PRICE TWO CENTS

Students Rally In Great Hall, Hear Phil Bard

100 Donate 15 Cents Each To Buy Smokes, Books For Boys in Spain

DEAN REVOKES BAN; FORBIDS DONATIONS

Phil Bard, former commander of the Abraham Lincoln Battalion, fighting for the Spanish government, yesterday appeared to more than 200 students in the Great Hall for "direct assistance to the Americans fighting with the democratic forces in Spain." Reverend Herman F. Reissig, executive secretary of the North American Committee to Aid Spanish Democracy, Recorder John Ackley, and Jack Mogulescu '39, head of the College branch of the ASU, also spoke at the meeting, which was called by the Society of Student Liberties to raise supplies for the CCNY students in Spain. The CCNY students in Spain are Dave Dombroff '39, Jack Freeman '39, Marvin Stern '34 and Abe Oshour '36.

Dean John R. Turner previously had forbidden an organizational meeting of the Friends of the CCNY Boys in Spain, affiliated with the Friends of the Abraham Lincoln Battalion. Dean Turner further said that no money could be raised at the meeting. However, when the meeting had been adjourned, 100 students joined the College chapter and contributed fifteen cents each to be used to purchase cigarettes, magazines, and medical supplies. Malcolm Wolfsey '38 and Julius Rosenberg '38 are in charge of further organization.

"The slogan of Spain has changed from 'No Pasaran' (They shall not pass) to 'Nuestros Pasaremos' (We shall pass)" Mr. Bard said. He related the horrors of modern warfare, and told of receiving letters from the Americans in Spain "appealing for little items—cigarettes, magazines, and medical supplies." Mr. Bard is in charge of the Friends of the Lincoln Battalion at 125 West 45 St.

Reverend Reissig attacked the North American Committee for Spanish Relief, which he called ostensibly non-partisan and in reality fascist. He said, "We are partisan; we ask for help for democracy in Spain for humanitarian reasons and to stop the advance of international fascism."

Schappes Attacks 'Rotation' Policy

Asserting that the Teachers Union is the only guarantee "that merit will not be punished," Morris U. Schappes scored the College administration's "vicious policy of rotation" before 200 students at an ASU-sponsored meeting Tuesday afternoon on the campus.

Following Mr. Schappes' address, the group unanimously passed resolutions demanding that the Board of Higher Education retain Martin W. Schaul, Giovanni E. Conterno, Isidore Levine, John Kraus, and Saul Bernstein, and that it grant them appropriate increments in salary.

Mr. Schappes branded those attacking the rights of teachers as the "subversive elements" in modern society. He charged that the administration is trying to circumvent the board's ruling that teachers who have served over three years should have permanent tenure. "The only thing against many of the men now being victimized," he declared, "is that they are good teachers."

Mental Inventories Analyzed By 'Ph.D.' Payne in Magazine

Modern Civilization 'Breeds Unintelligence,' He States In Latest Article, 'Your Emotional I. Q.,' Written for June 'Psychology'

By Wilbur Goodrich
Mental inventories and emotional I. Q.'s are the latest psychiatric problems to be analyzed by Arthur Frank Payne, "Ph.D." in the June number of the monthly magazine, *Psychology*. Dr. Payne, director of the College Personnel Bureau, is now under fire for false use of the doctor of philosophy degree.

Having disclaimed responsibility for the printing of the philosophy title after his name, Dr. Payne, a doctor of education, has declared that he always corrects magazine editors who thus wrongly use his name. However, *Psychology*, which has previously billed Dr. Payne as a Ph.D., still publishes his by-line in this manner.

When reached by a *Campus* reporter,

S.C. Postpones 'C' Grade Rule

Scholastic Requirements In Effect Next Term; Delay 'Campus' Probe

The Student Council amended a motion passed last week, that "students who run for class or S.C. offices must have a 'C' average and not be on probation the term they run" so as not to apply until next term, at its meeting yesterday.

Characterizing the report of the *Campus* Investigating Committee, which was submitted yesterday as "inadequate," the council tabled the acceptance of a final report until next week. The council went on record as saying that the report did not touch upon all the charges made and asked the committee to reconsider.

The S.C. refused to accept Joel Weinberg's declination of his minor insignia which was awarded to him during the term.

A motion asking the Personnel Bureau to investigate discrimination against Jews and difficulties that College students obtain in getting employment was also passed by the council.

The deficit of the *Handbook* was again brought up, when the council voted to absolve Irving Nachbar '37, former Business Manager of the publication, of all financial obligations.

Another motion, specifying that all clubs must elect their representatives to the Student Council on the third Thursday at 12:30 p.m. next term, was also passed by the council. Such elected representatives are to present their credentials on the following day at the council meeting. This ruling was passed to have all the clubs vote at the same time, thus preventing students from voting more than once.

Lock and Key to Dine At Induction Tonight

Lock and Key, honorary society of the College, will hold its semi-annual dinner tonight at 7 p.m. at Cecil's Restaurant on Broadway between 94th and 95th streets. Chancellor Gilbert T. Rothblatt '37 will act as toastmaster.

During the evening, seven newly-elected members will be inducted and elections for next term's officers will be held. Lock and Key members may buy their tickets either from Joseph Janovsky '38 or at the restaurant tonight.

Eldorado Field, editor of *Psychology*, stated she "knew" that Dr. Payne was a Ph.D., although she was unaware of his alma mater. She informed *The Campus* that Dr. Payne's work was well-known. The prolific Dr. Payne has not kept his pen idle during the past few weeks. The current number of a bulletin distributed by the Borden's Milk Company, featured a personality quiz which he drafted.

In his article in *Psychology*, entitled "Your Emotional I. Q.," Dr. Payne has announced that "civilization as it is organized today is breeding not intelligence, but unintelligence." (The italics are Dr. Payne's). Dr. Payne continues that "those of a higher stratum of intelligence are breeding themselves out, for intelligent people are practicing birth control. Unintelligent people are not."

Advice on Marriage

Adding to his already extensive advice on marriage, Dr. Payne counseled: "No decisions of any importance should be made unless we can calmly weigh all sides of the question. Particularly should married couples, subject to occasional emotional upheavals, observe this rule."

Dr. Payne has performed the useful service of classifying the abnormal population of the United States. He has revealed that the nation shelters six million morons.

Dr. Payne could not be reached for a statement yesterday. He is available at the College only on Monday, Wednesday and Friday mornings.

FAECT Student Section Votes CIO Affiliation

The student section of the Federation of Architects, Engineers, Chemists and Technicians at a meeting yesterday in room 105, Tech Building celebrated the affiliation of the FAECT with the Committee for Industrial Organization. The members also elected officers for the College section of the FAECT.

'Phenomenal' Microcosm Out With Salvos of 'Double-Peachy'

By Bernard S. Rothenberg
Before you get any further, let it be said for once and all, for posterity and Convent Avenue, that the achievement of *Microcosm* 1937 is nothing short of phenomenal.

Successor to the jejune, slipshod, three-month-late product of last annum, this year's *Mike* not only is seeing light in the sunny month of May, but is a positive joy to behold, to boot. Handsomely encased in a brown monk's leather cover with gold embossing, the book should be the cynosure of many admiring eyes. And with no small justification.

The senior annual is at once a triumph of photography. That is its mainstay, and, I suspect, its intended forte. Through a kaleidoscopic panorama of candid shots sprinkled profusely in the right spots, *Mike* has accomplished an extraordinary mobility. Particularly in the "Moving Finger" section is this exemplified, and every page virtually pulses with this dynamic theme.

Writing isn't the genius of the 1937

Campus Mass Meeting to Protest Jingo Day Review in Stadium

ASU Unopposed In S.C. Election

Registration of Candidates For Council and Class Offices Extended

The American Student Union nominees for the three Student Council offices will run unopposed. No other names were submitted when nominations officially closed Wednesday.

The complete list of candidates for council and class offices according to Elmer Frey '37, head of the Elections Committee follows:

S.C. Pres., Joseph Janovsky '38 (SU); S.C. Vice-Pres., Jack London (SU); S.C. Sec., Stanley Silverberg (SU).

Pres., Hobart Rosenberg (SU), Irving Shapiro (Ind), Solomon S. Chaikin (Ind); Vice-Pres., Irving Anderson (SU), Dave Kramer (Ind), Milton H. Mendelsohn (Ind); Sec., Joseph Sotsky (SU), Alex Chananais (Ind); Historian, Howard Kieval (SU), Harry Menaker (Ind); S.C. Rep., David Cohen (SU), William MacDonald (SU), Newton Meltzer (Ind), Albert Wattenberg (SU), Irving Greece (SU), Sy Chipkin (SU) and Morris Adelman (SU).

In '39 Class: Pres., Harold Roth (SU); Vice-Pres., Joel Steigman (SU), David Bradshaw (Ind); Sec., Elliot Rosenbaum (SU), Kenneth Brehm (Ind); Hist., Mark Jacobowitz (SU); Nathan Seidman (Ind), David Goldman (Ind); S.C. Rep., Irv Filderman (SU), Jack Fernbach (SU), Donald Slaiman (SU), George Pecker (SU), Bernard Walpin (SU).

In '40 Class: Pres., Paul Aron (SU), Herbert Sherman (LS); Vice-Pres., Harold Woegel (SU); Sec., Joseph Tall (SU), Alfred Goldman (LS); Hist., Maxwell Lehrer (SU), Zachary Buchalter (Ind); S.C. Rep., William Rafsky (SU), Winston Mritchlof (LS), Paul Graziano (Ind), Alan Otten (SU), Harold Steen (SU), Emanuel Bloch (SU), Herbert Liebman (LS), Julius Yohel (LS).

'Sundial', Mascot Cat, Devours Class Paper

"'Sundial' likes trash — that's all," said Max Lehrer, editor of the '40 *Sundial* mournfully, in an attempt to alibi the failure of the paper to appear Tuesday. 'Sundial' for the information of people unacquainted with the facts is a cat—a puss. This should explain a great deal to anyone familiar with these animals. In short, 'Sundial' got her dainty paws on the carefully tied-up pile of stories for the forthcoming issue. Result: no paper.

Charter Gains Faculty Praise

Enlarged Student Council Provided By New Plan Called Democratic

Faculty members expressed their approval and wholehearted support of the revised charter for the Student Council at a meeting of the Faculty Committee on Student Activities last Tuesday.

Dean John R. Turner was of the opinion that "the revision of Student Council accomplishes a more democratic and representative government than heretofore. The essential feature of this improvement is that it resulted from long and extensive conferences among the students themselves; it was not formulated by a small group, but a gradual growth little by little through a considerable period of time. There were frank and open reports and discussions from the students in some ten or twelve meetings.

"The charter under revision," the Dean continued, "will embody the best thought in student government and we must be made to conform with the requirements of this college."

Prof. Joseph Babor, Secretary of the Faculty Committee approved of the fact that the "Revision of the Student Council charter is not being handed down" by the faculty. The enlarged council will present ample opportunity for discussion and presentation of both sides of the questions, Prof. Babor said.

Although the present revision embraces a new scheme for representation, it is only a prelude to complete revision of the charter which will be submitted to a referendum of the student body. The present amendment provides for an increase in representatives from seventeen to approximately sixty-five and is expected to stimulate the sale of activity cards by giving a voice to all clubs and elements at the College.

'Campus' Editor Election Set for Next Thursday

The election of the editor-in-chief and business manager of *The Campus* for September 1937—January 1938 will be held at the semi-annual meeting of the *Campus* Association on Thursday, May 27 at the office of President Louis Ogust at 135 Broadway. Changes in the method of election also will be considered.

All candidates for editorship should submit a written application to Mr. Ogust immediately. Any senior in good standing at the College is eligible.

Picket Line to Be Thrown Around ROTC Review In Field Today

STUDENTS TO HIT CONTERNO OUSTER

An open-air mass meeting will be held today at 3 p.m. on the campus to protest the "Jingo Day" exercises, Jack Mogulescu '39, president of the College chapter of the ASU announced yesterday. James Wechsler, editor of the *Student Advocate* will be the principal speaker. Following the meeting a picket line will encircle Lewisohn Stadium where the ROTC exercises will be held.

The meeting will protest the dismissal of Dr. Giovanni E. Conterno, leader of the ROTC band who was further informed this week that he would not be permitted to teach in Summer Session.

The Student Council passed the following resolution yesterday:

Whereas, Friday, May 21 is the occasion for the annual review of the City College Corps of the ROTC, and

Whereas, the Student Council and the students of the College at large have consistently opposed the presence of the ROTC on the campus, especially its annual field day demonstration,

Therefore be it resolved that the Student Council once again reaffirms its determination to continue more actively and successfully the fight for the abolition of the ROTC.

Presentation of Awards

The ROTC function consists of a presentation of awards to outstanding students and the annual review. The exercises are in lieu of a final examination for the participants and will be directed by Walter P. Maierperger '37, Cadet Colonel, and Albert Burstein '38, Cadet Adjutant.

A competition in the manual of arms and the School of the Soldier will follow the review and an exhibition drill by Company D of the Pershing Rifles will complete the program.

The Military Order of Foreign War Veterans, the National Sojourners, the Daughters of the American Revolution, the National Society of Colonial Dames, the American Legion, the Veterans of Foreign Wars, and the Sons of the American Revolution are among the numerous patriotic societies which will send representatives.

Dr. Klapper to Head New Queens College

The Board of Higher Education will appoint Dr. Paul Klapper Dean of Queens College, *The Campus* learned from an authoritative source yesterday. The board's action will be taken at its meeting this afternoon.

Professor Klapper is now Dean of the College School of Education. He received his A.B. degree from the College in 1904 and has taught education courses here since 1907.

Dean Klapper is the author of many books on education, including *Principles of Education Practice* (1912), and *Contemporary Education* (1929). *The Appleton Series in Methods of Teaching* was edited by him.

The dean will hold the major administrative position at Queens College. The board will not appoint a president because the new college will present courses in liberal arts and sciences only.

Official Timer,
Max Berey
Gives Track Lowdown

By Morton Clurman

One meets all sorts of interesting people, which is not an original epigram but will serve to introduce this column.

Take Mr. Max Berey for instance an ex-manager of the track team, Berey is something of a nut on the sport, so he has lingered on to become the official timer at all City College track meets. And because timers come, sooner or later, to know all there is about the cinderpath, chawing the fat with Mr. Berey is a very pleasant pastime. Especially before the big IC-4A meet at Randall's Island the week after tomorrow, at which representatives from practically every big track team in the country will give their last ugh for alma mater.

Complicated Job

Timing, it seems, is a complicated business. "The average person," Berey tells you by way of introduction "doesn't realize the difficulty in catching the exact time of a man traveling almost 11 yards a second. That's about how fast Jesse Owens is going when he runs the hundred."

"In all official races," he continues, "there are three timers and a fourth emergency clocker whose time is only taken if one of the others gets a jammed watch or fails to start with the gun. The four clockmen stand alongside the tape, it really is a piece of wood yarn, and that's where the fun comes in. You see they can't start with the bark of the gun, because sound travels slowly, and on a 100 yard track they'd be almost three tenths of a second slow. So they have to keep their eyes peeled and click the jiggers with the smoke puffs. On a 220 yard straightway they use these little binoculars that snap on the head, to see the gun better."

Chances Small

Speaking about the St. Nick chances of scoring a point or so in the IC-4A Berey was not overly optimistic.

"We have three sure entries in it and probably a fourth," he said, "but the competition will be terrific. We'll have Bob Selltitz, a good two minute half miler, Sid Firestone who has done 22 feet in the broad jump and Leo Silverblatt in the high jump. Then, maybe Frank Jakofsky, team captain, will run in the 120 high hurdles. There's a chance that any one of these boys may place but I think Firestone the best.

"You know," he continued, "back in 1930 when George Bullwinkle was running them all into the ground here, the College was right up there with the big shots in this meet. Why I remember that year, George took first in the mile and a second in the half mile to give us a total of eight points. And then in 1926 Pinky Siber, another great runner, placed third in the half mile to give us three points, while in the indoor IC-4A in 1935, Vic Cohen, the stubby high jumper, tied for second.

Recalls Past

"Those were the days, but I'm afraid we'll have much less luck this time. None of our boys even came close to Bullwinkle's 4:18. But it's not too surprising at that, what with the poor facilities we have. This track of ours' for instance. All turns, no straight-away and no bounce. How can you hit your best time on a road like that."

'Mike' Review

(Continued from Page 1, Column 4)

taped, and vice versa. But it happens in the best of families, so we'll have to forgive.

The rest is history, 200 fascinating pages of it. Call it double-peachy, a gem, or what you will. It's being peddled at 350 pennies from heaven, which is damn cheap, considering. Dip into your Bubbeh's beitefe if you will and a sweet 1937 Mike job is yours to have and to hold.

Lavender Nine Meets Fordham; Morris to Hurl

Ace College Flinger Points For Seventh Triumph; To Oppose Barris

POSTPONED GAME TO BE PLAYED MONDAY

By Melvin J. Lasky

Neither rain, nor a 3-2, tenth-inning loss to St. Johns, nor the vicious reminder that never in two centuries have they done it, has dislodged our baseball Beavers from their firm and happy conviction that Monday afternoon next, after a little arbitration up on Rose Hill, they would be looking back on the first College diamond victory over the Fordham Rams since the rivalry's inception in 1900.

Showers washed out Wednesday's home encounter with the Maroon. But time and place are of little consequence to our chipper champions—or precedent either, for that matter. They had not beaten NYU in any one game in any season for ten years, and in two games in any one season since 1896. (The reader will please note the pluperfect tense). And in twenty-four starts which date back to the first encounter in the nineteenth century, the Beavers have not tasted victory at the expense of the Rams. With enthusiasm at a high pitch, and with John Morris, my Joe John, on the mound, the St. Nicks are out to translate that into the pluperfect too.

Johnny, the College ace, who has already bagged himself a half dozen victories this season, is the boys' white hope. To out-bludgeon the Rams is like out-thinking Morris R. Cohen. So, on the brilliant Morris underhand delivery, rides the success of the Beaver venture. Bespectacled Johnny Barris is listed for the Fordham pitching assignment: the two Johns should tangle in as interesting a pitcher's battle as we may see all season.

As for the St. Johns game of Tuesday last: what can we say but that it was another one of life's little tragedies for young Arky Soltes. Once again the tall sophomore pitched beautiful ball — once again the margin of defeat was one slim run.

Arky's control wobbled slightly in the tenth inning and the Redmen never gave him a chance to find himself again. Two walked men were on bases and Joe Salerno provided communication home with a terrific drive to the center-field fence. Everyone of course is a little disappointed: Arky is good but can't cash in on his ability in games won. Nevertheless, everyone is as pleased as punch over his fine performances all year: Upsala, Brooklyn, St. Johns, in which he has allowed but six runs. His work has brought him sharply into focus as our leading mound hopeful.

The Campus Sports

NEW YORK, N. Y., FRIDAY, MAY 21, 1937

PROFILES

Introducing . . . Daniel Otis Frank... sometimes called Danny Frank... demon shortstop of the Spaniermen... Vital statistics: height: 5 feet 9; weight, 160 pounds; 20 years old... Graduate of Newtown High... "where I used to be a smart boy. Look at me now"...

Second year on the varsity nine... last season batted .370... A charter member of The Broken Down or Battered Baseball Players Association... was awarded membership in the T.B.D.B.B.P.A. because of water on the knee, which he got stealing home in first NYU game...

Wants to show this to Harriet to let her see her name in print... look: HARRIET... O.K... Came to College intending to become a Math teacher, but after taking calculus, changed his mind... SOL

Beaver Trackmen To Face St. Johns

Still suffering from the rude treatment administered first by RPI and last week by Fordham, the Beaver track and field team will be out for their first taste of an opponent's blood when they close their dual meet season against a St. Johns' squad tomorrow.

The College squad with only one victory in a track event this season should hit its stride against the Redmen according to Coach McKenzie. Frank Jakofsky, team captain, who has been ailing from a leg injury since the start of the season is counted upon to capture the high hurdle event and should place in the lows.

Probably the most interesting feature of the meet tomorrow will be the renewal of the rivalry between Bob Selltitz and "Hen" Egal, star of St. Johns, in the half mile run. Bob will also be at the starting mark in the quarter mile with "Crisco" Abrahams, fast stepping Beaver runner. As usual Jack Singer will be in there in the mile run while Bernie Cooper, Boyce and "Red" Taback will represent the College in the sprints.

The Beavers should overwhelm the Redmen in the field contests with such sterling performers as John Clancy and Dave Weiss in the shotput, Sid Firestone in the broad jump and "Lee" Silverblatt in high jump.

JAYVEE BASEBALL

The College jayvee nine will play its last game of the season when it meets the High School of Commerce at the Stadium tomorrow morning, providing old man Pluvius takes a holiday.

For the second time this season rain washed out the Beaver jayvee-Fordham frosh baseball game Wednesday afternoon. With the semester so far advanced, it is unlikely that the jayvee will meet the Maroon yearlings this year, Manager Nat Hentel declared.

The NYU game, which was also called off because of wet grounds, has been cancelled.

SPORT SLANTS

Strictly gentleman-like, the Spaniermen provided the St. Johnnies with a season-closing win last Tuesday... the Redmen baseballers had been out of the money in their last nine starts... St. Johns started a pitcher named Ananicz... what's in a name... the Convent Avenue boys should have been able to at least solve his delivery for more than four hits... Brooklyn is Brooklyn... Len "Speed" Hubschman stole a base during the game at Dexter Park... But the boy with the body went hitless in three times at bat... all very healthy for a smashing .250 average... Len might take to wearing his tomato soup-red tie as a part of his uniform... even pitchers named Ananicz would blowup after one look at it... "Loses-in-the-last-inning" Arky Soltes picked the world's worst time to walk two men... Not half as worser as then dishing up the tenth and longest hit of the game... Julie Jano-

witz continued filling Les Rosenblum's place by registering one quarter of the total Beaver barrage... one for four... Broken-bones Les, though off the field keeps in the public eye... a tough looking mob of not less than twenty-five HOA youngsters keep Scar-wrist Les protected at all home games... The lacrosse team travelled in style to meet Lafayette last Saturday... a radio provided sweet music as a fitting background to the colorful monologues always available in the vicinity of the Beaver Indians... Out of season... not for circulation... Jon Q. L. Mong

YOUNG MAN WANTED TO TAKE TRIP TO TUCSON, ARIZONA. ADDRESS INQUIRIES TO CAMPUS, BOX 16 FACULTY MAIL ROOM

'Caesar's Ghost' May Prowl — But It Doesn't Bother Arky.

If you wake up about three-thirty one morning and notice blue snakes curled around the bed post, and see a not-so-small armadillo playing tag with an alligator on the floor, you can be damn sure you had one too many the night before—unless, of course, you happen to be Arky Soltes. In this case it means your pets are loose again and you have to get up and put them back in their cages.

Soltes, who does a bit of speed ball pitching now and then for the Spaniermen, is also an accomplished prestidigitator—magician to you—and at one time or another has been the proud possessor of rabbits, white mice, rats, guinea pigs, turtles, tortoises, frogs, toads, a six foot indigo snake, a five foot king snake, and an armadillo called Caesar's Ghost. How he got that name, out Bucks the wildest Frank Buck yarn.

Arky and his brother Abraham, ordered an armadillo by mail from a dealer in Texas, but somewhere along the line the wires got crossed, and instead of the expected baby pet, a full grown animal was delivered. For the benefit of the uninitiated, an armadillo resembles a

miniature war tank, being armored all over. It has the peculiar idea that a straight line is the shortest distance from where it is to where it wants to be.

A cage was hastily constructed and the animal was placed in the cellar. About two o'clock the next morning, the Soltes family was rudely awakened by noises in the basement, faintly reminiscent of the Frisco earthquake, or King Kong turning over.

Arky and his sideburns rushed down to the cellar, and there was 'Caesar's Ghost,' busily engaged going from here to there' and from there to another place—always in a straight line—furniture, boxes, ashcans, etc., notwithstanding.

"We put boxes, piles of newspaper and furniture in front of the cage, but everytime the baby war tank busted out. Finally the cellar was a wreck, and we had no more furniture left. The darn thing even wrecked a big three hundred pound icebox," Arky said ruefully.

"And that's how he got his name. We called him Caesar's Ghost—because he only walks at night." Conman

WEATHERMAN FOILS COLLEGE RACKETMEN

The Beaver tennis team may not be the most formidable squad in the world, but it is a man-sized job to get anyone to meet it. With rain and exam schedules and what-not interfering, the College racketmen have played only two of their five matches when scheduled.

The boys were all set this Wednesday to avenge the baseball team's defeat at the hands of St. Johns when they were informed that it was all off. The Brooklynites are having exams this week.

The Beavers still have three matches to be run off and with any kind of luck they hope to see at least one of them played. Saturday they travel down to Bethlehem to meet the Moravian netmen. On Wednesday they cross over to Long Island to play LIU and a rather mediocre season comes to an end on Rose Hill against Fordham on the 29th.

TONGUE BITE GONE!

Invasive Edgeworth Method PROCESS-AGING

Is Changing Smokers' Ideas

WE guarantee Edgeworth will not bite the tongue. That is a strong statement, but we are willing to prove it at our risk.

The use of the finest Burley tobaccos alone will not prevent tongue bite. It's the processing that does it. As every tobacco expert knows, pipe tobacco can be rushed through the plant and save big sums of money. But Edgeworth is not made that way.

Our method is PROCESS-AGING—a process as vital as the aging of old wines. There are twelve required steps, each under laboratory control. It takes 4 to 7 times as long as might seem necessary. But in no other way can we guarantee that Edgeworth will not bite the tongue.

We ask you to try it under our money-back guarantee. If Edgeworth bites your tongue, return it and get your money back. Isn't that fair enough?

NOTE: There are three kinds of Edgeworth for you to choose from:

- 1—Edgeworth Ready-Rubbed—a cool, long-burning tobacco preferred by seasoned pipe smokers.
- 2—Edgeworth Plug Slice—for the pipe smoker who likes to crumble the tobacco in his hands until it's just right for him.
- 3—Edgeworth Jr—for the pipe (and cigarette) smoker—the same tobacco also Process-Aged, but cut for "roll your own" and manufactured to give the beginner a milder, more free-burning smoke.

Barnes & Noble, Inc. 105-5th AVE. N. Y. C.

Champion Lavender Intramural Quintet Defeats Brooklyn Title-Holders, 30-19

The College took indirect revenge from Brooklyn College for those two baseball losses, when the St. Nick interclass basketball champs handed the Kings intramural title holders a severe 30-19 drubbing, last Friday afternoon in the Main Gym.

Paced by Bob Kramer and Harry Zweig, who sank eight and seven points respectively, the Beavers outplayed their rivals throughout the contest, leading at half-time 14-7. Incidentally, this triumph was the second Lavender win in five starts.

In a slam-bang battle filled with hair-raising kills and eye-filling returns, Dick

Geiger wrested the intramural ping-pong crown from Martey Shassol, defending champion, recently, to win the College Humor gold medal, 19-21, 21-15, 21-16, 21-18.

The match, which had long been heralded by the "alcove athletes," proved to have not been waited in vain. Geiger's wicked fore-hand smashes had their telling effect, being too hot for Shassol to handle. Marty had to tab many of these shots and thus lost much of the effectiveness of his game.

Tomorrow morning the intramural champions of the Downtown Center will meet the Main Center title holders at the latter's grounds. Contests will be held in softball, basketball, handball, volleyball and swimming. Both centers have looked forward to this tilt and there promises to be keen competition in all events.

LACROSSE

For the third consecutive week, the College lacrosse team takes to the road. This Saturday the Beavers travel to play the representatives of Montclair Athletic Club at Montclair, N. J.

In order to finish the season with a 5-00 average the Lavender Indians must win the two remaining games of their season. Against club squads, the St. Nicks have won two and lost none.

College Sail Will Feature Faculty Show

A faculty show will be one of the featured attractions of the all-College moonlight sail, it was announced last night by Bernard Walpin '39, chairman of the Student Council Boat Ride Committee.

The boat-ride will be held Sunday evening, June 13 on the Show Boat "Bear Mountain." The ship will leave the pier at 8 p.m. and cruise on the Hudson until 2 a.m. Monday morning.

The faculty will present Stephen Leacock's melodrama "Winsome Winnie." The stellar performer in the play will be Professor Joseph Babor of the Chemistry Department. Other performers are Mr. H. De Giralamo of the Hygiene Department and Mr. Francis J. Thompson of the Public Speaking Department.

"The boat ride will offer relaxation after the exams," Walpin said. Besides the faculty show, there will be a musical revue. Kay Parson's Radio Orchestra will contribute music for dancing on deck.

The price for the boat ride is sixty-nine cents to all students who are either House Plan members or who hold Class cards, otherwise the price is seventy-nine cents.

The capacity of the "Bear Mountain" is over two thousand but the sale of tickets will be limited to fifteen hundred. Tickets may be obtained from the Boat Ride Committee in the alcoves.

House to Tender Dinner to Karpp

In appreciation for services rendered to the House Plan, a testimonial dinner will be tendered to Mr. Mortimer Karpp, former director and founder who resigned last week, either on June 12 or June 19, it was decided Wednesday at the Council of House Delegates meeting. A committee consisting of Norton Randall '40, Sol Lowenbraun '41, Gerald Walpin '38, Nat Seidman '38, and Al Chananau '38 has been appointed to arrange accommodations in a downtown restaurant.

A letter of thanks and acknowledgment has been drafted by a committee and will be sent to Mr. Karpp. "As director and guide of our activities," the committee wrote, "you have provided us with a much fuller college life than we would have had without the experience of House Plan." The letter also expressed admiration and appreciation for Mr. Karpp's past work and hoped that he would continue "if only in an ex-officio manner, to offer advice, criticism and help at all times." The Council also hoped to secure as director, "one who can approach the mark set by you."

Spain Moves to Right, Maurice Spector Claims

"The Spanish Revolution is moving towards the Right," declared Maurice Spector, of the Socialist Party, before a meeting of the Politics Club yesterday. "The Madrid government is liquidating the beginnings of a socialist revolution. In these actions they are supported by the Communist Party, which is allied with the most conservative Socialists and the bourgeois Left Republicans."

Spector charged that "Russia is aiding in the suppression of a Soviet Spain because this would endanger her military alliances."

"The only way out is for real revolutionaries, no matter of what political party, to unite and carry through a true working class socialist revolution," the speaker concluded.

Fife and Drum Contest To Be Held Saturday

The third annual fife, drum, and bugle corps contest will be held Saturday night at 8 p.m., under the auspices of the College Post Number 717 of the American Legion, in the Lewisohn Stadium.

Many American Legion and Veterans of Foreign War organizations will be represented; including the all-women fife and drum corps of the Nassau County Ladies Auxiliary of the Veterans of Foreign Wars. The proceedings will be broadcasted over the NBC networks.

Around the College

The motivation for James Joyce's writing springs from his hatred of Ireland and the Irish, and not from his love. So spake Kimball Placcus, noted poet and authority on Irish Literature before the Literary Workshop yesterday. *Ulysses* is a great book, he declared, but *Work in Progress* shows a man verging on insanity. . . . Sam Sharko, Tech. Grad., was voted the "man who's done most for the society" at the ASME meeting yesterday, and awarded with a book . . .

Goethe was the greatest influence in Schubert's life, inspiring some of his best creative works even at a very early age, Dr. Felix Guenther told the Deutscher Verein yesterday. Several selections from the creative epochs in Schubert's life were sung by Frau Grete Bekker-Reinhardt. . . . The Economics Society, cooperating with the Commerce Center, will publish the first issue this term of the Business Bulletin on Monday. Contributions include articles on the Stock Exchange, AFL, Bootleg Coal and the CCC. All for ten cents. . . . Mercury will hold its fifty-seventh Anniversary banquet at the C and L Cocktail Lounge, 74th

Street and Broadway tonight.

Results of yesterday's elections are as follows: **Biology Society** President, Bob Traub; Vice-President, Aaron Kelman; Secretary, Julius Jussim; Treasurer, Al Eber. **Cadet Club** President, Theodore Nurick '40; Vice-President, Marvin Kaplan; Secretary, Robert L. Green '40; Treasurer, Solomon Seborer; Marshal, Bernard Blank '41. **Caduceus Society** President, Hyman Ginsberg '38; Vice-President, Bert Peller '38; Corresponding Secretary, William Stein '38; Treasurer, Jack Ushner '38; Recording Secretary, Edgar Kanterman '38. **Camera Club** President, Arthur Tanenbaum '39; Vice-President, Marvin Kramer '39; Secretary, Irving Elkin '39; Treasurer, Nathan Sperber '40; Technical Director, Ralph Mandel '38. **Economics Society** President, Edmund Zaslav '38; Vice-President, Elliot Rosenblum '39; Secretary, Malcolm Bernstein '38; Treasurer, Philip Gelfand '38; Inter-club Representative, Robert Levin '38. **Literary Workshop** President, Neider '38; Vice-President, Goldsmith '40; Secretary-Treasurer, Mazaisky '40. **Newman Club** President, Charles M. Schwartz '38.

Second Issue of Baskerville 'Journal' Contains More Non-Technical Material

By Arnold Lerner

The *Journal* of the Baskerville Chemical Society made its second appearance in history on Wednesday, spruced up with a new format. From any point of view the new linotyped job has it all over its photo-offset predecessor of last term.

Perhaps the most significant innovation in "Volume II," as it is importantly termed, aside from the new typography, is the startling prominence accorded to non-technical material. Two humorous articles, a poem, and an editorial page break up the heavier matter. Evidently the editors feared overtaxing the grey matter of less effusive chemistry students.

"Alchemical Ages" is likewise a reasonably non-technical article, and extreme-

ly well handled. Robert Pokorny here describes the history of alchemy, that strange precursor of chemistry, in a highly entertaining style. With regard to the purely technical articles, these are creditably handled, although without brilliance.
