## Lanzer Denies Charges That He 'Threatened' Reputation of College

Mr. Irving Lanzer, recently ousted as a member of the Evening Session Sociology Department, yesterday denied that he had made any statements which could have been interpreted as being threats to the College. Mr. Lanzer stated, "I never threatened to use publicity as a weapon. If legitimate interests of students and responsible community organizations in this situation bring about publicity, it is the administration's responsibility and not mine."

These remarks were in reply to charges made by Deans Engler (Administration) and Gottschall (Liberal Arts) on February 11. In a statement released on that day the two deans said, "In his (Lanzer's) meetings with Deans Gottschall, Theobald and Engler, Mr. Lanzer had made it clear that if he were not given an appointment looking to permanency in the faculty, he would bring charges which would subject the College to attack."

Continuing his denial of this charge, Mr. Lanzer declared that "when the College administration was willing to stand by and permit Prof. Aginsky to continue his efforts to harass me into leaving the College, then I had no alternative but to use every legitimate resource in resisting this situation."

Mr. Lanzer added that his "determination to use every legitimate resource available referred only to my complete ouster from the College and not to obtain any special kind of reappointment."

He also indicated that the Alumni Association now has the matter under consideration.

## 31 Pre-Meds Are Accepted

Thirty-one graduates of the College have been accepted into medical schools and eleven have been accepted into the dental schools throughout the country since the beginning of this year, Prof. Herbert Johnson (Biology) revealed yesterday.

Exceeds National Average

"We are doing much better than last year," stated Professor Johnson, chairman of the Central Committee. The committee composed of eight faculty members sends letters of endorsement to the medical schools and advises pre-medical and pre-dental students at the College.

"For three years in succession the College has exceeded the national average in its acceptances. We hope to do it again this year. Previously we used to be content with eight or ten acceptances, while now we have thirty-one and we are expecting more," the professor stated.

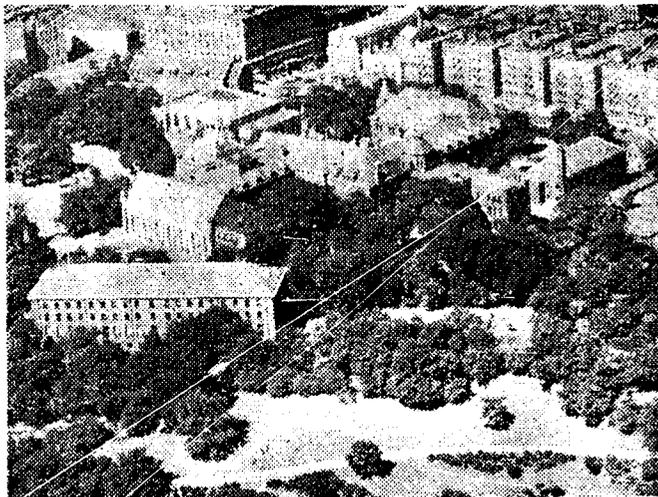

Grads in 18 Schools

Graduates of the College are at present in 18 different medical schools throughout the nation.

Six of them are attending New York University, two are at Columbia, and two others are going to Cornell.

### Over \$3 Million Still Is Needed

By Walter Gray

A professional fund-raiser, Mr. Nat Korshin, has been retained by the Board of Directors of the Centennial Fund to renew the campaign begun in 1947 to raise the \$3,800,000 necessary for the construction of a Student Center on the newly-acquired Manhattanville property.

At present, there is \$500,000 in the Centennial Fund which is earmarked for this building.

When completed, the Student Center will include a theater, a ballroom, and a cafeteria, as well as lounges and facilities for the College publications and other permanent groups on campus. It will be located on 135th Street between Convent Avenue and St. Nicholas Terrace, facing the High School of Music and Art.

Although the City has legal title to the Manhattanville property, the exact date for the College to take possession is still tentative. In reference to this, Mr. Lester Nichols, Assistant to the President, said, "It is very probable that Manhattanville will vacate by the end of September."

## Council Exec Committee To Offer 'Choice' Motion

The Student Council Executive Committee will present a motion tomorrow calling for a student voice in the choosing of the next president of the College.

The Executive Committee's motion is being substituted for a proposal made last Thursday by Gerald Walpin '52, former Student Council president. Walpin's resolution asked that Student Council "go on record as opposing any possible appointment of Dean Morton Gottschall (Liberal Arts) as pre-

sident or temporary president of the College."

Another development is that at a special meeting yesterday of the Managing Board and Executive Committee of House Plan a resolution was passed opposing the motion of Gerald Walpin '52, introduced at last Friday's SC meeting. Walpin's proposal frowned upon the appointment of Dean Morton Gottschall (Liberal Arts) as the next president of the College.

House Plan will circulate a petition opposing Walpin's motion. The petition will ask that Walpin cite specific instances to show that Dean Gottschall was not able to work with students and did not have the respect of the student body and the rest of the College community.

The House Plan resolution also looked upon the Walpin resolution as unjust in that it was a personal vilification of Dean Gottschall.

## Korean Member of Voice of America Registers in College's Graduate School

By Robert Wang

Students interested in Korean affairs need go no farther for information than Sang Ho Lee, who enrolled in the College's School of Graduate Studies in International Relations last month.

Introduced to the graduate program by a fellow Korean and friend, Sungeon Koh, who is a student here, Lee has a specific reason for wanting to attend graduate school. "I want to help promote better understanding between the United States and Korea," he explains.

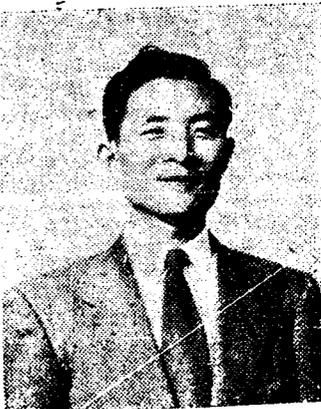

Graduate of Waseta

Lee told of one difficulty caused by Korean ignorance about America. "When American soldiers first came to our country in 1945, it was rumored that they liked rice so much that they were seizing all of it in the country." He smiled and commented that he knew "that Americans don't like rice."

Born in the North Korean sea-

coast town of Wonsan, the 43 year old student attended Korean schools and then went to Waseta University in Tokyo where he

majoring in English literature. After he was graduated Lee taught English to Korean youngsters. Since 1948, he has been

working for the State Department's Voice of America, first as a broadcaster and then a script-writer. "We think that we're getting Koreans better informed about America," he remarked.

Speaking of his college days, Lee says, "There were no extracurricular activities in the Waseta University. The Japanese who were in occupation of Korea had no intention of letting the Korean students get together to start hatching revolutionary plots."

Japanese Rule Harsh

When asked about the Korean attitude towards their Japanese masters, he said that in Korea, "everybody thinks that the Japanese are inferior to Koreans." He frowned. "Japanese rule was harsh," Lee asserted.

A moment later he noted "Except for a very few exceptions, I have found Americans to be a very friendly people."

## Beat NYU Rally-Dance Tomorrow Nite in Gym

A "Beat NYU Pep Rally and Dance" will be held tomorrow night at 8:30 in the Main Gym. The rally is being sponsored by the Student Athletic Association Board, Varsity Club, Allagatorooters, Cheerleaders and the Student Council Friday Night Dance Committee.

The Varsity basketball squad will attend the rally and invitations have been sent to NYU and to sports celebrities, including Jackie Robinson, Sid Friedlander, and Joe Galiber '52.

Admission to the rally is by Student Activities card. A dance will follow the rally.

## Photographer Prowls Today For 'Queen Esther' Beauties

The search for the College's representative in the "Queen Esther" beauty contest moves into high gear today and tomorrow.

In addition to the photographs which THE CAMPUS has already received, we have decided to send a photographer among the student body to seek out other beauties who have been too modest to consider themselves as possible entrants. Watch for him today and tomorrow.

The contest, which the College is joining along with other schools in the metropolitan area, will be part of the Purim Festival to be held at Madison Square Garden on Monday, March 17. The win-

ner of the contest will be crowned Queen Esther of the Festival and will receive a free trip to Israel this summer.

When all the photos have been received, THE CAMPUS will pick three finalists from these, whose pictures will appear in next Thursday's issue of the paper. The student body, by means of a selection ballot which will also appear in the issue, will decide which of the three will represent the College at the contest in the Garden.

If our photographer misses you today or tomorrow, you may still submit a picture of yourself to any member of the Managing Board of THE CAMPUS, until Tuesday at 2.

### Presidential Successor

With the time for the appointment of a new College president drawing nearer, the first attempt to present student opinion on the matter was made last Thursday. A resolution indicating dissatisfaction with Dean Morton Gottschall as a presidential choice was referred to the Student Council Executive Committee for consideration.

It was something of a letdown to learn that the Executive Committee had voted only to recommend that students have some voice in the selection of the next president. If such a voice is desired, the Executive Committee should have already made it heard—at least in the form of a concrete stand on the matter before it.

THE CAMPUS hopes that when the matter is put before the entire Student Council tomorrow, that group will see fit to definitely indicate its own sentiments toward the original resolution. We ourselves, though somewhat regretfully, must concur with that resolution. We feel that the next president of our College must be a man with sufficient decisiveness and foresight to cope with the many problems besetting the school. He must be of a character and resourcefulness to command the respect of all those he comes in contact with.

Despite some of the outstanding qualities which the Dean has so far shown himself to be possessed of, we do not feel that he should be the choice to succeed President Wright.

It is our hope that Student Council, and any other representative student group will come forth as quickly as possible to let their views on the successor question be known. We hope too, though, that realizing the importance of the issue, such action is taken in an intelligent and cool-headed way.

### Wilt the Violets

Perhaps it will not carry the same impact that it did in other years, but the N.Y.U.-City basketball game is still "the big one." What-ever has happened in previous contests this

season is of little consequence compared to the game the Beavers will play next Tuesday night.

It goes without saying that the Violets think of our team as more than a weak opponent. N.Y.U. has been faltering in recent appearances, while the Lavender has been more and more impressive. It just might happen that the Beavers could do to their ancient rivals what they came close to doing to Fordham's cagers.

We don't think that a good turnout is too much to ask from the student body. No matter what the final outcome may be, we can rest assured that there will be plenty of thrills, spills, and excitement. Let's all get in back of our team and give them that resounding "Allagaroo" which they so richly deserve.

A noteworthy feature of the game is that it is to be played in N.Y.U.'s gymnasium. This could very well be an indication of a future athletic policy when the College will restrict its games to school gyms, but will compete in contests which generate a high amount of interest in its students.

To the Editor:

Many members of Student Council were disappointed in the destructive editorial which you presented in the matter of the Education School Loyalty Tests. It seems that you, as well as Observation Post are advocating two types of academic freedom: one for education students and another for other students. In this connection I would like to quote from the Policy Draft of the Americans for Democratic Action ("ADA World" February, 1952):

"We affirm the right of teachers and students alike to organize freely in their own interests, to join and participate freely in political groups of their choice and to speak freely on any subject they may choose . . . We condemn the practice of requiring loyalty oaths from teachers."

It should be pointed out that, whereas the first two points of the resolution dealing with Student Council's unqualified opposition to loyalty investigations on campus, and the case of the specific student involved, were passed overwhelmingly (17 to 7 and 14 to 5), there was only a 3 vote margin on the two points requesting the State Department of Education, the New York City Board of Examiners, and the Dean to change their procedure (passed 14 to 11 and 17 to 14). We did not ask the Dean to break any laws—as Campus suggested—rather was Student Council saying that since there is no way at present in which accused students are given a fair trial, the Dean should consider all students innocent (i.e. loyal) as there is no legal process which could find them guilty (i.e. disloyal). To quote ADA again, in reference to government security organizations where loyalty tests are considered necessary:

"No organization or individual should be adjudged disloyal without a fair hearing, based on specific written charges and disclosed evidence, confrontation of accusers, a full opportunity to be represented by counsel and to examine and cross-examine witnesses, and adequate provision for appeal."

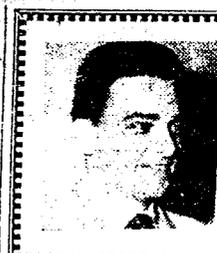

Both campus newspapers seemed to make a point of accusing the Council of hastily considered action. I, on the other hand, feel that Council did an excellent job of considering the issues in five hours of concentrated discussion with little time wasted. I only wish Council handled all issues as intelligently.

It is tragic that the student newspapers feel compelled to be more careful about students' affiliations than the respectable (and hardly radical) committee which recently reported on academic freedom at Yale University.

Sincerely,

Irwin J. Schiffres '52

After a venture into a reviewer's role last week, we return today to our regular beat, the uptown day session of the City College of the College of the City of New York. This has been a fairly quiet week, with faculty and student body settling down for the long seven-week haul until the Spring vacation starts on April 10. As a result, this will be a fairly quiet column (aren't they all), with this by-liner also settling down for the long seven-week haul until the start of the Spring vacation.

## Building Material Shortages May Halt Library Extension

Construction of a \$2,000,000 extension of the Library Building will begin in June provided that the College is allotted necessary building materials. Mr. Arthur Schiller, head architect of the College revealed yesterday.

Mr. Schiller, of the College's Planning and Design Office, stated that a representative of the College is now in Washington D. C. trying to persuade the National Production Board and the Office of Education to allocate steel and copper materials for the construction.

Mr. Schiller explained that because of the national emergency, the College's request for building materials must be officially approved. "We took the steel shortage into consideration when drawing up the construction plans," he added, "and wherever possible we will use reinforced concrete."

Present plans call for two four-story wings to be added on both sides of the Library Building. The left wing is to extend to Convent Ave. and to the Drill Hall.

Mr. Schiller explained that the basement of the wings are plan-

ned to be used as reserve reading rooms. The first and second floors will be used as general circulation and reference rooms, while books and reading material for upper classmen and graduates will be shelved in the upper floors.

At present, the libraries on campus seat approximately 1,000 students. The wings are designed to increase the number of seats by 1,700. In addition, 40,000 books in storage in Army Hall will be available to students.

Construction companies begin bidding for the contract next month.

# Beaver '5' to Meet NYAC In Main Gym on Saturday

By Les Kaplan

Elated at the fine showing made by his hoopsters against Fordham last weekend, Nat Holman will send his spirited squad against the New York Athletic Club this Saturday at 9 in the Main Gym.

The Beavers nearly pulled one of the season's biggest upsets before succumbing, 55 to 52, when the team staged a last-quarter rally. Holman was high in his praise of the team and especially commended the fine play of captain Jerry Domershick.

"Domershick is the boy who has given us a lift with his fine play all season long," declared Holman. "If I were voting for selections to the All-Metropolitan team, Jerry would surely get my nomination. That boy is as good a performer as any other player in the city."

Domershick, whose 20 points led both clubs last Saturday, has been averaging over 16 points a game for the Lavender and is among the top five in the country in field goal percentage.

Saturday night, the starting lineup for the St. Nicks will be made up of Domershick, Suzie Cohen, Marty Gurkin, Merv Shorr, and Jerry Gold.

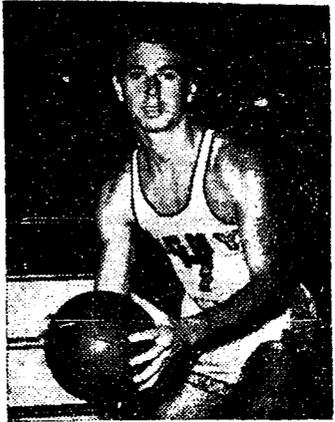

"The great problem facing our team is lack of reserves," continued the coach. "Any team as weak on the bench as we are is sitting on a volcano."

"We'll be all right as long as nothing happens to our starting five. Gurkin's shooting has been excellent, Cohen and Gold are steady, reliable men, and Shorr has been developing wonderfully. Of course, we also have a good sixth man in Bobby Logan."

Logan, whose puffed left knee kept him on the sidelines for most of the Fordham game, reported that the knee felt much better and that he expected to see more action this Saturday.

In its last contest, the N.Y.A.C. trounced Queens, 77 to 51. Sam Mathiason poured 29 points through the hoop. Friday night, they will meet Springfield College.

## Bernie Lloyd Still Unbeaten

Highly rated Gallaudet Institute for the Deaf will provide the College's wrestlers with their last bit of opposition for the season, this Saturday at 2 in the Tech Gym. The Beavers tied Lafayette, 14-14, last Saturday, and now have a 2-4-1 record.

Jack Gesund, Connie Norman, and undefeated Bernie Lloyd decided their opponents, 10-2, 3-1, and 4-0, respectively, while Rocco D'Angelo pinned Lafayette's Bill Laegler at 4:41. Beaver grapplers Steve Levin, Norm Ballot, Jim Farlekas, and Rubin Battino were defeated, the latter by a fall at 8:11.

Gallaudet, Mason Dixon Conference champion, comes up from Washington, D. C., with an undefeated team. Lavender coach Joe Sabora would make no predictions, but he did say that the Beavers are improving and the match should be extremely interesting.

## Violets Beat Swordsmen

Only a strong showing in the foils event prevented the College's fencers from being completely outclassed by undefeated NYU last Saturday, as the Beavers were defeated, 17 to 10, on the winners' home strips. The foilsmen took seven of their nine bouts, against some of the nation's best competition.

Captain Hal Goldsmith, United States Olympic squad member, looked particularly good in winning all three of his bouts. Charles Piperno and Bob Byrom each captured two of their three matches.

James Montague, coach of the swordsmen, praised Goldsmith as doing "very well against top-flight competition." He added that Byrom had improved greatly.

The epee and sabre events insured victory for the Violets. They defeated the epeemen, 7 to 2, and beat the sabremen, 8 to 1.

# Mermen Shine; Place Ten In Met Swimming Finals

By Ken Rosenberg

Putting on an impressive performance, the College's swimmers placed ten men into the Metropolitan Intercollegiate finals last night, as they competed in the trial heats at NYU's pool. The finals will take place tomorrow night, also at University Heights.

In the 100-yard freestyle event, Beavers Charles Schlicterlein and Howie Schloemer came in third and fourth to qualify for tomorrow night's meets. Dan Matejka, of NYU, not only won the race, but set a new record in doing so. His time was 0:55.3.

Normie Klein and Tony Sousa placed for the College in the 200-yard backstroke event. Jerry Curran, of Fordham, was the winner, covering the distance in 2:21.2.

Vic Fulladosa finished fourth in the 150-yard individual medley and also qualified for the finals. Matejka won that event.

The Lavender's 300-yard medley relay team, composed of Klein, Bob Kellogg, and Stan Worchel, finished fourth, also qualifying in the finals.

Schloemer and Fred Vicedomini placed in the 220-yard freestyle, which was won by Brooklyn's Jerry Tiernan in a record time of

2:23. Vicedomini also qualified for the 440-yard freestyle, also won by Tiernan, in another record time—5:17.4.

Fulladosa and Kellogg placed in the 200-yard breast stroke event, and the 400-yard freestyle relay team of Schlicterlein, Schloemer, Jay Glat, and Moe Silberberg rounded out the Beaver finalists.

## Students Wanted To Referee Intramurals

Spring intramurals got underway last Thursday with basketball topping the list, but other scheduled sports have been temporarily curtailed because of a lack of student referees and officials. Dr. Alton Richards (Hygiene) has urged all volunteers to contact him in 107 Hygiene.

Dr. Richards also announced that the co-ed intramural program is just about to begin. He invited all students to see him concerning registration. Some of the co-ed activities will be basketball, golf, swimming, dancing, handball, softball, and bocci ball.

# Memorial Rally to Honor Prague 'Freedom' March

By Dulce David

A memorial meeting in honor of the Czechoslovak students who marched on Prague four years ago will take place today at 12:15 in 105 Main.

The leader of the 1948 Prague student demonstration, Emil Randsdorf, will tell about the march and the steps Czechoslovak students throughout the world are taking to preserve the spirit of democracy. Mr. Randsdorf is now a student at Columbia University. Prof. Hans Kohn (History) who was born in Czechoslovakia will also speak on democracy. Gerald Walpin '52, representing the Young Liberals, will give the American student's point of view.

The meeting at the College is one of many events being held this week by students who are paying tribute to the Czechoslovak students who demonstrated in Prague in an effort to preserve democracy and freedom in their country.

The co-sponsors of the memorial are: Young Democrats, SDA, SLID, UWF, Young Republicans, History Society, Government and Law Society, and COOPS. Both the YPA and SWP refused to co-sponsor the meeting because, according to Gerald Walpin who

helped organize it, they said that a coup never took place when the

Mr. Korshin stated that the Centennial Fund will try to complete its collections by the end of 1953. A student at the College in 1930, Mr. Korshin has been a professional fund-raiser for the past 11 years. The difference between "just smoking" and really enjoying your smoke is the taste of a cigarette. You can taste the difference in the smoother, mellow, more enjoyable taste of a Lucky... for two important reasons. First, L.S./M.F.T.—Lucky Strike means fine tobacco... fine, mild tobacco that tastes better. Second, Luckies are made to taste better... proved best-made of all five principal brands. So reach for a Lucky. Enjoy the cigarette that tastes better! Be Happy-Go Lucky! Buy a carton today!

King Midas sat upon his throne And uttered this decree, "The golden touch you've heard about is L.S./M.F.T."
