## THE COLLEGE OF THE CITY OF NEW YORK

The City College

PROF. GIONNINI  
AT B.A.S.  
TOMORROW

Vol. 52 — No. 12

NEW YORK CITY WEDNESDAY, MARCH 22, 1933

PRICE TWO CENTS

### Rome University Prof. to Address B.A.S. Gathering

Pres. Robinson Will Give Luncheon In Dr. T. C. Giannini's Honor

**C. D. A. WILL ATTEND**  
On Diplomatic Mission To America for Italian Foreign Ministry

The luncheon, to be given tomorrow by President Robinson in honor of Professor T. C. Giannini, of the University of Rome, will be held promptly at one o'clock it was learned yesterday. Accordingly Professor Giannini's speech before the Business Administration Society, which was to have taken place originally at 12:45, will begin at twelve o'clock sharp instead.

The appearance at the College of Prof. Giannini now in this country on a diplomatic mission for the Italian Foreign Ministry has been arranged by Prof. Arbib-Costa of the Romance Language Department and it is understood that several members of the Faculty, including Prof. Costa, have been invited to the luncheon.

**Need Larger Room**  
The Physics Lecture room, 105 has been secured for the address, for it is expected that the audience will be much larger than room 202, the regular meeting place of the Business Administration Society, is able to accommodate.

Professor Giannini has for long been affiliated with the University of Rome and in recent years has risen to an enviable position in the Fascist regime. He arrived in this country approximately five weeks ago and has since disposed of most of his business, thus leaving time for a lecture tour before he returns to Italy.

**Topic Is Public Works**  
The topic which Prof. Giannini has chosen, "The Italian Public Works Program," will not be considered from an isolated viewpoint, but will be treated as an integral part of the entire Italian economic policy, recently set forth by Premier Mussolini. The public works program in Italy as well as in America is designed to provide unemployment for the jobless in constructive projects and it is expected that President Roosevelt's program to be announced shortly, will be molded on the Italian plan.

Because of the importance of the speaker, the report of the Constitutional Committee and the proposed revision of the Business Administration by-laws will be postponed for a week, Bernard Hartman '34, president of the Society, stated.

### T. Rothman Will Address Psychology Society Thursday

Dr. Theodore Rothman, formerly of Manhattan State Hospital and now resident neurologist of the Metropolitan Hospital on Welfare Island, will address the Psychology Society this Thursday on the subject: "Psychological Approach to Disease." The club meets at 12:15 p.m. in room 312.

### "I Love Everybody", Says Liben On Return From Visit to U.S.S.R.

The smooth, evenly-tanned face of M. S. Liben broke into a clear boyish smile. "Russia is indeed the land of romance," he said. Then the former Campus editor became more serious. "Of course many lies have been spread around about Russia and I'm glad, now, to be able to tell you for the first time the truth about this marvelous land.

"I feel sure that history will not re-

### Robinson Flays Red Agitators

**Calls Communist Group In College Insignificant In Radio Address**

The small group of communists that brings the College into disrepute by its various radical activities was denounced by President Frederick B. Robinson in a radio address over station WPCB Sunday evening. At the invitation of the Veterans of Foreign Wars, the President spoke on "Patriotism versus Communism in the Colleges."

A summary of the more important phases of the speech follows:

"It must be understood that the amount of communistic propaganda is very small and that an insignificant part of the student body is communistic. But that small group has behind it a very active, ingenious and persistent organization that furnishes supplies, materials, and instructions in technique, so that the small group becomes very vocal and gives the appearance of strength they do not possess.

**Patriotism Defined.**  
"Patriotism may be defined as a sincere love for the principle of human justice and freedom as set forth in the Declaration of Independence, the Federal Constitution, and the constitutions of the several states. The patriot is tolerant, welcomes free and orderly discussion of all matters of government and human affairs. He believes, however, that laws, having been made by the will of the majority, shall not be broken by any disturbing element. Colleges in general and City College in particular believe this and try to carry these principles out.

"However, communists in our colleges and elsewhere gain control of discussion groups which were founded with the approval of the faculty in order to supplant free and impartial discussion with deliberate propaganda (Continuation on Page 3)

### Intramural Swim Meet To be Held Tomorrow

Encouraged considerably by the increased participation in sports, the Intramural Board under the direction of Ganny Jargum '33 is preparing to stage an interclass swimming meet tomorrow at 12:15. Entries should be handed in at the A. A. office.

The ping-pong tournament with over 200 students entered has already advanced to the second round. The seeded players, drawing first round byes, will swing into action this week. All results of matches are to be recorded before Friday.

port the fabricated stories about communism which bigoted men like Rasknick and Lhavennine will have you believe. Rather will it tell a beautiful tale of men who fought hard for their ideals and won." And Liben leaned forward on his mahogany desk and pounded each word in.

"Times" is Reactionary  
"I tell you," he screamed, "a fiendishly organized plan has made Russia the dupe of reactionary leaders who have gained control of our papers. Take this man who runs the Times. What is his name? Oh, yes, —Raskin.

"This man is only one of those who tell you that Russia is full of reds. It's a lie, a myth and a vicious half-truth.

"Russia is white," he ended simply. Questioned about his early days as editor of the Campus, Mr. Liben replied: "In those, moments when I was deepest in despair, the memory of those happy moments, the thought of the boys back home drove me on. "Yes," he concluded. "There's a lesson for Campus editors in Russia—the lesson of good-living, honesty, patriotism, willingness to die for one's flag, love of one's college and country. I love City College."

M. S. Liben, known affectionately to his fellow-workers as Mike, was editor of The Campus in 1932. After he was graduated he spent several months in secret diplomatic work for the United States, the culmination of which was his recent trip to the U. S. S. R.

**Loves Russia, and Lavine, Too**  
"I love Russia too," he added with a sigh.

Mr. Liben had little comment to make on the recent attacks made on him by a well-known contributor to The Campus. "Mr. Lavine says he taught me social consciousness. How can that be," he went on with a sad smile. "Mr. Lavine, himself, is totally ignorant of the cosmic significance." "But I love Lavine."

"What about jig-saw puzzles, technocracy, Alexander Faber, the revolt of the College student, the bank closings, Gilbert E. Goodkind, the social structure of the atom?" he was asked. "I love them too," he replied. "My God," he yelled suddenly, "I love everybody but nobody loves me."

### Nine Faces Heavy 17 Game Schedule; Varsity Teams Open Season in April

With seventeen games scheduled for the Varsity Baseball team and correspondingly heavy programs in front of the other teams, Prof. Williamson, Faculty Manager of Athletics, today published the spring sports schedule for Varsity and Jayvee Baseball, Varsity Track, Lacrosse and Tennis. The season will be one of the heaviest ever attempted by the College teams.

The schedule follows. All games are at Lewisohn Stadium unless otherwise noted.

**Varsity Baseball**  
April 1, Columbia (away); 7 Princeton (away); 8, Panzer; 12, Pratt (away); 15, Springfield; 19, Stevens; 22, St. John's; 24, N. Y. U. (away);

### Natators Finish Champaign; Win Met. Swim Title

**Lester Kaplan, Captain-Elect Places Individual Championships at U. of P.**

### WATER-POLOISTS FAIR

**Return of Veterans Insures Bright Prospects for Next Year's Team**

With the Intercollegiate Swimming Association championships sounding the swan song of the ebbing swimming season, the Lavender mermen sat back and surveyed a campaign that was not without its share of sunshine.

True, the College did not finish at the head of the I. S. A. league standing. In fact, the closest that it came to that coveted position was fifth, one step ahead of Columbia's last place Lions, the Lavender's lone win in five starts coming over the Blue and White.

However, the I. S. A. numbers among its members the top-notch aggregations in the East, Yale winner of the league crown for the ninth successive year and undefeated in 112 dual meets since 1925, and Rutgers, victor in the Eastern Collegiate Swimming Championships, held on March 11.

### Won Met Title

The Lavender won all its non-league contests, however, and by virtue of victories over N. Y. U. Fordham, Manhattan, and Columbia carried off the metropolitan swim title to St. Nicholas Heights.

In addition, several stellar performers were revealed during the long season's competition. Outstanding among these are the two sophomore stars, Lester Kaplan and George Sheinberg.

Kaplan captain-elect of next year's mermen and probably the best breast-stroker ever to don a Lavender suit, has tasted defeat only once in a dual meet this year. In the Fordham meet he lowered the College record in the 200-yard breast stroke by almost a full ten seconds.

The Lavender ace finished fifth in the finals of the I. S. A. Championships held at the U. of Pennsylvania (Continued on Page 4)

### Student Council Issues Call For '33 Insignia Applications

All members of the class of '33 who expect to be graduated this term and who feel that they are eligible for a Student Council Insignia may hand in their applications now to Joseph H. Teperman '34, secretary of the Council. All applications will be received in the Faculty mail room, box 22, up to and including March 24, 1933.

### Solomon Denies Misusing Funds

**Student Council Has No Jurisdiction Over A. A. Declares Williamson**

Denial of the charges which resulted in his deposal as manager of the mail room were made yesterday by Jack Solomon.

"The charges as brought against me are untrue in fact and unfounded. The practice which I as manager continued was one which my predecessors followed. I have been at all times willing to submit a financial statement." Solomon made clear that he would make every effort to vindicate himself, at the next meeting of the Faculty Student Discipline Committee.

### Williamson Gives Supports

Support for Solomon came also from Prof. Walter S. Williamson, faculty advisor of the Athletic Association, who said: "Solomon is one of the most dependable student treasurers I have ever had in the Athletic Association. He has been faithful in carrying out his obligations at all times."

In reference to the Student Council's recommendation to the Faculty Student Discipline Committee that an investigation be made of the activities of the Athletic Association, Prof. Williamson said: "The Student Council has absolutely no jurisdiction over the Athletic Association which was created by action of the College and is controlled by the Faculty Athletic Committee. I am a member of the Faculty Student Discipline Committee and if that body wishes to investigate the A. A. I will certainly not object. Our finances are checked up periodically by auditors."

Prof. Williamson declared that so far as he knew, the Athletic Association would simply ignore the action of the Student Council and not censure it, it had been reported.

### Downtown Men Suspended For Frosh-Soph Fighting

Frosh-soph activities at the Downtown center came to a sudden halt last Thursday when two members of the sophomore class were indefinitely suspended.

The two students, Jack Zausner '36 and Philip S. Becker '36 were apprehended in the midst of a fracas in the corridor of the building, and Dean Justin H. Moore acted immediately to suspend the men as a result of their participation in the freshman-sophomore clash.

### Military Band To Present Its Annual Concert

**Light Opera Stars To Give Selections From Verdi And Herbert**

### MISS HAWKINS TO SING

**Invitations Have Been Tendered To Notables From Civil And Army Circles**

The annual Spring concert of the C. C. N. Y. Military Band under the direction of Captain Ernest A. Hopf of the U. S. Reserve Corps will be held in the Great Hall tomorrow at 12. Feature artists from the New York Light Opera Company will render selections from Bizet, Verdi, Herbert and Rossini.

The number "In a Monastery Garden," by Ketelbey, was specially arranged by Dr. Giovanni Conterno for the College Band. Dr. Conterno, originally scheduled to play the accompaniment for the artists, is indisposed and Mr. William J. Cowdrey will assist the artists instead.

### Glee Club Will Accompany

The Glee Club under Professor Neidlinger's direction will accompany the band in the last named number. At the end of the period there will be an intermission of five minutes. The program follows:

1. Lavender.
2. C. C. N. Y. Military Band, Captain Ernest A. Hopf. Conducted by the student leader, Harold Dinkin '34.
3. Grand Processional March—Pomp and Chivalry—Roberts.
4. Miss Marguerite Hawkins, soprano.
5. Una Voce Papo Po. Barber of Seville—Rossini.
6. The Lost Chord.
7. Cornet Solo by Harold Raussman Arthur Sullivan.
8. Mr. Charles Van Tassel, baritone. I Want What I Want When I Want It—Madame Modist, by Victor Herbert.
9. C. C. N. Y. Military Band The American Patrol—Meecham.
10. Miss Rebekah Crawford, contralto.
11. O Don Fatalo from Don Carlos—Verdi.
12. C. C. N. Y. Military Band and Glee Club
13. In a Monastery Garden—Ketelbey. Specially arranged for C. C. N. Y. Military Band by Dr. Giovanni Conterno.
14. Mr. Robert Cloy, tenor. Flower Song from Carmen—Bizet.
15. Quartette from Rigoletto—Verdi.
16. Messrs. Van Tassel and Cloy, Misses Hawkins and Crawford.
17. The Star Spangled Banner.

### Pres. Robinson To Address Human Rights Association

President Frederick B. Robinson is to address a meeting of the American Association for the Protection of Human Rights, tonight at the Hotel Commodore. His speech will be broadcast.

## Week's Events

**Clubs on Thursday, March 23**  
 Astronomical Society—room 109, 12:30 p.m.; technical discussion.  
 Baskerville Chemical Society—room 204, Chem. Bldg.; 12-15 p. m.; address by Sumner B. Cohen on: "Male Hormones."  
 Biology Society—room 319, 12:30 p. m.; address by Mr. A. S. Chaielis on "Spinal Anaesthesia."  
 Business Administration Society—room 105, 12:15 p. m.; address by Professor T. C. Giannini on: "Italian Public Works Program."  
 Cadet Club—Armory, 12:30 p. m.; regular meeting.  
 Camera Club—room 108, 12:15 p. m.; address by Judson Ferenz '34 on: "Indoor Photography."  
 Circolo Dante Alighieri—room 105, 12:00 p. m.; address by Professor T. C. Giannini on "Italian Public Works Program."  
 Classical Society—room 221, 12:15 p. m.; regular meeting.  
 Clionia Society—room 110, 12:15 p. m.; address by Leonard Ehrlich '28, author of "God's Angry Man."  
 Croquis Sketch Club—room 416, 12:00 p. m.; drawing work.  
 Deutscher Verein—room 306, 12:30 p. m.; address by Dr. Otto H. Martens on "American Students Abroad."  
 Geology Club—room 318, 5:00 p. m.; Dr. Kindall will speak on "Fossils and Their Importance."  
 Glee Club—Webb Room, 2:00 p. m.; regular meeting.  
 History Society—room 315, 12:15 p. m.; address by Dr. Diffie on: "Happenings in Latin America."  
 Le Cercle Jusserand—room 211, 12:30 p. m.; Professor Muller will speak on "The Humor of Anatole France."  
 Mathematics Club—room 123, 12:15 p. m.; regular meeting.  
 Praole-Zion—room 207, 12:30 p. m.; symposium on: "Fundamentals of Zionist Ideology."  
 Politics Club—room 206, 12:25 p. m.; business meeting  
 Psychology Club—room 312, 12:30 p. m.; Dr. Theodore Rothman will speak on "Psychological Approach to Disease."  
 Radio Club—room 11, 12:30 p. m.; technical discussion.  
 Spanish Club—room 302, 12:15 p. m.; regular meeting.  
 Student Forum—room 126, 12:15 p. m.; address by Nathaniel Pfeffer, on "Japan and the United States—Is War Inevitable?"  
 Varsity Club—room 20, 12:00 p. m.; meeting of charter members.  
**Debating**  
 Debate with Massachusetts State Agricultural College on "Cancellation of War Debts"—Faculty room, Friday, 8:30 p. m.  
 Radio Debate with St. John's College over Station WEVD on "Cancellation of War Debts"—Saturday, 10:00 p. m. to 10:30 p. m.  
**Miscellaneous**  
 Presentation of "Le Barbier de Seville" by Le Cercle Jusserand—Pauline Edwards Theatre, Twenty-Third Street Building, Saturday, 8:15 p. m.  
 Concert by the College Military Band—Great Hall, Thursday, 12:00 m.  
 Avukah Society—Menorah Alcove, Friday, 1:00 p. m.; first meeting.  
 Intramural Swimming—Hygiene Bldg., Thursday, 12:00 m.  
 Trip to Randall's Island under the auspices of Politics Club—Friday, 1:00 p. m.

## The Morgue

**Nov. 10, 1915**  
 "The executive board of the A. A. finds that unless it can raise a large sum of money immediately, its activities will be greatly limited." . . . It'll always be the same. . . .  
**Nov. 17, 1915**  
 "In the student's lunch room are posted new charts giving the food values of the various items on the menu together with instructions designed to enable the students to select a meal scientifically and intelligently. The lunch-room caterer had them prepared and has posted them in conspicuous places." . . .  
**Nov. 17, 1915**  
 "Just like a real big league game" was the consensus of opinion concerning the Fresh-Soph Baseball Game." . . . Oh Yea!  
**Dec. 8, 1915**  
 "The cheering at the Freshman game was much better than usual. The freshies didn't care to encourage their team. Time and again, their poor, forsaken cheer-leader did all the shouting himself." . . . Now we don't even have the cheer-leaders cheering. What were they kicking about? . . .  
**Feb. 9, 1916**  
 "The various colleges in the East have obtained the impression that City College has a football team. As a result of which, the A. A. has received requests from Lafayette and Georgetown for games. Mac thinks that he ought to be able to pick up a team." . . . This calls for indignation—or something. . . .  
**Feb. 9, 1916**  
 Lost on Feb. 1st, a real basketball player, who departed from these regions through some slight persuasion on the part of the faculty." . . . No remarks needed. . . .  
**Feb. 16, 1916**  
 "Milord Mike Bonney has complained to Dr. Storey about the condition in which members of the A. A. who use room 105 (the A. A. Room) leave it. He states that the floor is always littered with paper. We have seen two prominent A. A. officials

## Pfeffer To Address Forum On Conditions In Far East

Nathaniel Pfeffer, an authority on conditions in China and Japan, will address the Student Forum tomorrow at 12:15 p. m. in room 126 on "Japan and the United States—Is War Inevitable?" The speaker is the author of a book on the topic, entitled "White Man's Dilemma—Climax of the Age of Imperialism."  
 At present, Mr. Pfeffer is giving a course at Columbia University on the Far East. Recently he was the recipient of the Guggenheim fellowship in China.  
 A contributor to many magazines and newspapers in various parts of the world, Mr. Pfeffer is noted for his knowledge of international affairs.  
 He was assistant editor of the China Press in Shanghai, and correspondent to the New York Herald-Tribune while in Peking.

pegging card-board boxes at each other." . . . I've often wondered how old that paper on the floor really was. . . .  
**March 2, 1916**  
 "The Student Council meeting was the scene of one of the most heated elections ever held. When the councillors had finished their seance no doubt the janitor had a fine time cleaning up. In a straightaway mud-slinging contest the members have no peers; for the pasts raked up by our public-spirited crusaders for truth were worthy of the veriest yellow journal methods ever employed." . . . And the Graphic went under. . . . They should have come up here and investigated the present Student Council. . . .  
**March 2, 1916**  
 "A system of indexing and filing of clippings such as is carried on by all great dailies in their 'Morgue,' has been begun by The Campus board." . . . It hasn't been seen in so long that it must be buried by now. . . .  
**March 30, 1916**  
 "An apology and a promise. . . . There was more matter crowded out of this first issue than is left in it. Wait till next issue." . . . You wait. I've seen enough. . . .  
 G. C.

## Robinson Flays Red Agitators

(Continued from page 1)  
 and with agitations designed to provoke dissension and create animosity. **Outsiders Arrested.**  
 "It was noticeable that when the regulations of the College were recently violated by an agitating group, the two persons, arrested and convicted, were outsiders—one of whom was an instructor in a neighboring university and president of the National Student League, which supplies local colleges with inflammatory materials.  
 "It is true that there is a small group of student who are sympathetic with these agitators, and there are others, who misinformed by false propaganda, are imposed to take a sympathetic attitude. But the great majority of students resents radical agitation and it is only because of their regard for strict college discipline that they do not act forcefully against the trouble makers.  
 "The attitude of the faculty is one of serene patience—making allowance for misguided youth but insisting on discipline at the College. To the outside agitators the faculty takes the position that if they invade our grounds, violate our rules, break our laws, they will be arrested and prosecuted. And when the offence carries with it a conviction, it will lead to prison."  
**A. S. C. E. Student Chapters Attend First Conference**  
 The first Conference of A. S. C. E. Student Chapters in the Metropolitan District will be held at 8 p. m. tomorrow night in the Faculty Room in the Main Building, with the City College Chapter acting as host.  
 Brooklyn (Polytechnic Institute, Cooper Union, Columbia University, Manhattan College, Newark College of Engineering and New York University will be represented.  
 President Robinson, Mr. George T. Seabury, Secretary of the American Society of Civil Engineers, Allen P. Richmond, Jr. assistant to the Secretary, and Robert Ridgeway, consulting engineer for the Board of Transportation have signified their intention of being present.

## Screen Scraps

**AFTER THE BALL**—A Fox film with Esther Ralston, Basil Rathbone, and Marie Burke. Directed by Milton Rosner. At the original Roxy.  
 Pretty Esther Ralston and the very English Basil Rathbone return to the screen in a vehicle that makes a feeble attempt to emulate the sophistication of Ernest Lubitsch. But it is not a very successful return from any point of view. Settings are rather pretty and Rathbone is as suave as ever but that's about as much as we can say.  
 A lamp kicked over by a cow is reputed to have started the great Chicago fire. Overflow of the Mississippi River, maddened by torrential rains, caused the inundation of the surrounding country not so many years ago. An earthquake, followed by a fire destroyed the city of San Francisco in 1901. And in California just last week, another quake left death, devastation and ruin in its trail. But what would happen to a city if a giant among oil refineries was the target of bombs dropped from an airplane hurtling through the darkness of the night?  
 This is the major situation in Columbia's "State Trooper", which opens with a preview Friday evening at the Mayfair Theatre. The story tells of sabotage among oil concerns who would maintain their high price of gasoline although it meant death and destruction. Heading the cast of "State Trooper" are Regis Toomey, Evelyn Knapp, Raymond Haton, Barbara Weeks and Walter Mc Grail. The production was directed by D. Ross Lderman.

## "—and Comment"

When this term's freshmen pass their swimming requirement, an instructor will check up with their photographs. Last year too many fellows sent down substitutes to take the test for them. However, the way some of the photos look the instructor couldn't tell the difference anyhow. Two former City College boys that made good, Borrah Minnevitich and Edward G. Robinson, were featured at the benefit performance given in Madison Square Garden Saturday night. The noted movie star is expecting a baby any day now and he hopes it will be a girl, so she won't have to go through all the trouble he went through. . . . Professor Eggets of the Art Department tells us that "Farewell to Arms" was probably the theme song of Venus de Milo. . . . George Sylvester Viereck '06, former editor of the American Monthly and first exchange poet at the University of Berlin, may be a great poet, but when he took Latin with Professor Newton he was unable to translate the verses of Horace in a way that even resembled poetry. He was the worst one in the class. . . . The University of Tennessee has sent the Student Council a letter asking for our method of chaperonage at a dance. They must have hold, bad men in them there hills. . . . Last term when Stanislaus Zbyszko, the Polish bone-crusher, challenged the entire football team to a wrestling match they promptly got together and sent him a letter challenging him to a spelling bee. Tsk! Tsk! The brutes! P. S. The football team lost, they forgot how to spell Zbyszko's name. . . . Despite the anti-mili sci movement, City College has the largest voluntary enlisted R. O. T. C. in the country. Students who have watched mili sci men come running down Convent Avenue after a late drill are beginning to think that

R. O. T. C. means Rush On To Class. . . . Tenny Steibel is trying to interest the Economics Society in his plan to stabilize the dollar. . . . Nat Holman was coach of the first varsity soccer team ever turned out at the College. . . . If the A. A. had more money City College would have taken third instead of fourth at the Eastern Intercollegiate Swimming Championships. Rutgers was the only school to enter a freshman relay. If the A. A. had had enough money to send a freshman relay, it would have been assured of second place at least. The resulting four points would have made City a good third. . . . When Congress passed the beer bill the Senators marched up and down the aisles, singing, "Ale! Ale! the gang's all here." . . . Ever since a certain show came to Broadway a lot of students in Professor Burke's class have had a "Resign For Leaving" . . . He! He! This column is too punny for words. . . .  
 J. A.

(Ed. note: We learn just before going to press that it is a boy. Sorry? or congratulations, Mr. Robinson)

## Bio. Club To Hear Talk On "Spinal Anaesthesia"

Mr. Alexander S. Chaielis, physiology instructor at the College will speak on "Spinal Anaesthesia" at the meeting of the Biology Society tomorrow, at 12:30 in room 319. The talk will be illustrated with moving pictures.  
 He will give an introductory talk explaining the physiological aspects of spinal anaesthesia. Mimeographed sheets will be distributed to enable the spectators to understand more fully the three reel moving pictures illustrating the technique employed in spinal anaesthesia.

## Trackmen Open Season Shortly

With the opening meet of the track season, the Penn Relays, only a few weeks off, Coach McKenzie has issued a call for all track and field candidates to report to him tomorrow at 12 o'clock in the Stadium. Fieldmen especially should report as soon as possible.  
 Several veterans remaining from last year and former members of the freshman track team will form the nucleus of this term's squad. The Lavender will be well represented in the sprints as Captain Joe Schwartz, Ted Klisto, Louis Tanassy and Dave Lazarus remain from last year. In addition Coach McKenzie has three fine sprinters in Gus Heymann, Ben Blier, and Monroe Weil, from last season's freshman team. Haymann is the 100 meter Jewish Olympic title holder and was a semi-finalist in the intercollegiate championship. Morty Silverman, holder of the College 440 record, will be on hand for his speciality, the quarter-mile, as will Ben Zlatkin, former freshman ace.

**Volkell Main Entry**  
 Nat Volkell, captain of the cross-country team, Jimmy Fisher, Pete Devlin, and Ed Hochberg will be the main Lavender entries in the two mile event. In the mile Coach McKenzie will have Milt Sperser and Archie Ditzkowitz.

Welford Wilson, former freshman field ace, will compete in the high hurdles, high jump and broad jump. Manny Reichman and Bailey will also run in the hurdles event. The lone weight man remaining is Bernie Gordon in the shot put and discus. However Coach McKenzie has a veteran javelin thrower in Irving Weber.

## Mermen Finish I. S. A. Schedule

(Continued from Page 1)  
last Saturday night. Considering the fact that he was competing against the cream of the East's crop of swimmers in his first year of intercollegiate competition, Kaplan's performance was indeed a creditable one.

### Sheinberg Set New Record

Sheinberg has borne the brunt of the burden in the sprints, and has been a consistent point scorer for the College all year. The sprint ace also set a new College record of 26 seconds in the 50-yard free style while competing against Yale.

The Lavender swept its first three dual meets of the season, those against Fordham, Columbia and N. Y. U., but struck a snag when they ran up against the powerful Rutgers mermen, losing out by a close 38 to 33 count.

The College swimmers bowed to the championship Yale team, 40-31, the following week and then Pennsylvania defeated them, 47-24, after a hectic ride to Philadelphia did not put them in the best of condition for the contest. An overwhelming 38-15 victory over Manhattan, and a 40-31 defeat by the Navy concluded the season. The Eastern Collegiate Swimming Association Championships, held in New Brunswick last week, found the college placing fourth in a field of ten competitors. The St. Nick swimmers scored ten points, finishing one point behind the third place Franklin and Marshall team.

### Tie For Fourth Place

In the water polo league, the College finished in a triple tie with Rutgers and Yale for fourth place, scoring one victory as against four defeats. With none of last years regular remaining, Coach McCormick had to build an entirely new sextet. The team's entire offense was built around Jimmy Hiller, and the husky Lavender captain turned in a pretty fair piece of work.

Sharkey also was a great asset to the team, his accurate foul shooting playing a large part in the College scoring machine.

The lone triumph of the sextet was registered in a thrilling contest against Yale, the Lavender overcoming a Blue rally to eke out a 17-13 decision. The game against Columbia was also close, the Lions coming from behind to win out in the last few minutes.

Brooklyn, N. Y.

### Morris Cohen Gets E In Math?!

But Its Not Morris R. Cohen.

Did you know that Morris Cohen received the grade of "E" in math 4?

But have no worries, all you Raphaelites, the Morris Cohen is still sacred—THE MORRIS COHEN with the "E" is only a poor little sophomore.

And with such a namesake.

### Radical Club Committee To Meet With S. P. Group

A joint meeting of the Faculty Committee on Radical Clubs and representatives of the Social Problems Club will be held this Thursday at 12 o'clock in room 128. Professor Mead, chairman of the faculty committee, stated "We will hear all requests, from the Social Problems Club and decide on our future action."

This meeting is the result of a letter sent to Professor Mead by Walter Relis, president of the Social Problems Club. It is expected that the report rendered last term by the Faculty Committee on Radical Clubs will be brought before the meeting.

## Crisis Hits Grad Hardest—Dewey

In an open letter to members of the class of 1933 in colleges and universities throughout the country, John Dewey, professor of philosophy at Columbia University, and co-member with Professor Morris R. Cohen of City College of the Advisory Council to the newly-formed Association of Unemployed College Alumni, states:

"College graduates are the most pitiful group of workers in this crisis. Lawyers, engineers, doctors, teachers, highly-trained business men—unemployment has caught them all unorganized and with no technique for combating the organized agencies of retrenchment."

However, declares Professor Dewey, unemployment among professional people can be eradicated if organizations such as the A. U. C. A. will bear down on the agencies that should be active in this crisis.

Joseph P. Lash, a C. C. N. Y. graduate, is chairman of the Executive Committee of the A. U. C. A.

### '36 Property Must be Returned At Class Council Meeting Today.

The '36 Class Council will meet today at 3:30 p.m. at The Campus office, room 409. All those in possession of property belonging to the class must return it at the meeting, according to Julian Lavitt vice-president-treasurer of the class. The chairman of the Council Committee will be chosen at the meeting.

### Special Student Council For Tech Asked by A.S.C.E.

At its business meeting last Thursday, the college chapter of the American Society of Civil Engineers passed a resolution requesting the Faculty of the School of Technology to petition the Board of Higher Education to grant the Engineering students a council having supervision of their extra-curricula activities.

Twenty-one students were elected to membership in the chapter. They will be formally inducted at the Tenth Anniversary Dinner, which will be held at the Hamilton Place Hotel on Thursday evening, April 6.

## Felter '83, Dead; Noted Educator

Dr. William Landon Felter, '83, former principal of the Girls' High School, Brooklyn, died Sunday at his home, 748 St. Mark's Avenue, Brooklyn, at the age of 70.

Dr. Felter had retired on February 1, after more than fifty years of service in the New York Public School system, because of a liver ailment he contracted after an attack of pneumonia in July.

After serving as school teacher and principal in the New York schools, Dr. Felter became Assistant Superintendent of Schools. He organized the old Commercial High School for Boys, of which he was principal in 1902. In that year he became principal of Girls' High School and served in that capacity until shortly before his death.

### F. ENDERS

1618 Amsterdam Avenue  
Opposite the College at 140th St.  
The Improved Sandwich for  
the Discriminating Student

A firm believer in vocational training, Dr. Felter had been active in the drive for a new building for Brooklyn Technical High School, which was completed a few months ago.

Dr. Felter is still remembered for his abolishment of corporal punishment at P. S. 15 during his term as principal of the school more than thirty-five years ago.

### Le Cercle Jusserand

Prof. Muller of the French Department will address Le Cercle Jusserand tomorrow at 12:30 in room 211 on "The Humor of Anatole France."

# The Chesterfield FORMULA—what is it?

*The formulas and processes which make Chesterfield a milder and better-tasting cigarette are secret—to prevent others from copying them*

If every person knew the method and processes of tanning leather, it would be of interest; but what people want to know is: Is it a good shoe? Is it comfortable? Will it wear longer? Is the price right?

So it is with Chesterfield Cigarettes. If smokers, men and women, knew all of the formulas and processes of manufacture, it would be of interest to them; but what smokers really want is the result.

Everything that goes into Chesterfield Cigarettes is as good as money can buy.

Every process has in it all that science knows about cigarette manufacture.

The formulas are secret to prevent others from copying them. The mildness and the better taste you may prove for yourself. May we ask you to try Chesterfield?

Wherever you buy Chesterfields, you get them just as fresh as if you came by our factory door

*They Satisfy*—people know it
