SCHOLARSHIP

The annual individual scholarships of the Intercollegiate Beneficent Association held in the College last Thursday, Friday, and Saturday, included seven new scholarships and two new league medals. The first 100 of those who were taken in the Lower Ward participated in the activities.

The ceremony of the International Tournament took place on Friday, the 11th. The 100 sportsmen and 100 scholar-athletes engaged in various events, including running, jumping, and throwing.

The Tournai Tournament was held on Friday, the 11th. The 100 sportsmen and 100 scholar-athletes engaged in various events, including running, jumping, and throwing.

The Student Government held a meeting on Friday, the 11th. The 100 sportsmen and 100 scholar-athletes engaged in various events, including running, jumping, and throwing.

CONTRACTORS BREAK GROUND

With the breaking of ground for the new library across from the long cherished dream of the Associate Alumni and a greatly anticipated need of the undergraduate body of the College are at last being realized. The beginning of actual construction work bears testimony to the fruition of a hope which was originally born at an alumni luncheon more than fifteen years ago. We owe great homage to those who have made this undertaking possible. It is to be lamented that sufficient funds for the erection of the entire building have not yet been secured. The extra sum of $25,000, which was originally planned for the construction of the library has been more than doubled by the donation of special funds and the increases in construction costs. An outlay of $800,000 to be exact, is now needed. Work has probably begun on the third section of the edifice. There is, however, a great deal of satisfaction in knowing that work has been begun upon the first section. It is only through the devotion of such men as late Mr. Kohls '94 that the construction of the library was ever made possible. No one could ever have a more fitting tribute paid to his memory than this alumni and many others will have in the new structure. The completion of the task which was uppermost in his mind while he lived will indeed be a true memorial to him. The recent announcement of various other memorial gifts to alumni in the form of endowments for the purchase of books also meets the highest praises of the College. What could be more fitting than to perpetuate the memory of a beloved one than to dedicate books to him? The library, when completed, will be a very worthwhile addition to the already tectural beauty and the academic facilities of C. N. Y. The most important thing to be considered now is the financing of the other two sections. Delay will mean increased expenses, and to the alumni, this will be stimulated by the actual breaking of ground for the first part of the building to aid in raising funds for the completion of the task.

Gargoyles

Bound in Morocco

From Dear Old England

The fourth volume in this series contains the work of several notable writers who were intimate personal friends and frequent contributors to the older publications. G. B. Stern, well known for his humorous sketches, William Gerlach is foremost among those who appear for the first time in this volume. William Sonberg and H. P. Collins are again presented. The publishers have evidently added the advantage of letters to the form of another question, which is characteristically English. L. O. Flichter, known in this country as the author of The Pilgrim's Progress and Mr. and Mrs. Clopper, is represented by a writer's short story about Mr. Pipr's, which leaves us with a strange, yet familiar note. The stories by Gurney and Huxley are as good as the nuances of their respective authors lead to expect. One by Gertrude Stein is as incomprehensible—one might say incoherent— as one usually finds it to be. The quality of the stories included in this book is the judgment of the editors and the fact that the editors have evidently judged it to be worth while to read the tales of a few stories which might have been omitted. They certainly have no place in this otherwise fine, if unpretentious, volume.

Professor Pipe's popular illustrated lecture...

You can learn far more about tobacco from old Prof. Pipe, than you'll get by studying every treatise ever written on it. For Prof. Pipe is the world's most eminent authority on the subject. He knows tobacco from plant to pipe!

Experiments with every known species have convinced the Prof that the one perfect pipe tobacco is Granger Rough Cut... He points out reasons for this conclusion: (a) the Granger-grade Burley, the choicest tobacco grown; (b) the R. D. discovery of Wylvania's mellowing method; and (c) the Cut of the large slow-burning flakes...

Prof. Pipe prows Granger, by practical demonstration, shows how it acts under fire. You never saw tobacco burn so slow, never tasted such cool, mild mellowness! The first pipple is a liberal education!... works by Mr. Sinclaire, R. B. and capital G. R. C.... and all your pipe problems will be solved... forever!
NIMRODS PREPARE FOR NAVY MATCH

Victory Means Championship of Intercollegiate Intramural Rifle League

With the Championship of the Intercollegiate Intramural Rifle League at stake in the vicinity of the headquarters of the United States Naval Academy in Annapolis, one of the most important matches in the history of the sport is to be held this week. The Loyalist rifle team of the University of Virginia has been invited to compete in the event, and the prospects of a great struggle are anticipated.

The Loyalist team, which has been preparing for the match for several weeks, is expected to be a strong one, and the Virginia team is also said to be equally well trained. The match is to be held at the Annapolis shooting range, and it is expected that a large crowd will be present to witness the contest.

The Virginia team has already demonstrated its ability by winning the championship last year, and the Loyalists are determined to repeat the feat this year.

OBLIGATIONS IN CHINA

"Our responsibility in China" was the subject of the Empire Club lecture held in the meeting rooms of the University of Pennsylvania. The lecture was given by an experienced diplomat, who spoke on the current situation in China and the role of the United States in that country.

The speaker discussed the history of the situation in China, the various diplomatic efforts that have been made to resolve the conflict, and the current state of affairs. He emphasized the importance of a strong and effective policy in order to achieve a stable and lasting peace.

Dr. John E. Adams, professor of history at the University of Pennsylvania, was the chairman of the lecture committee and introduced the speaker.

OLD GOLD CIGARETTES

IT HAPPENED IN THE SECOND ACT! A TRAGIC SCENE ... BUT IT HAD A HAPPY ENDING

"It was the "big moment" in the play. The hero, a young man, was about to propose to his beloved. But just then Clarence appeared on the scene, his face turned red with anger.

"What's the matter, Clarence?" asked the hero, and the audience held their breath in suspense.

"I've been mistaken," said Clarence, his voice trembling. "I was afraid you were about to propose to my wife."

The audience burst into laughter, and the play continued with a happy ending.

Two Fellowships Offered in Law

Holders Must Do Research in a Project of International Jurisprudence

Two teaching fellowships of $500 and $1000 in International Law were offered by the American University for the academic year of 1927-28. Instead of the customary thesis of more or less historical nature, the holders of these fellowships will be expected to direct the greater part of their research toward the practical and legal aspects of recent international law. The teaching fellowship will net the holder $1,000 over the tuition fee. He will be expected to give one undergraduate course of three hours each week.

Suggestions for applications should be sent to the Academic Council by the professor in charge of the Department of International Law. The awards will be announced May 1 or later. Applications must have an approved A.B. degree or equivalent.

Applications with signed photograph, showing the date when taken, and a complete statement of academic work and other pertinent information, should be sent to the Dean of the Graduate School, to 30 Frosh Basketball Practice

Entering into their third week of practice the varsity team is gradually rounding into form. The two most outstanding men of the team are Captain Charles Osmund and John Ruggles, and one of them will probably occupy the first singles berth, and the other will play in the second position. For the third, fourth, fifth and sixth places and for the doubles there are eight outstanding men contesting. They are: Eddie Phillips, Eddie Silkman, Will Pursent and Dan Bronstein, all of whom played in last year's varsity. Against the chances of the veterans we find writing, "By" Kleson, captain of the 1925 freshman team and Jack Shulman, Nat Brochum and Seymour Schott, all of whom played in last year's varsity.

The most outstanding candidates are Spink, high scorer of the freshman basketball, and a new team for which young men are being brought in, this team will be the seed for the two outstanding men of the holders of these fellowships will be not prescribed until the beginning of the academic year of 1927-28. Against the chances of the veterans we find writing, "By" Kleson, captain of the 1925 freshman team and Jack Shulman, Nat Brochum and Seymour Schott, all of whom played in last year's varsity. This year's teams are those of New York University, Fordham, Brown, Brooklyn, Rutgers, and Princeton and Rutgers.

The big surprise on the night of the finals came in the 200 yard backstroke. Allan, the Navy representative, swimming his last race, barely managed to finish ahead of Schott of Williams, in the first time of two minutes and forty-five seconds. Richelson of Yale followed with ten feet between him and the winner. "Camels" of Syracuse, fighting valiantly, were not far behind.

This is why Camel's choice tobaccos, in folding and rolling, are always the choicest Turkish and choice tobaccos, in smoking, are always the choicest Turkish and

November Mondays

$100 for the best article—$10 for each article published—on the subject: "Has the American undergraduate a post-war neurosis?"

PASSING OF PESSIMISM AND DESPONDENCY

Sweeping the colleges? Can you explain the causes of what some papers call the "student suicide wave"? How, in your opinion, can those causes be removed?

For the best article by an undergraduate on the above subject the New York Evening Post offers $100. For each article published it will pay $10. Your views may win you $10 — possibly $100. Read the rules carefully. Send in your article at once!
