TWO MURDERS AND A SUICIDE FEATURE STRUGGLE TO LESSEN STUDENT BURDEN

Abolition of Chapel and Establishment of College as Co-Educational Institution Also Effected at Last Professional Congregation in Hammond Hall

That chapel be discontinued, Mili Sci be abolished and the College become co-ed were the main decisions involved in the complete acceptance of the student curriculum report by the faculty at its last meeting. In addition to these rulings it was decided that hereafter classes be held during the seven minute periods instead of the fifty-three minute ones.

(Continued on Page 2)

An anonymous vote of thanks has been given the student committee for its valuable suggestions.

These momentous decisions were reached after a hectic meeting of the profs in Hammond Hall, which was featured by two murders and one suicide before the resolutions of the students were finally accepted. All the motions passed will go into effect immediately, that is Wednesday December 24, and will continue to be enforced at least until January 5.

The abolishing of Mili Sci was the most closely contested event on the program. Kernel Arnica and Leftenant Newton Arizona Jake declared that they would lay down their lives rather than consent to deprive the students of their pet hobby. The stubborn faculty refused to listen to these arguments, so Arizona Jake and the Kernel pulled their six-shooters out and began to illustrate the R. O. T. C. Manual's directions in regard to pistol-shooting. Each one killed the other, by chance, and the abolishment was made unanimous.

Abolish Chapel

Pointing out that assemblies such as the last, at which Grilda Gay performed, were a blot upon the fair escutcheon of the College, Dean Frownson moved that chapel be abolished. The profs all gave deanie a Big Varsity, and passed the motion. Only Fried Robinskin, dean of the School of Business and Civic Virtue. opposed the resolution. IDIOTORIALS

BEWARE!!

The mass meeting scheduled for tomorrow morning in the Great Hall will, according to all indications, be attended by virtually a full representation of the student body. This gathering, which is to assume the nature of a stirring demonstration, has been arranged for the purpose of making clearly and unmistakably manifest the protest of the students against the abolition of chapel. Tomorrow's affair is the inevitable culmination of an agitation which has been growing steadily in intensity for the past several months. The excitement of the students is at fever heat and they are determined that the authorities shall either acquiesce to the wishes of the overwhelming majority or accept the consequences.

The student resolution upon which action is to be taken provides that a one hour chapel period be instituted as a daily College function and that the regular Thursday assembly be lengthened to two hours instead of one. We are certain that further delay in the recognition of these demands will in no wise be countenanced. As a matter of fact-and we say it with ominous foreboding—anything might happen!

OUT OF CONTROL

For the past several days the conditions in the Concourse accompanying the distribution of "U" tickets have been disgraceful, if not actually intolerable. Such a state of affairs cannot possibly continue. The Times Square subway station at the rush hour is like a deserted village in comparison with the Concourse during the noon hours. The spirit of rowdyism evinced by the students in their frenzied rush to buy Union subscriptions is deplorable. The squad of seventy-five guards is entirely inadequate to handle the situation. There is only one solution to the problem. A single day should be allotted to a portion (selected alphabetically) of each class.

ANOTHER EDITION EXHAUSTED

The tenth edition of the 1924 Microcosm is now completely sold out. The eleventh is now being rushed through the presses and will be available in a few days. The Board requests all disappointed patrons to bear with it patiently in its strenuous efforts to gradually equalize the supply with the demand.

ROBINSKIN INJURED IN ATTEMPT AT GALLANTRY

Fried Robinskin, Dean of the School of Business and Civic Virtue, will not meet any of his classes next week because of an accident encountered in chapel yesterday. The Dean attempted to beat out Kernel Arnica in escorting Grilda Gay off the stage, but tripped and fractured his semi-soft collar. The mishap is especially unfortunate inasmuch as the Dean was scheduled to debate Lou Ragoff, the Social Problem of the College, tomorrow on the topic "Resolved, that Socialism offers more to humanity than the present chapel system."

THAT MANBATTER GAME

Last week's game with Manbatter College far exceeded the wildest espectations of the assembled multitude. The bout was the best slugfest seen in these parts in many a moon. That the visitors were there with the punch nobody can deny. The Slavender's charming opponents presented an attack (right here we might stop to say that Manbatter had everything undergrad fishing tackle. a good battler should have—left jabs, right hooks, rabbit punches, great footwork, and what not), that just swept ("knocked" would be a more exact word) the Veracity off its collective haunches. The Manbatter maulers gave a wonderful exhibition of sportsmanship by piling on the Slavender players whenever they were felled in order to protect them from any harm at the hands of those rough girls in the stands. And that isn't all. No sir. Just listen to this. Goldbug got something in his eye and O'Kilya, the visitors' gentle guard, immediately relieved his pain by taking paign, received the hog's epidermis. FAMOUS PROFESSOR the speck out (attached to the optic) with one deft stroke of his elbow. Beerall and Carpet Tack-le Joe Gish Now, we ask you, isn't that nobility itself?

It was Captain Jinxie Batch himself who was responsible for the was between him and the goal. Alman Veracity's defeat. One awfu! play by Batch cost the game. Gosh, it was began to run around his opponent but such a terrible exhibition that he oughta be benched for good. Here's what happened. A Manbatter player neatly picked Batch up and flung him from one end of the gym to the other—and of course the referee had | Faculty (18) to call a foul on Batch for delaying the game.

We don't blame Manbatter for wanting to exclude the Slavender from their schedules. That uncouth Slavenderite Al Mashor actually called Captain O'Kilya "rude"—and out loud, too.

After living in blissful ignorance for so many years we finally were Girthy informed yesterday that there ain't no Santa Claus. That the gent down Noise in John W's is a graduate of N. Y. U. who is trying to earn a decent

Dodo proved it. He went out on the field with four huskies each lugging a sack of potatoes. He put every one of those potatoes into a basket 9 by 12, and he could have kept it up all day. That's a hot tip.

Oshkosh reported a score of 490 in to report first, and Captain Noise reported 494. Strangely enough, Oshkosh telegraphed back a score of 495. The results of the next position would therefore decide the entire meet.

The varsity Ramrods were favored to win as they started their shooting. When the time came to telegraph the scores, Oshkosh and the Lavender tossed up a coin to see which one should have to divulge its score first. The Oshkoshians lost, but they fooled the College Ramrods anyway. They reported a perfect score of 500, and Captain Noise of the Lavender Ramrods didn't have the nerve to say 501, so he orfeited the match.

C. C. N. Y. LIBRARY FUND LACKS MERE BILLION

Special to The Crampus

NEW YORK, Oct. 56, 1985.-After drive of 106 years, the City College Library is soon to become a reality. As soon as a billion dollars has been added to the fund, which now contains \$1,456.39, plans will be submitted to King Hylan VI for the erection of the proposed building. If the plans are approved a committee may be appointed to secure the completion of the building within the next century.

NEXT SATURDAY EVE

The '29 class will hold its semi-annual dance on Saturday night, December 32. The affair will be featured by many novelties (moonlight dancing). There will not be enough punch to go around, so students are advised to come early. Crashing will be permitted only between the hours of 8 p.m. and 2 a.m. President Mozes and Dean Frownson will not be present.

Great credit is due to K. Keater, chairman of the dance committee, for his efforts in making the dance the best affair of the College season.

AND WIN WITH EASE

The varsity fencing team won a lashing victory over the Sing Sing Alumni early this morning, killing every member of the opposing team. In their next match the Lavender slaughterers will clash with Butcher's College, of Chicago.

Assembling, before dawn, the Col lege swordsmen carefully subtracted the buttons from their rapiers and stood prepared to do or die. The Sing Sing aggregation crept up behind the varsity men, but prematurely they began to sing "Another Little Job for the Undertakers."

This clue showed the Lavender stabbers where the enemy were, and in an instant each College player was delicately carving his opponent. "It is a pleasure to meet gentlemen in this sport, even if we do lose," said the dying Sing Sing captain, "In fact, we would rather lose to your team than beat teams like Quinceton and Yarv-
