YEARLINGS READY FOR OPENING GAME

Men Develop Rapidly in Daily Scrimmages with the Varsity Eleven

TO PLAY WHITE PLAINS ON OPPONENTS FIELD

Coach Parker Not to Announce Line Up Until Men Get Into Uniform at Game

Tomorrow at White Plains the Freshman football team will engage in the first game of this season against the White Plains High School. This is the first time the latter school has appeared on a C. C. N. Y. schedule. Little is known of the ability of the team except that it is unusually heavy and formidable.

Doc. Parker has his entire squad with but few exceptions available for the opening game and, when the whistle blows, will present the best yearling team that has represented the college since the reintroduction of football.

The men are bigger and heavier than any former aggregation and, as a result of their continued practice and Coach Parker's expert tutelage, have developed into a real coordinating machine.

During the past week the Frosh have learned a great deal in the daily scrimmages with the Varsity eleven. By constant experimentation and substitution Coach Parker has gradually eliminated the major weaknesses of his charges and although he has not definitely chosen his final combination he has found the real capabilities of his men.

The line-up for the opening encounter has not been decided upon and probably will not be, until just before play begins. In practice however Carress has shown good generalship and versatility and will no doubt play at quarter. Salomonic, of inter-scholastic fame and the best ground gainer on the squad will play full back. The half back berths will be taken care of by Meisel, Halber, Suib, and Braunstein.

'Chuck' Naiman, De Witt Clinton's stellar tackle last year and a member of the mythical all-scholastic eleven, is playing at the tackle position for the freshmen with a great deal of aggressiveness that has made him one of the bugaboos of the second team.

Dick Miller is at the center place. Dick hails from Boys' High where he was a fast man at end and in the backfield. He snaps the ball back with dexterity and plunges through the line for appreciable gains. 'Brawny' Braunstein, quarterback and center at Commerce, is making fine progress at his opponents' play. Packer is also playing a good game as tackle and in all probability will play with Naiman in the initial game.

Deutsch, Mc Adams, Walsh and Scovill are all showing up well at the guard positions. Swinkin at end besides being a sure tackle, is the fastest man on the line. Either Raskin or Bridges will play along with Swinkin.

Bridges is a recruit from North Carolina, and Julius Raskin is Tubby Raskin's kid brother. 'Tubby' was captain of the 1921-1922 basketball team and captain of the baseball team the same year.

FROSH SWIMMERS TO MEET HARRIS TODAY

The freshman swimming team will engage the Townsend Harris Hall swimmers in their first meet of the season today, at 1 P. M. in the City College pool. The Prep school usually presents a strong, well-balanced team which should afford a worthy opponent for the yearlings. Coach Mac Comick has issued a call for all '27 men who have taken their athletic examinations to be on hand for the meet to display their skill against the high school team.

POSITIONS OPEN ON '24 "MIKE" STAFF

Candidates for Business Staff Requested to See Berson in "Mike" Office

There are several positions open on the business board of the 1924 Microcosm. Among them are those of Advertising Manager, Circulation Manager, Photography Manager, Club Editor and Assistant Business Manager. All applicants for any of these positions or for the advertising and circulation staffs will report to Rubin Berson, Business Manager, in the Microcosm office, Room 411, at any time from 1 p. m. to 4 p. m. to day.

All June '24 men are eligible to head the circulation and photography staffs. The work of the circulation manager will be to obtain subscriptions for the Senior Class, and to organize a staff to work among the other classes. The task of the Photography Manager will consist in arranging for the photographing of the graduates, classes, organizations, and all other camera work.

A competition will be held among the applicants for the advertising staff to select the Advertising Manager. Leads will be furnished, and the one securing the largest amount of advertising will be appointed to the staff. Commissions will be given for advertisements.

The club editor will have complete charge of securing the money for the club write-ups and pictures. The Assistant Business Manager will be assigned duties by the Business Manager. It is essential that the candidate for the position have a fair knowledge of stenography and typewriting.

The Business Manager hopes to be able to issue a larger and more complete Microcosm than was ever before published. The printers and engravers will be the best that can be found, and the quality of the paper and cover used will be of the finest grade. In order to accomplish these plans, a large subscription and a large number of advertisements must be secured.

VON KLENZE LECTURES ON MODERN DRAMA

The first of a series of ten lectures on the modern drama by Professor Camillo Von Klenze of the department of German was delivered at noon yesterday before the Seven Arts Club. The remaining lectures of the series will be delivered from week to week, on Thursdays at noon in Room 1306. A report of yesterday's lecture will appear in Tuesday's "Campus."

VETERAN COURT TEAM FIT FOR BIG SEASON

Edelstein in Letter to "Campus" Says Prospects for Another Championship Team are Very Good

Though the Varsity basketball season is a long way off, thought is already being given to the prospects for this year's five. The possibilities are fine for another cracker-jack team this year. Practically all of last year's veterans have returned to college. It will be remembered that the quintet last season was the smallest and lightest in the history of the college. Their enviable reputation is yet to be duplicated. They came through the season with but a single defeat, a loss by one point to Syracuse University.

Veterans of last year's whirlwind combination who will compete again are 'Doc' Edelstein, captain of this year's aggregation, and eagle-eyed foul shooter, Jackie Nadel, elusive forward, Frank Salz, another diminutive forward, Ben Perlman, Al Patterson, Pinkie Match and Leo Palitz. Palitz will jump center in all probability unless some taller man comes to the front. His contenders for the position will be Hodesblatt and Flattau, heavier and taller men from last year's yearling five.

Roy Plaut, after finishing the football season will make a fight for the guard's place and 'Tubby' Raskin's kid brother, Julius, will come out with Goldberg for forward berths. Many other candidates are expected to turn out when the practice begins. Coach Nat Holman, the greatest basketball player in the world, will again coach the team, and as with last year's team, will make the impossible become possible. Coach Holman is conducting a foul-shooting contest and will award a gold medal to the winner. All men are eligible to compete. "Nat" hopes in this way to develop material that will be able to shoot the individual fouls as ruled last year.

Captain Edelstein voiced his hopes for the season in a letter to the Campus, part of which follows: "I hope we will have the best team ever produced by the college. The prospects for making this a fact are very bright. Many of last year's veterans are back for the game and have gained weight and have grown taller. Candidates from the freshmen team will make a helpful addition to the squad.

"As usual we have Old Reliable back again. Old Reliable is Nat Holman, who is considered the best basketball player and coach in collegiate and professional circles. I hope that many freshmen come out to get the proper training in their freshman year and thus prepare themselves for the Varsity a year later. In this way they will help uphold the enviable reputation of the basketball team which, for the past two years, has been the best in the East.

"The schedule has not been fully made up yet, but it is expected that we will play the best and strongest teams in the East. Speaking for the men who are returning to the squad, I should like to say that we will strive with all our effort to make this year as brilliant as those of the past two years. I hope that the students support the team as well this year as it has in the past year."

CLASS ELECTIONS HELD LAST TUESDAY

New Voting System Proves Successful. Perlman Elected President of Senior Class.

The elections for class officers held last Tuesday, October 2, and the re-elections held the following day were marked by very close balloting, and, in many cases, the results were in doubt until the last ballot had been counted. The councils of all the classes, except that of the Freshman Class, are now complete and will probably meet during the next week.

The election system was changed this term from the former uncertain method of having each class appoint its own election committee to set a time for elections, to having a regular election committee, appointed by the Student Council, to hold all the balloting for all classes at the same time and place. This arrangement allows the class councils to start work shortly after the beginning of the term, and also gives the Student Council an opportunity to meet within three weeks after sessions begin.

The list of newly-chosen officers follows:

Feb. '24: President, B. Perlman; Vice-President, D. Prager; Secretary, R. Ansh; Treasurer, D. Baskowitz; Student-Councillor, B. Schaenen.

June '24: President, D. Lieberman; Vice-President, S. Reisman; Secretary, J. Berman; Treasurer, S. Sigelschaffer; Student-Councillor, S. Levinson.

Feb. '25: President, J. Weisberg; Vice-President, D. Trackman; Secretary, J. Whitfield; Treasurer, N. Thaler; Athletic-Manager, A. Abraham.

June '25: President, R. Berson; Vice-President, S. Farber; Secretary, R. Cares; Treasurer, I. Friedman; Athletic-Manager, R. Perlman; Student-Councillor, C. Epstein.

Feb. '26: President, S. Candell; Vice-President, H. Goldberg; Secretary, J. Kinco; Treasurer, J. Juszkowitz; Student-Councillor, H. Flattau.

June '26: President, P. Sober; Vice-President, A. Block; Secretary, F. Cohen; Treasurer, S. Feldman; Student-Councillor, F. Kraut.

The election committee consisted of S. Levinson, '24, chairman, Samuel Z. Sorkin, '25, and F. Kraut, '26.

With the student-councillors who have just been elected, the personnel of the Student Council is now complete. The council consists of President Alex. J. Whyman, '24, Vice-President Milton J. Rabinowitz, '24, and Secretary Abel Meeropol, '25; Nathan Beral, '25, editor of "Campus"; Hyman L. Sakolsky, '24, editor of "Mercury"; Jack Nadel, '24, president of the Athletic Association; and of the following class councillors: Feb. '24, B. Schaenen; June '24, S. Levinson; Feb. '25, A. Baum; June '25, Ch. Epstein; Feb. '26, H. Flattau; June '26, F. Kraut.

BALDWIN CALLS FOR GLEE CLUB CANDIDATES

All men wishing to join the City College Glee Club are requested to meet Professor Samuel A. Baldwin in Great Hall next Thursday at 1 o'clock. Professor Baldwin further announces that a meeting of candidates for the College Orchestra will be held in the Great Hall Friday, Oct. 19 at 3 o'clock. Candidates should report with their instruments.

Varsity All Set To Meet Drexel in Opening Game

Coach Neville Will Complete Week of Strenuous Drill This Afternoon in Polishing Up Weak Points of Players Noticed in Practice Game

TEAM SHOWS GREAT DEAL OF IMPROVEMENT IN TEAMWORK AND GENERAL LINE PLAYING

Speedy Backfield Perfected With Return of Tannenbaum, Stellar Fullback On Last Year's Varsity—Abundance of Material for Line Berths Shows Promise of Putting Crack Combination on the Field

The Varsity eleven will have its final work-out this afternoon before the opening game of the second year of Varsity football with Drexel Institute to-morrow afternoon in the Stadium. The practice to-day will be light, to avoid risk of injury to any of the players.

PIGSKIN ISSUE OF MERCURY OUT OCT. 15

Charles Baskerville Former Art Editor of the Cornell Widow, Contributes Full Page Drawing

The College Mercury will inaugurate its second season as a comic magazine with the publication of the "Pigskin Number," the initial issue of the present semester, and copies will be distributed to "U" members on Monday, October 15, in the concourse. It is planned, moreover, to put the issue on sale on Saturday, October 13, at the St. Stephen's game.

The Mercury staff has been engaged the past few weeks in the preparation of the Pigskin Number. Numbered among the contributors to the Pigskin Number are included Abel Meeropol, Howard Hintz, Barney Fensterstock, and Sidney Wallach. Pete Denker, 1923 Business Manager of Mercury, will continue to contribute humorous articles.

A feature of the Pigskin Number will be a full page drawing by Charles Baskerville, formerly Art Editor of the Cornell Widow, and son of the late Professor of Chemistry. He is at present an instructor of art at Townsend Harris Hall.

The cover design for the football issue has been drawn by Sam Sugar '25, Art Editor, while Herman Getter '25, has contributed a double page center spread.

Contributions for the November issue of Mercury will be accepted any day at noon in the Mercury Office, before the last day in October.

PROFESSOR STEVENSON GIVEN FRENCH MEDAL

Professor Reston Stevenson has just received from the French Republic the cross of Chevalier de la Legion d'Honneur. This distinction was given to him in recognition of his work as a chemist during the war, when he was detached from the A. E. F. and assigned to the French War Laboratories.

Among the faculty members past and present, who have received the distinguished French honor are: President Sidney E. Mezes, Professor Charles Downer of the Romance Languages Department, and John H. Finley, former president of the college.

The team has rounded into fine shape since the practice game with the St. John aggregation last Saturday. Coach Neville was able to get excellent pointers on the weaknesses of the men in the game last week and has given them individual instruction. The team outplayed Drexel last year though they lost by a 15-0 score. The team this year should prove a more formidable opponent with excellent possibilities for a victory. Very few changes are expected in the line-up that Coach Neville put out on the gridiron last week.

The coach set the men at their paces this week with added vigor and labor. The men were kept out on the field until the ball could no longer be seen when passed back. The tentative first Varsity eleven was put into scrimmage with the Varsity scrubs the first day after the St. John's practice game and were then pitted against Coach Parker's yearling eleven. The men played good ball during these scrimmages and are expected to trot onto the field to-morrow in the best condition.

Following passing, punting and signal drill, the team would go through dummy practice and then engage in scrimmage with the scrubs or freshmen. Coach Neville would stand behind the team and instruct the quarterback what plays to make. The plays were run off in rapid succession and the Varsity players handled themselves very well in offensive and defensive tackling. Coach Neville has improved the line considerably and has perfected the backfield so that the signals are run through without a hitch.

Though the line-up will not definitely be known until the coach sends the men out on the field when the whistle blows for the opening of the game, the eleven that he has given most attention to during the past week undoubtedly will start in the opening contest. The backfield of this first team is Plaut at quarterback, Oshins and Rieser or Farber at half, and Tannenbaum at full. Tannenbaum only reported for practice the latter part of the week but his whirlwind tactics on last year's Varsity immediately earned him his berth on this year's combination. In the few days that he has been practising many points of progress have been noted in his playing this year compared with his playing last year.

COUNTRY RUNNERS
HOLD DAILY PRACTICE

Strenuous Workouts in Preparation
For Heavy Schedule—First Meet
on October 20

The Varsity cross country team holds practice every Tuesday and Thursday at Van Cortland Park from one to six o'clock. On other days the "hill and dalers" work out in the Stadium under Coach MacKenzie.

The first meet of the season will probably be with Fordham on October 20. A week from that date the Metropolitan champs will take place. Last year, the Lavender distance runners did better than was expected in this meet finishing fourth out of the six teams entered. On November 20 the Intercollegiate cross country run is scheduled at Van Cortland Park. Although the City College harrriers were low in the final standing last year they out distanced N. Y. U.

Besides the meet with Fordham there are dual meets scheduled with Lafayette, N. Y. U., and Brooklyn Poly.

Not many new candidates have come out for the team. The veterans of last year's aggregation are out in full force with the exception of "Jake" Patent who has transferred to the Evening Session and Frank Parsi who is out for football. The team lost a prospective star when "Pinkie" Sober was disabled. He finished higher than every New York entrant in the freshman Intercollegiate Champs. Captain Reisman has Dian Bernhardt, Orlando, Lieberman, and Leon around which to form a team.

A. A. BOARD PETITIONS
FOR F. A. C. DELEGATE

At the third meeting of the A. A. Board held Wednesday, President Jack Nadel named the following five men to serve on the 'Varsity Insignia Committee: William Trulio, '25, chairman, Murray Dundes, '24, Jack Weisberg, '25, Benjamin Perlman, '24, and William Finkel, '24.

The Board passed the following resolution: "To the members of the Faculty Athletic Committee:

Whereas, the practice of the College authorities is to encourage joint faculty-student committee government of extra-curricular activities as exemplified by Discipline Committee, the Student Affairs Committee, and the Cooperative Store Committee and, whereas, the students of the College have their greatest extra-curricular interest in athletics, and, whereas, the Faculty Athletic Committee governs and regulates the athletics of the College, and

whereas, the Faculty Athletic Committee therefore does not obtain the students' viewpoint at first hand;

Be It Resolved:—that the Executive Board of the Athletic Association does hereby petition the Faculty Athletic Committee to allow the Executive Board to have a representative at the meeting of the Faculty Athletic Committee."

'27 CLASS TRYING TO
RE-ESTABLISH SOCCER.

An informal group of freshmen will organize a soccer team to meet the Erasmus Hall High School players next Thursday at 3:00 P. M. on Jasper Oval. Twenty-five men have already declared their intention to appear, among them are Rubin, all-scholastic center for Morris, Tepper, captain of the Stuyvesant team, Miller, Stuyvesant and Silvers from Morris. The men will play without a coach until it is determined whether there is a demand for the sport at the college.

Like football, there have been several attempts to re-establish soccer at the college by each entering class. The '27 class has made a good beginning and expect to be able to petition the Faculty Athletic Committee for a regular coach within a few weeks.

VARSITY TO OPPOSE
DREXEL IN OPENER

(Continued from page 1)

On the line, Williams will probably start at center with Dundes and Friedman flanking him as guards. Dundes reported for practice the early part of the week and was immediately given a post at guard because of his weight, height and speed.

Schiff is the likely selection for left tackle, while Elk or Shaw will be placed at the right tackle position. The line will be complete with Biensstock and Phildius on the wings. Coach Neville has not stated which men will play and every man is entertaining hopes of getting into the fight. The coach has a fund of material to choose from besides the men named and will undoubtedly shift the team in order to find out what each man can do in actual combat. Washor has only given way to Dundes at right guard until the coach determines which is the better man. Klein tops the list to fill in when a vacancy arises at the field general's post and Berk is a fast man in the backfield who more than likely will be called on before the game ends.

The stadium is expected to be filled to-morrow with City College football fans who are anxious to see the Lavender team in action in their first match. The team itself displays no outward confidence that to-morrow's game will bring the bacon home to Lavender but each man is grimly determined to fight to the death.

WRESTLING PROSPECTS
BRIGHT FOR '27 TEAM

Manager Wingeback Arranging
Hard Schedule Including Match
With Columbia Frosh at Home

The frosh wrestling team started practice Wednesday. A large number of promising men reported. Manager A. Wingeback has prepared the stiffest frosh wrestling schedule in the history of the college. Among its meets is one with the Columbia cubs on the C. C. N. Y. mat. This marks the first appearance of the Morningside Heights grapplers at City College and the first time in years that any Columbia team has opposed the Lavender except on the Lion's own grounds. The schedule includes a home and home meet with Brooklyn Poly Frosh. The Brooklyn Poly team is voted as the best group of grapplers in the Metropolitan circles and has been a City College rival since the establishment of the sport at St. Nicholas Terrace. Other schools to be met at home are, Poly Prep day school and Morris High. The clubs will also journey to Hoboken where they will meet the Stevens Tech Frosh.

Although the matmen have already reported, it is not too late for new men to come out. The first meet will not take place until December, and there will be continued battling for a place on the team until the opening of the season. A great deal is expected of the yearlings and when they meet the Steven freshmen in their opening game the College is confident of victory.

The schedule as prepared by Manager Wingeback has not been officially confirmed but stands as follows: Stevens Frosh at Hoboken, Dec. 3; Poly Prep day school at home, Dec. 17; Morris High School at home, Jan. 1; Columbia Frosh at home, Feb. 6; Bklyn Poly Frosh at home, Feb. 10; Bklyn Poly Frosh at Bklyn. to be arranged.

CALL ISSUED FOR
ASSISTANT MANAGERS

The A. A. Treasurer, Samson Z. Sorkin, has issued a call for junior assistant managers in all fall and winter sports. Candidates for positions on the managerial staffs must see Sorkin before the meeting of the A. A. Board next Wednesday. The assistants will be chosen at the meeting.

VARSITY POLO TEAM
COMMENCE PRACTICE

Schnurer, Trachman, Clancy, Schecter and Nacovski Among Returning
Veterans—Many Candidates

Varsity and Frosh Polo practice began Monday. Eleven men reported for the varsity team and nine for the yearling squad. The Varsity material includes regulars of last year and two substitutes. The Freshmen show prospects of being the strongest yearling combination in the history of the college.

The men already out for the Varsity team are Captain Hal Schnurer, Tarzan Trachman, Hy Schecter, John Clancy and Bill Nacovski, all regulars of the 1923 team. Murray Austin and Aaron Schlaw are two of last year's substitutes who turned out. The new men are "Leather Lungs" Goldberger, frosh star, Vioni, a promising back, Charlie Smith, and Sam Greenberg. Several more men are expected at the end of the football season. In addition some of the swimmers will strengthen the Water Polo team. Murray Dundes, holder of the College record for the 100 yard dash; Johnny Balsam, the diver and Johnny Tubridy, frosh sprinter last season, may be used by the tank men.

For Freshman Polo the most promising men are Maurer, Drabkin, Jamaica High football man, Lewis, who shows promise as a center forward, Callaghan, former Harris swimming star, Rosenbluth and Gerten.

The practice for the first three or four weeks will be entirely swimming and a program of the work required is posted on the blackboard in the pool. Candidates for Varsity and Frosh teams who have not already done so are advised to see Capt. Schnurer as soon as possible. Beginning Oct. 15th there will be instruction for new men given by the veterans.

OFFICERS' CLUB TO RE-
ORGANIZE AT SMOKER

The men who are taking the advanced courses in Military Science will be officially welcomed into the Officers' Club at a smoker to be held on the evening of Thursday, October 11, at the Armory. President: Wilson—Vice-President: Levinsons—Treasurer: Fuchs—Secretary: Glyn—Marshal: Cholich.

PROF. MOSHER LECTURES
ON "THE SPOKEN WORD"

Professor Joseph A. Mosher of the Public Speaking Department, is giving a course of lecture on "The Spoken Word" at the School of Politics, which is being conducted at the Commodore Hotel under the auspices of the Women's Democratic Club.

MICROCOSM STAFF.

All applicants for position on the 1924 Microcosm must report in the Mike Office at 1 o'clock today. No one who does not attend this meeting will be considered for a place on the staff.

SUCCESS IN YOUR
PROFESSION

is, of course very largely influenced by the thoroughness of your training. Schools and colleges necessarily differ—and as might be expected in a newer field such as Chiropractic—the differences are exceedingly marked.

The CARVER INSTITUTE, the first great school of Chiropractic in the world, with the highest entrance requirements and standards of any, numbering Doctors of Medicine and other college graduates among its students and alumni appeals very strongly to college men.

CARVER INSTITUTE OF
CHIROPRACTIC
Masonic Temple Building

COLLEGE SWIMMING
ASSOCIATION FORMED

Plans Extensive Program to Promote
A Greater Interest in Water
Sports At City College

Officers were elected and the program for the year was outlined at the first meeting of the C. C. N. Y. Swimming Association which was held last Monday. The following officers were elected for the coming year: President—Murray Dundes, '24; Secretary and Treasurer—John Clancy, '25. The Executive board is composed of M. Dundes, J. Clancy, Coach McCormick, Manager De Young, H. Schnurer and Glynn, Captains of Water Polo and Swimming respectively.

The aim of the Association is to promote interest in swimming and water sports at City College. Its program includes a series of competitive meets which will be open to all college men except members of the Water Polo and Swimming squads. The first event of the term will be a three day marathon swimming contest beginning Monday, October 8th. The contestants will be required to swim one half hour each day for any three days during each week. Entrants will report to Coach McCormick each day before starting. Prizes will be awarded to those covering the greatest distance.

DR. STOREY TO ATTEND
RECREATION MEETING

Professor Thomas A. Storey of the Hygiene Department will attend a conference of the Playround and Recreational Association of America to be held during Oct. 8-12 in Springfield, Illinois. The work of the conference will be devoted largely to a consideration of measures to alleviate over-crowded recreational facilities and to consider such new plans as are expedient.

HYG. DEPT. EXAMINES
OVER 600 FRESHMEN

Between September 11th and 18th, over 600 members of the new freshmen class were given a thorough physical examination by the Hygiene Department. Forty men were engaged in doing this work. According to Dr. Storey, no other institution in the country gives its freshmen such an exhaustive physical examination. In fact, City College has the distinction of being the first college to institute this policy.

PRESENT-DAY TEAMS SUPERIOR TO THOSE OF YE OLDEN TIMES

With the opening of the football season on the horizon, reminiscences fill the college on the glory that was City College's. Pessimists deplore present teams and compare them to what they imagine were the great teams of C. C. N. Y. of old.

As a matter of fact, the present day teams are far superior to any that ever wore the Lavender in the past. City College, to-day, is rated far higher in the athletic world than ever before.

Athletics originated at C. C. N. Y. in the form of clubs. Boating, Outing, and Bicycle Clubs were in the van. 1872 saw the foundation of the Football Association which put forth the first City College team. During its early days victories were few and far between. This is not surprising when the conditions under which the team played are considered. It was not until 1886 that concerted action was started toward securing a gymnasium, and this was only realized at the beginning of the twentieth century when the college moved to its present site on St. Nicholas Terrace. Up to that time the men were forced to practice at their own expense in private gymnasiums. The Mercury, then a bi-weekly newspaper, in describing the Stevens game of 1880 says that on arriving at St. George's Cricket field, Hoboken, where the game was to be played, the captain chose eleven men from among the two hundred students who had traveled across the Hudson to see the game. C. C. N. Y. played her home football and baseball games in Central Park or at 116th street and Seventh avenue.

The '90s saw C. C. N. Y. athletics at their highest, previous to the present day. The Lavender was represented in Football, Baseball, Lacrosse, Cricket, Hockey, Tennis, Golf and Track. Successful teams were put forth in every sport. But it was the Twentieth Century which saw the birth of Basketball, destined to spread the fame of City College thruout the collegiate world. With the moving of the College to its new home on St. Nicholas Terrace, the natatorium was opened, and in the fall of 1907 C. C. N. Y. was admitted to membership in the Intercollegiate Swimming Association, then the only collegiate swimming and water polo league in existence.

1910 saw the college at the lowest ebb of its athletic career. Student support was totally lacking, both as players and regards spectators. Football had already been given up. The swimming and water polo teams after one meet were forced to forfeit the meets on their schedule. Lacrosse was abandoned and has never been restored. Even the basket ball team played the worst game of its history, performing before practically empty benches.

Fortunately for C. C. N. Y. affairs took a decided turn to the better and in the following years a new spirit was developed which has culminated in the present atmosphere of the College. In the last three years City College has had Eastern Championship Basketball teams, a Metropolitan Championship Water Polo team and more or less successful teams in swimming, track, baseball, football, wrestling, rifle, and handball. In the near future the establishment of a golf and a fencing team is expected. There have also been repeated efforts to re-establish Lacrosse, and Soccer—the latter flourishing at C. C. N. Y. during 1917 and 1918 when, with "Nat" Holman as coach the team was rated as one of the best in the East.

"CAMPUS" AD STAFF SEEKS CANDIDATES

There will be a meeting of the Advertising Board of Campus in the Campus office Monday at 1. All candidates for the Board should report in Room 410 at that time.

There are several vacancies on the Board. Previous experience is not necessary.

2700 ENROLLED IN COLLEGE THIS TERM

Enrollment Figures Break All Records—820 Men in Entering Freshman Class

Although the complete registration figures have not as yet been tabulated, several enrollment facts have been obtained.

The total registration for the College of Liberal Arts and Sciences has now reached 2700, with many students yet to be officially enrolled. Of these, 820 are incoming freshmen, making the total '27 enrollment over 1200.

According to Professor Robinson, Dean of the School of Business and Civic Administration, these figures show an increase of 220 over the enrollment of September 1922.

The figures for the extension division, for the Evening Session, which includes the Business School and College of Arts and Sciences, and those of the Education School have not been compiled, but will be announced in the near future. Over 8000 registrants are expected for the evening session, as compared to 7000 last term.

De Witt Clinton High School again leads the field in the number of incoming Freshmen, with Stuyvesant High School and Townsend Harris Hall also contributing a large delegation. Every high school in New York City, and many from the outlying suburban districts, have at least one representative at the college.

32 C. C. N. Y. MEN AT TRAINING CAMP

Fourteen Advanced and Eighteen Basic Men Train at Plattsburg R. O. T. C. Camp.

The City College R. O. T. C. was represented at the Plattsburg camp this summer by thirty-two men. The fourteen advanced course men were: Casey, Fayen, Gray, Levinson, Murray, Fuchs, Ivans, McIndoe, O'Connell, Ringel, Ehrlich, Macovsky, Pickler and Wilson. The list of eighteen basic men comprised the following men: Abraham, Barrett, Cubberson, Feder, Friedman, Hennenfeld, Langsart, Lichtenfels, McKinnon, Roodenbush, Schiffer, Schmiedler, Silverman, Stern, Tubridy, Valentine, Wagner, and James Wilson.

The men distinguished themselves in various fields of activity. In rifle practice, nine of the fourteen advanced men qualified. Irving Murray, '24, became the outstanding star of the combination when he made the highest score of any rifleman in the camp. Murray's score was 307 out of a possible 350.

In the Intercollegiate Rifle Meet, the City College team consisting of Murray, Levinson, Valentine, O'Connell, Macovsky and McIndoe, took fifth place out of ten entries, trailing Cornell, Syracuse, a Composite team and Rutgers.

Murray achieved further glory when he won a medal for his pistol sharpshooting. On the camp paper City College was represented by Alfred Pickler, who was a member of the Board of Editors.

LOST—A Watermann's fountain pen some time last Wednesday. Finder please return to S. Z. Sorokin in The Campus Office, Room 410.

VARSITY CHESSMEN TO ORGANIZE TEAMS

Will Enter Four Man Team in I.C.L. Tournament—Eight Man Team in M.C. L. Contest

The Varsity Chess Team, which succeeded last year in capturing the Intercollegiate Chess League Championship, has already begun preparation, under Capt. Tholfsen, to make a strong bid in the coming tournament for a repetition of last semester's victory.

Tholfsen and Santasiere, who made a brilliant record in last year's match will continue as first players on this year's team. The vacancies caused by the graduation of Milton I. Levine and the resignation of Grossman will be filled by Jacobs '25 and Kaslan '26, both past masters at the game.

Captain Tholfsen, who is Champion of the Marshall Chess Club, plans to enter an eight-man team in the Metropolitan Chess League tournament this winter. An elimination contest will shortly be held for the purpose of deciding the members of this team. All students are eligible and may receive further particulars by reporting to Room 220 at any hour after three.

The first match the Varsity team will play in the intercollegiate tournament will probably take place during Christmas week with N. Y. U. or Cornell as opponent. If conditions warrant, the college team will challenge Columbia later in the tournament.

At the Master's Tournament of the Ninth American Chess Congress held at Lake Hopatcong this summer, Santasiere distinguished himself by holding to a draw most of his opponents among whom were included the American and French Chess Champions. Considering the fact that Santasiere was by far the youngest competitor at the Masters Congress it adds not a little to his laurels for the excellent showing he made.

NEWMAN TO HOLD FRESHMAN DINNER

The Newman Club of C. C. N. Y., held its first meeting on Thursday, Sept. 27, for the purpose of re-organization. John F. X. Clancy, '25, presided.

Numerous projects in the chain of activities determined on for this term were outlined at the meeting. One of the most prominent of these innovations is the smoker and Fresh Feed which will be held next Thursday at Newman Hall, Columbia. Newman Hall is the headquarters of the Newman Province for all the collegiate chapters in the Metropolitan district.

The purpose of the sociable is to inculcate interest and spirited activity into incoming classmen concerning Newman ideals and affairs.

Meetings will be held on Thursdays of each week at twelve noon, alternately in Newman Hall, Columbia University, and in Room 212, at the College.

COMMITTEE ELECTIONS

Announcement is made that the Discipline and Student Affairs Committee are to be appointed at the first meeting of the Student Council to be held on Friday of this week.

LOST—\$20 bill Wed. afternoon Sep. 26. Finder please communicate with locker 1588. Money sorely needed Reward.

CLUBS WILL COMBINE TO HEAR PROF. COHEN

Professor Morris R. Cohen, of the Department of Philosophy, will address a joint gathering of the Social Problems and Seven Arts Clubs on Thursday, August 1, at 1 P. M. Both of the societies had originally secured the professor for their individual meetings, but owing to the limited time at his disposal, the two lectures have been consolidated. The topic of the talk has not as yet been announced, but will be posted on the bulletin boards of the respective clubs in the near future.

The Social Problems Club will conduct an extensive membership campaign the coming week, and literature explaining the purposes and ideals of the society will be distributed by the club members. College men desirous of joining the club should see I. Lerner '25, any morning in the '25 alcove.

ADVANCED INORGANIC FOR EVENING SESSION.

For the first time Chemistry 111, Advanced Inorganic Chemistry is being offered in the Evening Session. The subject was added to the courses to accommodate Evening Session students who intend to specialize in Chemistry or take up Chemical Engineering. The course will be identical with that given during the day. A large enrollment is anticipated.

FACILITIES OF CHEM. BUILDING INCREASED

Many important improvements have been made and are about to be made in the Chemistry building and its facilities. An annex laboratory in the courtyard of the Chemistry Building has been recently completed. It increases the available space of the industrial laboratory about one-third. In addition a new Valze Rotary Filter press will be installed in the Chemical Engineering Division and a complete model soap factory will soon be received and installed.
