### VARSITY GRIDDERS MEET DREXEL TEAM

Weiner, Mondschein, And Israel Recover Sufficiently To Get Into Line-up

**GABRIEL, LAST YEAR'S NEMESIS, PLAYS AGAIN**

Drexel is Still Undefeated, Having Won Three Games And Tied Another

By Sidney Paris

A barrage of passes that will hide the sun from view, is probably what is on tap for the Lavender football fan, tomorrow afternoon at the Lewishohn Stadium, when the College Varsity football team takes the field against the Drexel eleven. Drexel is noted for the strength and trickiness of its aerial attack, but it probably will surprise a good many of the spectators, tomorrow, to see the College gridmen swing into an over-head game. Lavender elevens have never been noted for their reliance on the forward pass as a method of gaining ground.

### Scrappy Sophs Subdue Foes Caps Now Added to Frosh Woes

Directly after the Sophomores won a moral victory in the Alcove fight last week, came a conclusive triumph in their winning the Road Race. This victory enables the Sophs to impose the old tradition of the Freshmen wearing lavender caps and ties.

Prof. Guthrie with his many gesticulations and Edward Halprin, President of the S. C. considerably pepped up the Sophomore morale. After their meeting in Room 206 the Soph came out to do or die.

**Sophs Take Road Race**

About one-thousand spectators watched twenty-two Freshmen and Sophomores contest in the Road Race.

Previous to starting, Jack Blum, chairman of the Frosh-Soph Activities Committee and Kleinburger, Junior Adviser of the Frosh, argued heatedly on whether the race would take place on the track of the Hygiene Building or over the traditional road course.

After a struggle with the Frosh and the asphalt of St. Nicholas Terrace, Amsterdam and Convent Avenues, the Sophs won an overwhelming victory. The men came in as follows:

1. D'Adderio, '35. 2. Finkelstein '35. 3. Feiner, '35. 4. Glascer '36. 5. Newfield '35. 6. Mendelsohn '35. 7. Frieland '36. 8. Brodsky '36. 9. Sugarman '36. 10. Tamorien '35.

### DOWNTOWN DEAN SUSPENDS TICKER

**Ticker Editors Refuse To Agree To Dean's Terms**

**UNION WITH 'STUDENT' DENIED BY EDITORS**

**Friendly Accord, Satisfactory To All Parties Concerned, Is Promised**

Contradicting various rumors as to the future course of the Ticker, Bernard Zabler '33, editor-in-chief of the Ticker, issued the following exclusive statement to The Campus.

"The editors of the Ticker feel that a friendly accord satisfactory to all parties concerned will be arrived at today. Statements and rumors appearing in the New York Evening Post of Wednesday to the effect that The Ticker will be merged with The Student are totally ungrounded. We feel that for an example of ridiculously inaccurate journalism this case is without exception."

### Two Mass Meetings Launch Nation-Wide College Fight To Protest Johnson Ouster

**Seniors Take Language Tests Thursday; B. A. Students Exempt**

All seniors except those pursuing the B. A. degree are required to take the reading test in modern languages on Thursday November 3rd at 2 p.m. in the following rooms.

French A-M	Dorenus
N-Z	306 Main
German	315 Main
Italian	126 Main
Spanish	126 Main

**Social Problems And Liberal Clubs Meet Despite Police Opposition**

**DR. JOHNSON SPEAKS TO BOTH GATHERINGS**

**Speakers Urge Plans To Form Intercollegiate Agitation**

Resisting interference from over two dozen policemen, students of the College met yesterday noon and Wednesday night on 138th Street and Amsterdam Avenue, to organize plans for nation-wide college agitation to demand the reinstatement of Dr. Oakley Johnson, English instructor dismissed from the College.

### DR. HOLLINGWORTH ADDRESSES ED. CLUB

**Describes Experiments With Brilliant Young Children At Columbia University**

Speaking before the Education club yesterday, Dr. Leta S. Hollingworth, Professor of Education at Teacher's College, Columbia, gave an account of her experiments in child intelligence.

In Dr. Hollingworth's experiments, eighty-two pupils of extraordinary intelligence at Columbia, gave an account of their I. Q. tests. Fifty-six of these pupils, all about eight years of age, were sent to a special class at Columbia. They were divided into two groups one of comparatively greater intelligence than the other and given a three year course. This course followed an "enriched curriculum" containing French, advanced music and other courses not generally given in elementary schools.

**Alcove Attacked**

The Road Race was followed by a grand rush to the Alcove of contention. Here ensued a battle-royal between the two classes. The Freshmen and Sophomores battled in various stages of deshabille. The Freshmen charged twice, but a solid wall of determined Sophomores repulsed them. It was evident from the start that the class of '36 wouldn't return to their Alcove carrying the historic table as a trophy of their victory. After the second "unsuccessful" attack, the Freshmen withdrew to prepare for still another charge. The Sophomores, however, didn't wait to be attacked, but tore into the Freshmen. Then Ed Halprin, S. C. Pres., blew the whistle that ended the melee.

**Dean Appoints Censor**

The Ticker the undergraduate weekly published at the Commerce Center, was suspended Monday by Dean Justin H. Moore with the refusal of the Ticker editors to agree in writing to the Dean's terms.

On October 7th, Dean Moore sent a letter to the editorial staff of the Ticker, ostensibly to clear up certain difficulties between the staff and administration, but which in fact outlined in no uncertain terms the future editorial policy of the weekly.

### COLLEGE HARRIERS TO OPPOSE RAMS

**McKenzie Picks 7 Runners Who Made Best Showing Against R. P. I.**

Undaunted by their defeat at the hands of R. P. I. the Lavender Harriers will take the field against the Fordham hill and dalers this afternoon in an attempt to gain their first victory of the season. Last year the Maroon runners just nosed out the College team.

**Volkell and Fisher Run**

Coach McKenzie has picked the seven men to oppose Fordham for their showing in the R. P. I. meet. Nat Volkell the first Lavender runner to finish against the Trojans will be number one man. Jimmy Fisher, who came in second for the College after having lost his shoe on the first lap; Israel Sohn last years veteran and the third Lavender runner to finish; Ed De Angelis, last years freshman ace, Milt Gerber former frosh distance runner; and Capt. Manny Reichman and Milt Speiser, who failed to finish last week because of leg injuries, will compose the team.

**McCluskey Fordham Star**

The Fordham cross-country squad is considerably strengthened by the presence on the team of Joe McCluskey, intercollegiate two mile champ, who won the dual meet last year in a driving rainstorm. The Maroon ace should repeat his victory; but if the Lavender runners can succeed in taking the next few places, they can score enough points to win the meet.

**Air Attack Certain**

Yet, we want to go on record, as saying that the St. Nick team will not only equal but will most likely surpass the Philadelphians in the air in tomorrow's battle. The reason is that with Jack Diamond, Ben Sidrer and Adolph Cooper in the back-field, the Lavender will have three capable tossers. Then again, the threat of the strong running attack that the Lavender flashed against Rensselaer Poly. last week, will force the Dragons to keep their defensive backs right smack up against the line, under the penalty of having Diambnd, Cooper and Irv Mondschein run wild against them.

**Higher Group Superior**

After the course, wherein the two groups were given equal educational opportunity, they were tested by means of the Stanford Achievement Test and it was found that the group of higher initial intelligence was superior in every achievement except adding whole numbers. This gave rise to the hypothesis that adding whole numbers was an operation so simple that it gave no advantage to additional increment of intelligence. There was a marked difference, however, in adding fractions and paragraph reading.

The children segregated at Columbia showed no advance in formal school work over the children of the same I. Q. left in public school. There was also found a correlation between good conditions at home and intelligence.

**Frosh Repulsed**

The Freshmen, tattered, sweating and smarting under the sting of two defeats returned to their Alcove to plan for future activities. The Sophomores, presented a sorry sight, but victory compensated for black eyes and torn shirts.

The Sophs plan to hold a meeting today to elect a committee to enforce Frosh Rules, especially in regard to caps, ties and white socks.

**Editorial Comment**

The officers of the Athletic Association held an executive meeting yesterday at one o'clock in the A.A. office. The A. A. is considering a change in the varsity athletic emblem and the method of awarding it. The candidates for the position of Lacrosse manager were considered and Bertram Bloch's appointment as manager of Freshman swimming was confirmed. The A. A. is considering a protest to the Faculty Athletic Committee against the ruling prohibiting men with degrees from competing in varsity competition.

**Campus Involved**

Donald Henderson, Executive Secretary of the National Student League and instructor at Columbia University said: "The students in America cannot in a large part look to their teachers for leadership because the teachers are under the thumb of their employers. Oakley Johnson's dismissal is merely an incident of this suppression. Students themselves must depend on their own leadership."

It was after this talk that the suggestion was made to march on to the Campus to hear Johnson. With shouts of "On to the Campus," and "We want Johnson," the crowd disbanded to the flagpole. Here the restless policemen stepped in.

A squad of six policemen under Sergeant Gaffney, and reinforced by an emergency riot squad of fifteen more and four detectives, drove the milling crowd to Convent avenue and 140th Street.

(Continued on Page 3)

### Magazine Editors Announce Policy

Changing its policy, The Lavender, College literary quarterly will make its first appearance of the College year as an organ of literary and academic criticism under the editorship of William Barrett '33.

Formerly a magazine for creative literature, the publication is endeavoring to secure contributions on aesthetic controversies from the better student writers.

(Continued on Page 3)

### EDITOR OF CAMPUS RESIGNS HIS POSITION

Benjamin Dreyer '33, editor-in-chief of The Campus, has announced his resignation as editor of The Campus, due to the press of outside affairs.

The present managing editor, W. Arthur Schatteles '33, will assume the editorship beginning Monday.

## Police Enterfere At Protest Meet

(Continued from Page 1)

There, under the gloomy light of the College lamps, Oakley Johnson, flanked by four policemen, in a mild voice, explained his defense. "The charges of President Robinson are untrue," he said. "Concerning absences, they were only six in number during my two years stay at the College."

William Paterson, Communist Candidate for Mayor, asserted: "Oakley Johnson's dismissal is not an isolated case. It merely helps to prove that free speech is only allowed when those who are speaking our mouthy words that those in power put into their lips."

At the conclusion of this speech, a committee, which had been sent to request Professor Linehan, head of the Evening Session, to appear and explain his case, returned. They reported that Professor Linehan had told them he was not in.

Professor Linehan, when met in the alcoves by the Committee said: "No meeting in the alcove now. All statements must come from the President." When it was suggested that he might see the Committee in his office, he replied. "If you come to my office, I'll call the police."

To this, the Committee retorted: "You can't. The police are here already." And in fact, they were. They were scattered throughout the corridors trying to maintain order amongst the excited students.

Other speakers stressed the fact that Dr. Johnson's dismissal was merely an attempt to stifle free expression in the College. The National Student League promised "to go far into the red, in order to bring Dr. Johnson's case before the whole country."

### Social Problems More Peaceful

Yesterday's meeting was a more peaceful affair. The Social Problems club conducted the meeting to bring Johnson's dismissal to the more immediate attention of Day Session students. Dr. Johnson again averred that he had been discriminated against because of his political views.

Plans were made for further agitation on College grounds and a meeting has been called for next Wednesday evening at 6:30 p.m.

## LAVENDER EDITORS ANNOUNCE POLICY

(Continued from Page 1)

Isidore Crosinsky '34 is managing editor and Seymour Bauman '34 business manager of the only publication to be circulated in all branches and sessions of the College. Contributors to the issue and associate editors include: Solomon Cohen '34, Benjamin Schwartz '34, Irwin Stark '33 and Ingram Bander '33.

Essays, criticisms, short stories, poetry and other contributions should be placed in the Lavender letter-box in the Faculty Mail-room before November 10, according to Crosinsky.

Barrett, who succeeds Abraham Polonsky '32 as editor of the magazine, has been a contributor to it as well as Polonsky's co-conductor of "Gargoyles" during the past year. Bauman continues in the business managership.

## "POLITICS"

(Continued from Page 2)

naturally backed Halprin. Halprin's other two votes were cast by students not too well versed in college politics. It remains to be seen what Halprin will be able to do with a Council that is "divided against itself," and split against him, personally.

M. H. C.

## City-Drexel Game To Be Aerial Duel

(Continued from Page 1)

Sidner smashed the Engineer line to smithereens. Of course, the piece de resistance of the Lavender attack, the lateral pass with Dolph Cooper on the receiving end, which got the Lavender its first touchdown, also came in for some polishing up.

The latter play, however, may not do so well against the Philadelphia team as it did against the Troy eleven last week. The probability is that Drexel had a dozen scouts in the Lewisohn Stadium, last week, mapping the play, and the Dragon players are all primed, today, to smear Cooper as soon as he takes the pass from Diamond. So, as we mentioned above, when the St. Nick gridmen take to the air, tomorrow, they will probably toss their passes down the field, instead of out to the side.

### Kicking Weak

The eligibility of Harry Schneer is still a moot question but the probability is that the slippery, little ace will be declared eligible just before the game, just as Dolph Cooper was, last week. In that eventuality, the Philadelphians might just as well stay down there in Sleepytown, because they're only coming up to the main stem for a certain licking. The only weakness which the Lavender evinced last week was in the kicking department, where Dolph Cooper was punting directly into the safety man's hands, instead of to the sidelines, which are the goals of the good punter. With Schneer in the game, that important department of the Lavender game will be expertly taken care of, and it'll be all over but the shouting.

### Lazarus Out

Besides Schneer, only Dave Lazarus, Mike Kupperberg and Hy Schulhafter are not likely to play tomorrow, all three being on the side-lines with injuries. Kupperberg, of course, fractured his shoulder-blade in a scrimmage with the Jayvees, a week ago, and is probably through for the season. Lazarus is still suffering from the spinal injury which he received in the clash with Catholic University, and Bernie Bienstock will not take a chance on further incapacitating the talented ball-carrier, preferring to save him for the Manhattan game, the season's finale. As for Schulhafter an ankle injury kept him out of the R.P.I. game and it is doubtful if he will be permitted to take part in tomorrow's battle. His absence will leave the team hard up for ends leaving only Murray Gerenstein, Irv Weber, and Hy Rosner as available wingmen. It is doubtful, however, even if Schulhafter could play, if he would win the nod as a starter over Weber, due to the latter's sparkling play in last Saturday's game.

The rest of the injuries on the Lavender squad have all responded nobly to Doc Duckers' famous treatments and all the invalids will be able to take part in tomorrow's festivities. Irving Mondschein, who was helped off the field after receiving a deep gash above his left eye, took part in all the practice sessions of the week and will certainly see service against the Dragons. Murray Israel, who was held out of scrimmages, last week, due to a leg injury, has entirely recovered and saw plenty of action, this week. Mush Weiner's shoulder is standing up nobly, so far, and it will have another chance to get hurt, tomorrow.

### Dexter Has Good Record

The Philadelphia team has piled up an enviable record so far, this season. In their first game, they completed fourteen out of an attempted thirty passes and fought a powerful Lehigh team to a 13-13 deadlock. In their next two games, they easily conquered and ran up big scores against Delaware and Westchester Teacher's College, wherever the last-named

(Continued on Page 4)

## Intramurals

This is the first of a series of columns that will consider college intramural gossip, and will consider generally the collegiate intramural situation—Editor's note.

We've been trying to track down the rumor that Doc Parker is to take charge of intramural sports at the College. But it still remains a dark rumor. That reminds us that Chick Meehan was to take charge of intramurals at Manhattan....

At the track and field heats last Thursday, we noticed a coming young freshman named Aspinall. In fact he came first in the high jump, the shot-put, the 220 and the 100. Got any relatives, Aspinall? Coach MacKenzie might be interested....

It was interesting when after a certain paper had printed a certain story about the treasurer of the A. A., a staff member of that paper asked him for a comp. to Saturday's game....

The downtown center seems to take the boxing competition seriously. There will be an inter-center boxing competition and there was some trouble in getting it staged up here. The downtown boys said they had to come up here for football and all, and they wanted boxing downtown. The boxing manager is an uptown man and is working hard....

The classes are supposed to get Association Football teams out there on the 27th. We know there will be Fresh and Soph teams but there is some doubt whether the Junior and senior classes will be represented. Too lofty upperclassmen? Or is it a question of guts.

L. A. M.

## Correspondence

To the Editor of the Campus:

In your editorial of today entitled "Budgets and Pigskins," you accuse President Robinson of insincerity in his explanation of the removal of Dr. Parker from his position as head coach of football here at the college. I am not interested in refuting your charges against Dr. Robinson, and trust that he is old enough to take care of himself.

But as one who has spent a good deal of time on your paper in the past, I am interested in seeing the Campus keep up the standard for accuracy which has always distinguished it among collegiate newspapers, and it is with this in view that I write.

You say in your editorial that, since football will remain on the College athletic program, a new head coach will undoubtedly be named. Your conclusion would seem to be a logical one, but, unfortunately for your logic, it is not in agreement with the facts. For Dr. Robinson specifically told the writer that there would be no new football coach appointed this season, and that the financial emergency which caused last week's regrettable changes may be at an end, in which case Dr. Parker will return to his old duties. In any event, no consideration is being given to the appointment of a new coach.

Inasmuch as your conclusion about presidential insincerity is based on your assumption of the appointment of a new coach, it would seem to follow that your conclusion is false, or that if it is true, you did not arrive at it logically from your assumption.

Very truly yours,  
Richard Greenblatt '32.

(Ed. Note:—The claim of the editor is that Dr. Parker is being returned to the faculty as a teacher in Hygiene. Therefore there is no apparent saving in the budget.)

## Ticker Publication Suspended by Dean

(Continued from Page 1)

lient or violates the requirements of good taste."

### Agreement Denied

The letter went on to state "that these general policies were agreed upon orally by the students at the time the application for the charter was made last spring and had been repeatedly implied at meetings of the association."

The Ticker editors claim that no such agreement was reached and refused to agree to the Dean's terms. The suspension order followed.

Bernard Zobler '33 and Seymour Gruden '33, editor and business manager respectively, told Dean Moore that they could not "consistently with the ideals of student freedom and editorial liberty, which we have striven to maintain in The Ticker, accept the proposed conditions."

## FOREIGN MAGAZINE ANNOUNCES CONTEST

An essay contest on the "influence which books of international circulation have had, are having and might have in the promotion of international amity" was announced by Roy Temple House and Kenneth C. Kaufman, editors of the international quarterly, "Books Abroad."

The essays, on the subject "Books vs Bullets" must contain not more than 2000 nor less than 1500 words, and must be in the hands of the editors by midnight of December 31, 1932. Two prizes, as well as honorable mentions, will be awarded. First prize will be \$50 worth of new foreign books, and second prize will also consist of foreign books.

## J. V. to Encounter Concordia Eleven

Well grounded in tricky lateral and forward passes, the junior varsity will journey up to Bronxville to meet Concordia Prep tomorrow. The Lavender cubs, although hindered by unfavorable weather conditions, have nevertheless perfected an offense which stresses speed, deception, and nimble handling of the ball, a form of attack which is well suited to the light Jayvee backfield.

### Conklin to Play

Tom Conklin, injured end, will be available for tomorrow's game and will probably start at one of the wing positions, while Jim Mauer will hold down the other flank. Emmett Dawling, Benny Rubin, and Gordon Pace, all husky 190 pounders will divide the tackle berths. The center of the line will be composed of Lynton and Tolces at the guard positions and Luongo at center. "Chick" Michel will again call signals and his running mates in the backfield will be Levin, Greenwald, and Stefurak. This is the lineup which has been used by Coach "Red" Dubinsky in practice this week, but is not definite.

Concordia Prep, whom last year's Jayvees defeated 19-0, has not been very successful this season. The team was defeated by White Plains, De Witt Clinton, and Mount Vernon, but upset the perennially strong Poly Prep team by coming from behind in the last few minutes of play.

## I. C. C.'S FIRST MEETING TO BE HELD WEDNESDAY

The first meeting of the I. C. C. will be held Wednesday, October 26, according to an announcement by Sidney Axelrod '33, president. Attendance is compulsory for all members.

*One Smoker tells Another*

**Chesterfields are Milder, They Taste Better**  
—the things smokers want most in a cigarette

IN CHESTERFIELD there is no harshness—no bitterness. They are made from ripe, sweet Domestic tobaccos and the right amount of Turkish. The taste and aroma are just right.

# Sport Sparks

By L. R. GUYLAY

For the first time this year, the football team will enter a game with some prospects of victory tomorrow and for the first time, also, there will be some reserve strength on which to depend. The unexpected return of Adolph Cooper, veteran back, last week, was probably one of the most important factors in the victory over the strong R. P. I. Trojans. Cooper was reinstated late on Friday afternoon and the team is anxiously awaiting similar action by the registrar in reference to Harry Schneer today. Evidently there has been good reason to believe Schneer will play for the ace ballcarrier in the victory over the strong R. P. I. Trojans. Schneer was reinstated late on Friday afternoon and the team is anxiously awaiting similar action by the registrar in reference to Harry Schneer today. Evidently there has been good reason to believe Schneer will play for the ace ballcarrier in the victory over the strong R. P. I. Trojans. Schneer was reinstated late on Friday afternoon and the team is anxiously awaiting similar action by the registrar in reference to Harry Schneer today. Evidently there has been good reason to believe Schneer will play for the ace ballcarrier in the victory over the strong R. P. I. Trojans.

Who said professors have no sense of humor? A few days ago when Doc Parker still had reason to be concerned with football, he was in the A. A. office talking over the possible eligibility of Schneer and Cooper with Prof. Williamson. Doc told Williamson that if the latter should happen to get any good news from the registrar concerning the two star backs he should send a messenger with the tidings over to the practice field immediately. "But don't forget," he added, "Tell the messenger to break the news to me gently. The shock may be so great I may faint."

Whereupon Williamson added moodily: "Don't worry Doc, if there is any good news I'll come out to the field myself and we'll faint together!"

### NEITHER HERE NOR THERE

Jesse Sobel '31, All-American water-poloist in 1930 and holder of the all time intercollegiate scoring record is now promoting the sale of a kitchen-sink sprinkler which will wash spinach..... Incidentally Sobel's record is likely to hold for a long, long time now that the I. S. A. has cut down its schedule from eight to five dual meets..... Buddy Nau, probably one of the best left-handed pitchers to play for the College now writes a sports column for the Furman University student newspaper down in South Carolina..... Arthur Chaiken, new wrestling coach, is a former Cornell varsity grappler..... The best basketball game ever seen in Princeton according to the "Daily Princetonian" was the City College--Tiger game of 1929..... Nat Holman's new book on basketball will be on sale soon..... Sy Friedman, veteran lineman, is a cousin of Benny Friedman..... Benny, you may have heard, also plays football..... Scout Roy Plaut, who was the most important factor in last year's great showing against Manhattan, is said to be largely responsible for last week's victory over R. P. I..... Dr. Parker often rated Plaut as one of the best scouts in the game..... This department's undercover man, in the A. A. reports a rumor that football, as an intercollegiate sport here at the College, is on its last legs..... And that Dr. Parker's removal is the first step in the move..... Bart Viviano Cornell's smashing back, once was a student here.

### IMPROVED WRITING MARKS TECH NEWS

Improved newspaper style and a better conception of the importance of events, features the current issue of the "Tech News". The feature article announces a trip to the Hudson Cement plant, Sunday, by members of the Engineering Geology class.

The rather humorous story of the graduate engineer who was selected for a job by a big concern because he knew how to hold a teacup in the approved manner makes "Tech Nicks", a column by Sam Epstein, the highlight of the sheet. An attempt at verse brings home the point that engineers should stick to their locomotives.

### LIBERALS INVITED TO STATE CONVENTION

The College Liberal Club has been invited to send representatives to the second regional Conference of New York State Liberal Clubs at Ithaca, N. Y. starting October 21. The meeting has been called by the Cornell Liberal Club to discuss the political and economic situation.

### AVIATION LECTURE COURSE For COLLEGE MEN

Air transportation has had a remarkable growth during the past three years. The rapid development of this new industry will affect many types of business. The "inside story" of what is taking place in Aviation will be covered in a new lecture and discussion course, for business men and college students, on the

### "CONTEMPORARY TRENDS IN AVIATION"

First Lecture Free

October 25, 1932, At 8 P. M.

The course covers 25 (weekly) lectures by leading aviation officials. It provides a real opportunity for you to get acquainted with the men who are responsible for the growth of the aeronautical industry, and to hear them talk intimately on the problems and future of Aviation.

(2 Points College Credit Are Allowed On This Course)

Tuition Fee — \$25.00

## Lavender Gridmen To Battle Drexel

(Continued from Page 3)  
institution may be. Last week, they completed two last minute passes, to nose out a strong Juniata eleven.

The Pennsylvanians work most of their plays from a single wing back formation, unbalancing their backfield either to the left or the right. They also have a few plays which start from a double wing back formation but these are seldom used. They are fond of bucking the line from a kick formation and do this often. They keep a balanced line on all their formations.

### Gabriel to Star

The powerful pass plays which are the feature of the Drexel attack, usually start as a fake running play with the passer feigning to hand the ball to a back coming around, and then fading back to pick out a receiver. The boy who does most of the passing for Drexel is Bill Gabriel, the quarter-back, and advance reports tag the lad with the angel's name as having uncanny accuracy and distance in

## Veterans' Return Strengthens Five

With the St. Francis game still more than a month away, the College basketball team has entered the final stages of the training grind. Last year the Lavender quintet won the mythical eastern intercollegiate crown in addition to being recognized as one of the outstanding combinations in the country.

Coach Nat Holman will center this year's team about Lou Wisnevitcz, Moe Goldman, and Captain Moe Spahn, the only regulars left from the last campaign.

Danny Trupin and Jack Berenson will probably fill the other two positions while the reserve material will be composed mainly of members of last year's crack Jayvee five.

In addition, Gabriel, light as he is, is reported to be an accomplished ball-carrier and veritable greased lightning in a broken field. He does the bulk of the ball-toting for the Dragons and it'll pay you to keep your eye on him, tomorrow.

## Dramatic Society Will Cast Play

Merry-Go-Round, the varsity three act play for this semester will be held during the middle of next week, by which time the director will have been chosen, according to an announcement by Dave Kadane, president of the Dramatic Society, at the meeting held yesterday at noon. The play contains a large cast, including six girls.

Prices of tickets have been fixed at 50 cents, 75 cents, and \$1.00. Members gave an estimate of the number of tickets they hope to sell. Other matters discussed were the place where the performance is to be given and arrangements for publicity.

## SPANISH CLUB PLANS DECEMBER BANQUET

The banquet of the Spanish Society which was scheduled to take place aboard a Spanish liner will instead take place in the Hotel Monterey sometime in the early part of Decem-

## INTRA-MURAL BOARD STATES SCHEDULE

The Intra-Mural Board has already activities to last through the term in keeping with its ideal of athletics for all.

The following schedule has been announced by Mannie Targum '33, and Max Basner, '33.

- Oct. 27—Association Football.
- Nov. 3—Association Football (finals.)
- Nov. 10—Boxing.
- Nov. 17—Boxing (finals)
- Dec. 1—Swimming.
- Dec. 8—Swimming (finals).
- Dec. 15—Basketball

ber. Tickets for the affair will be priced at \$4. per couple.

Ben Dachevsky '33 and Moe Brownstein '34 will represent the club at the first meeting of the newly formed inter-collegiate Spanish Alliance, to be held November 6th at the Casa de las Espanas, at Columbia University.

*"Nature in the Raw is seldom MILD"*

### RAW FURY

"Nature in the Raw"—as portrayed by Meissonier's famous painting (1855)... inspired by the savage passion held in check by Henry IV's stern edict against duels among the nobles of his court.

## —and raw tobaccos have no place in cigarettes

They are *not* present in Luckies... the mildest cigarette you ever smoked

WE buy the finest, the very finest tobaccos in all the world—but that does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that "Nature in the Raw is Seldom Mild"—so

these fine tobaccos, after proper aging and mellowing, are then given the benefit of that Lucky Strike purifying process, described by the words—"It's toasted". That's why folks in every city, town and hamlet say that Luckies are such mild cigarettes.

**"It's toasted"**  
That package of mild Luckies

*"If a man write a better book, preach a better sermon, or make a better mouse-trap than his neighbor, the boys build his house in the woods, the world will make a beaten path to his door."—RALPH WALDO EMERSON.*  
Does not this explain the world-wide acceptance and approval of Lucky Strike?
