DEBATERS LOSE TO F & M; BREAK WINNING STREAK

Negative of U. S. Entry Into World Court Fatal To Team—Score 2-1

DEFEAT IS UNEXPECTED
College Fails to Prove That Court is Unsound in Aim or Idea

Breaking a string of consecutive victories which had run to five, the varsity debating team lost to Franklin and Marshall last Friday night in the Great Hall. The topic was the entrance of the United States into the World Court, the College upholding the negative. The decision was 2 to 1.

The varsity team consisted of H. L. Weissman, captain, Abraham L. Evans and H. R. Spitz. The Franklin-Marshall team was G. U. Strauss, captain, G. A. Greitz and A. S. Kerz. Weissman, the varsity captain, appeared in his last debate for the College. The judges were Messrs. J. S. Burke, L. Lewis and L. H. Pink. Professor Paul Klapper, dean of the school of Education, presided. Professor Baldwin played on the organ during the intermissions.

"Is Court Sound?"
The College based its argument on the inseparable connection of the Court with the League of Nations. The opposing team disregarded this phase of the subject but attempted to prove that the aim, organization and idea of the Court were sound and that the United States owes it to both itself and the rest of the world to further peace through the World Court.

Greitz, the first speaker for the affirmative, began by stating that the aim, organization and idea of the court are sound. In amplifying on the aim, the speaker pointed out the fact that the Court could not be a sudden cure for all the ills of the world because of hatreds ingrained in the people by centuries of intense nationalism. The Court has jurisdiction over the interpretation of treaties and international law, and the determination of what constitutes a break of treaty and the reparations therefor.

Weissman's Last Debate
Evans, first for the College, opened the attack by pointing out the fact that the Court is limited by and dependent upon the League of Nations. He then showed that the Court divided all cases into justifiable and non-justifiable disputes and that the major causes of war, nationalism, imperialism and militarism are in the class of non-justifiable disputes.

Strauss, second for Franklin and Marshall, pointed out that the Court was a place in which nations could arbitrate if they so desired. He stated that entrance into the Court is in harmony with the past policy of the United States. He called the Court a feeler stretched out in the right direction.

Evans of the College was the first speaker in the rebuttal. He accused the Court of being susceptible to partiality. He stated that the United States has a good reputation in Europe.

Kerr, for the affirmative, maintained that the Court would strengthen international law.

Before the verdict was declared Mr. Kerr spoke for Franklin and expressed a wish to continue relations with the College. Mr. Weissman also spoke, bidding farewell to debating.

DEAN CALLS MEETING OF F. C. C. THIS WEEK

Dean Brownson has called a meeting of the Faculty, Curriculum Committee for some time during this week. The exact day was not divulged.

To the query as to whether permission would be granted a reporter from The Campus to be present at the meeting, the Dean answered emphatically in the negative. The same answer was received to a request for the minutes of the meeting.

The Dean then explained that nothing done by the Committee could be made public until it was approved by its parent organization, the faculty. The members of the Committee are Professors Brownson, chairman, Mott, Downer, Moody, Robinson, Mead, Klapper, Reynolds, Turner, and Scott.

VARSITY EXCURSION PLANS COMPLETED

Ticket Sale Begins—To Play St. Stephens at Indian Point Before Excursionists

Complete arrangements in preparation for the Varsity Excursion to Indian Point on May 24 have been made. The St. Stephens baseball game has been definitely secured for the excursion.

Fraternities that desire to secure staterooms are asked to communicate with E. Bailey Harvey '25 immediately in order to make the necessary arrangements and contracts for obtaining them. He may be found in the Y. M. C. A. alcove during lunch hours.

Tickets for the annual boat ride are now ready for sale and distribution. A tax of ten cents has been added to the customary price of one dollar and twenty-five cents in order to meet the expense incurred by the baseball game. The game was originally scheduled to be played at St. Stephens, but they consented to having it changed to Indian Point.

The new destination of the trip is regarded as being a much better site than Bear Mountain. The park is near the boat landing and this saves a long trip up the mountain side. Since the park is a new one the equipment is all new. There are three baseball diamonds and a dancing pavilion. Besides this, the Indian Point park is privately owned by the Hudson River Day Line, and will be open to City College exclusively on May 24.

Although Indian Point is not as far north on the Hudson as Bear Mountain the excursion will be no shorter than it was in former years. The Robert Fulton will go as far up the river as the Poughkeepsie bridge and then turn around and come back to Indian Point.

The plans for the excursion and the campaign for the sale of tickets are being conducted by a committee of which J. Bailey Harvey '25 is chairman. The other members are Albert Bauer '26, Eugene Blanc '25, August Bastien '26, Eliot Fleckles '25, Howard Hintz '25, and Tuckenbill '27.

OVERSTREET TO GIVE SWARTHMORE EXAMS

Professor Harry A. Overstreet, of the Philosophy department, has been invited to give the honor philosophy examinations at Swarthmore University. Professor Overstreet will examine the honor students orally in pursuance with the adapted Oxford system in use at Swarthmore.

TRACK MEN MEET MANHATTAN TODAY

Chances for Victory Favorable in Opening Meet of Season

Manhattan College will oppose the varsity track team, in its opening encounter, to-day, in the Stadium. Meets with Brooklyn Poly and Fordham, all at home, have been arranged for later in the month by Manager Rubin S. Berson.

A team composed mainly of veterans will go against Manhattan to-day with good chances for a victory.

Captain Francis Parisi is favored to come through in the "100" and "220". Gene Blanc will be his mate in the two sprints.

Dave Lieberman, one of the Penn relay runners, will probably be entered in the quarter mile. In the 880 yard run, John Clancy and "Pinkie" Sober, two others of the crack quartet will fight for the honors. Sober will be seen in action again in the mile, Reisman, the fourth member of the relay team, and Greenblatt will assist him in that event.

Dain, cross country captain, and Orlando, another cross country runner, will compete in the two mile. Hyman, freshman distance man of last year, will probably round out the entries for that event.

Brauer will be the mainstay in the field events. He will be entered in the running high jump, and the shot put or discus throw. Doug Willington will do his stuff in the running broad. The javelin throw will be taken care of by Barnett.

Brooklyn Poly will be met next Saturday afternoon in the Stadium. Last year's squad was nosed out by two points, after a hard fought contest. The competition is expected to be just as close this year.

The strong Fordham team, which beat the 1923 varsity by a huge margin, will be met on May 24. The meet will take place in the morning, before the Varsity Excursion. On May 3 and 31, several men will be sent down to the Intercollegiates.

The complete schedule follows:

May 5, Manhattan, at home; 10, Brooklyn Poly, at home; 24, Fordham, at home; 30-31, Intercollegiates, abroad.

SPATTERED WITH ACID, EYES SAVED BY WATER

Student's Sight in Danger When Nitric Acid Reaction Splashes Face

Quick thinking on the part of Mr. Alexander Lehrman, of the Chemistry department, saved the eyesight of Benjamin Weintraub '27 when a violent chemical reaction spattered the latter's face with nitric acid last Thursday in the chemical laboratory.

Weintraub was performing an experiment when the incautious mixing of nitric acid resulted in the accident. Mr. Lehrman rushed to the student's side and dashed handfuls of water into the lad's eyes and face. This action served to wash away the acid before any serious damage could be done.

Weintraub was then rushed to the Hygiene building where he received first aid treatment. Weintraub will wear a bandage for several days but his sight has fortunately not suffered from the mishap.

Present Best Varsity Show Since 1920, Says Reviewer

By RICHARD BRANDON MORRIS

Spiritedly and with forthright loyalty to character, the City College Varsity Players gave a satisfying rendition of O'Neil's masterful tragedy of bleak domestic life at the Threshold Playhouse on Saturday evening. It was undoubtedly the most successful varsity show since the resurrection of the dramatic society in 1920.

'13 DONATES NEW ATHLETIC AWARD

Aims to Interest Public in College Affairs by Stimulating Athletic Achievement

Presentation of the deed of trust of an athletic prize fund of one thousand dollars by the class of 1913 marked the exercises of the chapel, held last Thursday. Hyman Swartz, former City College debater, and Morton Gottschall, Recorder of the college, acted as spokesmen for the class, in presenting the gift.

The interest on the newly-erected fund will provide a prize to be awarded annually to that undergraduate of the College who, by virtue of his athletic achievement, reflects most glory and renown upon the name of the College. The judges will be the chairman of the Faculty Athletic Committee, the president of the Student Athletic Association and the senior coach of sports. The sum of one thousand dollars, constituting the fund was subscribed at the last annual banquet of the class of 1913.

"The primary purpose of the prize," declared Mr. Swartz "is to give the college more publicity. It is solely the indifference of the public that has made it so difficult for City College to obtain appropriations for needed equipment, from our city authorities. We must interest public opinion by spectacular methods, however much we would like to do so calmly and solemnly."

"In this desire for publicity we are actuated merely by expediency. We are now living in a peculiar age. We might call it an advertising age. In order for an institution to exist, it must tell the public of its merits. In a similar manner, the taxpayer must know the value of what our college performs. If a newspaper had no headlines to attract the people and tersely convey the news, it would not survive long. Headlines are to a newspaper what athletics are to a college!"

A final appeal to regard athletics from a broader viewpoint, and to come forth in large and enthusiastic numbers for athletic competition not only to derive personal glory but to build up the honor of the college, closed Mr. Swartz's speech.

Dr. Gottschall, introduced as "one member of the class of 1913 who stayed and made himself indispensable to the college," was greeted with great applause. Dr. Gottschall pointed out the importance of extra-curricular activities, but cautioned against over-estimating its value in relation to scholastic work. "Loyalty to one's college, he declared, "means more than engaging in extra-curricular affairs." The singing of "Urbs Coronata" concluded the program.

RESEARCH CLUB HEARS PAPER ON SAINTE-BEUVE

At a meeting of the Faculty Research Club held last Thursday, Professor Lewis F. Mott read a criticism of the great French essayist and critic, Sainte-Beuve, about whom he is at present writing a book. A discussion of the subject followed the paper.

TIMELY HITTING GIVES WIN OVER ST. FRANCIS, 5-3

Three Tallies in Fifth Frame Overcome Early Lead of Visiting Nine

DOUBLE PLAYS SAVING

Holman Uses Three Pitchers—Saints Score in First Two Innings

Continuing its winning streak, the Lavender nine defeated the St. Francis team in a close struggle last Saturday in the Stadium by a score of 5 to 3. The nine will be inactive until next Saturday, when it will meet the Stevens Institute team at Hoboken.

Coach Holman started Moder and inserted Wiggerson and Josephson into the line-up because the Saints were becoming dangerous after they had swatted Moder for long hit and had succeeded in placing two men on base with none out.

Wiggerson was relieved by Josephson in the seventh inning when the Franciscans had two men on base and one out. With bases full in the eighth and two out Josephson settled down and struck out Moran, thereby breaking up a rally.

College Goes To Fore

In the fifth stanza, with the Saints one run ahead, the varsity batters pushed three runs across the plate. Moder singled. Slotkin bunted and made first when Gillespie allowed the ball to roll past him, thereby making his bunt count as a single.

Plaut fouled out. Raskin singled to right field scoring Moder. Morasco hit to Malloy who fumbled with the ball while Slotkin scored. Raskin took third.

Morasco was out stealing second with Raskin safe at third. Trulio walked and Hodesblatt hit a long single to left center scoring Raskin. Trulio went to second. Match singled to left field and Trulio was nabbed at the plate on relay from left field to third base to catcher.

Double Plays Saving

Three opportune double plays each time by Plaut to Slotkin to Raskin terminated dangerous rallies of the Saints. In the seventh frame, Slotkin made a remarkable backward running catch and held on to the ball after falling hard on the ground.

Gillespie the visiting pitcher, pitched airtight ball after the fifth inning. Kenny, Keating and Hughes each garnered three hits from the Lavender twirlers.

The line-up:
C. C. N. Y. Slotkin, ss. Hughes, 3b. Long, rf. Plaut, 2b. McCormack, c. Raskin, 1b. Gillespie, p. Keating, ss. Reiser, 3b. Walsh, cf. Trulio, cf. Kenny, 2b. Hodesblatt, c. Moran, ch. Match, rf. Halpern, lf. Milde, 1b. Moder, p. St. F. 2 1 0 0 0 0 0 0—3 12 3 C. C. 0 2 0 0 3 0 0 0—5 10 2

OFFICERS CLUB WILL DANCE IN WEBB ROOM

The annual formal dance of the Officer's Club will be held on Saturday evening, May 17 in the Webb Room of the College.

The sale of tickets thus far indicates that the affair will be successful. Mike Nicholas '25 is chairman of the committee.

A GREATER PAPER — A GREATER COLLEGE

With this issue The Campus actually enters upon its debut as a tri-weekly publication. In the history and life of the newspaper this development is an epochal event...

Newspapers broaden their scope essentially to meet increased needs and demands. Especially is this true of The Campus. Our venture into the tri-weekly field is not the result of an idle dream...

The point we wish to emphasize is this: the development of the newspaper of a community is identical with a broadening activity of that community. The progress of The Campus and the progress of the College in both the intra and extra-curricula field have been parallel.

The paper's adventure into the three-a-week class is necessarily an experiment. Its failure or success is dependent largely upon the College. The immediate responsibility naturally falls upon the shoulders of the Staff.

But the whole-hearted support and co-operation of the entire College, faculty as well as students in this venture is an indispensable factor. We urgently request that this support be forthcoming.

The Campus is pleased to announce the appointment of Arthur M. Lifflander to the Associate Board.

Gargoyles

CONFESSION

They walked the path together
That last of Eden's mornings,
She trod the weeping heather;
And felt its silent warnings.

No word was ever spoken;
She turned her troubled eyes
To find some awful token
Flaming through the skies.

He wondered at her quietness,
For other morns she chattered,
But as they walked he wondered less;
As if it really mattered!

A hundred times she tried to speak
But bit her lip instead;
He thought this new Eve wonderous meek;
She wished that she were dead.

He drew her close and kissed her hair;
And she as white as death,
For apple scent was vaguely there
And Oh she feared her breath!

THE SERIOUS SIDE OF LIFE

We have been exposed to knowledge for almost four years with only one result: a determination to glance through our textbooks some day in the future when we shall have the leisure.

We thought that after four years we would have everything in the Serious Side of Life labeled, priced, and pigeon-holed and the Universe carefully strait-jacketed in a portfolio.

Take women, for instance. The old line that labeled woman as the eternal puzzle has been driven to the wall and scrapped. Woman, the eternal puzzle!

But psychology has invaded the territory and made the puzzle more puzzling by solving it. The talented few can now look at a woman and in the wink of an eye classify and card index her.

Yes, education with us has been a failure.

"I began life," said Chauncy M. Depew, "with an inherited tendency to look on the dark side and to worry. I persistently practiced a cultivation of humor and have thus overcome this hereditary tendency."

-New York World

PLEASE FIND THE FALLACY

We came across the abysmal chasm
And lighted on this earth,
A sorry bit of protoplasm,
A pessimist at birth.

We practiced quite sincerely
To keep from looking solemn,
And every day to keep us gay
We wrote a humor column!

-ABEL

COLLEGE COLLECTION ENDS FORTIETH YEAR

Government Document Division, One of Best, Celebrates Anniversary of Its Foundation

One thousand venerable volumes, bound in sheepskin which is rapidly powdering and crumbling away were lined up in the new document room in the South Tower when a reporter visited the room the other day in quest of information about the government documents division of the College library...

"Three thousand more volumes are yet to be put on the shelves here," explained Daniel T. O'Connell, '22, chief of the government document division, who was showing the reporter around.

"The books are first taken out on a narrow aisle behind a parapet and there they are aired for several hours. They are then thoroughly cleaned with a vacuum cleaner before they are finally shelved inside.

One of World's Best

The books being placed in the South Tower room, known as Document Room No. 4., consist of the original documents and reports covering the 15th to the 56th Congress, and of reprints covering the 1st to the 14th.

Mr. O'Connell, through whose efforts the collection was brought to its present state of order, led the reporter to the other four rooms in which the books are kept, explaining the use of each as he went.

He took him to the room once used as a student's entrance to the College, and now fitted with 588 feet of shelving for the pamphlets of executive departments, and to the small room in the Lincoln Corridor where bound volumes record the proceedings of Congress through the years, and paper pamphlets keep the record almost within 48 hours of actual events.

Books Lowered in Bucket

He took him in the tiny library elevator to Document Room 3, where reports of independent departments are kept on file; and finally, up a perpendicular ladder to a musty room over the faculty lunchroom, where duplicates are kept.

Down in the office of the document division, in the rear of the circulation department, are kept the division's most precious possessions, 45 volumes of journals and documents containing the proceedings of Congress from 1805 to 1818. These books are priceless, since some of them have only two or three of their kind extant.

TEACH HIGHEST THINGS IN LIFE, SAYS NEUMANN

Teachers Privilege To Have Students Make Best Use of Education

Declaring that it was the teacher's privilege to teach pupils to think of the best and highest things of life, and to make the best use of education, Dr. Henry Neumann, Leader of the Brooklyn Ethical Culture Society, delivered an inspiring lecture on the topic of "What our Schools Need Most" to the Education Club last Thursday in Room 315.

Dr. Neumann, who is a member of the extension department of the School of Education, urged the future teachers to consider the ethical view point of education. The great need, according to Dr. Neumann, is more thought about the best use of the tools of education.

The enormous task of putting in order the 20,000 books and 100,000 pamphlets which compose the government document division of the library is still far from completed. Several more years will be required for all of the volumes and pamphlets to be finally placed in their correct positions.

An index to the entire collection is provided in a set of document catalogs placed in the reference room. This makes the huge collection a valuable and necessary source of information on a greater variety of topics than any encyclopedia could ever discuss.

WILLIAM O'SHEA '87 NEW SCHOOL HEAD

Former Associate Superintendent Succeeds Dr. Ettinger—Has Long Service Record

After a long career of service in the New York public school system, Dr. William J. O'Shea was appointed to succeed Dr. Ettinger as City Superintendent of Schools. This appointment was made after a thirty-seven year record as teacher, principal, district superintendent and associate superintendent of schools.

After graduating from Public School 2 he went to City College, where he received a science degree in 1887. He then took post-graduate courses at N. Y. U., Columbia, Catholic U. and St. Francis Xavier.

After serving as teacher and principal he was appointed district superintendent in 1906 and was promoted to the office of associate superintendent of schools in 1918. His recent appointment came as a result of the resignation of Dr. William L. Ettinger.

Superintendent O'Shea has been president of both the Principals' Association and the Association of District Superintendents. He has also held the chairmanship of the membership committee of the National Education Association.

SENIOR FORMAL DANCE WILL BE HELD MAY 17

The '24 class will hold its formal dance of the season at the Plaza Hotel on May 17. The Red and Gray Melody Boys, players for phonographic records, have been engaged for the occasion.

Preparations for Numeral Lights, to be staged June 17, are already under way. All those interested in being on the committee should see Alex J. Whyman '24 chairman of the committee.

English, Mathematics, Science, and writing, will within the grasp of an educated man, referred to as "tools" by Dr. Neumann, are often misused. The speaker illustrated with several examples. Writing may be used in forgeries; psychology may be used in swindling, while science as a death carrier was used very extensively during the Great War.

Every man should ask "What is the best use to which I can put my education?" Just because we live in a later age, an age of progress and science, we should not believe we live in a better age than people who lived years ago.

Our schools should get together to teach morals, Dr. Neumann advised. The difficulties before teachers and students will be greatly lessened when educated people are taught to use their education for the best purposes.

PLAY OF THE WEEK

THEATRE GUILD PRESENTS:

The Theatre Guild in its two closing productions of the season has continued its predilection for importations. Daring abroad and timid at home, the Guild in FATA MORGANA (Lyceum) has come upon a noteworthy play in which one may easily discern the master tracery of a delicate and striking imagination.

On the plains of Hungary, an American relative of Vajda tells us, the mirage is a most frequent occurrence, and this the author poetically symbolize as Fata Morgana, the Italian name of a disciple of Merlinian necromancy. Perhaps, too, in Hungary, where there are more mirages than elsewhere, there are more such disillusionments as the author poignantly depicts.

For George, Mrs. Fay, a mature adventuress of Budapest, in Fata Morgana, and, deluded into hopeless infatuation, which she is guilty of deliberately arousing, the boy finds her words empty promises and her love a vapid passion.

After graduating from Public School 2 he went to City College, where he received a science degree in 1887. He then took post-graduate courses at N. Y. U., Columbia, Catholic U. and St. Francis Xavier.

After serving as teacher and principal he was appointed district superintendent in 1906 and was promoted to the office of associate superintendent of schools in 1918. His recent appointment came as a result of the resignation of Dr. William L. Ettinger.

Superintendent O'Shea has been president of both the Principals' Association and the Association of District Superintendents. He has also held the chairmanship of the membership committee of the National Education Association.

English, Mathematics, Science, and writing, will within the grasp of an educated man, referred to as "tools" by Dr. Neumann, are often misused. The speaker illustrated with several examples.

Every man should ask "What is the best use to which I can put my education?" Just because we live in a later age, an age of progress and science, we should not believe we live in a better age than people who lived years ago.

Our schools should get together to teach morals, Dr. Neumann advised. The difficulties before teachers and students will be greatly lessened when educated people are taught to use their education for the best purposes.

R. B. M. Especially Recommends "Beggar on Horseback", a capital Kaufman-Connelly satire with Soland Young.

"The Potters", the keenest American comedy of the season. "Saint Joan", for all students of History 1.

"Cyran", Walter Hampden's superb presentation. "Helena's Boys", Mr. Fiske delightfully cavorts. "Andre Charlot's Revue", best importation in town. "The Show Off", not as good as "The Potters".

NIMRODS PLACE IN NATIONAL CHAMPS

Finish Eleventh in Intercollegiate — Murray Ties for Fourth Place

The Lavender rifle team capped a great record for the season by winning eleventh place in the National Intercollegiate Rifle Team Championships. The results of the match, which took place in February, have just been issued by the National Rifle Association.

Twenty-seven crack teams were represented in the best the East and West together could produce. The College aggregation did not expect to place above twentieth, at the very most, as it had turned in one of its lowest scores the season. G. Washington University, running true to form, took first place with the remarkably high score of 2919 out of a possible 3000, and Modesto College, of California, was second, with 2914. Norwich, Northeastern League champions, was third with 2911. The C. C. N. Y. score was 2848, a mark which such formidable opponents as Yale, Syracuse, Drexel, and the University of Chicago were unable to attain.

The highest individual honors for the 135 men comprising the 27 competing teams were shared by Stokes, of George Washington, and Valgenti, of Penn., with 594 out of 600 each. Bray, of Iowa, the intercollegiate outdoor champion, was third, with 593, while captain Murray of City College, and Dinsmore, of Norwich tied for fourth with 590 each.

The results of another intercollegiate competition in which the Lavender took part have just been made public also. This was the match held by the Association of Urban Colleges. The College team placed fourth in this meet, behind George Washington, N. Y. U., and Cincinnati. The scores were: G. W., 1924; N. Y. U., 1910; Cincinnati, 1892; and C. C. N. Y., 1880. High individual honors again fell to Stokes of George Washington, with 393 out of 400, and Murray was second, with the high total of 390.

The Lavender riflemen who competed in both of these matches, and their scores, follow:

Intercollegiate	Urban
Murray 590	Murray 390 out of 400
Carlisle 574	Carlisle 377
Brause 567	Brause 374
Noyes 564	Saltz 372
Solomon 553	Shapiro 367

N. C. DEAN LAUDS GYM WORK

Dean Bradshaw, of the University of North Carolina, last Wednesday visited the College for an inspection of the Hygiene department. The Dean is head of the College of Liberal Arts and Sciences at the southern university, but is launching a project for a new method of hygiene at his institution.

The visitor came here after hearing of the well-equipped and scientifically managed College department, and when he left said that not only was he not disappointed but that he left with many good ideas for his own plan.

Dean Bradshaw said, "This is the most compactly organized program that I have ever seen anywhere."

Frosh Drop Game To Fordham, 7-1

Three Lavender Pitchers Succumb To Attack — Captain Dono Makes Lone Tally

Splendid fielding on the part of the Fordham freshmen accounted for the 7 to 1 defeat of the College cubs, last Saturday morning, in the Stadium. The Lavender yearlings made five hits, while the Maroon made only four. Three Lavender pitchers were used to stem the tide.

De Witt Clinton High School sends its nine to the Stadium on Wednesday. The Clintonites have a strong team of veterans although they recently fell before Morris High School. The yearlings will need a little more practice in fielding in order to offer the visitors strong opposition.

In the Fordham game, Judge made two hits, while McAden and Solomon each poled out singles. Dono, newly elected captain of the team, made the largest hit of the game in the seventh, and brought the Lavender's only tally across the plate when Bellafiore made first on an error. The score:

Fordham 3 0 2 0 0 0 2-7 4 2
C. C. N. Y. 0 0 0 0 0 0 1-1 5 5
Batteries:—C. C. N. Y.—Levy and Bellafiore
Fordham:—Kaiser and Maslak.

'25 CLASS DANCE MAY 10

The '25 class will hold its dance on May 10 in the College gym. The price per ticket is \$1.50. The music will be supplied by Nat Perrin and his Collegians. Spotlight dancing will be a feature of the evening program.

A. A. Board Awards Varsity Insignia

Insignia have been awarded to the varsity swimming, water polo and rifle teams by the Athletic Association Executive Board. Ben De Young, manager of swimming and water polo, who received a varsity sweater, was appointed graduate representative to the Intercollegiate Swimming Association.

Varsity letters were given to Irwin L. Murray, '24, winner this year of the national prone gallery shooting championship. The following men received minor insignia for placing in at least sixty per cent of the matches contested: R. W. Carlisle, H. T. Noyes, M. Solomon, W. L. Brause, and F. L. Scovil, manager. E. M. Itjen, '24, S. Saltz, '26, and W. W. Brotherton, '25, assistant manager, received numerals.

Frank Casper '26 was the only member of the swimming team besides Ben De Young, '24, manager, to re-

ceive his varsity insignia. Minor letters were awarded to Maurice Dundes, '24, Hugh Glyn, '25, Stephen Abate, '25, Hyman Schein, '24, and Joseph Wallace, '24. Numerals—S Ginsberg, '26, J. Bailey Harvey, '25, Daniel Schneeweiss, '25, and Eugene Blanc, Jr., '25.

Harold I. T. Schnurer, '24, who was placed on L. De B. Handley's and Coach McCormack's second All-American water polo teams received his varsity letters. Julius Trachman, '25, who was also placed on the "All" team, was awarded minor insignia along with Hyman Schecter, '25, John Clancy, '25, Alton C. Elterich, '25, William Nacovsky, '24, Maurice Dundes, '24, Murray Austin, '25, and John Balsam, '25. The following men received numerals: Arthur Vioni, '25, Peter Mintz, '26, Emerin Goldberger, '26, Harold Finn, '25, N. S. Smith, '25, and Daniel Kerterz, '26.

TENNIS TEAM DOWNS BROOKLYN POLY, 6-0

Varsity Beats Brooklynites in Straight Sets—Chaikelis and M. Rosenblatt Star

The varsity tennis team earned a complete victory over Brooklyn Poly, 6 to 0, yesterday at the College courts. Captain Chaikelis' men had no difficulty in downing the Brooklynites in straight sets. Stonehouse, Poly first singles man, gave a brilliant exhibition in the first set of matches, forcing Chaikelis to run up the score to 16 before winning at 16-14.

Meyer Rosenblatt came through in slashing style by routing Erickson, 6-1, 6-0. Later in the doubles, paired with brother Harry, he was largely responsible for the 6-1, 6-0 victory over Calder and Swenarton. Ruhl and Zentlesky ran up against a formidable pair in Erickson and Meyers but triumphed, 6-2, 6-3.

The summaries:—
Singles—Chaikelis, C. C. N. Y. defeated Stonehouse, Brooklyn Poly,

16-14, 6-3. Ruhl, C. C. N. Y., defeated Swenarton, Brooklyn Poly, 6-2, 7-5. M. Rosenblatt, C. C. N. Y., defeated Erickson, Brooklyn Poly, 6-1, 6-0. H. Rosenblatt defeated Calder, Brooklyn Poly, 7-5, 6-2.

Doubles—Ruhl and Zentlesky, C. C. N. Y., defeated Erickson and Myers, Brooklyn Poly, 6-2, 6-3. M. Rosenblatt and H. Rosenblatt, C. C. N. Y., defeated Calder and Swenarton, Brooklyn Poly, 6-1, 6-0.

19 COLLEGES FORM NEW RADIO LEAGUE

Carlisle '24, Originator of Idea, Made President—League Will Relay Press Material

Representatives of six colleges formed an Inter-collegiate Radio League at a convention held Saturday, April 17 at City College. The charter members are C. C. N. Y., Haverford, N. Y. U., Columbia, Rensselaer, and Lafayette. Richard W. Carlisle, C. C. N. Y., was elected president; John O. Glennie, Dartmouth, vice-president; Wm. S. Halstead, Haverford, traffic-manager, and Edgar F. Day, C. C. N. Y., secretary-treasurer.

To Relay College News

The league was formed as a strictly amateur organization among the college radio clubs for the purpose of promoting interest in and knowledge of radio. It will establish radio communication among the charter members with the necessary relay routes. The traffic handled will include reports of all athletic contests, intercollegiate chess and rifle matches.

As a scientific organization the members of the league will cooperate in broadcasting experimental and research work. It will endeavor, moreover, to protect the interests of college radio work in connection with any proposed bills before Congress, and at any national convention concerned with the regulation of radio broadcasting or communication.

Many Colleges to Join

The entire membership of the New England Intercollegiate Radio League are nominally charter members of the new league. They are Dartmouth, Vermont, Harvard, M. I. T., Clark, Worcester Poly, Maine, Norwich, Tufts, Amherst, Boston, Brown and Wesleyan. Among those that have

HORRORS!

Dandruff on those gorgeously tailored shoulders? Quick! get yourself a bottle of "Vaseline" Hair Tonic and stop that before your reputation is ruined. Worse still—have you lost a hair or two from each temple? Remember Uncle John's round and glistening pate, and be forewarned. "Vaseline" Hair Tonic is an invaluable aid in keeping the scalp in perfect condition. At the same time, it gives the niftiest, sleekest look to the head.

At all drug stores and student barber shops.

Every "Vaseline" product is recommended everywhere because of its absolute purity and effectiveness.

(consolidated)

signified their intention of joining are Princeton, Fordham, Stevens, Cornell, Penn State, Bucknell, Purdue, Union and Nebraska.

The constitution of the league divides the country into nine districts. Each division will elect a representative to the Board of Governors in which the administrative power of the league is invested. The second district, of which City College is a member, has elected Fankuchen, N. Y. U., chairman, Carlisle, C. C. N. Y. and Knolles, Columbia, form the executive committee.

N. Y. U. will play host at a smoker to be given tonight to members of the second district. Fordham, Columbia, N. Y. U. and C. C. N. Y. will be present.

CUB TRACKMEN BEAT MORRIS BY ONE POINT

Win See-Saw Meet by Score of 36½-35½—Sorokoff Stars

With the lead changing hands after every event, the freshman track team finally emerged victorious over Morris High School, by the score of 36½ to 35½. The Morrisites proved tough material fighting hard all the way, for three firsts to five for the frosh.

Morris led by two points when the men were lined up for the last event, the mile race. To win the meet, the freshmen had to capture first and another place. Prenovich, of the yearlings, went out in front early in the race, setting a killing pace. Kaston of Morris crept up, on the third lap and the two fought it out for the lead. Meanwhile, Mathews, the big freshman hope, kept far behind. On the last turn, Mathews sprinted in great form, cutting down a lead of thirty yards with hardly any effort, and winning handily.

Hy Sorokoff, winning the 100 yard, his specialty and the "220", was the star of the meet. In the century, the freshman flash came in well out in front in 10 and 4-5 seconds, but looked as if he could make better time if pressed. Fineman of Morris finished an easy second. Temple tied Greenberg for third, taking the half point which later decided the winner. Lipsky, a Morris man, began to come up on Sorokoff in the furlong, but died down near the finish.

HIC! SMACK! BEGINS SUBWAY SCUFFLE

Slightly Illuminated Skating Champ Slams Student in Crowded Car

Fearing the playful attacks of that rare old soul "Speed" Fletcher, who is by his own confession the world's most formidable battler, College men are travelling in the subways in groups of three and four.

While a group of students were coming to College on the Broadway subway Wednesday, Fletcher, in a slightly exhilarated condition began to orate. A College undergrad, whose name could not be ascertained, objected to certain of Fletcher's remarks.

Leaping from his seat, he rushed at the student, who was sitting opposite and smacked him on the jaw. A score of College men in the car crowded around the pair.

"I'm 'Speed' Fletcher," said he of the brawny muscle swaying unsteadily, "the roller-skate champ. I fight fighters. Bring around your relations, I'll take 'em all on!"

By the time the train reached the 137th Street station, the alleged champ had subsided into his seat, and the assaulted student walked out with a crowd of classmates.

LAVENDER TO MAKE SECOND APPEARANCE

Nat Berall Resumes Editorship of "Lit" — Sam Sugar Does Cover

Lavender, under the editorship of Nat Berall, will make its second appearance of the semester on Friday, May 9. A third issue, for which copy must be in by May 15, will be brought out before the week of final examinations.

The cover design will be by Sam Sugar '25. The number will contain stories and poems by Abel Meeropol.
