Noted Astronomer To Speak On Popular Aspects of Astro-Physics

FIRST LECTURE NOV. 20

Class of '73 \$12,000 Lecture Fund Enables College To Secure Speaker

Professor Harlow Shapley, director of the Harvard Observatory, will deliver a series of lectures on the popular aspects of astro-physics at the School of Business Forum of the

The donation of a \$12,000 lecture fund by the class of '73, in commemoration of the fortieth anniversary of their graduation, enabled the College, through the efforts of Professor Paul Saurel, Head of the Mathematics Department, to secure the services of the noted lecturer.

Discovered Cosmic Center Professor Shapley, one of the foremost figures of the scientific world, is especially noted for his calculation of numerous inter-stellar measurements and more recently for his work in finding the cosmic center. To Dr. Shapley may be attributed some of the great advances of modern astronomy achieved through his invention and application of the "cepheid variable" method of determining distances to distant star-clusters.

Wrote Science Survey Text The text, entitled "Starlight," used for the study of astronomy in the Science Survey course of the College, was written by Professor Shap-

The titles of the lectures and the dates when they are to be presented,

The topic of the first lecture, on November 20 will be "On the Kinds of Things." Following will be a discussion of "The Microcosmos," on November 27. On December 24, Dr. Shapley will speak on the subject Concerning Planets" on December zation has "no constitution, no rules 11, "To the Bounds of the Galaxy and of procedure, no officers, no methods Beyond;" and the last of the series will be on December 18, on the "Cos-

ALUMNI PSYCHOLOGISTS

Five alumni of the College, now prominent in the field of psychology, were the guests of President Robinson at a meeting held last Friday evening at the City Club where plans were formulated to enlist alumni cooperation to aid the comprehensive personnel adjustment program begun at the College last year by Dr. Arthur Frank Payne.

President Robinson said that the College is distinctly fortunate in its location so near to so many of its prominent alumni, and made it clear that he intended to take full advan-

tage of the opportunity offered. Those present were: Charles A Elsberg '90, Isador Abrahamson '90, William Steinach '91, Walter Timme '93, and A. A. Brill '98, all guest alumni. Dean Redmond, Dr. Edwin T. Hauser, Dr. Arthur Frank Payne, as well as President Robinson, also

BIENSTOCK, DUBINSKY STAR

Lavender Captain Turns in Spectacular Dash-Dubinsky Outstanding on Line

SCORING EQUALLY DIVIDED

Six Lavender- Players Share in Crossing Engineer Goal Line

By Mike Liben

Riding on the crest of a powerful grid wave, the College football cehorts swamped a determined Rensselaer Polytech Institute eleven Saturday afternoon at Lewisohn Stadium, the Engineers being buffeted about cruelly, and finally washed on to the rocks of a 38-7 defeat. The game was the second successive victory for the Parkermen, who seem to have definitely shaken their early season lethargy, and yesterday exhibited as pleasing an exhibition of alert and wide-awake football as could be asked for from any team.

Put Up Great Exhibition A brilliant offense, mixing forwards, laterals, end sweeps, offtackle cuts and triple passes with equal success; a rock-ribbed defense which put up an excellent brand of goal line play, and above all, a football keenness and verve were the main features in the pleasing College victory. And some 4000 grid fans shouted themselves hoarse as the Lavender machine ran through the

It was a great day for football. Up above, the wispy clouds flitted by in a clear, blue sky, while down bea representative of the class gradu- low, Bienstock, Targum, Goldhammer, etal, did their football flitting, with an elusiveness and shiftiness that drew great applause from the spectators, to say nothing of the large assemblage gathered on the rock across from the Stadium, which has come to be known by the euphonic name of "Pikers Peak."

Show Stern Defense

The defensive play of the Lavender was on a high plane throughout, It is expected that between eight on one occasion holding for downs seventh place, was the first of the annual reunion of the graduates of Penn State star, made their only score in the last quarter.

Lavender scoring honors for the day were as equally divided as the lines on the gridiron. Six touchdowns were made, and six different College players scored them. Willie Rubin, Julia Rubin, Shiffman, Schneer, Bienstock, and Goldhammer did the scor-

And the most sensational of these cores was turned in by Captain Bernie Bienstock, who turned in one of these sensational runs you often read about, but scarcely ever see. In the third quarter, with the Lavender helding a 25-0 lead, Bienstock faked a forward pass, and starting on his own 38 yard stripe, hip-weaved and zig-zagged to a touchdown, brushing

COMING ALONG

AFTER a start beset by many difficul-ties the Lavender eleven has found itself with a vengeance. Two overwhelming 16. On that night student interest is first victories have put the team properly in line expected to manifest itself. Preparations for for the important contests that follow. How this and the succeeding productions are now important these are may be emphasized going forward carefully. The fate of such when we say that if they are won the football hopes of Lavender followers for the season will be completely satisfied.

gratifying to those who came to the Sta. gence. dium. And we dare say also to that vast group which stayed away from the Stadium. WE THOUGHT THE WAR WAS OVER The team put on an exhibition which was ever interesting. Plays that clicked with pre cision and power, alertness in capitalizing on breaks, game defensive stands deep in its reached the peak of its form.

The St. Johns and Manhattan games are the two big features of the Lavender sched. several of the larger universities exemplify ule. They are important because they will determine football supremacy among the Little Three in the city. They will be hardfought because they are of the "traditional game" type. Judging by its recent performances the Lavender is definitely in the running for premier honors. St. Nicholas football has a fine opportunity to scale the

How does all this concern you aside from the fact that you attend the institution boasting a football team with such pros-Well, we know that there are some 10,000 tickets on sale for Saturday's game. And this means that many a son of the College can do his share, in the matter of attendance, for a deserving gridiron aggregation. The stage is well-set, the spectacle promises to be vastly interesting. The student body can do enough, in numbers and noise, to show a fine team that it is being solidly supported.

ANENT SOPH SKULL

JUDGING by the variety of interpreta-tions pro and con, on our comments conto point out what was the leading issue in past.... our last editorial, and to reiterate that it re mains the same. Between athletic and nonathletic extra-curricular activities it is the contention of the Campus that the non-athletic activities should out-rank those of the other type when a student's record is considered for election to Soph Skull. The Campus has no personal bone of contention involved in the business of the elections. The solution which it has written about has been approved by the Class of 1931 and this body is carrying the idea into execution. Elsewhere in today's issue will be found information concerning their plans for a new honor society.

It appears that no conclusion with the and non-athletic service. The issue has its per spirit of the College in the minds of two classes of partisans. We repeat that we the 23rd Street students. Further, such afhold with the non-athletic group. The pro-per method of satisfying its demands is a dents at the Main and other centres, with

COLLEGE HISTRIONICS

A^N eventful year in dramatics faces the College. Before the close of school next June students and faculty will have been given an oportunity to attend the Main Stu-Monday, Nov. 4, 1929 dent Council Revue, the Dramatic Society's fall Varsity Show, "The Two Mr. Wetherbys," its spring musical comedy, the little theatre competition planned for March between nine centers of the College and many other offerings contemplated by the drama tic groups throughout the College's branches.

> Stage-minded students have always had the oportunity to include their tastes lavishly while here at College. Their efforts have ranged the wide fields of histrionics. But never has such a wealth of novelty been planned for as at preesnt. Outstanding in inter est among the dramatic offerings is the oneact play contest to be held in the theatre at Commerce building. Every corner of a College stretching over three boroughs will send representatives in an attempt to garner honors. This competition is in line with many of similar type which have been held on the legitimate stage. It links up with the present extended movement to popularize amateur dramatics.

From a non-dramatic standpoint the project is to be commended highly as working for all-College unity. The competition will extend over several days and students attending College centers in Manhattan, Brooklyn and Queens will meet on a truly common basis.

The dramatic activities will be set in motion by the Council Revue on November commendable undertakings as these theatrical offerings depends entirely on the support given them by the College populace. Ason will be completely satisfied.

Those who pledge their support will get full entertainment return for their indul-

WE mean the Civil War. It is an odd sit-uation, though. Football coaches are often apt to place victory above everything. own territory, all characterized the play of Yet at times we do see where ethical consida heads-up aggregation which evidently has erations will cause these coaches to sacrifice a good deal for the sake of sports ideals. The non-scouting arrangements between this in striking fashion.

But take the case of one whom a popular columnist calls "the gutless coach of a gutless institution." He has stirred up a veritable hornet's nest by revealing a "gentle-man's" agreement whereby Myers, star N.Y.U. quarterback, will not be permitted to play against Georgia because the Southverse as to make the institutions and the au thorities involved appear slightly ridiculous.

The general public, the metropolitan papers, and even the student body in N.Y U. have joined in panning this procedure unmercifully. One student, writing to the university paper, wants the football team boycotted if Myers is kept on the bench.

Then again, aside from ethical considerations, Coach Meehan's charges seem to be in for another shellacking if the quarterback, easily the outstanding player on the Violet team, does not play. A grevious strategical error combined with an ethical blunder will evidently combine to make it one hot afternoon for N.Y.U. Perhaps if it were to be remembered that the Civil War cerning Soph Skull, we take this oportunity and gross color prejudices are things of the

THE COMMERCE DANCE

TO the accompaniment of a turnout for its dance so large that many had to be turned away, the Commerce Center ushered in its social activities in auspicious fashion. Dean Edwards, faculty and students co-operated in producing an affair which should linger long in the memories of those who attended. The Business School is to be commended for showing such a fine spirit in initiating an important phase of undergraduate life.

It is to be hoped that this affair will be binding force of a law can be laid down in the fore-runner of many more of similar deciding the relative importance of athletic type, with all aiming to inculcate the prothe 23rd Street students. Further, such afdents at the Main and other centres, with separate honor society to take care especial- the Business students ever ready to be cooperate reciprocally.

Gargoyles

O Chaucer! Of bokes to rede I me delyte On how the enemie to fyte I rede them long into the nyte. I me delvte. O bokes to rede, yea 'is the lyfe.

To rede of war and all its stryfe. So shall it be e'en whwn with wvfe I me delvte.

Of bokes to rede I have no tyme No more are wars in prose and ryme. Tis real that marryed life's a cryme. I me delyte.

We have read epistles long famous in History. We nave long thrilled at the wit and glamour of those from that sometimes I did long for a Napoleon to Josephine, Atticus to Cicero and Dan to change of pace, a solemn funeral Bee-Sheba. But never have we sen the like of that which march or stately canter, instead of transpired twixt one, Maharba, and this fellow, Zeno.

> Your column's an atrocity It wakes my curiosity To see how your precocity Produces such a paucity Of Wit!

---Maharba....

Unfortunately, since we are on the eviction list for arly February, we shall not be able to continue the fine Social Psych course of Dr. Schneck into Abnormal Psych. And so, we are performing all our psychopathic antics now. Viz... 4 2 3

Psychoses Extraordinaires

I'm morbid. Something I shall rue, Leaving but a clue To my morbidity. I'm wicked. Shall I cut a throat, In gory murder gloat, Leaving but a note, "I am wicked". I am vile. Virgins I shall rape. Let the purists gape. There is no escape. I am vile. I am mad. I am morbid.

Precocious Child in a Semitic Setting

I am mad.

"Mother, is today a holiday?" "Yes, dear, Today is Yom Kippur." "O, mother, was he as great a man as Columbus?"

The Alcove

Twilight Zones

I shall remember those seven sparklin**g glas**ses of tea whose whiskey amber, glozening in the warm brightness of my reading lamp, flung back at me elongated ears and sad bovine eyes and lured me from the printed page. Remembering them I tured the annual intramural swimshall not forget Orlando. Thus the book shall be preserved from a slow drifting decomposition into that Medley of forgotten things; a Medley formed of fled books, events, and people, which probably embraces a spacious realm in our mental cosmos.

In Orlando Virginia Wolf is too breezy. She pironettes too gaily from metaphor to hyperbole. Humbly, for I reverance Mrs. Woolf, must I say those dizzy cavortings. So always gliding up and out of seven tumblers of tea shall be the oblique image of

Only one other book do I recall in o unique a manner. And that was long ago when with the Boy Allies I used to tilt a lance against the Uhlans and soar over Africa with Tom Swift; days when I would sweep through the Tartars with Pan Zagloba and the Prince Yeremi and would be saddened to come to the last page of Tom Sawyer; a time of emotions intense and unsophisticated, emotions whose limpid poignancy seems to dull as I grow into that garrisoned state called maturity.

But I started to tell you about reading The Rover Boys in the Mountains on a grey dismal day—the sort that makes one really miss the fireplace and its roaring blaze. My mother had sent me to bed, for I was sniffing ominously, but only after having bribed me with a fried liver sandwich. That sandwich! It was warm and spongy, I'm afraid a bit bloody. It was crisp, yet not the dried wafer they hand one in the restaurants. And while Dick and Tom shiveringly dug through snowdrifts hunting the younger Rover, I contentedly sank my teeth into the sandwich and snuggled closer into the bedding. Like R.L.S., I then believed more wisely encountered in bed.

However, to return to the text of this column, the converse is more inous afternon when I chanced on Dusty Answer: how I drifted into the Knickerbocker Theater to buy a ticket for the opening night of Mr Pickwick; how I had then wandered into the Automat across the waywhich I did not leave until I had finished those hundred beautiful pages at the beginning which rightly inspired Christopher Morley to compare Rosamund Lehmann to Keats.

In an Automat off Forty-Seventh Street at about six-thirty, I came upon the defly sonorous Zuleika Dobson. It was there too that I first opened Wuthering Heights. That night I kept returning to the counter for coffee and cocoanut pie to appease the management. The place seemed auspicious so I became a regular diner, if one can call eating at an Automat dining.

Those were the days when I attended plays on the opening night; when I would ride downtown in a bus, read until half-past seven, then walk along Broadway, that mad exhilirating thoroughfare, and saunter down Eighth Avenue fascinated by the subway construction and dream about hewing a peace-time epic out of all this gigantic activity.

To the Lighthouse was started in the morthwest corner of Mount Morris Park when a storm impended and big raindrops actually did plop on the pages. The Way of All Flesh rendered some very tasteless veal cutlets (I later so found out) palatable. Santayana has other associations. I tried to read Reason in Art together with a wench. Of course I failed.

II INTERMURAL SWIM WON BY FRESHMEN

Frosh Win Four Firsts and Roll Up A Score of 38

Utterly routing the upper classmen by rolling up an imposing 20 point lead, the frosh swimming team capming meet held last Thursday in the pool. The winning count was 38 as compared to 18 for the juniors, 11 for the sophs and 3 for the seniors.

Outstanding performances were turned in by Ratner and Nolan, stars of the yearling squad. Ratner swimming in the 100 yd. free style and Nolan in the 50 free came through in the fast time of 1:05 and :28 respectively. The combined efforts of both aided greatly towards the victory of the freshman relay team.

Numerals will be awarded the winners who won as follows: 50 yd. freestyle, Nolan '33-:28; 100 yd. breastroke, Seigal '33-1:20; 220 yd. freestroke, Kramer '33-2:50 50 yd. backstroke, Robinson '32-:36; 100 yd. freestyle, Ratner '33-1:05; dive, Wartzman '32-38 pts.

Wrestling is the next feature on the Intra-mutal program and will be held this Thursday at 12 noon in the gym. Competitors who are successful in the various events will be recommended for positions on the varsity wrestling teams. Candidates must see either their class athletic managers or drop a note in locker 1096. Further information will be posted on the bulletin boards.

For the Innocent.

THE TAILOR MADE MAN. A comedy by Harry Elmer Smith. At the Gallo Theatre. After a lapse of twelve years and "Tailor Made Man" is still entertain-

> Truly enough the situations and characters are outmoded. In fact the entire plot is more or less shrouded in a mist of antiquitous sentimentality Yet what does it matter when we have Grant Mitchell there-to provide all the innocent merriment one could desire. He struts about the stage like a true hero, sweeping everything before him with sophisticated irony, dominating a rather easily dominated cast with a magne tic volubility that, for all its prewar pattern, actually succeeded in delighting the audience.

The play deals with the escapdes of a "young" tailor's hand (although the term "young" can be but inconvery mature Mr. Mitchel) who is waiting for his "star to rise" in order that he may "do the things Napoleon left undone." His lucky star seems to rise on the night of the season's big social affair. Approaching one of his patron's dress suits, he forces himself into the company of his betters, and by marvellous diplomacy and aggressiveness makes the nost of every opportunity. Thus it is that he becomes the idol of society and the very personification of the genius of modern industrialism.

Leo T. Goodman,

Juniors Secure **Prom Pledges**

The Class of '31 has arranged to hold its Prom on Friday, December presented as the inaugural program in her program the works of six Hy Miller '31, and Morris Herson '31, 13, in the Congo Room of the Alamac co-chairmen of the Prom Committee, aided by Phil Delfin '31, vice-chairman, have already received 40 pledge cards for tickets at \$5.00 per couple.

Music will be furnished by a tenpiece band. There will be five acts of entertainment by various Broadway stars who have been engaged for the evening.

The mangnificent Congo Room is situated in the pent-house of the hotel and is fitted out in a manner which will transport the pleasure bent Juniors into a Congo atmosphere the moment, they enter the room. The pillars are carved and painted as African totem poles, the backs of the chairs are decorated with handseen by the composer. Her delivery light emanating from the chandeliers chased savage figures, and the soft is diffused into strange forms by miniature gargoyles. In the corners of the room are native huts with straw roofs and rudely appointed interiors. All praise is due the hardworked Prom Committee for the fine setting they have provided for '31's major formal affair.

MERCURY'S NEXT ISSUE TO FEATURE AVIATION

Picturing a "Fallen Woman with an Inverted Outlook on Life" on its cover page, the second issue of the Mercury will appear as per schedule during this week. The issue will feature Aviation, the woman on the cover falling from an airplane.

The Mercury will make its appearance during this week, Bert Cotton, editor of the publication announced. November 26. The topic will be the It boasts comments upon plays, regurgitates and epitomizes "Aviation."

> The coming issue will contain some new features. A Dramatic Review page has been instituted and the story of a thrilling non-stop flight in seven episodes, will be told in the magazine's columns.

Dr. Waldman Discusses Resembl ances Between the English and German Languages

"The Relation of English to German" constituted the subject of a lecture delivered by Professor Waldman, of the German department, before the Deutscher Verein last Thursday at 12:15 p. m.

The speaker sketched the resemblance between the two languages, and showed that they are sister tongues in that they both are members of the Indo-Germanic group of languages.

Dr. Waldman came to the Main center at the beginning of the current semester from the Brooklyn Center. He is recognized as an authority on Germanics.

Octette Plans Concert

The newly-formed octette of the Deutscher Verein plans to make its debut at a grand concert in the Great Verein octettes came out victorious for three successive years in the annual Campus Sing.

ANDERSON, LANKY CENTER, LED STRONG COURT TEAM

of a series of articles describing the achievements of College sport heroes of the past.

Among the pictures hanging in College Corridor" in the Hygiene Building are two of the basketball eams of 1921 and 1922. And promnent in both these pictures is the figure of "Cliff" Anderson, basketball center extraordinary.

Anderson, probably the largest

center in Lavender history, was the first of a series of great pivot men running through Curran, Edelstein, upon Anderson at the end the year.

Awkward at First

Anderson, a '22 man, came out for the team in his junior year, green, inexperienced, awkward, with his height his only asset. But by the end ball squad, where he learned to throw of that season, Anderson was break sky, playing at tackle, stood out like ing into games regularly, and the folgree of speed and accuracy. In 1921 lowing season was the bulwark on what many have claimed to be the diamond as a pitcher, and performed best of all City College fives.

Along with Fahrer, Raskin, Klauber, and Edelstein, Anderson played The R.O.T.C. band, which has re- teen game schedule with two defeats,

Anderson, six feet five inches in height, was the last large center on a Lavender five. Since his time Holman has searched in vain for a player combining the requisites of height and ability, although Holman's com-

Blumberg & Block 104 CANAL ST, NEW YORK

INDBERGH, flying blind much of the way, L hit Ireland "on the nose" as he winged toward Paris. Now, as an aid to air navigation comes the magneto compass, a product of General Electric research, which gives pilots a navigating instrument of extraordinary accuracy. Meanwhile, two other General Electric contri-

butions to aviation have been developed—the electric gasoline gauge and the radio echo altimeter. The ordinary altimeter shows only height above sea level. The radio echo altimeter warns the pilot of his actual distance above ground or water by flashing green, yellow, and red lights on the instrument board.

Every year hundreds of college-trained men and women enter the employment of General Electric. Research, similar to that which developed "eyes" for blind flying, is one of the many fields of endeavor in which they play an important part.
