Tead, Flynn to Speak At Chem Open House

Tomorrow's Exhibit Designed to Publicize Work of Chemistry Students Here

Featuring speeches by Ordway Tead, newly elected Chairman of the Board of Higher Education, and John T. Flynn, member of the board, tomorrow's Chemistry Open House will present an extensive program of exhibits to show visitors from private industry, civil service and the general public the work being done at the college. The speeches by Messrs. Tead, Flynn, Wallace S. Sayer of the Civil Service Commission, and Frank G. Breyer of the Chemist Advisory Council will be broadcast over WNYC at 8 from the Great Hall.

Every branch of chemistry taught here will be represented with exhibits to publicize the type of work being done in that field, according to the Open House committee. Exhibits

of the work done by the College in the chemistry courses will be shown while actual classes are at work since the Open House will take place from 9 a. m. to 4:30 p. m.

The following exhibits have been planned for the different laboratories in Chem: in 007B, advanced inorganic preparations made by students, the electrolysis of lithium, and an exhibition of the rare earths; in X07, an exhibit on gold assaying; in 001, a gas density balance and a gas analysis apparatus; in 004, a Wilson cloud chamber and surface tension apparatus; in 013, factory and plant methods in industrial chemistry; in 112, an exhibit of spectroscopic tests for qualitative analysis; in 110, the sublimation of caffeine and exhibits of steam and vacuum distillation; in 200, micro-Keldahl apparatus for the determination of nitrogen in urea and apparatus for the determination of carbon dioxide; in 308, apparatus for the micro-projection of textile fibres, and in 011, exhibits on food analysis. There will be many other exhibits in the museum of the chemistry building and in other laboratories.

'Microcosm' Staff

Candidates for the editorial, business and photography staffs of the '39 *Microcosm* were requested to attend a meeting Thursday, 12:30 p. m., 120, Main, by Stanley Lowenbraun, editor. The *Microcosm*, he said, is sorely in need of new staffers right now.

Campus Trees

For the first time in about ten years, trees, green trees with leaves, will grace the campus.

Carrying on the renovation of the campus left off last term by the WPA, the curator's office began last week to add trees.

Bobby Bawls But Briefly As Slick Sleuths Save Him

By Hawkshaw & Gimlet-eye, Inc.

Hawkshaw Gellis and Gimlet-eye Rosenbloom came through again yesterday, adding another to their already enviable record of distinguished services to humanity.

While passing by the Kremlin, the duet was attracted by the sight of a four-foot individual, wildly gesticulating before a group of Unattached GOSA students. Upon further investigation it was learned that the four-footer was one four-year-old Bobby Locke by name, residing at 153 St. and the Hudson River.

Having heard tales of City College perspicacity and intellectual brilliance and subterranean borch wells, little Bobby came to see the wonders for himself. Becoming lost in the process he eventually wound up in Alcove 1 where the sleuths found him defending the elements of Confucian epistemological theory in the light of recent excavations (viz., library) by WPA archeologists.

Suddenly he began to cry, thus:

"Boo-hoo" (repeat three times). Immediately the two special agents whisked the lad out of the Kremlin and up to the Recorder's Office. After a brief but weighty consultation with Mr. Morris Foner and Mr. Jesse Mintus, clerical assistants, a motion was unanimously passed commissioning the famous detectives to return Bobby to his mother's open arms.

A passing Amsterdam Ave. trolley car was commandeered and the homeward trek began. While seated in the aisle of the trolley the two *Campus* A-men gleaned the following bit of information.

"To be frank," Bobby remarked, "I have previously been under the impression that City College men were definitely of a scholarly and intellectual nature. However, in view of today's experiences, I have dismissed entirely from my mind any intention of matriculating at your school. Instead, I have decided to make application to New York University, a place more commensurate with my educational aspirations."

SC Protests 'Bias' in Case Of Bernstein

Urges His Promotion To Instructorship

The Student Council on Friday unanimously protested "the bias of Prof. Melander of the Biology department in the Bernstein case" and urged that Dr. Bernstein be advanced to the rank of instructor.

The matter was referred to the Executive Committee of the SC for joint action with the Teachers Union.

Dr. Bernstein's case is at present pending with the City College Administration Committee.

Former students of Dr. Bernstein have formed a committee to agitate for his promotion and have signed a round-robin letter attesting to his ability and competency.

A booth will be set up in the alcoves today by some former students of Dr. Bernstein where former students of Dr. Bernstein obtain paper and writing materials to write similar letters. The letters will be sent to the Board of Higher Education, Prof. Melander and President Robinson, a spokesman said.

In January, 1936, Prof. Melander, head of the Biology department, informed Mr. Bernstein that his appointment had terminated and that "he would not be reappointed because of 'incompatibility' and President Robinson's insistence on the 'rotation system.'" However, Dr. Bernstein was retained by a Board of Higher Education ruling.

In the spring of 1937 Prof. Melander told Dr. Bernstein that he had decided "never" to recommend him for promotion or an increase in salary stating that Mr. Bernstein was not "sufficiently careful."

After this incident, the TU asked that Bernstein be promoted and given an increment in salary. A \$400 increase was granted but the promotion was refused. This January, after Dr. Bernstein received his Ph.D., he was informed by Dr. Melander that he would not recommend his promotion "chiefly on grounds of incompatibility" but refused to explain further.

A general petition protesting Prof. Melander's refusal to promote Bernstein, circulated at the Boatride Sunday, was signed by 400 students.

Students Get 4 Cent Milk

With the sale of two-cent checks, the lunchroom yesterday began selling four-cent half-pint containers of milk and chocolate milk and seven-cent full pint containers.

Nathan Sussman '37, Adrian Schwartz '39 and Murray Meld '41 of the Student Council Lunchroom Committee yesterday issued the following statement to *The Campus*:

"Today containers of milk are being sold at four and seven cents for half-pints and pints respectively. This was only done after our committee took cognizance of the unsanitary sale of milk at prices which were prohibitive.

"Regarding the sale of cheaper milk in the lunchroom, we wish to say that we have received co-operation from all concerned. The Faculty Committee took up the questions we raised.

"Most of all we wish to give credit to the American Student Union. As a matter of fact, the Student Council committee was originally a committee set up by the American Student Union. This ASU committee, through its splendid work, caused the Student Council to vote for the removal of the previous Student Council committee and delegated the Student Union committee to take over that position.

"We welcome all suggestions from the student body regarding our future activities."

Seniors to Hold Poll on Robinson

Compulsory AA Fee, Union Bands, to Be Voted On

Four thousand students are expected to vote in the semi-annual Student Council elections tomorrow at 11 a. m. All students are eligible to vote except members of the graduating class, who will participate in a special poll on whether they favor the retention of Dr. Frederick B. Robinson as president of the College.

The Student Union Party, official party of the ASU, is running candidates for all Student Council and class offices. The United Action Party is also running candidates for all Student Council offices, but not for class offices. The other two parties in the election are the Progressive Student Party in the '40 class only, and the Lavender Liberals in the '41 class alone. Besides these parties, many offices will be contested by independents in all classes, except '39.

Referendum Questions

The referendum questions to be answered are: "Do you favour a compulsory athletic fee of fifty cents with increased benefits? Yes or No;" and "Are you in favour of requiring: a—Union bands, student and professional; b—student non-union bands; or, c—professional non-union bands, at all College functions? Check one."

Although members of the graduating class do not vote in the Student Council Elections, the seniors will be asked to vote on a special ballot on the question, "Do you favour the retention of Frederick B. Robinson as president of City College? Yes or No."

Presentation of Candidates

The candidates for the offices of president, vice-president, and secretary of the Student Council will be presented today at Freshman Chapel at 12, with Harold Roth '39, and Stanley Silverberg '39, presidential candidates of the SU and the United Action parties respectively, speaking for their parties.

Marvin Rothenberg '39 (SU) and Morton Clurman '39 (UA) are opponents for vice-presidency. William Rafsky '40 and Lawrence Martz '40, are running for secretary.

Ballots will be distributed by members of the Student Council Elections Committee in all classes. To enable students who have no classes that hour to vote, election booths will be set up in the Lunchroom.

Stern to Address Technology Group

Dr. Bernhard J. Stern, nationally known figure in technology and economics, and lecturer at Columbia University, will address the Technology Seminar on "Technology and Modern Society" in Doremus Hall, Thursday at 12:30.

Dr. Stern told an interviewing Tech Seminar Committee that he would deal with the link between technology and society, and discuss the social value of engineering.

The Seminar was organized by a joint meeting of the four engineering societies April 14, to deal with problems confronting students of the School of Technology. At the conclusion of Dr. Stern's address those present at the meeting will elect officers to conduct the activities of the Seminar for next term.

TU Scores Richardson

Further charges of discrimination against Charles Melowsky, clerk in the medical record office, by Dr. W. Park Richardson, medical supervisor of the College were revealed last week by the New York College Teachers Union.

The union charges that Mr. Melowsky's civil service promotion has been withheld because of his refusal to "help the College administration in repressive measures against leaders of student opinion on the campus and his refusal to sign a pro-Robinson petition circulated amongst the staff in March, 1936.

After several previous fruitless attempts by a *Campus* reporter to reach him for a statement, Dr. Richardson refused to confirm or deny the statements accredited to him in Issue 26 of *The Campus*.

In 1936, after refusing an associate of Mr. Melowsky's a sixty dollar a year increase in pay, Dr. Richardson planned to appoint a non-civil service man to his office at a salary of \$360 more than the salary of the civil service employee, the TU brief on the case added.

Bernard to Speak At Peace Parade

Congressman John T. Bernard of Minnesota will be one of the speakers who will address a mass rally in Madison Square Park, following the Memorial Day Youth Peace Parade next Saturday.

Fernando de los Rios, Ambassador from Spain, Dr. Max Yergen, College instructor and Joseph P. Lash, executive secretary of the American Student Union, will also speak at the rally.

There will be a meeting of delegates to the parade tomorrow at 3 p. m. in the Student Council office, 5, mezzanine.

A "Pre-Parade Pep Rally" will be held on the campus Thursday at noon, according to Bernard Wolf '40, Peace Director of the ASU. The two largest postcards in the world, demanding the lifting of the embargo on Loyalist Spain, will be on display.

ROTC Unit Holds Review

As protest meetings by both the College chapter of the American Student Union and the Anti-War Club went on outside, almost eight hundred members of the College unit of the Reserve Officers Training Corps marched before four hundred spectators in the annual review of the corps Friday in Lewisohn Stadium.

At the ASU's demonstration, fifty persons heard student speakers emphasize the need for joining that organization in order to accomplish the abolition of the ROTC at the College. They outlined a program calling for that as well as the ouster of President Frederick B. Robinson and the lifting by Congress of the embargo on arms to loyalist Spain.

A picket line of about twenty students, bearing placards and shouting slogans demanding the exclusion of military training from the College curriculum, marched around the stadium as part of the Anti-War Club's demonstration. Speakers charged the ASU with abandoning the fight against war and militarism.

Inside the stadium, the spectators saw cadets who have distinguished themselves in drill, marksmanship and the study of military science and history receive awards from various patriotic organizations and the College ROTC unit.

Fraternity to Show Films of Silent Era

A number of old favorites of the silent screen days will be featured on the movie revival program which Epsilon Phi Sigma will present at the Pauline Edwards Theater, Commerce Center next Saturday night, May 28 at 8:00 p. m.

The program will consist of *The Hunchback of Notre Dame* starring Lon Chaney, Charlie Chaplin's *The Rink*, and Our Gang in *The Mystery House*. A Tom Mix and Tony western has been promised by the Revival Committee as a special added attraction on the evening's program.

Tickets are twenty-five cents a person and may be bought in the alcoves

Vote "Ja" Tomorrow College Athletics Need Your Support!

By Phil Minoff

Some athletes go through their chores with one eye on the girl friend in the stands. Others play with an eye on the gate receipts. Sometimes you will find one with an eye on the welfare of the entire student body of the school he represents. Such a one is unique, and such a one is Bobby Sand, who despite his participation in both varsity basketball and baseball, believes that every college athletic program should provide for the recreation of the student body rather than the glorification of individual stars. This attitude explains Bobby's enthusiasm for the proposed compulsory athletic fee of fifty cents which the students will vote on tomorrow in conjunction with the Student Council elections.

"This is no sudden move on the part of the governing Board of the Athletic Association," Bob points out, "but chaotic conditions within the A.A. and the whole athletic setup plus the lethargy of the students prevented a suitable sampling of opinion. Last term however with a rapid-growing intramural program and excellent varsity teams in basketball and football to stimulate student interest the A.A. ventured a referendum in which the compulsory athletic fee received a clear majority.

"Athletic activities at the College have been undergoing a subtle process of change. Whereas in former years the stress had been placed on individual excellence, now a growing realization of mass education and the need for greater socialization to mould a social personality for every-day life has infiltrated into the athletic situation at the College. Within the past two years the intramural program has become an integral part of the A.A.'s plans. The A.A. Board has created two posts on its council for the uptown and Commerce intramural board chairmen; the Hygiene department has lent Mr. Peace to the program to serve as Director; and the department itself has deemphasized drills and stressed team sports.

"Thus it is no surprise to learn that this year has been the most active one in the history of intramurals at the College, with almost 2,000 students participating; that several new useful sports have been introduced—volley ball on a large scale and badminton; and that several excellent prospects have been graduated into the higher competitive plane of varsity athletics (a concomitant result of the enlarged intramural program).

"Furthermore a program of frosh chapels to acquaint the freshman with the various sports activities at the College has been introduced. And more recently, all sports at the College were placed on an equal basis in determining awards in keeping with the A.A. Board's belief that all athletic activities should be predicated on a recreational basis rather than on a cash return.

"To continue this scheme, and project a greater intramural program for A. A. requires student support on its referendum. Added fees are necessary to enlarge the recreational facilities at the College, provide free admission to all varsity athletic contests (except football and basketball contests where the present reduced rates will be continued to meet contract obligations), and recognize women athletics at the Commerce Center."

Bobby, you must admit, is a pretty convincing salesman but his articles doesn't need selling. It sells itself. Compulsory fees at the College, except for library and lab fees, are illegal. A compulsory athletic fee would first require a change in the statutes at Albany. The strongest argument for such a change would be an overwhelmingly favorable student response on Wednesday. Unless I miss my guess, the proposal is going to get just that.

Sport Slants

At least we can be thankful that both College lacrosse and baseball games didn't take place in the same place at the same time . . . Paul Graziano, former 126 pound varsity boxer, former jayvee baseball center fielder, second baseman and pitcher was the outstanding Beaver performer of the day . . . Now a varsity pitcher, Paul went into the Temple game as a reliever, his first varsity appearance, and held the Owl's hitless until he was removed for a pinch hitter . . .

George Lenchner's ear was also an outstanding feature after the College lacrosse game . . . The St. John's boys were out for blood and they didn't care if they got it from George's ear, Dave Fraade's throat, Chick Bromberg's shins or Hy Silverman's eyebrow . . . Townsend, visiting team defenceman, hacked, slashed, tripped, pushed, held, wrestled throughout the game but the referee and judge of play were looking the other way everytime but once . . . When he came out on that penalty, Lenchner, pere, who was sitting on the bench walked over to the penalty box, looked a few daggers at Townsend and stalked away . . .

George Gittens placed second in the

broadjump and Dave Polansky ran second in the AAU Junior Met. Crooms to score five points for the St. Nicks. . . . which placed the boys on a par with Manhattan . . . Gittens and Sy Abrahams, quarter miler are the only Beaver trackmen entered in the IC4A meet which takes place on June 3-4 at Randall's Island Stadium . . . The track team will have its collective face photographed this Thursday at 12:45 p. m. in Lewisohn Stadium . . . at 1:30 p. m. the lacrosse also tries to see the birdie . . .

Jess Gallestein and George Lenchner are forming a College billiard team . . . They expect to compete in an intercollegiate tournament . . . Practice takes place everyday at 15 Hamilton Terrace . . . The 1938 Beaver fencing team went in for record-breaking with a vengeance . . . Coach Montague's squad scored more victories this season than were scored by St. Nick fencers in the last four years together . . . Danny Bukantz starred as he went on to become the intercollegiate foils champion . . . Jerry Kitay is still looking for four weapons which disappeared during a meet at Hotel Astor.

Jon Mong

Fighting Beaver Nine Bows to LIU, 9-8, As Rally Decides Ten Inning Thriller; St. Johns Crushes College Stickmen, 20-2

St. Nick Sluggers to Meet Brooklyn Tomorrow

By Simon Lipka

Making the most of a few breaks, the LIU Blackbirds nosed out a hard fighting Beaver nine to the tune of 9-8 at Dexter Park yesterday. It was a heartbreaking prelude to the Brooklyn game tomorrow at Lewisohn Stadium. In the second half of the tenth, pitching beautiful ball, Arky Soltes held a slim one run margin and with two down, it began to look like a Lavender victory. A freak hit coupled with a wild throw brought across two runs, however, and the College team again went down in defeat.

The only redeeming feature of the game was Sambo Meister's terrific slugging, as he slammed out a homer with two on, and a triple with bases loaded. The St. Nicks added another marker in the fourth and the score stood lopsided at 7-2.

The Blackbirds had filled the bases on Graziano, the starting pitcher, in the fourth when Arky Soltes trudged to the mound and set the opposition down in order. In the seventh the LIU aggregation went to work on Arky, and leveling their sights on his best slants they bombarded four runs across the plate and when the lights went on the score stood even at 7-7.

Both teams settled down to steady ball, each pitcher holding the enemy battery to mere doubles and singles. In the tenth, a walk by Hy Friedman, a sacrifice hit and a sharp single to left by Mike Grieco, brought across the tie-breaker. The LIU team made a brilliant comeback with two out, and snatched the game.

In Philadelphia, last Saturday, a pitcher's battle ensued, and Temple University barely managed to eke out a 25-0 victory. The umpiring was blamed for the College loss.

Netmen End Season, Defeat Union, 9-0

The College tennis team closed its season Friday by routing Union, 9-0, for its fifth victory in eight starts.

Captain Mortie Hellman, playing the last time for the Lavender, took his singles match, and then teamed with Julie Myers to score in the doubles. Myers, Gallestein, Mescom, Auerbach, and Farley scored singles victories for the Beavers, as did the teams of Mescom and Gallestein and Auerbach and Kaghan in the doubles matches.

Intramurals

"Champ" Bereton's last minute foul shot that enabled the Dervishes to nose out Shep '39 in the basketball tourney, is still the current topic of conversation among intramural followers. With 33 seconds to go, Bereton was awarded a penalty try. He sank it to give the Dervishes a 25 to 24 victory over Shep '39. The game, played on Thursday, marked the conclusion of the "most successful intramural basketball tourney," according to Dud Greenstein '38, intramural manager.

A gymnastic tourney will be held on Thursday, June 2, in the Main Gym. Entries are being accepted in the Intramural office, or by Mr. Schloderer, the guardian of the embryonic acrobats. Medals will be awarded to the winners, he stated, and likely material will be invited to try out for the gym team. Although there is, at present, no varsity team in this sport, an attempt will be made to have it recognized by the College if enough students show an interest in it.

Major Tourneys

Baseball, volleyball, and badminton are the major tourneys now. All are still in the preliminary rounds and the schedules of games are posted on the intramural bulletin board.

Three shutouts were recorded in the baseball division. The Bisons whitewashed the Sperlings, 8-0; the All-Stars closed out the Foratres, 7-0; and Sim '40 goose-egged Delta Alpha, 5-0. Gibbs '41 and Briggs '41 had it out, with Gibbs coming off with a 4-1 win. Weir '39 topped Bowker '41 by a 5 to 2 score in another intra-House game. The Cons shellacked the Newman Club 6-1, and Tau Delta Phi pushed out DKE, 5-3.

In the only playoff, Sim '40 topped the All-Stars, 5-1, in a game marked by loud shrieks and wild protests.

Annapolis Team Stops Lenchner; Heyman Scores Twice

Whatever hopes Chief Leon Miller entertained for nation-wide recognition of the College lacrosse team were rudely shattered Saturday afternoon in Lewisohn Stadium when St. John's of Annapolis handed the Beavers a fancy 20-2 trimming. The Chief blamed the referees for the debacle, but the sad truth is that the visitors knew too much about the old Indian sport and outclassed the Beavers in every department of the game.

Led by Scripps MacMillan and Fred Buck, who scored four and five goals respectively, the visitors started their scoring early, led at the half 8-1, and topped off their achievements with nine goals in the last quarter. Co-captain George Lenchner, the Beavers' candidate for All American took a terrific beating around the ears and groin and was held scoreless by St. John's great defense; Hy Heyman accounted for the Lavender goals by finding the nets in the first and last quarters.

Coach John Donohue of St. John's and Chief Miller used almost their entire squads during the game, Donohue to avoid wearing out the College nets, and the Chief to enable his second stringers to gain experience under fire.

JV Sluggers Top Townsend Harris

Behind the airtight pitching of Henry Soven and Irv Talant, and amidst a comedy of errors by Townsend Harris High School, the College Jayvee nine pounded out a 15-0 victory Saturday at Lewisohn Stadium.

In limiting Harris to two lone singles, the Beavers collected five passes and eleven hits, and scored in every inning but the fifth. They led off with one in the first, went on a spree with six in the second, tallied twice in the next two innings, and cleaned up with four in the sixth.

Gives 7 Hits

Soven allowed the two Harris hits in the five innings he worked, but was never in any serious trouble, while Talant finished up by pitching hitless ball for the two remaining innings. It was not until the last inning that a Harris man reached fair. Soven, Kohn and Rudko led the Lavender attack with two hits apiece, while the whole team contributed by playing errorless ball.

My Friends...

(The following statements are especially prepared for The Campus.)

STUDENT UNION PARTY

The SU ticket is the only one that runs on its accomplishments. This term they were:

1.—A reduction of the price of milk in the lunchroom this week to four cents a half-pint, and seven cents a pint on the basis of an ASU plan. 2.—Exposure of rotten sanitary conditions in the lavatory leading to repairs that are now going on. 3.—The ASU ended the discrimination against union musicians at the College by being instrumental in passing an SC ruling requiring use of union bands.

4.—Reduction of the price of Chem-kits next term. 5.—The ASU sent \$250 to Loyalist Spain, and forced stores near the school not to sell Japanese goods. It led the Stoppage for Peace on March 24, and the peace strike on April 27, demanding that the embargo on Spain be lifted. 6.—The ASU sent a large delegation to Washington on the Pilgrimage, which resulted in a 50% national increase of NYA.

For next term:

1.—Continuation of campaign for lower lunchroom prices—lower prices for coffee, sandwiches and candy. 2.—Reduction of library fees—reduction of reservation fee from 5c to 1c. 3.—Continuation and increase of social affairs at the college.

4.—We urge modernization of school curriculum so as to include a free course on Negro history in the day session, a course in sex education, and a course in Hebrew. 5.—We demand the board install adequate facilities in lunchroom and lavatories. 6.—Campaign for free books on basis of the ASU brief now before the Board of Higher Education. 7.—We favor union bands for college functions. 8.—We favor ouster of President Robinson. 9.—Continuation of Student Council leadership in peace activity with emphasis on lifting of unfair embargo on democratic Spain and abolition of ROTC.

UNITED ACTION PARTY

The formation of a new political party is not something to be undertaken lightly. The situation at City College within the last year, however, does justify the formation of the UNITED ACTION PARTY. The control of student government by a group using vituperation and "backroom politics" to accomplish its ends is an evil that calls for immediate remedy.

It is unfortunate that the ASU has become merely the "front" for that intolerant, undemocratic group which characterizes its opponents as "disrupters and what rats." But the control of the only undergraduate paper on the campus by that same group is something that cannot be tolerated. We vigorously condemn *The Campus* "peace" policy which instead of making

for peace prepares us to support another "war to save democracy." Though we defend *The Campus'* right to editorialize as it sees fit, we condemn the bias in its news columns and the discrimination against staff members who are not in full accord with the clique in control.

In view of this situation, we urge all students to support UNITED ACTION. The fight for increased NYA, the fight against the ROTC, and most important of all, the fight against the war preparations of the American government has been emasculated at the hands of the collective security clique controlling the ASU.

For an impartial Student Council investigation of the Campus vote UNITED ACTION.

To the Editor:

Many students may wonder why the treasurer of the ASU is running against a candidate of that organization. I should first like to state that I am wholeheartedly in favor of the ASU program, and have fought for the adoption of it for a number of years. I am not an anti-ASU, but a pro-ASU candidate. I am running for the Lower '40 SC Rep., because I feel that one of the people selected for that position doesn't represent the best interests of either the ASU or the '40 class.

I have been Vice-Pres. of the '40 class, and also its SC Rep. I have also held the chairmanship of the Dance Committee and Class Card Committee. I have been a member of the ASU Exec. Committee for three terms and still am on it.

Emanuel Block '40

PROGRESSIVE STUDENT PARTY

The Progressive Student Party offers the '40 Class an opportunity to vote for those who have done things for the Class; and not done the class for things. If elected, we shall fulfill the following platform:

- 1.—A popular priced Prom which every member of the Class will be proud to attend and can afford to attend.
- 2.—Low priced Class cards offering real benefits to Class members.
- 3.—An active Class newspaper in

Collegians Sail To Bear Mountain

More than 3,500 Collegians sailed up the Hudson last Sunday on the S.S. *Mandalay* and the S.S. *Waukegan* in one of the biggest social affairs ever held at the Col'ge.

On the twelve hour sail, members of the cast of *In the Groove* entertained with selections from the show.

Bernard Walpin '39, chairman of the Boatride committee will make his financial report to the Student Council soon, probably at Friday's meeting.

Walpin Misses Boat

At Bear Mountain, during the four hour ashore period, the College sailors and company spread themselves throughout the park, playing ball, rowing boats, swimming, dancing and skating.

Walpin, the chairman of the boatride, in the pursuit of his executive duties managed to miss both boats on the return trip. The hardy Captain of the S.S. *Westchester* took him aboard.

NYA Quota

There will be a maximum quota of twenty hours for undergraduates on NYA jobs, and a maximum quota of twenty-five hours for graduate students for the last period this semester, Miss Berwanger of the College NYA Office announced yesterday.

Time slips, Miss Berwanger added, are due no later than June 6 in 218 Main instead of on June 16, as there will be no funds available to pay for time slips handed in late.

place of what is now called a newspaper.

4.—Action on Class affairs instead of petty partisan politics.

For an effective class organization, vote the Progressive Student ticket in the '40 Class.

To members of the '40 Class:

If you desire to elect as your class council men who are in full sympathy with liberal principles, men who have served our class and built it up to be the best one in the school, men whose records far outshine their opponents' and who must be elected if merit is to be given its due reward, then elect the ASU '40 ticket.

News in Brief...

Government power must be limited if the rights of the individual are to be preserved, declared Professor Charles Howard MacLwain in a speech on "Political Thoughts at the Time of the Constitutional Convention" before Chapel last week. The address was the last in a series of talks on the Constitution, sponsored by the History Society and the History department.

Last Thursday was a very busy day for the History Society. At noon the club was present in the Great Hall where the address by Professor MacLwain was heard. The election of officers took place at 1:15 p.m. From 3 to 5 in the afternoon the society and the History department held a tea in the History library. At 8:30 p.m. the members of the club went to a theater party. They saw "Prologue to Glory" which is now on view at the Maxine Elliot.

An important meeting of the *Barrister* staff occupied the Law Society at its meeting last Thursday. It was announced that the club magazine will appear Thursday with articles by John L. Lewis, Committee for Industrial Organization leader, and Felix Cohen '26, former *Campus* editor-in-chief.

The Douglass Society criticized a *Monthly* story, branding it as unfair to the Negro race last Thursday in a resolution passed at the club's meeting. The story is "Prisoner" by Charles Driscoll.

In memory of the late Professor F. O. X. McLoughlin, the McLoughlin

Memorial Fund Committee has set up a scholarship and general integrity award to be made on the basis of "scholarship and other desirable qualifications that the judges may decide to impose," according to an announcement. The Dean of the School of Technology and the Faculty advisors of the four branches of engineering are the judges. The scholarship consists of an award of fifty dollars to be given semi-annually to a Tech student.

Senior fees will be increased to \$3.50 starting June 1, Lionel Bloomfield '38, director of commencement activities, announced yesterday. He urged all seniors to pay their fees as soon as possible.

With police protection and the help of lanterns, the '40-'41 dance will get under way Saturday, June 18, at 9 p.m. on St. Nicholas terrace, announced Mitchell Lindemann '40, chairman of the dance committee. Tickets will be 50 cents to class members and 75 cents to non-class members, he said.

Elections for all offices of the American Student Union will take place Thursday in 126, Main. All fully paid-up members are allowed to vote.
