Politicians Seek Nominations as Petition Deadline Nears

Pittman, Klosk, Solon Vying for Pres; Petitions Must Be In by Friday; Cafeteria Campaigns Begin

With Election Day at the College only two weeks away, a number of prospective candidates are just now announcing their intentions to run.

In previous years are any indication, only a small percentage of these students intending to run have filed petitions with the Student Council Elections Agency. One of the five agency members said that he had received only three petitions so far.

A flood of petitions is expected today, and until 2 tomorrow, the deadline for filing.

In the meantime, much speculation has been carried on as to who will run for what. The contest for Student Council president promises to be a battle between Manny Solon '55 and Art Pittman present SC vice-president. Manny Solon '55 is also circulating a petition for president.

Pittman and Klosk are reported to be working hard to get their campaigns rolling. Klosk starts politicking early in the day, usually arriving before 8 each

morning. Pittman, on the other hand, not being an early riser, does not make the rounds until 2 or 3 in the afternoon.

At the moment, candidates spend a great deal of their time getting acquainted with students in the cafeteria in an effort to first get them to vote and, second, to convince them that they are speaking to the better man.

Klosk claimed to have already obtained 750 signatures. Only 75 are necessary. He explained that by extended soliciting he gets a greater opportunity to meet students. Last semester Manny Halper '54, SC president, had 76 signatures on his petition.

Nominating petitions for this term's elections must be submitted to members of the Elections Agency in the Student Council office, 20 Main, before 2 tomorrow in order to be accepted, announced Murray Beja '57, a member of the agency. Elections will be held on Friday, May 14.

BHE Okays Grad Course On NY Area

The Board of Higher Education has approved a program of graduate study dealing with "The Metropolitan New York Area," leading to a Master of Arts degree. The new program will be instituted at the College in September.

Prof. Oscar Janowsky (Director, Division of Graduate Studies) explained that the course of instruction will be experimental in design and purpose. Courses will be given in the major phases of political, economic and cultural developments in the metropolis. "These courses will be integrated through an inter-disciplinary seminar and colloquium," Professor Janowsky said.

Topics to be covered include: The Political Process in the Metropolitan Area; History of the City of New York; New York in the Atlantic Civilization; New York as a Force in Shaping American Literature; Dynamics of the Metropolitan Economy.

Provision has been made for full-time and part-time students, Professor Janowsky said. Complete enrollment schedule and applications for admission may be obtained by writing to the Director of Graduate Studies, care of the College.

Cavallaro to Speak To Faculty Today

By Mel Copeland

Dr. Joseph B. Cavallaro, chairman of the Board of Higher Education, will speak on "The Problems of Higher Education" before the College chapter of the American Association of University Professors in the Faculty Room, today at 1. The meeting is limited to the faculty and members of the college staff.

Dr. Joseph B. Cavallaro

The AAUP is a professional organization representing college and university teachers. "The organization seeks to achieve better teaching standards," said Prof. Alexander B. Klots (Biology), president of the College chapter of the AAUP. He said that the group was very much concerned with the lowering of teaching standards caused by the increasing class size and the use of teaching lines on the budget for non-teaching jobs. Professor Klots called the AAUP "the watchdog of standards" for the teaching profession.

First Year As Chairman

Dr. Cavallaro, who is completing his first year as chairman of the BHE, will come up for reelection at a regular meeting of the BHE next month. He was elected to the chairmanship of the board by an 11-9 vote over Charles H. Tuttle last May. The vote was later made unanimous.

Under his administration, the Special Committee of the BHE on the Feinberg Law Section 903 and Related Matters was formed. One of the Committee's functions is to investigate subversive activities in the municipal colleges.

Draws Severe Criticism

Mr. Cavallaro has drawn severe criticism for his statement that "the McCarthy, Velde, and Jenner Congressional committees have done a good job." He has also been criticized for failure to release minutes of the BHE meeting in which Prof. Nat Holman was directed to "resign or be fired."

Sigma Alpha Quiz To Be Held Today

The semi-annual student-faculty quiz will be held today at 12:30 in 126 Main.

This semester Mr. Irving Brannan (Speech) will be the moderator.

The faculty will be represented by Prof. J. Bailey Harvey (Speech) and Prof. Henry Magid (Philosophy). Mr. Joe Taffet (Economics), the "permanent" member of the panel, will also be present.

Matching wits with their instructors will be Stan Belsky '54, president of the Technology Inter-fraternity Inter-society Council, Mrs. Edith Lutzger '56 and representatives from Observation Post and The Campus.

Charter Day Program Next Thursday at 11; Large Turnout Expected at Saturday Ball

All Classes At 10:30; Talk by Hulan Jack To Be Featured

The 107th Charter Day Exercises, commemorating the signing of the College's charter, will be held next Thursday in the Great Hall at 11. Classes will be called at 10:30 for the event.

The program will include addresses by Mr. Jacob Holman, president of the class of '04, and Manhattan Borough President Dan E. Jack. Pres. Buell Gallagher will preside over the exercises.

Academic Procession

The ceremonies will begin at 10:45 with an academic procession of members of the faculty. It will be followed by an invocation by Rabbi Arthur J. Zuckerman.

Manny Halper, Student Council president, will present the Student Council Awards. Edward Murrow is to receive the second annual Human Relations Award. However, he will not be able to attend to accept it. In the election, 820 students voted for Mr. Murrow to receive the award. Last year's prize, the first awarded, went to Ralph Bunche, who was also unable to be present.

Award to Buckvar

The Felix S. Cohen Memorial Award is to be presented to Prof. Buckvar (Government). However, he is not expected to attend, due to illness.

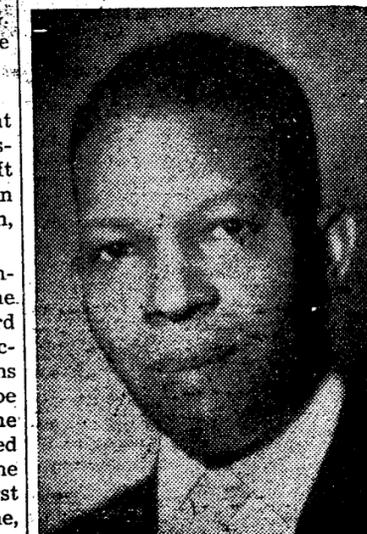

The day session Athletic Association Awards will be presented to Stuart Greenberg '54, presi-

dent of the Association, and the evening session awards will be presented by Irving Ratner '57, president of the Student Athletic Association, Evening Division.

Honor Class of '04

At each Charter Day exercise, the Fiftieth Anniversary Class is honored. "About fifty members of the class of 1904 are expected to attend this year's ceremonies," said Prof. Arthur Mallon (Education), Chief Marshal of the College.

The overture to "The Merry

Mr. Hulan E. Jack

"Wives of Windsor" will be presented by the College's orchestra, under the direction of Prof. Fritz Jahoda (Music), and the audience will join the orchestra in a rendition of "Lavender."

The exercises will close with a benediction by Rabbi Zuckerman.

Tickets Selling Rapidly; Dance May Become An Annual Affair

Tickets for the Charter Day Ball are selling so well that it is expected to become an annual affair, according to Philip Stutzel '56, chairman of Student Council Social Functions Agency.

Two hundred tickets have already been sold for the dance, which will be held Saturday from 8 to 12 in the Great Hall. They cost three dollars per couple and may be obtained in 20 and 120 Main.

Profit Expected

The total cost of the Ball is 833 dollars, of which 500 dollars is for renting the Great Hall. "If the tickets keep moving as quickly as they have been doing, we should show a small profit," Stutzel said.

Ray Bloch's Orchestra

The dance will feature Ray Bloch's orchestra led by Ray Carter. Jim Moran of television fame will be Grand Marshal of the Ball and will receive a "Personality of the Year" award. Pres. Buell Gallagher is to be guest of honor, and several faculty members have indicated that they will attend.

The Charter Day Ball is being held to commemorate the 107th anniversary of the signing of the charter enabling the Board of Education to establish a Free Academy in the City. In 1866 this institution became known as the College of the City of New York.

LETTERS

To the Editor:

A few weeks ago, I listened at a meeting held by the Rev. A. Taft Young (Republicans) Most of the meeting was devoted to an informal question and answer period, during which Sokolsky answered all types of questions. One student repeated a question, the exact wording of which, at this late date, not known to me. However, I was concerned with Mr. Sokolsky's opinion of Senator McCarthy's actions in his current dealings with the army. The speaker wanted a point blank "yes" or "no" answer to his question. Sokolsky refused to give a type of answer, stating that fools answer a question with simple "yes" or "no." The student asked his question over and over again, becoming quite rude in attitude.

One of the great things which the Board of Higher Education has recently done was the naming of Dr. Buell Gallagher as president of this institution. Since taking office, Dr. Gallagher has embarked on the great task of gaining our former public recognition. From all sources, it is evident that he is doing a very good job. However, this progress suffers a major setback when rudeness is shown to a guest speaker at the College. I feel there should be a revision of manners here at the College. I believe that when you ask a question you should accept that answer which the speaker gives and force him to say something pleasing to the questioner's ears.

Paul L. Ellis

Last Senior Dance Slated for June 13

The Farewell Ball of the Class of 1954 will be held on the Astor Roof on June 13, announced Sam Dworkin, Senior Class treasurer.

The Ball, a semi-formal affair, is one of the events included in the Commencement Package, which also includes the Numerical Lights Dance, Class Night and cap and gown rentals for Commencement. The total cost is five and one-half dollars.

"This is quite reasonable when compared with last year's package, which was seven dollars, and the Farewell Ball was held in Drill Hall last year," Dworkin said.

The Class Council has asked all persons wishing to participate in the Class Night Show to appear at the Senior Office on Friday afternoon.

78% of College's Applicants Accepted by Med Schools

By Sheldon Scherr

Seventy-eight percent of those students at the College who were recommended for admission to medical school last year were accepted, according to figures released by the Board of Higher Education.

Professional guidance of pre-medical students, established ten years ago in the municipal colleges, is believed to have contributed greatly to the high record of acceptance. The rate of admission was higher than that of applicants throughout the entire country.

Cooperation Cited

This record has its base in several factors, according to pre-medical advisers. First of these is the cooperation given by medical schools to the municipal colleges, which make efforts to send them properly prepared young men and women and appraise honestly their personal qualifications for the medical profession.

Improved Services

One of the most valuable outgrowths of the pre-medical counselling system, attest the advisers, is the greatly improved service being given to those students whose motivation or scholastic record does not seem to warrant the recommendation by the advisers, or who fail to be placed in the profession. Many such students have been placed successfully in related fields, such as public health, bio-chemical research and pharmaceutical research.

Meet to Consider Soviet Tour Plans

A meeting will be held today at 12:30 in 17 Main to make plans for conducting the tour to the Soviet Union this summer. All students who have filed petitions to go on the tour, as well as all others interested are invited.

Various means of raising the money necessary for guaranteeing the trip will be discussed. Some possibilities already suggested are: the distribution of collection cans, asking the faculty for money, and appealing to labor unions to subsidize the trip.

Tickets Now on Sale For Dramsoc Comedy

Tickets are now on sale for Dramsoc's production of "The Love of Four Colonels," by Peter Ustinov, which will be presented May 14 and 15 at the Pauline Edwards Theater.

The English comedy which starred Rex Harrison and Lilli Palmer on Broadway will be presented for the first time in the United States since it left Broadway in 1953.

Dramsoc, following through on the tax reduction, has reduced admission to eighty-five cents for balcony and one dollar for orchestra seats. Tickets may be purchased in 120 Main.

When You Join The "Men Who Measure" . . .

When you leave school as an engineer and join the ranks of the "men who measure," you'll want the most accurate and durable measuring tapes. Lufkin Chrome Clad Tapes ARE the most accurate and durable because their markings are bonded to the line and protected by multiple platings of metal that also protect the fine steel in the line. This all-metal line is longest wearing — it won't crack, chip, peel — is easiest to keep clean — is most rust and corrosion resistant. Chrome Clad Tapes are the choice of engineers the world over.

Whether you're running a survey, building a bridge or a building, railroading, road building, mining or drilling — there's a Lufkin measuring tape exactly right for the job.

Specify Lufkin when you get out on the job — send today for our free catalog.

Students to Board Steamboat For Annual Bear Mt. Trip

Sunday, May 16 is the day for the annual College boatripe. The Hudson River Day Line has set aside the S. S. Robert Fulton to transport the throngs of uptown students to Bear Mountain.

The outing will begin at 9:30 at the West 42nd Street pier. Aboard ship, the refreshment counter will be open to serve snacks. On the return trip moonlight dancing is on the agenda with a band providing the background.

Recreation and Relaxation

At Bear Mountain, ball fields, hiking trails, and boating facilities are provided for the energetic, while acres of grass and forests are available for the relaxation of those less athletically

inclined. For mealtime, picnic areas and a cafeteria are open to students.

Tickets On Sale

Make your own "proving ground" test

The new 1954 Chevrolet Bel Air 4-door sedan. With 3 great series, Chevrolet offers the most beautiful choice of models in its field.

...and we know this is what you'll find

Chevrolet is out ahead in powerful performance

You can easily tell the difference between engines when you drive—and the difference is all in Chevrolet's favor! That's because Chevrolet's great engines deliver full horsepower where it counts—on the road. What Chevrolet promises, Chevrolet delivers!

Chevrolet is out ahead in economy

There's new power, new performance and new economy in both 1954 Chevrolet engines—the "Blue-Flame 125" in Powerglide models and the "Blue-Flame 115" in gearshift models. And they bring you the highest compression ratio of any leading low-priced car. That's why they can deliver a big gain in power, acceleration and all-around performance, along with important gasoline savings!

Year after year more people buy Chevrolets than any other car!

Your test car's ready now... We'll be glad to have you compare the smooth, quiet performance of this new Chevrolet with any other car in its field. Come in and put it through any kind of "proving ground" test you care to, and judge its performance for yourself. Your test car's ready now and we hope you are, too.

SEE YOUR CHEVROLET DEALER FOR ALL YOUR AUTOMOTIVE NEEDS!

European Summer Trips

Students can travel to Europe this summer and can receive credit for it. Business Administration 235, Marketing of Goods and Apparel, and Business Administration 235, Retail Merchandising Analysis, will feature eight-week tour of key European industrial centers. A final report will be given aboard ship on the trip home.

Other study-tour of Europe is being planned by Prof. Daniel (Government). The tour will include a six-credit course on the fundamentals of the European governments visited and interviews with European political and labor leaders. The cost of the tour and course will be approximately 800 dollars.

Lavender Faces Manhattan At Van Cortlandt Diamond

By Marty Ryza

Another day, another postponement. For the third time this season the College's baseball team had a scheduled game called off by bad weather. This time it was Tuesday's Met Conference affair with Manhattan. It has been rescheduled for tomorrow at 3 PM at Van Cortlandt Park.

Joe Galletta will pitch for the Beavers as originally scheduled. The hurling assignment for Manhattan is uncertain. Mike Joyce was slated to go on Tuesday before the rains came and may still get the nod from Jasper Coach Dave Curran.

The Beavers have a non-league contest set for Saturday against Queens, and a league fray on Monday against Hofstra, a team that edged them out, 2-1, last Saturday. Both games are at home, which means Babe Ruth Memorial Field, across the street from Yankee Stadium.

Three games in the span of four days have placed an added strain on the Lavender moundsmen Bill Konig and Joe Galletta. Except for two short relief stints by Bernie Spiro, Konig and Galletta have handled all the mound chores between them.

The contest with Hofstra is really crucial. The Dutchmen are in third place and the Beavers are right behind them. However, all depends on what Hofstra does against Wagner and St. John's this week, while the Lavender nine can help its cause greatly by a victory over the Dutchmen.

The Beavers may get a look at the right-handed slants of Bill Sanford, who beat them last year in the second half of a double-header. If Sanford doesn't pitch he'll move to the outfield and the mound assignment will go to Bob Vogel who outpitched Konig in last Saturday's squeaker. Biggest threat at the plate for the

Larry Cutler

Long Islander's is second sacker Joe Scarantino. He demonstrated this by driving in both his team's runs against the Mishkinmen.

Current batting statistics league only) point up the Lavender's need for more consistent hitting power. Though three men are in the .300 circle, the other starters are slumping along in the low .200 and .100 brackets. Second baseman Larry Cutler heads the hitters with six safeties in eighteen trips to the plate for a .333 average. Catcher Jim Cohen and centerfielder Nat Baretz are both batting .308 with 4 for 13.

Tennis Squad To Face NYU

The College's Tennis team, which has been constantly improving since its initial 9-0 loss to Hofstra, will try to make it two straight Saturday afternoon when it takes on N.Y.U. at the Manhattanville courts.

After a devastating season opener, the netmen bowed to a tough Manhattan team 6-3. They then dropped a 5-4 squeaker to Queens.

The Beaver posted their first victory on Tuesday, when they romped over a weak Hunter team 8-1. Captain Cliff Huffman along with Mel Drimmer, Allen Jong and Warren Burd looked very impressive while outclassing their Hunter opponents in straight sets. Coach Harry Karlin is expected to rely heavily upon these boys in the N.Y.U. match, together with Walt Thomas, Larry Ginsberg and Harvey Rothstein.

Lacrosse Men to Meet Manhasset Club Saturday

Having fashioned a 2-2 record by the mid-way of the season, the College's lacrosse team will attempt to break above the .500 mark when it meets the Manhasset Lacrosse Club in Long Island Saturday afternoon.

Manhasset, a group composed of ex-college players, including some former all-Americans, last faced the Beavers in 1951, at which time the College took the

better ball than the scores indicate," the Coach commented. "We don't get too much practice—because of school and the like—but consider the time we do have, we've done pretty well. I'm sure we'll have a good showing this Saturday."

The extent of Coach Miller's optimism depends largely on the number of practice sessions we can get in before gametime. The more practice we get," he stated, "the greater are the chances of coming out victorious against Manhasset."

Beavers In Shape

The Beavers are in good shape and only attackman John Piro who was injured in the last game, will probably miss Saturday's contest. Piro is receiving heat and whirlpool treatment for his leg in hopes of getting back in the game.

The lineup for the rest of the season is unchanged. Arnie Piro and Ralph Kelly will continue to handle the field posts while Fred Hanaham, Al Spitaleri, Tom Frederico, while deferring assignments will be taken over by Bill Epstein, Mel Schnoor, John McMahon. Rennie Piro, as usual, will tend the goal.

Coach Leon Miller

decision by a 13-7 count.

Chances Are Slim

Judging by the results of the Lavender's last two outings, the chances of trimming the Islanders looks anything but hopeful. The stickmen lost to Stevens Tech, 11-3, and to Hofstra, 17-2 in those efforts. Despite these poor showings of late, Coach Leon "Chief" Miller has expressed optimism concerning the upcoming contest.

"The boys have been playing

Track Captain Hopes For Unbeaten Season

A great career of track running may reach its peak this Saturday as Paul Pavlides, Captain of the Bruccemen will seek to lead the squad to its first unbeaten season in many years, by defeating Hofstra.

"Beating Hofstra would be the greatest thrill of my life. Up to now the winning of my first medal in the 1952 Met-Inter-Collegiate Meet was the biggest. But finishing a season undefeated would be great." Said the senior trackman.

A Pre-Law Major, Paul plans to interrupt his career education with a year stay in the Marine Corps. He has applied for a commission upon graduation this June and is awaiting word. Upon his release, he plans to enter law school.

A graduate of Jamaica High

School, Paul ran for the track team there three years. However, he feels that there is no comparison between his high school track coach and the College's track mentor Harold Anson Bruce, whom he considers "one of the country's topmost authorities on track conditioning."

Saturday's contest against Hofstra takes place in Lewisohn Stadium, and will be witnessed by many alumni who will have attended the Alumni Association's meeting that day. Admission is free.
