Registration Down to 7300; 1500 Freshmen Enrolled

By RAY KAPLAN

The semi-annual woes of registration were a little less woeful this term.

Although this term's freshman class may be the largest ever to enter the College, the total registration for the Main center day session is expected to drop to about 7,300, 500 less than last term.

This will be due chiefly to the large graduating classes of June and August, the shifting of all freshman business students to the downtown center, and the decreasing number of student veterans, according to Robert L. Taylor, Registrar.

Over 1500 Frosh

Since the total number of enrolled students has decreased, the size of the freshman class was permitted to increase about 200, to more than 1,500, and final figures may raise the total above the record September '43 freshman class of 1578.

The number of veterans enrolled in the College dropped by approximately ten per cent below last Spring with an even larger dip forecast for the next few semesters. 2200 veterans have registered this term—a loss of more than 550.

Smooth Registration

Although most of the usual gripes are still being heard, the registration was unusually smooth, according to Mr. Taylor. Many students had programming difficulties, but there were no real bottlenecks. This was due partly to the scheduling of a smaller number of eight o'clock, four o'clock, and Saturday morning classes, made possible by the smaller registration. Most of the trouble was to be found in the arts and social science courses.

Because of the draft, enrollment in Military Science classes mushroomed. Many freshmen inquired about the effect ROTC training would have on their draft status. All such questions will be answered at the Veterans' Counseling Office, 208 Main.

Liberal Arts Highest

The distribution of the students did not change much. The School of Liberal Arts and Sciences led with about 45 per cent of the total, and Technology and Education followed with 40 per cent and 15 per cent respectively.

Zukowsky Elected As 'Campus' Editor

An eight-man managing board, headed by Norman Zukowsky, '49, as editor-in-chief, was elected by the staff of *The Campus* at the end of last semester. Zukowsky was sports editor for the past year.

The post of business manager went to Dave Kornbluth, '51, managing editor to Bob Zuckerkandle, '49, news editor to Ed Hosten, '49, features editor to Leroy Galperin, '50, sports editor to Dave Futornick, '50, and copy editor to Sam Belf, '49 and Henry Stern, '50.

New Fee Plan Spends \$8000 In First Term

Over \$8,000 was appropriated to 41 campus organizations and publications last semester, according to Associate Dean Sumner L. Crawley (Student Life).

During its first term a total of \$11,000 was raised by the compulsory Student Activity Fee, \$8,433.19 of which was spent to support the College's extracurricular activities. Chief among the recipients was *The Campus*, student undergraduate newspaper, which was given 42 per cent of the total funds. The Faculty-Student Budget Committee allotted 18 per cent, the second largest appropriation, to the Student Council.

Less Money This Term

Dean Crawley stated that the Fee Plan would be administered in the same way as last semester, but on a smaller scale, in as much as the money from the entering business freshmen will go to the Commerce Center.

In former years, funds for student activities were collected through the sale of "U-cards". The purchase of these cards was on a voluntary basis. Last fall a student referendum made the present plan a reality.

Commissioner Upholds Edict On Thompson

Dr. Francis J. Thompson, who was suspended from the College by the Board of Higher Education in 1941 for Communist affiliation has been ordered reinstated by Francis T. Spaulding, State Commissioner of Education. Dr. Spaulding thus upheld a previous decision by the former acting commissioner of education, Lewis A. Wilson.

With the reinstatement goes back pay amounting to over \$5,000. When reached in Baltimore, where he is teaching at Johns Hopkins University, Dr. Thompson stated that he had "no intention of going back to New York to my old position."

Dr. Spaulding held that Dr. Thompson was not "guilty of subversive acts or teachings." He stated that the connection between the former College instructor and the Communist Party had not been proved, and that even such proof would not have warranted his dismissal until the Communist Party were outlawed.

The commissioner's action came after the BHE had asked that the case be reopened. The BHE, through Michael A. Castaldi, assistant corporation counsel, is at present considering pursuing the case. A petition with the Appellate Division in Albany to review the case had been adjourned pending Dr. Spaulding's decision.

Testifying before the Rapp-Coudert joint legislative committee in June, 1941, Dr. Thompson had denied any Red affiliation.

State Subsidizes Free MA For College Ed Students

To enable the city colleges to develop an effectively integrated five-year program for teachers and other professional personnel needed by the schools, New York State has subsidized a free fifth year for state residents who are working for a Master of Arts in Education.

Starting this semester, the state will allocate \$750,000 to the City Colleges to be used over and above the amount previously set aside for the Schools of Education in the four city colleges.

MS Not Subsidized

The Arts degree will be given in addition to the Master of Science in Education which is not

College Business Manager Appointed Army Hall Head

Walter Stalb, business manager of the College, has been appointed administrator of Army Hall to fill the vacancy left by the retirement of William C. Davis, it was learned yesterday.

A special six-man faculty committee concluded last term that in grouping Negro residents together, Mr. Davis had not been bound by his professed policy of grouping students with common interests. In many cases, the students had, "little in common . . . except that they were Negroes." Mr. Davis has returned

to his former position as Economics instructor.

While Mr. Stalb will have overall authority in the new Army Hall setup, his duties and those previously held by Mr. Davis have been divided and delegated to three individuals.

Edward Fuller, formerly connected with the Department of Buildings and Grounds at the College has assumed the administrative duties at the Hall. Custodial control of the building falls under the jurisdiction of Robert Petross, Superintendent of Buildings and Grounds. The cafeteria remains in the hands of George Fauerbach.

In addition to the technical aspect of the administration, the Department of Student Life has opened an office in Army Hall under the direct supervision of Philip Brunstatter to coordinate resident activities and supervise dormitory regulations.

BHE Reversed To Meet on Knickerbocker Case

By BOB ZUCKERKANDLE

Demands that Prof. William E. Knickerbocker (Chairman, Romance Languages) be retired for "reprehensible and unworthy" conduct will probably be considered at next Monday's meeting of the Board of Higher Education.

The demands came June 22 in a report by a City Council subcommittee investigating three-year-old charges of anti-semitism levelled at Professor Knickerbocker by four members of his department.

Bergeron Out After 43 Years

Professor Maxime L. Bergeron (Romance Languages) has retired, effective Sept. 1, it was announced. He had been at the College since 1905 when he began as a tutor.

He achieved notoriety among his students as an excellent but demanding instructor. He also got into the news in 1945 when four instructors in the Romance Languages Department accused him and Prof. William E. Knickerbocker (Chairman, Romance Languages) of anti-semitism.

Professor Bergeron received his BA from this College in 1903, an MA from Yale in 1904 and a PhD from NYU in 1914. He became an instructor in 1914, assistant professor in 1922, associate professor in 1929 and a full professor in 1937.

Council Accepts Report

The City Council accepted the report by a 16-0 vote, with one absence and one abstention, on June 22. On July 9, Dr. Orway Tead, Chairman of the BHE, announced that the Board would take action at its first regular meeting in September, which is scheduled for Monday.

The Council investigation was the third in three years. On Apr. 9, 1945, Profs. Ephraim Cross, Elliot H. Polinger and Otto Muller, and Dr. Pedro Bach y Rita, all of the Romance Languages Department, charged in a letter to President Harry N. Wright that Professor Knickerbocker was guilty of practicing anti-semitism.

Faculty Investigation

A subcommittee of the General Faculty conducted an investigation and reported on Jan. 29, 1946 that the charges were unsubstantiated, and recommended disciplinary action against the four teachers.

The affair went to the BHE where a subcommittee, on Dec. 12, 1946, cleared Professor Knickerbocker, despite "some evidence of carelessness and derogatory conversation." The BHE accepted the report.

Three-Point Inquiry

The City Council subcommittee began its investigation last fall. Testimony was taken in secret hearings from the four complainants, from Professor Knickerbocker, and from Dean Morton P. (Continued on Page 3)

'Microcosm' Sales Better 300 Mark

In its initial attempt to sell subscriptions during registration, "Microcosm," Senior Year Book, passed the 300 mark, according to Bernard Radack, '49, managing editor.

Although the books sell for \$7.50, a down deposit of \$1 will hold a copy. This deposit may be paid to "Mike" at its new location, 109A Army Hall.

The yearbook is sorely in need of clerical workers and typists. Lower classmen as well as seniors are invited to work with the staff.

Student Council To Meet Friday In First Session

The first meeting of this term's Student Council will be held Friday, Sept. 25, at 4 in the Faculty Room, 200 Main, according to Alan Rosenwasser, '49, newly elected president.

All members of SC should be present with credentials to be admitted to the session. The agenda will consist of discussion on Council procedure and the election of committees.

One of the pressing problems of this semester is the expiration of the fee plan. Council will prepare another referendum to decide whether or not to extend the plan.

Other officers of SC include Vince Gurahian, vice-president, Audrey Gottlieb, '49, secretary, and Henry Katz, '50, treasurer.

Gelfarb, June Grad, Dies

Bernard A. Gelfarb '48, June graduate in Chemical Engineering, died by drowning on August 17, at the age of 19.

Gelfarb was taken from the water, still breathing, only eight minutes after he had suffered a dizzy spell and fallen from a rowboat, but the two and a half hour efforts of three doctors to revive him proved futile. At the time of his death he was working as a counselor at Camp Sejwin, Port Jervis, N. Y.

An honor student, Gelfarb had been president of Tau Beta Pi, treasurer of AICHE and on the executive council of Hillel. He was a member of Student Council and House Plan. After graduation he had offers of two jobs and a fellowship at Columbia.

Seniors to Meet; Pledges Available

Seniors will gather for the first time at the reception on October 15 at 2 p.m., Bob Meagher, president of the class of '49, announced yesterday. The location has been set tentatively as the Webb room.

The senior head also announced that pledges for the senior prom and *Microcosm* can be secured at 109 Army Hall from 9 to 4 daily. He urged seniors to pledge as soon as possible to insure smooth planning. The prom has been set for January 28 at the Astor Roof. The dinner and dance will cost \$16.50 per couple.

A senior general meeting has also been planned for Thursday, October 21 at 12:30 in the Great Hall. More detailed information about diplomas, 'Mike' and other senior activities will be presented. Mr. Robert Shotter of the Placement Bureau will be on hand to discuss job opportunities.

Tech Construction Set; ChE's Find New Home

Construction of the long awaited Chemical Engineering Building, located between the Chem building and Compton Hall, was begun last week. Completion of the laboratory, one of the several additions to the Tech School, will provide adequate space for sufficient Unit Operations work, which will assure recognition of the Chemical Engineering curriculum by the AICHE and by industry.

Lewis Jackson, Central Treasurer of Student Activities

Knittle, Evening Session Head, Dead from Heart Attack at 42

Dr. Walter A. Knittle, director of the College's evening session since 1941 and one of the founders of the Adult Education Program instituted in 1944, died of a heart attack, June 19, at his home, 765 Riverside Drive. He was 42.

A native of Allentown, Pa., Dr. Knittle received his baccalurate from Muhlenberg University in 1926, his MA from Indiana University in 1927 and his PhD from the University of Pennsylvania in 1931.

Taught History

He joined the faculty of the College as a history instructor after holding similar positions at the Universities of Indiana and Pennsylvania. In 1940, he was promoted to assistant professor and was at the time of his death an associate professor.

When Dr. Harry N. Wright was appointed president, Dr. Knittle succeeded him as director of the evening session. He was appointed director of the Adult Education Program at its inception in 1944.

Directed ASTP

During the war years, Dr. Knittle was in charge of the Army Specialized Training Program at the College.

In addition to College duties, Dr. Knittle was director of the New York Adult Education Council, a member of the American Association of University Professors and the New York Teachers Guild.

He leaves a widow, Mrs. Theresa R. Knittle, and a son, Walter Andrew.

Theatre Workshop to Act at Jubilee

New York's Golden Jubilee celebration will be given a dramatic touch this fall when the colleges and universities of Greater New York will present a group of plays dealing with New York life.

Theatre Workshop will represent the College with a presentation of the Elmer Rice drama-with-music, "Street Scene."

This project is being undertaken at the suggestion of the Mayor's Committee, an advisory

group created by Mayor William O'Dwyer to publicize the fiftieth anniversary of the incorporation of the five boroughs into Greater New York.

Starts Nov. 12

"Street Scene," the Pulitzer prize-winning play which had a successful run on Broadway recently will be presented at the Pauline Edwards Theater for three days, starting Nov. 12.

Havel Appointed Soccer Team Coach, Out to Better Last Season's Record

Booters Face Panzer Outfit In First Game

By Al Hanig

With a top-rated Panzer College outfit scheduled for their first skirmish of the season on the night of October 6, at the Stadium, the Booters' "holiday" comes to a close.

The college's squad numbers 20-odd veterans from last year's campaign, and "can be expected to give a good account of themselves, in this heaviest of schedules since regaining varsity status two years ago," according to freshman coach Richard C. Havel, who just replaced Ira Zasloff as the team's mentor.

Three-Letter Man

Participating in soccer and lacrosse, Havel was a three-letter man at his alma mater, Springfield College in Massachusetts. In 1942, he rated the all-New England Lacross Team, and in 1943 he was an outstanding wing on Springfield's undefeated National Championship soccer team which started a string of unbeaten games now numbering close to 40.

Upon assuming his new coaching position, Havel began practice for the team two weeks before the term began in order to familiarize the players with each other once again.

Six Starters Left

Although the Beavers have six first-stringers left over Havel said that five important forward positions are still available to the remainder of the squad.

"The team itself is in need of work and a few scrimmages as well, in order to realign itself into a smoothly functioning unit," he added.

"We have great potentialities. If the squad rounds itself into the condition it will reach in mid-season, I wouldn't hesitate to play them against the 1947 National Champs at Springfield," he said.

Grooms Politzer

At present, he is grooming sharpshooter Walter Politzer for the center forward position. Politzer is working hard on his goal-shooting as he already has the speed to use that position to the team's best advantage.

With Fred Goldhirsch dependable as an inside man, Coach Havel will be concentrating on four of last year's second stringers for the other inside line position as well as the two wing slots.

Backfield Strong

The backfield appears to be the strongest section, embracing two well-qualified goal-keepers in Otto Berger and all-scholastic Joe Del Giacco; two first-string fullbacks in Irving Heller and Frank Bertolotti; and about six hard-training replacement aspirants. With George Niebhur, the lacrosse "celebrity" in halfback, the six are being considered to fill in the remaining halfback positions. His twin brother Victor is close to the top of the pack and may yet begin the season beside George, much to the confusion of all concerned.

Henry Wittenberg Wins Olympic Title

Gotham in general and the College in particular can be proud of one of New York's Finest, alumnus Henry Wittenberg of the Police Department and 191 pound wrestling champion of the world.

Over the summer, Wittenberg received a leave of absence from his police duties so that he might compete for the United States in the London Olympic Games.

Maintaining a nine-year skein of uninterrupted triumphs amassed since he received his Lavender diploma, Hank made short work of his opponents to win a prized Gold Medal for himself and for his country. He led the American squad in efficiency.

JV Gridders Seek Talent

With five games already scheduled, and possibly more to come, the Junior Varsity football team is whipping into shape at the Stadium.

Although reluctant to give any pre-season predictions, Coach Ben Vitale was not at all shy about talking about the size of his squad. "We gave out 85 uniforms last year, and we want as many to come out this season." The JV serves as a "farm club" for new talent for the Varsity. Over a dozen men were moved up last year.

The schedule at present includes Cataret, Concordia, St. Benedict, Nashville Farms, and the Brooklyn JV. Admission to home games at the Stadium is free.

Stadium to Get Long-Awaited Board Track for Indoor Season

A new portable board track, donated by the Faculty Athletic Committee, will be installed at the Stadium in time for the track season.

According to Dr. Sam Winograd, Faculty Manager of Athletics, the track is one-tenth of a mile long and ten feet wide, equipped with two spurs at one end for broad jumping and high jumping.

The money for the track was raised by the surplus remaining from the operations of athletic activities of last season.
