ELECTION DAY

VOLUME 51—No. 7

NEW YORK, N. Y., TUESDAY, OCTOBER 18, 1932

PRICE THREE CENTS

HALPRIN DECLARED PRESIDENT BY S. C.

Kadane Acts As Chairman After Halprin's Eligibility Is Challenged

5-4 VOTE ENDS LONG PRESIDENCY CONTEST

Kahn Introduces Ouster Motion; Supported By Starobin and Weinstein

Edward J. Halprin '33 was declared eligible for the presidency of the Student Council by a five to four vote at a stormy session of that body on Friday afternoon. Halprin eligibility was challenged by Leonard Kahn representative of the Class of January '35 shortly after the opening of the meeting on the grounds that Halprin was not a member of the senior class. David Kadane '33, vice-president of the Council assumed the chair amidst mingled shouts of approval and disapproval of a divided council. The motion was proposed by Kahn that "Mr. Halprin is not eligible for the presidency" and therefore cannot assume the chair.

Feingold Opposes Starobin

Victor Feingold, representative of the class of June '33 led the fight in favor of Halprin and was supported by Morris Weiner and Jack Bloom of the Classes of January '33 and June '34 respectively. Joseph Starobin '33 Secretary vehemently opposed Halprin's eligibility and was upheld by Harry Weinstein, Representative of January '34.

Force Roll Call Vote

Frequent attempts were made to close the discussion by Halprin's champions resulting in violent and heated opposition by the ouster group. Finally, in the midst of the confusion a roll call vote on the motion was pushed through resulting in Halprin's assumption of the chair. The vote follows:

Opposed	In favor
Moscowitz	Weinstein
Abrahams	Kahn
Weiner	Starobin
Feingold	Kadane
Bloom	

The subject of Halprin's eligibility was discussed at an unofficial meeting of the council called by Kadane at the beginning of this semester when it was disclosed that Halprin had not attended summer school to fill the credit requirements as outlined in the by-laws of the Council. He based his claim on his affiliation with the Upper Senior Class and on the fact that in two previous cases presidents were also ineligible under the contested ruling. It was on the basis of those arguments that the council declared Halprin president. The proposal was made by Norman Schrank '33, runner-up in last term's election to hold (Continued on Page 4)

CHESS MEN TO COMPETE IN THE INTERCOLLEGIATES

The Chess Team is completing plans to participate in the Intercollegiate Chess matches to be held during Christmas week, according to an announcement by Reuben Fine '33, captain of the team. The rest of the team consists of N. Beckhart '33 and R. Levinstein '34. The fourth member has not as yet been chosen.

Jinx Still Trails Mondschein As He Receives Another Injury

Oh Man Hard Luck is still trailing the football team as "Moon" Mondschein, donning his uniform for the first time since his knee injury in the Catholic U. game two weeks ago, was the only member of the squad to be injured in Saturday's contest.

The shifty Lavender quarterback had to be helped off the field in the third quarter after he had received a deep gash on his forehead when he missed a tackle. How long he will be lost to the team is not yet known and the St. Nick rooters are anxiously awaiting the return of their star signal-caller.

"MERRY-GO-ROUND" TO BE VARSITY SHOW

Presentation To Mark First Performance On Amateur Stage In City

Merry-Go-Round, a biting indictment of city politics, by Albert Maltz and George Sklar, will be presented by the Dramatic Society as the Varsity Show during the week-end of December 16, it was revealed Saturday, following a meeting of the executive committee of the Society, held Friday night at the home of David Kadane '33, president of the organization. Merry-Go-Round is the most stupendous play ever undertaken by the Dramatic Society. It has a cast of over thirty-five players, and eighteen different scenes. This performance will mark the first amateur presentation of the play in New York.

Dealing as it does with political corruption, Merry-Go-Round had difficulty in obtaining a license to appear on Broadway, last season. It opened in March at the Provincetown Theatre and after running there for a short while, it was decided to move the play to the theatrical district. After much trouble with the license bureau, it began its run at the Avon Theatre in April and played there for several months, with Elisha Cook, Jr. playing the leading role of Ed Martin. Messrs Maltz and Sklar are products of Professor Baker's dramatic course at Yale.

Casting for the play will take place in the near future, and rehearsals will start immediately following casting.

B. A. S. to Inspect Ice Cream Factory

The newly reorganized Business Administration Society will make a tour of the Hydrox Ice Cream Co. on Wednesday Oct. 19 at 3:30. All those who wish to accompany the group will meet outside the Main Entrance on Convent Ave. at 3 o'clock sharp. Last week the club visited the American Chiclé Company and were shown through the entire factory. A guide pointed out the various processes and the visitors were given a large sample package of the finished product.

Of the last meeting of the society a member of by-laws were adopted. The next meeting will be held on Thursday at 12:15 in room 202.

CAMPUS DISCLOSES TICKER CENSORSHIP

Dean Moore Maintains Control Over Commerce Center Paper

LETTER OUTLINES MOORE'S POLICIES

Editors Told To Reject Unfavorable Editorials Against Teaching Staff

Evidence that a complete censorship over the Ticker, the undergraduate weekly published at the Commerce Center, has been placed by Dean Justin H. Moore was disclosed to The Campus in an exclusive interview with the Ticker editors.

Moore Sends Letter

Last week Dean Moore sent a communication to the editorial staff of the Ticker, ostensibly to clear up certain difficulties between the staff and the administration, but which in fact outlined in no uncertain terms the future editorial policy of the weekly.

In the letter the "Ticker" editors were told "to reject all editorial comment against any officers of the administration or members of the instructional staff." Also to "eliminate all material which, in his judgement, was disagreeable or scurrilous or violates the requirements of good taste."

Censorship Complete

The instructions in the letter which if carried out will mean censorship not only of editorial comment but also of news articles continue as follows. "Copy when ready to be sent to the printer will be taken to Mr. Craine's room at a time mutually agreed upon between you and him to receive his o.k. This process may be broken up into two operations. The first submission of copy may consist of eighty percent of the material; a subsequent meeting may handle the balance of twenty percent to get in some of the later news. Nothing will be sent to the printers that has not been approved by Mr. Craine. All galley (Continued on Page 3)

Gridmen Unleash Crushing Offensive To Smash Strong R. P. I. Team, 13-0; Parker Absent After Nine Year Stay

Saturday Football Sidelights As Seen By "Campus" Reporter

It was a glorious afternoon from every point of view. Even old man Sol got into the spirit of things and smiled down benignly on the proceedings.

For the first time in nine years Doc Parker's familiar form on the bench was missing. Nor could he be seen anywhere in the stands.

The R. O. T. C. band made its first public appearance and although the music was improved it has yet to learn how to make a turn and to keep its lines straight.

Mike Kupperberg, his arm in a sling and Harry Schuerer were in civilian clothes on the sidelines looking slightly wistful.

The new College "white" uniforms weren't.

Cooper, playing his first game, had the distinction of scoring the first point for the College this year when he made the touchdown in the first period.

Evidently startled by the score in the newspapers, an autogyro circled the field in an attempt to verify the fact.

All during the time Cooper lay prostrated on the field when the wind was knocked out of him in the second quarter, Bernie Bienstock had his fingers crossed. Evidently his voodoo worked for Cooper was soon on his feet ready to go.

The College cheering, for a change (Continued on page 3)

All Campus Candidates To Meet In 411 Thursday

Candidates for positions on the news and sport staffs of the Campus are advised to be present at the next meeting of the class in journalism which will be held this Thursday at one o'clock in The Campus office, room 411.

Special courses in all phases of newspaper work will be given to those who have had no previous experience on any paper.

ROBINSON EXPLAINS PARKER DISMISSAL

Parker Assigned Teaching Program In Hygiene Department

To still various fast-spreading rumors as to the why of the Doc Parker case, comes a statement from President Robinson issued Friday, attributing the resignation to present city and college economic conditions.

Dr. Harold J. Parker, head coach of varsity football team for the past eight years, started the school last week when he admitted that his "duties as football coach at the College were terminated."

Financial Question

Internal reorganization necessitated by student enrollment and the financial condition of the city are responsible for the rearrangement in the Hygiene Department and the assignment of Dr. Parker to a teaching program in the prescribed courses, states Dr. Robinson who went on to add that "other adjustments will be made soon."

Pointing out that the city is at present in financial distress and that "it is the duty of every public agency to do all it can to economize," Dr. Robinson goes on to show how the Doc Parker's teaching assignment arises from present conditions in the College.

While in accordance with the ruling of the trustees, the number (1437) (Continued on Page 4)

Hollander Leader Of Track Society

The Track and Field Society, an honor organization for holders of tracks and field insignias held its first meeting of the season last Tuesday. Sidney "Pinky" Hollander last year's cross-country captain, was elected president. The new members accepted by the society are:

Herman Roth, Alfred Leichtman, Morton Silverman, Manuel "Fish Face" Reichman, Irving Salant, Mac-Miller, Jake Lepitz, Norman, "Skinny" Feinberg, Ben Lambert, Sidney Eisenberg, Abe Tauber who is now a member of the Public Speaking Department at college; Ned Schwartz, and Sid Nadwornoy.

Backfield, Revamped, Works Smoothly For The First Time This Year

COOPER, GERENSTEIN SCORE TOUCHDOWNS

Line, Led By Weiner and Weinstein, Smothers Trojan Running Attack

By L. R. Guilty

Complete vindication of Dr. Harold J. Parker's methods of coaching and style of play was offered to the sports world Saturday afternoon when a fighting Lavender eleven completely outclassed and outfought a highly touted Rensselaer Polytech team to win by a 13-0 score. The crowd of curious and extremely pessimistic alumni and students who had come up to Lewisohn Stadium to see what an already weak team would do without the service of Doc Parker on the bench for the first time in nine years were astounded by the vicious play and complete reversal of form.

Backs Show Form

Not only did the College stop the fast traveling Trojans dead in their tracks, but the backfield which had been conspicuously weak on the offense in the first two games, suddenly came to life unleashing an attack that staggered the Cherry and White. The College outrushed R. P. I. two to one and made several substantial gains by passes. Rensselaer's most effective weapon was "s passing attack but it could make no headway with the line bucks and end runs which had defeated Williams 7-6 two weeks ago.

Cooper Returns

Most instrumental in the unexpected victory was the brilliant work of the backfield. It was a far different quartet than the one which opened the season at the Stadium two weeks previous. Adolph Cooper, the veteran back who with Harry Schuerer had been out because of ineligibility, made his first appearance of the season after he had been reinstated late Friday afternoon. Irv Mondschein, who had been injured in the Catholic U. game, donned a uniform for the first time in two weeks to help in the victory. The other two backs who started were Jack Diamond, reconverted end, and Ben Sidrer sensational sophomore plunging back.

For the first time in two years there was a unmistakable punch and kick in the backfield, with Sidrer and Diamond reeling off ten and fifteen yards (Continued on Page 3)

OFFICERS CLUB INDUCTS NEW MEMBERS SATURDAY

Over a score of new members of the R. O. T. C. advance course were initiated into the Officers' Club at the College Armory Friday evening. The new members will be inducted into the club Saturday October 25, preceding a reception and dance in their honor.

Ingo, Trenchant Janitor, Is Dead; Mourned by Friends and Notables

By W. Arthur Schattles

Ingo is dead. Saturday morning the beloved "trenchant janitor" passed away at the peak of his prime, leaving behind a host of friends, acquaintances, and people who wanted to know who he was. Having achieved College-wide prominence for his wit and acumen by a series of exclusive interviews in The Campus last term, the fiery-headed hater of apricots fell ill with a sudden attack of Komodiosclerosis Friday evening and died shortly after ten, Saturday morning.

Known as "the janitor who reads The Campus", Ingo had prided himself on his ability to keep up with the world. He was a clear-headed student of affairs and a keen-witted amateur of modern literature. It was he who said of Solomon Cohen, mumble-mystic and one of Ingo's favorite writers of the next generation, "he has a profound insight into the obvious." Polonsky and Dick Greenblatt were among the other talented writers whom Ingo flattered with his at-

tentation. Himself a widower, Ingo survived by his widow, the former Lizzie Fitch, and his three children, Eli, Josie, and Sturdevant, all of whom are married and living abroad, in Wakefield. Many will recall the tragedy of Ingo's first marriage, which was frustrated by the Civil War, Ingo being a Massachusetts and his wife being a Virgin. Ingo was an orphan the greater part of his life, his father, Ingo before him, and mother having died.

In resuming his series of exclusive Campus interviews for this term, Ingo had shown signs of a new development in his style, tending in the direction of Wohlstetter, Berylson, Mohler and the other leaders of Lalaism. In his last article (published in The Campus of Friday, October 7, 1932) he had expressed himself in a style so difficult and yet fresh that critics were predicting the advent of "a new Ingo". During the last week of his (Continued on page 2)

LAVENDER GRIDDERS CRUSH R. P. I. TEAM

(Continued from page 1)

on pivot and reverse plays thru the line, Cooper gaining considerable ground on successful lateral passes, Mondschein adding yardage on the triple reverse plays, and the passing combination Diamond to Gerenstein working like a charm.

Cooper Makes First Score

The first touchdown came early in the opening period when Adolph Cooper crossed the goal line for the first College score this year after taking a lateral pass from Jack Diamond on the ten yard line. The Lavender had been put into a scoring position by a powerful attack which netted 68 yards in eight plays. The march down the field was marked by Cooper's 30 yard gain on a lateral after Sidrer and Diamond had made several gains thru tackle. A pass from Sidrer to Diamond put the ball on the 10 yarder from where Cooper scampered over. Captain Murray Gerenstein's place kick for the extra point was good and the score was 7-0 before five minutes of the game had elapsed.

The Lavender went on the defensive immediately after the following kickoff when the Trojans uncorked their famous aerial attack. The Bruce Downes — Al Meyer combination proved tremendously effective and the Cherry and White succeeded in pushing the ball to the College 2 yard stripe. The Lavender, well known for its goal line stands, again stiffened its defense to take the ball away on downs.

Trojans Repulsed

After Cooper kicked out of danger, the Trojans again came, within scoring distance immediately by virtue of their passes but again the forward wall prevented a score, this time taking away the ball on the 6 yard line. R. P. I. succeeded in keeping the ball well in Lavender territory during the last part of the first half but unusually excellent work by Irv Weber and co-captain Gerenstein on the wings, and Ben Weinstein and "Mush" Weiner in the line successfully staved off the Trojans.

The Lavender's second touchdown came late in the last period when it stopped two possible scores by R. P. I. to reverse the state of things and score a touchdown in the bargain. Sidrer's fumble on the first play put the Lavender in a difficult position but again the Trojans were stopped on the College's 10-yard line. A series of first downs by Sidrer and Diamond advanced the ball to mid-field. Gonzales forced Meyer out on the 21-yard line to save a possible score after Meyer made 40 yards on a pass from Downes.

The College then advanced the ball aided by a bad pass for R. P. I. The touchdown itself came as a result of Cooper's excellent "coffin-corner" kick which went out of bounds on R. P. I.'s 5-yard stripe. On the next play Downes' pass was knocked down. On his attempted kick the Lavender forwards charges in fast to block the kick and captain Murray Gerenstein fell on the ball in the end zone for a touchdown. His try for the extra point was blocked.

Lavender Strong On Passes

The most gratifying feature of the Lavender's play was its work with passes, both offensively and defensively. Notoriously weak on pass defense, the gridmen soon solved the Cherry and White attack and in the last half succeeded in either knocking down or intercepting most of the numerous R. P. I. passes.

With the return of Diamond and Cooper the College had three good passers and receivers in the backfield.

Campus Discloses Ticker Censorship

(Continued from page 1)

proofs will be submitted to Mr. Craine for his O. K.

"Mr. Craine, himself, is at liberty to submit any subject about which there seems to be a difference of opinion to either Dr. Philip or Mr. Pennington and their words will be final."

The letter went on to state "that these general policies were agreed upon orally by the students at the time the application for the charter was made last spring and had been repeatedly implied at meetings of the Association." Dean Moore asked the Editor and Business Manager to sign the letter with approval.

The students claim that no such agreement was reached and a member of the Association, which controls the Ticker, affirmed this point.

For some time the Ticker has been hindered in its publication by administration authorities. Sources of official information have been closed to remove a faculty member of the to remain a faculty member of the "association" and put himself in his place.

Editorials Suppressed

Last week the Ticker editors were asked not to print certain articles on controversial questions including two editorials, one on the "Student" and one on "Frosh-Soph" and in addition a correspondence on "U" books. When the staff signified its intention of running blank editorial columns, the editorials were permitted to be printed.

Then the staff received this letter from Dean Moore to avoid further trouble.

Until last spring The Campus served both branches of the College. A disagreement arose between the uptown and downtown editors such that the Downtown Center decided to publish their own paper. The "Campus Association" agreed to finance the new paper but the plan never materialized. The Ticker finally received a charter under an association composed of the president of the Student Council, the chairman of the Faculty-Student Relations committee, two faculty members appointed by the Dean, two alumni appointed by the alumni association and three undergraduates appointed by the Student Council.

NIGHT COURT TRIPS PLAN OF GOV'T CLUB

The Government Club will inaugurate a series of trips to night courts, banks and insane asylums under the supervision of Dr. Barber of the Government Department. The first meeting of the semester will take place Thursday at 12:30 in room 207 to elect officers for the current term.

since Ben Sidrer's aptitude at the aerial game is well known.

THE LINE-UP

City College	R. P. I.
Gerenstein	L.E. Meyer
Friedman	L.T. Harrer
Velkoff	L.G. Fiori
Weiner	C. Weinstein
Weinstein	R.G. Harrer
Smolian	R.T. Koleszar
Weber	R.E. Disbrow
Diamond	Q.B. B. Downes
Sidrer	L.H. K. Downes
Mondschein	R.H. Bahr
Cooper	F.B. Maxwell

Substitutions—City College
Berkowitz for Velkoff; Juliber for Smolian; Berkowitz for Velkoff; Yannela for Friedman; Gonzales for Mondschein.

R. P. I. — Suk for Downes; Kagan for Harrer; Davis for O'Connell; Sturjes for K. Downes.

Score by periods:
City College 7 0 0 6 — 13
R. P. I. 0 0 0 0 — 0

Touchdowns: Cooper, Gerenstein.
Points after touchdown: Gerenstein (place kick).

SIDELIGHTS VIEWED BY CAMPUS WRITER

(Continued from Page 1)

was audible, especially after the first touchdown, and for the first time this year, the old echo from "Pikers Peak" was heard.

The singing, on the other hand, was plain lousy.

The substitutes (all nine of them) were sitting on the edge of the bench throughout the game, anxious to get in their to give 'em hell for dear old Parker.

Cooper had the distinction of making a punt and then come tearing down the field to make his own tackle. He evidently did not want to trust his teammates to stop this boy Bruce Downes.

The R. P. I. civilian cheerleader certainly produced results from the small but enthusiastic Cherry and White section.

Sy Friedman looked a bit sheepish when he was ejected in the fourth quarter for fighting. As Sy puts it "He hit me—I hit him—I went out!"

College Swimming Prospects Bright

With the largest swimming and water polo turn-out in the history of the College reporting to Coach McCormick, the mermen have settled down to a rigorous training campaign. As a result of the huge number of candidates prospects are bright for a better season than last, when the Lavender finished last in the Eastern Intercollegiate Swimming League standing.

Hal Kramer who led the league in individual scoring last year, has returned together with Abelson and Segal, a crack breast stroker. However their future usefulness to the team depends upon the clearing up of the doubts concerning their eligibility.

Several other veterans also remain from last year's squad. Rubin stands out in the 100-yard and 220-yard events while Schubert appears to be one of the best in the breast stroke. Marengo and Meltzer will probably take care of the diving but there is a possibility that Gomberg or Huffett may break into the competition in that event.

Coach McCormick will probably use Sharkey and Uhran as the nucleus about which to build the water polo team since they are the only veterans remaining from last year's ag-

"—and Comment"

All students who lost sleep over the fact that President Robinson's Locomobile had been taken away from him, can now sleep easily and contentedly. The prexy's car is among the many included in the city's 1933 budget. Pleasant dreams.....

Those who missed the first student council meeting should blush with shame.

Why go to a Broadway show, when the student council provides such free entertainment? Patronize home industries!....

When Gene Gilhuley stated that he was speaking for the administration, Starobin, the fiery secretary gently chided him with these gems: "Mistuh Gilhuley, you are not a lobbyist for the administration....."

It was Starobin also who kept reminding Eddie Halprin, the president in such words "Mr. Chairman, the previous question has been moved." Gilhuley, interviewed as to his stand

on the Gottlieb case, modestly exclaimed: "He's guilty as hell."...Now, now Gene.

Yes, indeed, you missed a great show.... Weinstein, he of the "rebel" Weinsteins heroically declared in the course of the meeting: "Gentlemen, I am here to legislate for my class."... all together boys, 3 long rahs and a tiger.... or would the tiger be sufficient?....

And how could you have missed Dave (Hampton) Kadane's stirring oration on the etymology and definition of the word meeting....

And didn't Vic Feingold get mad!.... My, oh my. He threatened to put little Weinstein through the door..... Not out the door mind you..... through the door..... the big brute....

You must come over, next week.... see you some more.... I hope.

L. K.

gregation.

The freshman squad has several out standing performers. Kaplan, formerly with the Dragon Club, is rated as the equal of Segal, the College's outstanding performer in the 200-yard breast stroke last year.

Sheinberg, a former metropolitan junior champion in the 440-yard free style, Kristal, a back stroker from New Utrecht, and Elterick are the other promising prospects.

Regular practice sessions are held on Thursday and Friday at noon.

CHESTERFIELD PRESENTS

"the Street Singer"

S. C. RULES UPON THE GOTTLIEB CASE

Barring Milton Gottlieb, '33, from the use of the concourse until October 28, the Student Council, in its first executive meeting of the term held last Friday, acted positively upon the recommendation of the joint Student Faculty Discipline Committee.

The full statement of the council's final agreement, issued by the secretary immediately after the meeting, follows: "It is the sense of the Student Council that no official, organized congregation can take place in the concourse. We recognize the action of the 'Joint Student-Faculty Discipline committee and we declare that Gottlieb be barred from the concourse until October 28."

Gottlieb's Statement

Gottlieb, a lower senior, was first brought before Dean Redmond on two charges: 1. That he was holding a meeting in the alcove without the presence of a faculty advisor as provided by the rules of the college; 2. In doing so, he obstructed the tables and prevented students from sitting in the alcove. Dean Redmond then referred the position of the case to the joint Faculty-Student discipline committee which in turn brought the controversy before the Student Council. Gottlieb issued the following exclusive statement to the Campus in order to clarify his stand: "I consider the action of the authorities in my case as being a deliberate attempt to suffocate free speech. The reason why I was specifically brought up on the absurd charge of crowding the lunchroom was not because Dean Redmond, President Robinson or any other authorities have any altruistic intentions in seeing that students have free elbow room to eat, for if such were their intentions, they would have undoubtedly have done something before to prevent the crowding, but because some students, including myself, were holding a serious discussion on the unwarranted dismissal of Oakley Johnson. I deny that there was a meeting held under the auspices of any organization. I assert that it was merely a discussion."

Schrank Case Off

In thus imposing a sentence on Gottlieb, the council virtually admitted his guilt in the case.

The discussion of the case of Norman Schrank, '33, was postponed until some future meeting of the council. Schrank had been apprehended by Gene Gilharty, chairman of the alcove committee, for distributing circulars in the lunchroom without permission of the said committee.

PROF HOLLINGSWORTH WILL ADDRESS ED CLUB

Professor Beta S. Hollingsworth of Teacher College and noted authority on gifted children, will address the Education Club on Thursday at 1:10 P. M. in room 315. Her recent studies on the Mental Processes of children will be the subject of her talk. Professor Hollingsworth is the author of several volumes dealing with diverse subjects among which are, "Subnormal Children" and "Psychology of the Adolescents."

MONROE HIGH RUNNERS DOWN FROSH 25-30

The freshman cross-country team dropped a season opener to a strong Monroe High School team, 25-30 at Van Cortlandt Park Thursday. Ed Hochberg was first across the line for the Lavender, following Charles Driscoll, Monroe captain by a scant two yards.

The Orlando-men, many of them running their first meet at the Park, captured second, fourth, fifth, ninth and tenth as Hochberg, Mike Develin, Amos Brodsky, Irv Kirzner, and Stanley Rosenberg in that order.

Robinson Explains Parker Dismissal

(Continued from page 1)

of new students admitted to the College remained the same as that of last September, the President explains, "many students of the upper classes have not dropped out, due no doubt to the fact that there is no work to be had, and our total enrollment for the day session increased over that of last term by 64, so that the present enrollment is 7199 as against 7105 of last term." "Furthermore, more students than formerly are pursuing the additional courses in Hygiene 5 and 6. The result is that while trying to keep the College personnel static, there has been an increase in hours of work thrown upon the Hygiene Department."

"We had two problems to solve: first, that of caring for students without hiring additional men on the regular permanent staff, and second, we had the problem of intelligently conducting this important basic work."

Parker's New Job

"Dr. Parker was assigned to a full program in this work because he is on the regular permanent staff, is familiar with the board field of hygiene and physical training, and because he was deemed capable of caring for the assignment successfully. This saved the College the expense of engaging an additional man."

"Of course it is unfortunate that he must be relieved from his work with the football squad, but he has already trained the team and also prepared assistants to carry on for the rest of the season." Dr. Robinson concluded.

Student Rumors

The more popularly held student opinions which have been circulating about the school are those which declare Doc Parker's resignation as due either to alumni dissatisfaction and subsequent interference with his coaching of the team; or as marking the first step to eliminate football from the College altogether. There may be some support for both theories in that football has often lost money for the school, in past terms and in the fact that the team has not scored a point in the two games played this year, one against a supposedly inferior eleven.

Bienstock In Charge

Until the muddled situation is cleared up, the grid squad is being handled by Parker's three assistants, Bernie Bienstock, Sam Heistein, and Leon (Chief) Miller. Though Professor Lionel B. MacKenzie is nominally in charge of the team, he has left actual supervision to Bienstock.

Bienstock, who was captain and quarterback of the 1929 team, was said to be one of the best players ever developed by Dr. Parker in his regime on the Heights. He has the respect and confidence of the players and is well liked by everyone. At last Saturday's game he handled the team admirably from the bench.

FROSH TO ENGAGE SOPHS IN ROAD RACE THURSDAY

Licked convincingly, though not legally in their first skirmish with the Sophs, the gallantly fighting Freshmen will compete with confident Sophomores in a road race to be staged this Thursday at one, following the Freshman chapel and the reorganization meeting of the second year men, who will meet in Townsend Harris Hall to discuss further methods of keeping the yearlings down. The meeting has been called by Leonard Seidenman, president of the '35 class.

The winner of the competition will be awarded one point towards the banner granted every year to the victor in Frosh-Soph competition. The course of the race will wind in and out throughout College grounds and finish after about a mile of running in Lewisohn Stadium.

DUBINSKY POINTS JAYVEES FOR GAME

Polishing up rough spots for the Concordia game on Saturday, Coach "Red" Dubinsky drove his charges at a fast clip last week. On Thursday, the Lavender cubs scrimmaged with the varsity and held them to three touchdowns.

Towards the end of this work-out, the yearlings surprised the regulars by putting on a sustained drive in which Uhr, scrimmaging for the first time since his injury, got away for some nice gains using the R. P. I. spinner plays. The jayvee mentor, because of a shortage of ball carriers, shifted Greenblatt, regular guard, to the fullback and the converted lineman looked good on plunges.

Milt Levin, whose kicking was the highlight of the Brooklyn game, received a wrenched knee and it is hoped he will return in time to play against the prep school team. Tom Conklin, injured end, will be back in harness this week as well as

HALPRIN IS DECLARED ELIGIBLE AS S. C. PRES.

(Continued from Page 1)

a revote but this move was suppressed by Dean Redmond. It was finally decided by Professor Babor, Faculty advisor of the Council to allow Halprin to open the meeting and for Kadane to assume the chair after Halprin's eligibility had been challenged. It was under this ruling that the meeting was held on finding it and was conducted in the outlined procedure.

MANAGERS NAMED BY A. A.

At a meeting of the City College Athletic Association held Thursday, Morris Bogash was elected Manager of Boxing, Bertram Bloch, Manager of Freshman swimming, and Joseph Leperman manager of freshman track.

Rosenberg, a halfback hurt in the game last Saturday.

The squad will elect a captain before the game on Saturday as the position of Tolces, who captained the team in the Brooklyn contest, was only temporary.

Lavender Harriers Lose Opening Meet

Unable to keep up with the fast pace set by the Trojan harriers, the Lavender cross-country team dropped the opening meet of the season to R. P. I. at Van Cortlandt Park, Saturday morning, by the one-sided score of 15-40.

At the bark of the gun the College runners shot into the lead but the Trojans steadily forged ahead until at the first circle of the five mile course two red-shirted runners led the pack, with Nat Volkell, the first College man to finish, third.

When the runners passed out of the woods and on to the straight away for the last spurt Jack Idima, Bill Bates, Francis Breen, Morris Bassel and Dave Rogers, all of R. P. I., joined hands and finished in a tie for first place in the fast time of 27:55. Nat Volkell, the first Lavender runner to come in, made a desperate attempt to catch up with them but finished ten seconds behind. Jimmy Fisher lost his shoe but succeeded in quickening his pace during the second lap to be the second

W.N.Y.C. AIR COLLEGE SCHED'LE ANNOUNCED

BRING 'EM BACK ALIVE

"Nature in the Raw" — as portrayed by the vicious battle between the python and the tiger... in Frank Buck's thrilling motion picture, "Bring 'Em Back Alive," filmed from nature in the Malay jungle.

"Nature in the Raw is seldom MILD"

—and raw tobaccos have no place in cigarettes

They are not present in Luckies... the mildest cigarette you ever smoked

WE buy the finest, the very finest tobaccos in all the world—but that does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that "Nature in the Raw is Seldom Mild"—so

these fine tobaccos, after proper aging and mellowing, are then given the benefit of that Lucky Strike purifying process, described by the words—"It's toasted". That's why folks in every city, town and hamlet say that Luckies are such mild cigarettes.

"It's toasted" That package of mild Luckies

"If a man write a better book, preach a better sermon, or make a better mouse-trap than his neighbor, the world will make a beaten path to his door."—RALPH WALDO EMERSON. Does not this explain the world-wide acceptance and approval of Lucky Strike?
