

**Collegiana**

**NO COMMENT**

Up at M. I. T., the school records show that Smith is the most common name. This monicker is prevalent among thirty-three of the budding engineers. Jones, in spite of its wide use as a common cognomen is boasted of by only nine men, being surpassed by Brown with twenty-one, Johnson with fourteen and Miller, thirteen.

**BUSINESS IN ATHLETICS**

As an added incentive to the grid-men at Georgia Tech, a local tailor offered to press a suit free for every man who scored a touchdown, according to The Technique of that school. The team took up the offer and as a result, the tailor got more than he was looking for. Seven touchdowns were rolled up in the first game.

**GAMESTERS INVADE ENGLAND**

Cambridge University collegians have invented a new sport. It consists of placing wagers on the length of the sermons preached in the various local churches each Sunday. A regular system of handicaps and odds has been developed from week to week. Like all betting contests, a dark horse has to be contended with. The unknown here is the university preacher, always a visitor from an out-of-town church, whose past performances are unknown quantities.

**THE EPIDEMIC SPREADS**

Miniature golf is now an intramural sport for the athletically inclined co-eds at Ohio Wesleyan University. An inter-class tournament is being scheduled.

**BEWARE, FRESHMEN!**

For having publicly boasted of breaking all the freshman rules, two first year men at Dickinson College had their hair shaved off by the vengeful members of the sophomore vigilance committee.

**COLLEGIATE PASSPORTS**

Identification cards must be carried by students at the University of Michigan to prove that they are entitled to attend classes. Many outsiders, it was discovered, were coming to classes and acquiring a free education.

**ALL THE WAY TO RUTGERS**

We have at hand the following from The Rutgers Argum:  
"General Webb's historic sword and a bust of Mercury have disappeared from the campus of the City College of New York. The loss of the bust of Mercury is said to be traceable to an impasse between the staff of The Mercury and that of The Campus, the college tri-weekly paper."

"We assure our provincial friends that peace has been restored up here."

**GUARDING OUR YOUNG ONES**

Georgetown freshmen may not wear bow ties before 7 o'clock in the evening, according to The Polytechnic Reporter.

B. Zobler

**A. I. C. E. CHAPTER HOLDS FIRST SMOKER OF TERM**

Synthetic punch and synthetic sandwich meat combined to give the proper atmosphere to the smoker of the City College chapter of the American Institute of Chemical Engineers, held in the R.O.T.C. Armory recently.

The punch, made by the students from artificial flavors and citric acid was no novelty, but the synthetic meat provided a distinctly new departure in foods. These sandwiches, while labelled ham, corned beef and smoked sturgeon, were all composed of the same basic filler, Wessona, a protein substance extracted from cottonseed hulls.

The smoker, the first held by the Chapter, served as a get-together meeting for the Chemical Engineering students of the College.

**S. C. WILL CONDUCT DRIVE FOR FUNDS**

Wishes to Enable Team to Meet Leading Colleges on Visit to East

(Continued from Page 1)

Such New England colleges as Brown, M. I. T., Harvard, and Boston College.

Manager Nolan Thrope '31 has drawn up the following tentative schedule:

Dec. 18th—Yeshiva College at Yeshiva.

Dec. 19th—N.Y.U. Heights at home.

Jan. 7th—N.Y.U. Square at station WNYC.

Jan. 16th—U. of California at home.

Feb. 27th—College of William and Mary at home.

March 6th—Rider at Rider.

March 13th—Loyola University at Home.

March 20th—Temple at Temple.

March 25th—M.A.C. at home.

March 27th—Oberlin at home.

**Rifle Team Victors In Cornell Match**

The Varsity Rifle Team opened its 1930-31 season by defeating Cornell University last week. The Lavender nimrods shot their way to victory with a 3399 score out of a possible 4000. Although some members of the team were not up to usual form, the individual scores are encouraging.

Eight regulars and three substitutes remain from last year's victorious squad. With the addition of four new men, the team is well balanced and should hit its stride in the next few weeks.

Jack Baum led the St. Nick sharpshooters with a high score of 362. He was followed by John Moses, 347; Irving Hirschfeld, 346; Hammer-schlag, 345; and Captain Arenson, 345.

**DOWNTOWN PUBLICATION ISSUED BY SOPHOMORES**

The Sun, official publication of the Downtown '33 class, made its second appearance of the semester yesterday. The principal feature was an editorial on Frosh-Soph activities.

Other important articles concerned themselves with the Soph Carnival, the Business Policy Forum, clubs and sports; besides a humor page and a snort story. Herman Rosen-berg, the editor, stressed the importance of the rules compelling freshmen to obey the Ten Commandments. The sports page briefly reviewed the N. Y. U. and Brooklyn basketball games and the girls' swimming meet.

The journal will be distributed only to wearers of '33 buttons, according to a statement by Business Manager Seymour Grudin.

**CHEMISTRY DEPT. HEADS PLAY HOST TO STAFFS**

The entire staff of the Chemistry last Saturday evening in the Chemistry Building by Professor and Mrs. Herbert R. Moody and Professor and Mrs. Ross A. Baker. Professors Moody and Baker are the respective heads of the chemistry departments, at the Main and 23rd Street Centers.

Professor Moody showed slides and motion pictures in Doremus Hall describing the African tour which he and his wife took. A buffet supper was served later in the evening.

**GIRLS CLUB HOLDS DANCE**

In an effort to promote social activities at the Business Center, the Girls' Club will tender a bridge party and dance to the College this afternoon. The recently organized branch band has volunteered its services for the event. An admission price of 25 cents will be charged.

**Moment Musical**

THE SOCIETY OF THE FRIENDS OF MUSIC, Artur Bodanzky, Conductor at the Metropolitan Opera House.

A revival of Giacomo Carissini's "Jephte" oratorio gave last Sunday's concert an even better reception than its two predecessors this season. Brilliant in its simplicity, the seventeenth century work closed a short, well-chosen program, with just about the limit of motion in that genre.

George Handel's popular Concerto Grosso No. 6, the most widely known of a set of twelve, and Bach's solo cantata for alto, "Schlage Doch, Gewunschte Stunde," preceded the Italian dramatic dialogue.

The roll of the medieval latin fits in with the solemnity of the bible story, told by the two figures, king and daughter, and two narrators. George Meader sang carefully, and Editha Fleischer sang with feeling. Marion Telva, who sang the Bach cantata, was one of the "historical," with Alfredo Gandolfi. The entire chorus of the organization filled in the background.

The Metropolitan Opera Orchestra, with Kurt Ruhrseit at the harpsichord left the audience expecting more of the concerto.

**MATH CLUB ELECTS OFFICERS AT MEETING**

"Bernouille Numbers" is the topic of an address to be delivered before the Math Club by Louis Landweber, newly elected president, on Thursday, December 4.

Dr. Gill, faculty adviser of the club, addressed the gathering at the last meeting, November 20, on the subject of "Math Clubs." He outlined the program for a full year ahead, making many suggestions for club activities. He also introduced the members to a novel game called "Nim."

The following officers were elected at this meeting: President Louis Landweber, Vice-president Abo Klayman, Secretary Reuben Fine.

**R.O.T.C. BAND PLANS CONCERT FOR FROSH**

Will Continue Extensive Program of Playing at College Affairs

The College R. O. T. C. band, which has just completed a very creditable season outdoors, playing regularly at every home football game, will give a concert on December 11, in the Great Hall, at the request of the chairman of the Freshman chapel. The band will have at this time an opportunity to show what it can do with classical themes as well as martial airs.

One of the main purposes of the concert is to interest those '34 men, who, because of program interference were unable to join the band this term.

The band, at present, consists of about 80 pieces, but Lieutenant Hoff, in charge of the band declared that there is still need of cornet and trombone players. The entire personnel has welcomed the recent change from the R. O. T. C. armory, where the band has practiced for years, to the Townsend Harris Hall auditorium with its better acoustics.

**Foster Committee To Meet Tuesday**

Candidates for membership in the recently formed Student Council Poster Bureau are requested to meet at 3 o'clock next Tuesday, December 2 in The Campus Circulation Office, room 409, according to announcement by Milton Paris '34, organizer of the bureau.

The bureau will make posters and notices for all clubs and other student organizations of the Main Center day session at cost. The Student Council is planning to make it compulsory for all organizations to have their public notices handled by the Poster Bureau. If these plans materialize, no signs or posters will be permitted in the alcoves and other parts of the College under Student Council jurisdiction unless they are approved by the bureau.

**HUNTER AND COLLEGE MENORAHS OFFER PLAY**

PATRONIZE CAMPUS ADVERTISERS

A rehearsal of the joint dramatic groups of the City College and Hunter College Menorah Societies will be held this coming Friday morning at 10:30 at the Central Jewish Institute, 125 East 85th Street. The plays which will probably be presented are "She Must Marry a Doctor" by Shalom Alechem and either "His Children" by Rufus Lears, or "The Stranger" by David Pinski. There are still many parts open for members.
