourdes Church. Many of his colleagues and friends from the college attended the services. The flag at the college was lowered to half mast.

As yet no definite plans have been announced for services at the college. It is probable, however, that as soon as the preliminary task of enrollment is completed and college resumes its usual routine, some adequate memorial will be given the deceased professor.

Professor Fuentes was graduated from City College with the class of '89. While a student he pitched for the Varsity baseball team and, after being appointed to the faculty, played on the Faculty Baseball Team. He received the degree of Doctor of Medicine at the College of Physicians and Surgeons in 1892. He received his appointment at City College as member of the teaching staff of the Romance Languages Department on January 1, 1900—the first day of the "Twentieth Century." He has taught Spanish ever since, and at the time of his death was an Associate Professor. Together with Professor Francois, he wrote a "Spanish Grammar."

Professor Fuentes' death, following so closely the death of his son "Bob," came as a great shock to his friends, and the students at the college. "Bob" Fuentes was a member of the class of 1924 and Captain of the 1922 Varsity Tennis Team. He had passed his physical test to play football, but died suddenly the next day. Dr. Fuentes is survived by a daughter.

POSITIONS VACANT ON COUNCIL COMMITTEES

Candidates for the Discipline and Student Affairs Committee must send their names to Alex. J. Whynnan, '24, President of the Student Council or Abel Meeropol, '25, Secretary of Student Council, before Friday. Only seniors are eligible for the Discipline Committee. All regular students are eligible for the Committee on Student Affairs.

TICKETS FOR CONCERTS ARE NOW ON SALE

Concerts Given at Carnegie Hall—Von Hoogstraaten, Hadley and Mengelberg will Conduct Philharmonic Orchestra.

Tickets for the series of ten Philharmonic concerts are now being offered to City College students at special low rates by the Philharmonic Society. The concerts will be given exclusively in Carnegie Hall. This is contrary to last year's practice when five concerts were given at the Great Hall and five at Carnegie Hall. The change was made because of the difficulty of transporting the instruments.

The concerts will be given on Monday and Wednesday evenings. The dates are as follows:
Monday evenings—November 12, December 3, 17, 31, 1923; January 21, 1924.
Wednesday evenings—January 30, February 6, 27, March 19, April 2, 1924.
Four of the Monday night concerts will be conducted by Dr. Von Hoogstraaten and one by Dr. Hadley. All five of the Wednesday evening concerts will be conducted by Dr. Mengelberg.

Prices for the concerts will be as follows:

Balcony seat—\$2.50 for the whole series; \$3.50 for seats in first two rows.
Dress Circle—\$5.00 for the whole series; \$3.50 for seats in the last two rows.

Orchestra—\$7.50 for the whole series. Box seat—\$10.00 for the whole series.

All students desiring seats are requested to leave their applications with the amount of the subscription in the office of Dean Frederick B. Robinson, Room 226. Students, in making applications, should indicate the location of the seat they desire, if possible the exact seat they desire. Students are urged to send in their applications early for earlier applications will receive preference. All student applications must be in the hands of Dean Robinson on October 10.

PROF. COLEMAN BACK FROM EUROPEAN TRIP

Professor A. I. Du Pont Coleman, of the Department of English, has returned to the college after spending the summer in Europe. Professor Coleman was engaged in research work among the records of the French Foreign Office, the London Record Office, and the British Museum. He is now writing a book on the exploits of a German Baron who became King Theodore of Corsica, in 1736.

PROF. HUNT, ILL. TO BE AWAY FOR MONTH

Professor Leigh Hunt, Head of the Department of Art, has not returned to the college for the fall semester because of ill health. He has recovered from an attack of pneumonia during the summer, but is still confined to his bed by an inflamed knee joint. He is progressing favorably and will probably return to college within a month.

REORGANIZATION OF CIVIC CLUB PLANNED

Howard W. Hintz, Acting President Plans to Re-Establish Club to Former Basis—Lectures to be Resumed

The Civic Club which was comparatively inactive last term will again resume its former policy of securing prominent speakers and lecturers.

Next Thursday at 12 o'clock there will be a reorganization meeting, at which plans for the ensuing term will be discussed.

Howard W. Hintz, acting president of the club is desirous of having all former members and all new men interested in the work of the club present at this meeting.

The object of the society is to foster an interest in current political and economic questions through lectures and addresses by prominent civic leaders and through forums within the club itself.

It is planned to hold fewer than one lecture a week as was done in the past, but an effort will be made to secure speakers who are uncommonly prominent in their respective fields of endeavor to address the club.

Former terms the lecture program included such men as Ex-ambassador Gerard, Alton B. Parker, Talcott Williams and many others of equal renown. It is probable that these and others will again appear at the club.

Freshmen especially are urged to attend the meeting Thursday at noon.

NOMINATIONS HELD FOR NEW CLASS OFFICERS

Finkel and Lieberman Contest Senior Class Presidency—Elections Held To-Day

Nominations for the various class officers were held last Friday afternoon. Great enthusiasm was shown in all the various classes and it is expected that there will be close contests for many of the offices.

For president of the June '24 class, Wm. Finkel and David Lieberman were nominated and for councillor, Samuel Levinson. The Feb. '24 class nominated B. Perlman and Frank Salz for president and Mac Etra and Bernard Shaenen for Councillors.

The presidency of June '25 will be contested by Rube Berson, Walter Halpern and Samuel Tripp, Charles Epstein and Frank Moftey have been nominated as councillors. Jack Weisberg is running for the leadership of the Feb. '25 class.

M. Goldstein and Pincus Sober are named by the June '26 class as nominees for president, and Fred Kraut was nominated for councillor. In the Feb. '26 the struggle for the presidency will be waged between Samuel Candel and Leo Meyer, and for councillor, H. Flatau, T. Tarlau, and F. Hanes. The elections will take place at 8 a. m. to 3 p. m., under the direction of the Election Committee, which is composed of Samuel Levinson, '24, chairman, Samson Z. Sorkin '25 and Frederick L. Kraut '26.

STUDENT COUNCIL TO MEET THIS FRIDAY

The first meeting of the Student Council will take place next Friday, October 5 in Room 209. Alex Whynnan, the president of the Council, is especially desirous that all members be present at the first meeting. Many important problems are to be brought up for discussion.

PRESIDENT RETURNS FROM TRIP ABROAD

Resumes Official Duties at College After Spending Summer in Touring Europe.

After spending several months in touring the British Isles and the Continent, President Sidney E. Mezes returned yesterday to the College to resume his official duties.

The President was scheduled to arrive at an earlier date but his ship was delayed on the return voyage by the dense fogs met on the Newfoundland Banks. He set sail Sept. 24 from Havre, France, on the S. S. Paris of the French Line.

Since Pres. Mezes first came to the College this has been his first official vacation. His work, confined him steadily to his desk. The President's trip to Spain and England, proved the necessary stimulant to restore his vigor. While abroad he studied the social economic and industrial conditions prevailing in England and on the Continent.

A great portion of his time was spent in visiting the many places of educational interest throughout Europe.

NEW MEN APPOINTED TO CHEMISTRY STAFF

Professors Barnes and Snell Have Not Returned—Two City College Alumni Appointed—Briethut is in France

Several new appointments have been made to the Faculty of the Chemistry Department to fill vacancies left by the departure of two members. Mr. Milton H. Barnes has left to do artificial leather work in New Jersey and Dr. Foster D. Snell of the Inorganic Department, who received his Doctor's degree last year, has been appointed a member of the Division of Analytical Chemistry at Pratt Institute. Two City College men, William F. Ehret, '22, and George Edwin White who was graduated "Summa Cum Laude" last June, have received appointments. Homer T. Newton of the University of Missouri is the other addition to the staff.

Professor Briethut, who resigned last term to become Foreign Trade Commissioner of the United States, visited the college during the summer. His headquarters have been transferred from Germany to France.

CAMPUS MEETING

There will be a meeting of the Editorial and News Staffs of the "Campus" this Thursday, at 12 P. M. sharp. Attendance is essential and compulsory.

Campus candidates will meet in the News Office promptly at 1 o'clock Thursday.

GRID MEN ROUNDING INTO FINE SHAPE

Prospects Brighten as Teams Wind up Work of First Scrimmage in Impressive Fashion

PLAYS SCORELESS TIE WITH ST. JOHN'S TEAM

Practice Game against Brooklynites Sheds Valuable Light on Strength of Team Which Makes Fine Showing

Varsity football prospects look considerably brighter than they did one week ago. Since that date two experienced and highly valuable men have come into the fold. They are Charlie Reiser and Bob Philidius, both well-known to Lavender gridiron enthusiasts. Reiser, who made a name for himself as fullback on the 1925 freshman team by his great plunging in the N. Y. U. game was held back from reporting by parental objection. Philidius, who was delayed by a short illness, was Coach Parker's pride as end on last year's frosh eleven.

These men fill in two of the weak spots in fine fashion. Reiser is playing fullback in place of Moe Cohen, who has not yet been declared eligible by the authorities, while Philidius will hold down the end where good men are scarce.

Coach Neville put the squad through a very profitable week's work. The program of activities was stiffer each day than it was on the preceding one and the squad clearly shows the results. The men are in fine physical condition and are playing a much higher grade of football than they showed a short time ago. In fact, the College is taking down the black crape and is beginning to entertain fond hopes for the future.

The daily practice consisted of the usual drill on the fundamentals, a session with the dummy, specialized work, and concluded with a stiff scrimmage.

The backfield looks good. Roy Plant, at quarter; Lou Oshins and Jack Levinson, halves, and Charlie Reiser, fullback, make a fine working combination. Plant, while he is carrying the ball very little himself, is showing great adeptness at running the team. The 1925 flash is also demonstrating surprising drop-kicking ability, booting the ball between the bars from long distances and difficult angles. Levinson and Reiser are plunging in great style.

Lou Oshins, veteran back, is playing the best ball of his career. The scrubs find it almost impossible to stop the hard-running, dodging, twisting, fighting Lou. Oshins had the honor of making the first touchdown of the season, in one of the scrimmages last week when he made several beautiful runs and finally took the ball across the line on an off-tackle play. In addition, Lou is doing some first-class punting. He is averaging fifty yards with plenty of height and twist and getting them off quickly.

The linesmen are working valiantly to build up the shattered Lavender forward wall and are making progress with great strides. Lou Williams a newcomer, has successfully held off all other aspirants to fill Jack Schtierman's shoes at center, to date. Williams, while he is no giant physically, has proved himself one of the scrappiest men on the team. At tackle,

(Continued on Page 5)

First Issue of "Mercury" to Be Known as "Pigskin Number"—Out Oct. 1

The first issue of Mercury, the college's humorous magazine, will appear on the campus October 13 according to an announcement made yesterday by Douglas Willington, Circulation Manager of the comic. The issue will be called the "Pigskin Number," and will celebrate in prose and verse, and in black and white the humorous side of the great collegiate game. It is expected that the first batch of copies of the magazine will come off the press in time for distribution at the St. Stephen's game in the Stadium. Members of the "U" will probably receive their copies in the Concourse on Monday, October 15th.

The Pigskin Number will mark the opening of Mercury's second year as a comic magazine, and according to H. L. Sakolsky, Editor-in-Chief, the coming issue will be fully as good as, if not better than, the Commencement Number of last June, which received widespread approval from the students generally. Sakolsky told a reporter for The Campus that Mercury expects to travel a long way this year toward the ultimate goal set for the magazine—"the best college comic in America."

The Football "Merc" will have one of the best covers ever drawn by Sam Sugar, its Art Editor, and the inside art work will be fully up to the standard set by the cover. A double-page center spread by Herman Getter is one of the features of the issue.

The literary work will include contributions in verse and prose by Abel Meeropol, Howard Hintz, Barney Pfen-

sterstock, and Sidney Wallach. Pete Denker, Mercury's versatile Business Manager of last year, has graduated and is now at Cornell Medical College, but will remain on the staff as a literary contributor. Some of his work will appear in the forthcoming issue.

The managing staff of the magazine, as a result of the annual elections, presents a somewhat different line-up from that of last year. Hy Sakolsky, who, together with Pete Denker, established "Merc" last year as a comic magazine, remains as Editor-in-Chief. Al Baum, last year's Advertising Manager, has been elected Business Manager, while Sam Sugar remains as Art Editor. Abel Meeropol is the new Managing Editor, Howard W. Hintz is Publishing Editor, and Doug Willington is Circulation Manager. The other members of the staff have not as yet been announced. Both Sakolsky and Baum have issued calls for candidates for the staff. The invitation, although addressed to the college at large is particularly extended to freshmen.

Competition for positions on the staffs, art, literary, and business, will start next week. Men who are interested in making the "Merc" staff should apply in Room 410, Main Building, for interviews.

Contributions to the November Number of Mercury, which is scheduled to come out the middle of November, must be in the hands of the Managing Board before the last of October.

ALUMNI PAGE

Published at the close of each month of the college term. This is the first issue of the tenth year of the Alumni Page.

PUBLICATION COMMITTEE FOR THE ALUMNI

CHARLES A. DOWNER, '86, Chairman.
LEWIS SAYRE BURCHARD, '77. FREDERICK B. ROBINSON '04
SIGMUND POLLITZER, '79. LORENZ REICH, JR., Feb. '11

Alumnus Editor DONALD A. ROBERTS, '19

Alumni are not only invited, but urged and entreated to mail immediately to the Alumnus Editor, at the College, all news items that concern them. News is not likely to reach the editor while it is still news unless you send it yourself.

THE WORLD'S GREAT AGE BEGINS ANEW.

With this issue of the Campus, Alumni activities for the coming College year have their real beginning. There is little for the Alumni Editor to report concerning the events of the summer. The Summer Session was the largest in the history of many large and successful Summer Sessions at the College. Director Daniel W. Redmond and all of the instructors who have so far reported say that the students were among the most alert and studious that they have come in contact with at the College. Considering the high standard maintained by the students in the regular sessions, this is high praise. Figures are not available concerning the registration this Fall, but it is confidently expected that the usual announcement—larger than ever—will be in order in the near future from Dr. Gottschall's office.

There are just a few words by way of announcement that we wish to make concerning Alumni affairs. The gala event of the Association, the Annual Dinner, will take place in the Grand Ball Room of the Hotel Commodore on November 10th at 6:30. Full details will be forwarded later. We give the date prominence in this column so that you will be sure to reserve that evening for Alma Mater's sake. Herbert M. Holton, '99, Chairman of the Committee, promises a real City College affair, by which he means that the "talent" will be, as far as possible, from our own ranks and the subjects discussed will deal particularly with the College rather than with outside matters.

We regret that this will reach you too late to inform you, or rather to reinforce Mr. Jacob Holman's announcement of the City College Club's Theatre Party on October 2nd. We, at least, can say that we hope you were there.

One final word to the forgetful. If you have not returned your questionnaire for the 1923 Alumni Register, won't you please bring joy to the heart of Mr. Green, Editor of the Alumni Register, and send it in at once. On his last post-card he warned you that unless you returned your questionnaire by September 22nd, you would not be listed among the famous. Large numbers are responding to that notice and we are still looking for replies from the few who remain silent. If you do not feel that you are famous enough, at least send in your name and address and be listed among the "sons of light".

VENTURA FUENTES, '89

As this issue of the Campus goes to press, word comes of the death of Professor Ventura Fuentes, '89, on September 23rd. A more extended obituary notice will appear in the City College Quarterly, but we wish here to voice the deep regret and the very real sense of loss to the College that we feel in his death. Although Professor Fuentes had been ill for some time and two years ago had been very near death, he appeared to be in sound health after his summer vacation in Cuba and was looking forward to continuance of his work at the College this fall. It is particularly sad to record the death of father and son in such a short space of time. The sole survivor of the family is a daughter under twenty years of age.

MRS. NEWMAN THANKS CONTRIBUTORS TO FUND

Members of recent classes who were graduated from Townsend Harris Hall and, therefore, are acquainted with Mr. Samuel Newman, who served for so many years in the office, will be pleased to note the contents of the following letter from Dr. G. Payn Quackenbos, Assistant Director of Townsend Harris Hall:

May 22nd, 1923.
"To Those Who Contributed to the Newman Fund."

Gentlemen:
"I have the honor to report that the fund which was started for the benefit of the family of the late Mr. Samuel Newman reached the total of \$2568.38. The full amount has been collected, and has been paid over to Mrs. Newman.

"Mrs. Newman writes that it is a most difficult task adequately to express her sincere and deep appreciation of the gift, and requests that her heartfelt thanks be conveyed to all who participated in the generous contribution.

"The fact that the flow of contributions only recently ceased, has caused the delay in the issuance of this statement by the treasurer of the fund.

Very sincerely yours,
(Signed) G. Payn Quackenbos, Treasurer.

FAMILY ACKNOWLEDGES LAUTERBACK MEMORIAL

The following letter from Miss Helen Lauterbach was received in acknowledgement of the Resolutions in memory of our late brother, Edward Lauterbach, which were forwarded to her this spring:

"The Associate Alumni of The College of the City of New York.

Gentlemen:
In behalf of the family of Edward Lauterbach I thank you for the very beautiful memorial you sent us. It will always be highly treasured by his family. In their name and my own our thanks are offered you by

Yours most sincerely,
(Signed) Helen Lauterbach
July Ninth.

PROF. M. R. COHEN TO TEACH AT NEW SCHOOL

During the coming year, Professor Morris R. Cohen of the philosophy department will deliver a course of thirty-six lectures at the New School of Research. His topic will be the "Thought of the Nineteenth Century."

POST GRADUATE DEGREES

The following graduates have been granted the degree of Bachelor of Laws by Columbia University in June, 1923:

Nathan Abramowitz, '20; Maurice Bernhardt, '20; Emanuel Hirsch Bloch, '20; Edward L. Cohn, '20; Edward Mishell Garlock, '20; Jacob Grumet, '19; Fred Iscol, '20; Maurice Isermann, '20; Henry Klein, '21; Arthur Wald Lichtenstein, '21; Leon J. Linder, '20; Irving Lipton, '20; Paul Livoti, '20; Israel A. Needleman, '21; Julius Reading Oltarsh, '19; Abraham Julius Rosenblum, '20; Robert Vincent Santangelo, '18; Solomon Traub, '20.

Louis Jack Berg, '20, received his M. D. from Columbia University in June, 1923; and Samuel Monash, '12, received the degree of Doctor of Dental Surgery. Walter Labdon Foster, '17, was granted the Degree of Metallurgical Engineer by Columbia University, in June, 1923.

The following received the Degree of Master of Arts from Columbia University in June, 1923:

Asher Achinstein, '22; Moses B. Cuba, '22; Alan DeWitt, '21; David Edelstein, '22; George William Fischer, '13; Maurice Friedmann, '17; Samuel Israel Gertler, '22; David Sidney Goldberg, '17; Harry Goldberg, '17; William Heilbraun, '20; Melville Jacobs, '22; Aaron Harry Jaffe, '19; Bernard Jaffe, '16; Oscar I. Janowsky, '21; Leo Lehrman, '21; Morris Mattikow, '21; Henry Harold Meltner, '13; Vally Menkin, '22; Hyman William Mostow, '22; Munjou Moses Nagelberg, '22; Joseph Ratner, '22; Leon Joseph Regard, '15; Nathan Savitsky, '22; Lewis Alfred Scheuer, '22; Henry Semat, '22; Louis Silverstein, '20; Louis Thuor, '21; Joseph Edward Walz, '20; Charles Weiss, '16; Samuel Dinia, '22; Morris Feldman, '19; Joseph N. Friedman, '19; Adolph Glassgold, '22; Hyman Etor Hirsch, '21; Nathan Lazar, '22; Abraham Lazer, '21; Abraham Mark Levien, '21; George Morgenstern, '17; George L. Paley, '15; Bernard Shomay, '20; Max W. Schweif, '20; George J. Weinstock, '13; and Jacob Benson Zimmerman, '19.

The following received the Degree of Doctor of Philosophy from Columbia University in June, 1923:

Arthur E. Albrecht, '16; Harry Langman, '11; Victor Ross, '16; Aaron Ruderman, '20; Joseph Tulgan, '21; and Louis Weisner, '22.

Max Berkowitz, '20, received a Certificate in Optometry from Columbia University in June, '23.

The Degree of Medicine was conferred upon the following by Coriell University Medical College in June '23:

Cullen Adlerblum, '12; Jacob Applebaum, '19; Lionel Sandler Ausser, '19; Joseph J. Berkowitz, '18; Melvin Morris Brodie, '17; David Danshelsky, '19; Sidney Harold Freilich, '19; Michael Iserman, '19; Benjamin Jacobs, '19; Charles Kantor, '19; Philip Levine, '19; Lawrence Levy, '17; Leo Markowitz, '19; Samuel H. Nerenstone, '18; Philip Reichert, '18; Lester Rosenberg, '17; Samuel Silber, '19; Samuel W. Vernick, '19; Samuel Weinreb, '20; and Samuel Weinstein, '20.

The following received their degrees from New York University in June, 1923:—

Master of Arts: G. Victor Brown, '18; and Nathan Sher, '19.
Juris Doctor: Jacob Cottin, '20; J. David Delman, '18; Joseph F. Finkelstein, '20; Martin C. Friedberg, '18; Henry Jacoby, '18; John Kammitter, '20; Charles Korn, '20; Louis Krown, '20; William Lindenbaum, '19; Max Lipschitz, '20; Martin M. Platt, '18; Jesse S. Richman, '19; Philip Silver, '20; Fisher Fred Stahl, '17; and Jacob Tepper, '20.

Doctor of Medicine: Solomon Ben Asher, '19 and Jacob Goldberg '17.

John F. X. Finn, '20, received his degree of Bachelor of Laws from the School of Law, Fordham University, summa cum laude. He was awarded the prize of \$50 in gold for the highest average for the third year work in the evening division of the class.

THE FOOTBALL SCHEDULE.

Saturday, October 6, Drexel College, at Stadium, C.C.N.Y.
Saturday, October 13, St. Stephen's College, at Stadium, C.C.N.Y.
Saturday, October 20, Delaware University, at Stadium, C.C.N.Y.
Saturday, October 27, Hobart College, at Stadium, C.C.N.Y.
Saturday, November 3, Conn. Agri. College, at Storrs, Conn.
Saturday, November 10, New York University, at Stadium, C.C.N.Y.
Saturday, November 17, Fordham University, at Fordham Field, N.Y.

Note.—Home games promptly at 2:00 P. M. Entrance to the Stadium: 138th Street and Amsterdam Avenue.

FOOTBALL

Beginning three years ago with an unpretentious Freshman Eleven, the students of the College have worked their way up to a very respectable position among College football teams. For the first two years they have been playing Varsity Football of the high type. With the hearty co-operation of the Faculty and the assistance of the paid coaches, together with several volunteers, the team has been practicing for several weeks in preparation for its first game with Drexel in the Stadium on October 6th.

Nothing can so encourage the undergraduate team, however, as a large attendance at all the games in the Stadium. Alumni who have free Saturday afternoons will find real exhilaration in watching their younger brethren struggle against more powerful opponents in our Stadium. The games, whether victories or defeats, are always worthwhile, not alone as sporting events but as College affairs.

The special attention of the Alumni is called to the game with New York University, which is, of course, the most important one of the year, and which takes place in our Stadium on Saturday afternoon, November 10th. If you are going to the Alumni Dinner that evening, why not spend the afternoon in the Stadium and see what the boys of today do before you renew acquaintances with the old boys at night. Home games are called at 2 p. m.

The yearlings face an ambitious schedule this year, with most of the contests taking place on foreign fields. Included on the card are two metropolitan freshman teams, N. Y. U. and Fordham. The remaining opponents are the leading high schools in the vicinity.

WHAT OUR MEN ARE DOING

'65. Dr. Ira Remsen received the Priestley Medal at the last Annual Meeting of the Chemical Society held at Marquette University, Milwaukee, Wis. The medal is given annually for distinguished service to chemistry. A fellow worker recently made the following remarks concerning Dr. Remsen's career: "He has never taken out a patent or turned his head to commercialize any of his discoveries and he has always taught pure chemistry, yet few men have had so great an influence on applied chemistry."

'77. Gen. George W. Goethals was a personal representative of Governor Smith at a recent conference of Governors called to discuss the coal problem.

'95. Oscar W. Ehrhorn was named on the slate suggested by the Republican County Organization as candidate for Justice of the Supreme Court at the coming election. The names of Gustave Hartman, '00 and Bernard Hershkopf were also on the list.

'94. Bernard Naumburg was suggested by the Democratic Club as a candidate for Justice of the Supreme Court for the coming election.

'98. Robt. F. Wagner, President of the Associate Alumni, spent the greater part of his summer and fall in Westchester, presiding at the lengthy trial of Walter S. Ward. He was appointed to this work by Governor Smith.

'00. Felix Grendon, Assistant Professor of English at the College, is seriously ill in London, where he spent a sabbatical year.

'04. Professor J. Salwyn Schapiro, one of the most brilliant and popular Professors at the College, gave graduate courses in the Summer Session at the University of Colorado. "Silver and Gold," the newspaper of this western university, quotes Dr. Schapiro as saying that he has in preparation a "History of the European Mind in the 19th Century."

'05. Mark Eisner is being congratulated upon the arrival of a baby daughter on September 11th.

'07. M. Maldwin Fertig, President of the Bronx Y. M. H. A., presided at the dedication of the new Bronx Y. M. H. A.

'19. Gerard G. N. Vriens, well remembered for his work on the Varsity Track Team, was married on June 20th to Miss Maud Mara Coffey.

'19. Jacob A. Wieser, '19, assisted by Benjamin Blau, '18, is the producer of the very excellent tragedy,

OBITUARIES

(More complete obituaries will be found in the next issue of the City College Quarterly.)

Belfour, '54. Edmund Belfour, D. D., for many years the oldest living alumnus of the College, died July 5th, 1923.

Chapman, '67. Henry Fowler Chapman, of the Class of '67, died after a brief illness on August 17, 1923.

Kiernan, ex. '72. Dr. James G. Kiernan, died in Chicago, on July 1st, 1923.

Henry, '76. Charles I. Henry, of the Class of '76, died suddenly at Marblehead, Mass. on August 4th, 1923.

Koehler, '88. Edwin H. Koehler, of the Class of '88, died suddenly on the 27th of August, 1923.

Fuentes, '89. Professor Ventura Fuentes, of the Class of '89, died on Sunday, September 23, 1923.

Smith, '93. Frederick Lorenz Smith of the Class of '93, died on February 13th, 1923.

Laski, '94. Lebn Laski, of the Class of '94, died July 28th, 1923.

Harris, '80. Alexander H. Harris, of the Class of '80, died on August 22nd, 1923.

Cloutier, '07. Edwin C. Cloutier, of the Class of '07, died July 14th, 1923.

Wiener, J. '12. Morris Wiener, of the Class of June 1912, died September, 1922.

Charos, '20. Harry Charos, of the Class of 1920, died September 17th, 1923.

Silver, '23. Morris Silver, of the Class of 1923, was drowned while serving as Councillor at a boys camp, on July 12th, 1923.

Fuentes, '23. Robert Fuentes, son of Professor Ventura Fuentes, '89, died suddenly of heart disease on September 15th, 1923.

"Children of the Moon" now playing at the Comedy Theatre. The play has been highly commended by all the more prominent dramatic critics in New York.

ex-'20. Albert C. Schweizer was graduated last June from Massachusetts Institute of Technology with a Bachelor of Science in Architecture. Throughout his course he has been an honor student and during his Senior year received the Chandler Sketch Prize, the Rotch Prize for general proficiency throughout the course, and the American Institute of Architects Medal for proficiency in Architecture. He has been appointed instructor of Descriptive Geometry and Architectural Design at M. I. T.

Mr. Alumnus:—

As one interested in the college, you will desire to keep more informed with its activities and affairs. The Campus as the official organ of the College contains news of all matters concerning the College that are of interest to all attending, or who have attended our Alma Mater.

Knowing that you are desirous of keeping in touch with the College and its activities we are appending a subscription blank, for you to fill out and return to us.

Very truly yours,

THE CAMPUS ASSOCIATION, Inc.
139 St. Convent Ave.

Date.....

I herewith enclose \$2.50 for one year's subscription to The Campus, commencing with the next issue. I am to receive fifty issues a year, postage prepaid.

Name.....

Address.....

City.....

You can't afford to be out of touch with your Alma Mater for period of a month. Tear out, fill in, and mail at once.

X-COUNTRY AND TRACK MEN START PRACTICE

Manager Berson Issues Call for Candidates to Which Many Veterans Respond.

The "hill and dalers" of C. C. N. Y. responded with good spirit to Manager Berson's call for candidates. Many veterans were to be seen among the material available.

The nucleus of the team is made up of the following harriers: Capt. "Cy" Reisman, "Charlie" Dain, "Bob" Bernhard, "Cornelius" Seon, "Tony" Orlando, "Dave" Lieberman, "Saul" Seigelschiffer, "Red" Brodsky, "Riley" Horrack, Stark, Marcus and Keaveney.

Coach MacKenzie, chief mentor of all sports, ably assisted by "Speed" Friedman, former City College star, are rounding the men into shape. The team is weakened by the loss of "Jake" Patent, ex-captain, who is in the evening session, and also by the graduation of Hamburger and Parisi, and the disability of "Pinkie" Sober.

The coaches will be ready to consider new candidates every afternoon from 1 to 6. Practice will be held every Tuesday and Thursday at Van Cortland Park.

Manager "Rube" Berson has completed the following schedule for the team:

Oct. 20—Fordham University (tentative.)

Oct. 27—Metropolitan X-Country Run. The following colleges will compete; Columbia, N. Y. U., C. C. N. Y., Rutgers, Fordham and Brooklyn Poly.

Nov. 3—Lafayette College (in N. Y.)

Nov. 10—N. Y. U.

Nov. 17—Brooklyn Poly (tentative.)

Nov. 26—Intercollegiate X-Country Run (in N. Y.) to which every college in the country will send its representatives.

David Kurke, '26, manager of the freshman team, is working on his schedule for this season. More freshmen will have to report for the squad. Prof. Williamson will discontinue Frosh cross-country unless a larger squad reports for practice.

FENCING CLUB COMM. WILL HOLD MEETING

A meeting of the Executive Committee of the Fencing Club will be held this Thursday at 12 o'clock in Room 214.

CONTEST ANNOUNCED FOR FOUL SHOOTERS

All Men Are Eligible For The Gold Medal Which Coach Holman Will Award

With the first basketball practice of the season scheduled for October 4th, under the direction of Coach Nat Holman, Manager Walter Blum has announced a novel contest to encourage better foul-shooting among team candidates.

The new basketball rules call for foul-shooting by the men on whom fouls are committed and, as a result, accurate shots from the fifteen-foot mark will be in great demand. The contest consists of shooting the greatest number of foul shots out of twenty-five attempts. Entrants will not compete against Varsity or last season's freshman players. Coach Holman will award a gold medal to the winner of the contest, and it can be easily seen, the men who make the best showings will be given try-outs for the team.

Names must be left in the A. A. Room, addressed to Manager Blum, within a week from today. Appointments for the contest will be arranged and any men who fail to appear for their tryout will be disqualified.

Regardless of class or academic standing, every student who has not played Varsity or 1926 freshman basketball, is eligible to compete for the medal and opportunities.

COMEDY THEATRE RESERVED FOR C.C.N.Y.

The Comedy Theatre, where the "Children of the Moon" is being produced by Jacob A. Weiser, and Bela Blau, both '19 men of City College, has been reserved by the City College Club for Tuesday evening, October 2. Tickets can be obtained at the City College Club, 46 East 50th Street, or at the Co-op store for \$1.10.

VARSITY GRAPPLERS EXPECT GOOD SEASON

Manager Chandruc Preparing Stiff Schedule for Lavender

Prospects for the wrestling team are brighter than ever before in the four years existence of the sport at C. C. N. Y. Seven veterans have returned to college: Spitz, Rifkin and Kriloff, lightweights, and Captain Finkel, Wolff, Bishoff and Magid in the heavier classes.

A stiff schedule is being arranged for the amtmten by Manager Chandruc. At present seven tentative meets have been arranged. Our grapplers will hook up with both Stevens Tech. and Brooklyn Poly in home-and-home engagements. In addition, Columbia, Syracuse and Lafayette will be met, the last two on our own mat.

Captain Finkel expects his team to win the majority of its encounters. Although weakened by the loss of ex-Captains Silver and Bialostowski, the latter at present holding Met. and State amateur championships in his class, a strong array of grapplers will defend the Lavenders. Rifkin, in the 112 lb. class, promises to be a second Bylo. Spitz, whose good work last year did much toward the team's success, will probably represent the college in the 125 lb. class. For the 118 lb. division, Kriloff, another veteran, is making a fine showing. Captain Finkel, regular 145 pounder last season, until a broken finger forced him out of the game, will again wrestle in that class. Wolff, Bishoff and Magid, all consistent winners in their division last season, will do their best to put C. C. N. Y. on top.

The first practice of the wrestling team will be held Thursday, October 4th. Captain Finkel wants all candidates for the squad, both Varsity and Frosh, to report. With hard practice there is no reason why C. C. N. Y. should not be victors in several divisions in the Intercollegiate. Although the team is already strong, there is plenty of room for new material. Plans are being formed for an intra-college wrestling tournament to foster the development of new grapplers. A large number of candidates are expected to report for practice.

DEBATING TEAM TO ARRANGE SCHEDULE

June '23 Men Now Eligible for Debating Council—Team Contemplates Southern Trip

A newly added by-law to the Constitution of the Student Council permits the fourth member of the Debating Council to be a member of the June '23 class. All June '27 men who desire to apply for the position are requested to hand in their applications to Alex J. Whyman, the President of the Student Council, as early as possible.

The Debating Council is already at work arranging a schedule for this year. The first debate will take place toward the close of this semester. The prospects of the debating squad this term are very encouraging. Irving J. Levy, '24, the manager of debating, intends to arrange a Southern trip this year. He is negotiating with Penn State, Rutgers and several prominent Southern Universities in an effort to arrange a series of debates.

PROBLEMS CLUB HOLDS ELECTION OF OFFICERS

The election of officers and the formulating of plans for the coming semester were the main accomplishments at the reorganization meeting of the Social Problems Club last Thursday. Irwin C. Lerner, '25, was reelected president, I. Muroskin, '24, vice-president, H. Zamurate '24 secretary, and I. Knox '26 and A. Traiser '26, were elected student members. In addition to the regular lectures, the club will conduct several open forums, and will give a course of a sociological nature. Detailed plans for the class are not as yet complete, but will be announced in the near future.

CHAS. PIERCE'S ESSAYS EDITED BY PROF. COHEN

Professor Morris R. Cohen has collected and edited the philosophical essays of Charles S. Pierce, the originator of the doctrine of pragmatism. The collection has been published by Harcourt, Brace and Co., under the title "Chance, Love and Logic."

ALL ATHLETES MUST TAKE HEALTH EXAMS

In accordance with College rules, set by the Faculty Athletic Committee, all men desiring to take part in any branch of athletics for the ensuing term must have medical examinations. These examinations can be had any day, by appointment with doctors in Room 202 of the Hygiene building.

The men who pass the examination will be given yellow cards which will permit them to participate in any field of athletics. These cards must be presented to Head Coach Lionel B. MacKenzie, who will, in turn issue uniforms for the various teams and assign team lockers in the gym building.

This regulation will be made very stringent and members of the teams will not be permitted to practice until they have satisfactorily complied with it.

CHEMISTRY SOCIETY PLANS ACTIVE TERM

Scientific Work Will Be Intermingled With Social Activity—Prominent Speakers to be Secured

The Baskerville Chemistry Society which meets regularly on Thursdays is preparing to begin its program of activities outlined last semester. In cooperation with the Faculty, it will invite interesting and prominent men to address the students. The talks by its members, which were very successful last term, will be continued and encouraged. Discussions of scientific papers of practical importance will be emphasized more than heretofore. Interesting and instructive trips accompanied by a member of the faculty are to be held.

The social interests of the society will not be overlooked. In addition to its semi-annual banquet, preparation for other social events are being made—a smoker, a dance and probably a theatre party will be held.

The officers of the club for the coming term are:

A. Schmitt, '23, President; J. Schnell, Tech., Vice-President; F. Licata, '25, Secretary; I. Schnopper, Tech., Treasurer; V. Dickar, '26, Publicity; A. Pearce, Faculty Adviser.

RADIO CLUB TO GIVE RADIO COURSE

Prominent Engineers to Supplement Work of Members—Course to be Elementary

The Radio Club will this term follow its precedents of last year and the year previous by giving an elementary radio course open to the students of the college, which will be for their edification and enjoyment even though not counting towards college credits.

The principal speakers will be the more advance members of the club, although the main lecture will be one by Prof. Goldsmith, and his work will be supplemented by that of other engineers who will address the radio society.

All the lectures have been planned. The first lecture will be this Thursday, when President Carlisle of the radio club will open the meeting and outline the interesting points in the history of radio.

The second lecture, to be held on Thursday, October 11th, will also be given by Mr. Carlisle, who will explain in a very elementary manner the general way in which a simple radio receiver works, covering such parts of the set as the aerial, the ground connection, and the use of coils, a "detector" and head telephones.

GEOLOGY CLUB TO HOLD MEETING OCTOBER 4th

A meeting of the Geology Club will be held Thursday October 4, at 12 o'clock in Room 318. Bernard Fread will talk on "Photography of Outdoors." The lecture will be illustrated with screen projections of original photographs in colors and will deal with the technique of bird and animal photography.

The plans of activities for the term include hikes, lectures and photographic work.

CUSTOM TAILORING

ATTENTION IS INVITED TO THE ENLARGED AND COMPLETE SERVICE RENDERED TO COLLEGE MEN BY THE CUSTOM TAILORING SECTION OF THIS ESTABLISHMENT.

THE WOOLENS PRESENTED EMBRACE THE PATTERNS AND EXCELLENCE CONSIDERED MOST DESIRABLE AND THE MODELS ADHERE TO THE LINES AND CHARACTER FAVORED BY YOUNG ENGLISHMEN.

If the St. John's practice game last Saturday served no other purpose, it did well enough in allaying any fears we might have had concerning the future of the team. There is no getting around it; Coach Neville has thus far done a good job. After only two weeks of practice the team worked with a coordination and finish that was surprising, to say the least. The team "has got the goods" and the way it came through the stiff opposition furnished by the Brooklyn eleven augurs well for the future.

Right here and now we may as well scatter to the four winds our fears concerning the line. The line will not be our weak spot this season, as was supposed. It may not be as strong as last year's—and last year's line was superior in weight—but it was slow; sometimes too slow even to get started. This year's line may be light, but it is fast, can fight, and knows football.

The St. John's game proved this. On the defense the line broke through time and again to nail the runner in his tracks. On the offense it handled itself with a precision that, after only two weeks of practice, was remarkable.

We must turn from generalizations for a moment to mention the name of one man whose performance was exceptionally brilliant—Larry Schiff. In Schiff, Coach Neville has a tackle who is a host in himself. That boy played some game Saturday. Nobody could hold him back; he just went through and smeared every opposing play without discrimination or scruple. Yes, a few more men like Schiff and every pessimist would be singing "Gaudeamus igitur" from the house tops.

When it comes to the backfield, here is one place where the team is vastly superior to last year's—and touchdowns ought not to be scarce. One reason why the team worked so smoothly was—Roy Plaut at quarterback. It is really surprising what a good quarterback can do for a team. If last year's varsity had had a good field general.....With Plaut running the team, there was reason behind every move, and, best of all, the men worked with a confidence and snap which made the team look like something more than simply eleven men on the field. It was a real football unit.

City College used few plays. But what plays were used were good and were executed in machine-like fashion. There were no fumbles or mix-ups. Every man knew his part and carried it out with exactitude. Every man was well drilled and well grounded, a perfect-working cog in a machine, whose aim was to "carry forward."

A few words about the ends, and we have said about all there is to be said about the team. In this department the team is also stronger than last year's. Cary and Bienstock, who started at the wings, showed worlds of ability and promise. Better than any end we had last year, they are deadly tacklers. The experience of a few games under their belts, and they are what might be called finished products.

Bob Philidius, who was a sensation as end on last year's freshman team, broke into the game for a few minutes and lived up to everything that has been said about him. Bob has just recovered from an illness and was in uniform only two days, but for the short period he was in action gave a classic exhibition. He will undoubtedly be in satisfactory condition by Saturday and Coach Neville will start him against Drexel.

PARKER AND FRESHMAN FOOTBALL

With Dr. Hal Parker once more in charge of the freshman squad, City College men are assured of the successful outcome of another yearling season. As a coach, Parker has cut his niche deep into City College athletics. A former Penn star, he came to us last year and turned out a freshman team which was a source of pride to Lavenderites. His brilliant coaching has given several stars to the varsity this season. Parker's success with the freshman eleven earned him the confidence of everyone and he was placed in charge of yearling basketball and baseball where he continued his success. In coaching football, he has a way all his own, which for thoroughness and developing natural ability, is unbeatable. You freshmen, who are lucky enough to be under his tutelage, we both envy and congratulate you. You are under the supervision of a fine personality, and if you are faithful in following his instructions, you will find yourselves playing on a team which will be second to that of no freshman eleven in the country.

BIO CLUB PLANS TO EXTEND ITS ACTIVITIES

The first meeting of the term of the Bio Club will be held Thursday, Oct. 4, at 12 o'clock in room 319. The purpose of the meeting is to complete the plans of activity for the coming semester and to elect a new president to take the place of Ed. Levine who has not returned to the college.

It is expected that the club will widen the scope of its activities considerably.

An earnest endeavor will be made to stimulate research work among the members who will be afforded an opportunity to present accounts of their investigations to the society. Provisions for interesting field trips will be made.

FRESHMEN ELEVEN SHOWS GOOD FORM

Coach Parker Takes Men Through Stiff Workouts in Preparation for First Game

ALL-SCHOLASTIC MEN WORKING FOR BERTHS

Captain to be Elected After the Game With White Plains This Saturday

Coach Parker has taken his proteges through a strenuous week of practice in preparation for the first game with White Plains High School, at White Plains on October 6. The coach has a group of real football players under him, men who know the game and who have played it, in direct antithesis with the handful of raw, inexperienced players that Coach MacKenzie had to cope with in 1921.

This year's yearling team is strengthened greatly by the number of high school players who were stars on their respective prep school teams. With such a strong aggregation Coach Parker is due to turn out an undefeated freshman team this year. He whipped the team into shape last season with such success that it came through with but a single defeat.

The prospects for a successful season of yearling football are very good with the abundance of material that Coach Parker has to mold. The men on the field are expending their efforts to bring the Metropolitan Championship to City College this year and with the progress they are making the possibilities are particularly good.

The team has a hard schedule this year. To the five teams played last year, White Plains is the only newcomer. The five weeks following the game with this school, the team will meet Evander Childs, Mamaroneck, Stuyvesant, Fordham, Freshman and the N. Y. U. Freshman. The only home game this season is that against Stuyvesant High School.

LOST—\$20 bill Wed. afternoon Sep. 26. Finder please communicate with yocker 1588. Money sorely needed. Reward.

VARSITY PLAYS WELL IN PRACTISE GAME

(Continued from Page 1)

Larry Schiff is playing a bang-up game. In one of the scrimmages last week Larry broke through the second line, blocked a punt, picked up the ball and ran for a touchdown. Al Washor is handling the other tackle job with Abe Elk fighting him all the way. Lew Chomsky, Jim Flattery, Major Ringel and Sap Friedman are fighting tooth and nail for the grand berths. It is still a mystery which pair Coach Neville will see fit to select.

The wings are being ably filled by Bob Philidius and "Red" Bienstock. Both men are adept at spearing forward passes and smearing end runs. Frank Parisi, varsity track captain elect, is showing wonderful results as second team end. Frank broke through several times, in scrimmage last week, and dropped the varsity fullback before he had a chance to get the forward pass on it sway. Frank's speed and deadly tackling are proving a wonderful combination.

Mike Garvey looks as good as ever as a drop-kicker and John Clancey also, is showing surprising ability in this field.

Last Saturday the varsity got its first taste of actual competition when it tackled St. John's College in the Stadium. Considerable light was shed on the strength of the team, which gave a satisfactory account of itself, indeed. The teams battled to a scoreless tie.

Much light was thrown on the prospects of the team. Those Lavenderites who viewed the game from the outside—the gates were closed as in secret practice—certainly left with their hopes for the team much higher than before. The line, conceded to be the weak point, bore its part well and gave indication that when the rough spots are polished off during the week and it takes the field against Drexel, there will be far less to worry about than was supposed. The men held well on the offense, and, on the defense, roke through time and again smearing visitors' plays. In the latter respect, Larry Schiff, in the role of tackle, played a part all his own. Before he was removed at the end of the

first half because of a minor injury, any opposing back who was brought down behind the line was inevitably thrown by him. The other men, Lou Williams at center, Abe Elk and Sap Friedman at guard, and Lou Washor at tackle played a scrappy game and displayed distinct superiority over their opponents in line technique.

At the ends, an encouraging tale was unfolded. Bienstock and Cary, two new men, started at these posts and exhibited ability that was surprising. Many a fine tackle was made by deed. Bob Philidius, star freshman end, also was given an opportunity to work out in his favorite position and lived up to all that was expected of him. At first it was not thought that Bob would be called upon, for he has just recovered from a minor injury, and having donned his uniform only two days before the game, was practically in no condition for competition. However, a pinch arose where Philidius' ability and experience were necessary, and when the crisis was over, Philidius left the field leaving Lavenderites assured that when he fills in at one of the wing posts, as he undoubtedly will in the first game with Drexel, the ends will be capably taken care of.

"The New Architecture"

A DISTINCTLY new tendency is apparent in architectural thought and design today. Architects are designing in masses—the great silhouette, the profile of the building has become of far greater importance than its detail. There is a new vigor and ruggedness even in buildings which are conventionally classic in their detail. Masses mount upward, supporting the tower, accentuating its height. The new architecture is tending toward great structures rather than multiplicity of detail.

Certainly modern invention—modern engineering skill and organization, will prove more than equal to the demands of the architecture of the future.

LARGE TURNOUT AT FRESHMAN ASSEMBLY

Dean Brownson and Al Whyman Speak on Academic and Extra Curricular Phases of College.

"Don't get into the dolorums. Show your individuality by doing the same thing every one does but doing it better," pleaded Coach MacKenzie at the Freshman Assembly last Thursday noon.

The Freshmen, as usual, were informed of the academic phase of college life by Dean Brownson and of the extra-curricular by Al Whyman and Warsoff. "Sid" Rosenberg, '25, spoke on the benefits of Union membership while "Doc" Edelstein, '24, explained the intricacies of the Frosh Rules. "Mac" delivered a stirring talk on "Individuality." He laid stress on the value of the policy of doing things better and thus paving the way for a better college. Walter Jacobs, '25, cheerleader, taught the Frosh the "Big Varsity" and "Alla-ga-rou."

Dean Brownson, who was the first speaker, characterized the college as an institution that gave "an A-1 education before your grandfathers were born and will keep on in the same way and in the same place after your grandsons are dead. Many leaders in the life of this great city—both in the professions and in public life—have been produced by the college," stated Dean Brownson.

The Dean gave the Freshmen some very practical advice on the subject of scholarship. He informed them of the fact that C. C. N. Y. had not at any time lowered its academic standards in any way, notwithstanding the lowering of the requirements at many other institutions throughout the country. He advised men who find it necessary to work while attending college to arrange their programs in such a way that they will be able to do justice to both phases of their activity.

THREE MEN ADDED TO BIOLOGY STAFF

New Appointees are all From Below Mason-Dixie Line—Two Are From Georgia and One From Virginia

Three new tutors, all Southerners, have been appointed to the Biology Department. Two of the men, Philip Jones and Herbert Johnson, are teaching General Biology in the places of Dr. Anderson and M. Berman who have not returned to the college. Mr. Philip Jones, who received his B. S. at the University of Virginia, has taught at the U. of P. and has done some interesting research work there. At present he is continuing with his investigations in Mosaic at Columbia.

Mr. Herbert Johnson received his B. S. from Mercer University, Macon, Georgia, in 1918. He continued his education at Columbia where he received his A. M. in 1920. From 1920 to 1923 he was assistant professor of Zoology at Columbia.

The other appointee is Edward E. Grossman, tutor, in Physiology. He received a B. A. from Washington and Lee in 1917, and an M. A. from Columbia in 1922. Upon his graduation from Washington and Lee, he became a Lieutenant in the Infantry Division of the American Expeditionary Forces.

NEWMAN CLUB HOLDS MEETING FOR FROSH

A special meeting of the Newman Club was held last Thursday immediately after the freshmen chapel in Room 112 primarily for the purpose of welcoming the incoming Freshmen. The speakers were A. I. Du Pont Coleman, honorary faculty member, and John Clancy, president of the Club. President Clancy, in his address welcomed the incoming members on behalf of the club, and informed them of the Frosh Banquet to be given by the club in the near future at Newman Hall.

Professor Coleman then delivered a short talk in which he encouraged all the members not only to support the social and religious activities of the club but also those of the whole college. He maintained that participation in extra curricular activities by Newman Club members was especially desirable.

UNION ENROLLMENT PASSES 1000 MARK

Freshman Class Exceeds All Records in Number of Tickets Bought

Within one week after the "U" campaign was launched, over 1,000 students joined the organization. Statistics indicate that in about one week the maximum "U" subscriptions will be reached. Especially marked is the spirit with which the freshmen class is supporting the campaign. Over one half of their numbers has already joined. In fact, according to Sidney Rosenberg, '25, chairman of the "U" committee, the class of 1927 will probably exceed all records for the rapidity with which they have bought their "U" tickets. He is confident that this year will be a most successful one for the "U".

The ruling to the effect that all men engaged in extra-curricular activities must be members of the "U" will be strictly enforced. All members of the varsity teams and squads members of publication staffs, class officers and men engaged in extra-curricular activities of any nature must be members of the "U" before the end of next week or they will be forced to relinquish their extra-curricular work. Checking up among football men, members of publication staffs has begun. This work will cover all activities, including class officers.

Y. M. C. A. HOLDS FIRST MEETING IN YONKERS

Cabinet and Members Gather at Wallace Lodge to Discuss Year's Program

Practically the entire cabinet of the college Y. M. C. A., as well as a number of lay members, assembled at Wallace Lodge, in Yonkers, on Thursday, September 20, to discuss plans for the coming year at City College.

The meeting convened at 11 a. m. with President Fleckles in the chair. The morning session was devoted mainly to the discussion of broad issues and policies. The principal questions concerned the methods in which the "Y" could best serve the college. It was agreed that this could best be accomplished by maintaining a high standard of conduct at the college, by aiding in the fostering of college spirit and pride, especially in the men of the freshman class as they entered, and by promoting social activities and good fellowship among all the students at the college.

The afternoon was spent in discussion of the work of various committees. It was decided to arrange a joint conference of the "Y", the Newman Club, the Menorah, the C. D. A. and the Douglass Society, for the purpose of arranging a program for the promotion of college spirit.

Plans for the freshman supper, the discussion groups and the regular monthly supper meetings were also discussed. The "Y" hopes to have members of the faculty present at these meetings, in order to bring the faculty and students into closer relationship.

SUCCESS IN YOUR PROFESSION

is, of course very largely influenced by the thoroughness of your training. Schools and colleges necessarily differ—and as might be expected in a newer field such as Chiropractic—the differences are exceedingly marked.

The CARVER INSTITUTE, the first great school of Chiropractic in the world, with the highest entrance requirements and standards of any, numbers Doctors of Medicine and of other college graduates among its students and alumni appeals very strongly to college men.

MENORAH TO LAUNCH MEMBERSHIP DRIVE

Faculty And Students Will Be Invited to Join—Smoker Planned for Freshmen

The Menorah campaign for membership will be officially launched at the society's first meeting which will be held this Thursday at one o'clock in Room 126. The campaign will continue three weeks during which time strenuous efforts will be made to attain the quota of 500 members. Both faculty and members will be invited to join. The membership fee is one dollar and affords the holder the privilege of participation in all Menorah activities. These include the use of the Menorah library, classes, forums and also the Menorah Journal, the society's inter-collegiate bi-monthly magazine. This magazine publishes articles on problems of Jewish interest by internationally-famous men.

The plans also include a smoker of welcome for the incoming freshmen. Announcement of the exact date of the smoker will be made during the campaign. If this event proves successful, the same practice will be repeated next term and will probably become a permanent part of the Menorah's social activities.

Menorah classes will hold their first sessions on October 14. Classes will be held in the following courses, Jewish History, Elementary, Intermediate and Advanced Hebrew, Liturgy, and Jewish Philosophy.

ERRATUM

The name of Irving Mariash, '23, was omitted from the list of new Phi Beta Kappa members published in last week's Campus. Campus regrets the omission and hastens to apologize.

CLOTHES FOR THE COLLEGE MAN

Now the SPORTING SACK

with knickers, a sport suit—with trousers, a sack suit—all together the season's most popular "all round" suit—inexpensive withal.
