Invited Guests to Talk on Academic Freedom

With only two weeks till Academic Freedom Week, students are busily engaged in arranging for guest speakers recruiting College organizations to sponsor general discussions, debates, theatrical productions and dances relating to academic freedom.

Among the well-known personalities scheduled to make appearances during the week are George S. Counts, Professor of Education at Columbia University and Liberal Party candidate in the last senatorial election, and Arthur Lilyveld.

Many students are afraid to speak freely on controversial topics for fear of political organizations or the possibility of a future threat to their security," said Annette Fishbein. Consequently she predicted that the central theme of the week would be "to determine what academic freedom means to us as students."

Invited speakers are expected to inaugurate the program in the Great Hall on Thursday afternoon. A dance, movie and selections from three plays will be offered over the weekend. Beginning the following Monday, general discussions and debates will take place on such topics as the Rosenberg Law, congressional investigations, conformity, McCarthyism and the challenge to academic freedom.

Hillel and House Plan will open their doors to all students some during the week. On the last day of the week will feature three contests — a carrying contest, an essay contest, and a poster contest. Two dance troupes will perform, and the Music Department will sponsor a community sing.

Council Votes To Suspend Biased Clubs

By Ed Trautman

In a move designed to eliminate from the College organizations which practice discrimination, Student Council last night voted unanimously to withdraw recognition from all groups whose chapter charters are not on file with the Department of Student Life.

These groups must apply for new charters within one week after announcement of their deficiency has been made public. Should they fail to do so, they will be suspended immediately.

Must File Charters

A second resolution calling for the suspension of all groups at the end of the week.

College Committee Seeking Land for Country Campsite

If student interest and a suitable campsite reveal themselves, Camp Marion, a country haven for the College, will become a reality.

USSR Tour Meeting

Candidates for the proposed tour of the Soviet Union are urged to attend a meeting of the Student Council Tour Committee today at 1 in 20 Main.

Committee members will meet at noon today in 20 Main to discuss tour plans. The deadline for filing of petitions is March 29.

Dr. Gallagher to Appear In Great Hall at 12:30

Pres. Buell G. Gallagher speaking in the Great Hall at the last question and answer session held October, 1953.

Students, Faculty To Question President

Pres. Buell G. Gallagher will answer questions presented by students and faculty members when he appears in the Great Hall this afternoon at 12:30.

Prior to the question-and-answer period, Dr. Gallagher will deliver a brief address. According to reliable sources, he will take this opportunity to offer a solution to the controversy between the faculty and the student body dealing with control of student activities.

It is believed that the president's recommendation will be a synthesis of the Presidential Report, which recommended that the Student-Faculty Committee on Student Affairs be limited to an appeals body, and of the report of the General Faculty Committee on Student Affairs, which rejected this proposal. Before such a solution could go into effect, it would have to be submitted to the General Faculty for approval.

At his press conference on Tuesday President Gallagher refused either to confirm or deny reports that he would present his solution today.

After the speech, the president will answer any questions related to affairs at the College presented to him from the floor of the Great Hall. Floor microphones will be installed to enable questioners to make themselves heard. Any member of the College community may question Dr. Gallagher.

The forum is being sponsored jointly by The Campus, Observation Post, and Student Council. This will be the second such forum in which President Gallagher has participated. The first was held in October, 1953.

Famous Folksinger To Appear at Hillel

Martha Schlamme, international folksinger, will be featured in the Hillel program at 12:30 today.

Miss Schlamme, who began her singing career in Vienna, was forced to leave because of the impending Nazi regime and took asylum in London. There she soon established herself as one of the outstanding exponents of folksongs of the time. She is well-known for her ability to sing in many foreign languages such as French, German, Hebrew, Yiddish, Spanish, Polish, Russian and English.

Chem Laboratory Explosion Inflicts Burns on Professor

An explosion in a chemistry laboratory Tuesday night inflicted second-degree burns on Prof. Joseph Goldberg (Chemistry).

Mr. Simon Liebgold (Secretary, Chemistry) reports that Professor Goldberg was working on a research project when the accident occurred. The explosion was of an undetermined nature, but it is believed the professor was working with an oil bath at that time. Nurses at Knickerbocker Hospital, where Professor Goldberg was taken immediately after the explosion, report his condition as fair. Only his face, hands and arms were burned; his eyes were unharmed.

It is expected that the forty-four-year-old professor will remain in the hospital for a week, and will be able to return to the College shortly after that time. Mr. Liebgold announced that colleagues of the injured profes-

sor will teach his classes until he is able to return.

Professor Goldberg, an alumnus of the College's class of '30, is a specialist in organic chemistry. He has been teaching at the College for thirteen years.

History Society Accepts Eleven for Membership

The College chapter of Phi Alpha Theta, national honorary history society, has accepted eight upper seniors and three instructors into membership.

Accepted were Arnold Faden, David Fuchs, Manny Halper, Lawrence Levine, Maurice Passy, Joseph Perez, Erwin Rosenfeld, and Helene Zwerdling. Faculty members named to the society include Dr. J. Adelson (History), Dr. Samuel Ehrenpreis (History) and Dr. Herbert Strauss (History).

'Performance Budget' System Favored for College by Pres.

Complete plans have been drawn up for a "performance budget" for the College, Pres. Buell Gallagher announced this week.

Differing radically from the present plan for monetary allotments, the performance budget would enable the New York City Board of Estimate to put lump sums at the College's disposal, to be distributed according to the changing requirements in different departments.

Nineteenth-Century Theory

All the municipal colleges are operating currently under the "line budget," which President Gallagher termed "a nineteenth-century theory." The Board of Estimate designates every expenditure, item by item, that the colleges may make.

No allowances are made in the budget for non-instructional

salaries, so members of the Department of Student Life must be listed as instructors. Dr. Gallagher is listed as "President and Professor of Education," and has tenure only in the latter capacity.

College's Expenses Higher

The line budget has kept the College's expenses higher than they should be, in some cases. President Gallagher cited an example of several years ago, when it was discovered that two clerks and two machines could do the work then being done by eight clerical workers. No change could be made, however, because of the fixed expenditures designated by the line budget.

It is expected that there will be some difficulty in getting the city to adopt the performance budget system. "We can only hope it will be approved," the president said.

A student-faculty screening committee appointed by Pres. Buell Gallagher is now investigating three campsite possibilities, according to Dr. Charles Roth (Testing and Guidance), committee chairman.

Winter, Summer Facilities

Among the many qualifications required of this single piece of real estate are that it be within sixty miles of Columbus Circle, have winter and summer facilities and contain swimming and hiking opportunities.

Club weekends during which College organizations might combine program evaluation with sports and socials in a country atmosphere are proposed by Bob Silber '54, member of the committee. This idea was endorsed by such groups as the Newman Club, Education Society, Sigma Alpha, Club Ibero-Americano and the Hiking Club.

Grant Held by BHE

The financial source for Camp Marion, according to Dean James Peace (Student Life), is primarily a Schiff Foundation grant of 250,000 dollars. President Emeritus Harry Wright, who was a trustee of that foundation, obtained the grant in order to institute a camping program at the College. The money is now being held by the Board of Higher Education until a campsite and campus desire for one become apparent.

An additional fund of 2,000 dollars was collected through the efforts of the former Camp Marion Committee of House Plan which greatly furthered the camp cause.

Questions and Answers

Students and faculty members should be pretty inquisitive these days as the College scene percolates with problems. The Communist investigations, the Holman decision, the athletic equipment probe and the pending Presidential Report have raised many questions—questions which need answers.

We have had indications that the President is ready to answer many of these questions today at 12:30. Students and faculty have a stake in these answers. We urge them all to attend.

Good Luck, Jerry

This Saturday night when the finest basketball seniors in the land take part in the annual East-West game at the Garden, the College's Jerry Domershick will quite naturally be among them.

In three superlative seasons of varsity competition, Jerry led the Lavender through the difficult days which marked the end of one era, and the beginning of another.

Because of his inspirational play and determined leadership, the curly-headed accounting major was accorded the singular honor of being chosen to captain the Beavers for three straight years. In that time he broke virtually every individual College mark.

It will be some time before we forget one of Allagaroo's finest—Jerry Domershick.

AIEE and IRE

AIEE and IRE invite all EE students to hear Mr. S. P. D'Amico of the Ford Instrument Co. speak today on "Servomechanisms."

Baskerville Chemical Society
Baskerville Chemical Society urges all members to come to its business meeting today at 12:30 in 204 Main.

Biology Society
There will be no meeting today to enable all members to attend President Gallagher's question and answer session. Dues and dinner payments will be accepted in 319 Main until 12:15.

Carroll Brown Hellenic Society
"KBS" urges all students of Greek descent to attend its organizational meeting today at 1:15 in 212 Main.

Class of '55
Class of '55 Council will meet today at 12:15 in 11 Main. Representatives from jewelry companies will be interviewed to choose senior jewelry.

Compton '56
Compton '56 is selling homemade soap to aid the "Heart Fund" today in Lincoln Corridor and House Plan from 10-4.

Cricket Club
The Cricket Club will meet tomorrow after the Friday-Nite Dance. Pres. Hayes will report on progress made toward achieving a charter for the club.

Education Society
Dean Harold Abelson (Education) speaks to the Education Society and CCUN at 12:30 today

in 222 Main on "An Evaluation of the City College Teacher Education program." A student panel, "A Critique of Teacher Education at the College" will follow.

Freshman Elections
There will be a meeting of all candidates for the freshman elections tomorrow at 3 in 20 Main.

Geological Society
The Geological Society will show a film entitled "Copper" at 12:30 in 318 Main today.

Gilbert and Sullivan Society
Rehearsals for "Trial by Jury" are being held in 310 Harris today at 12:15-2 and Tuesday, March 30, 7-9 P.M.

Hillel
Hillel will hold its annual Purim Carnival Saturday evening at 8 in Drill Hall. This affair is co-sponsored by the Israeli Students League and the New York Regional IZFA. Tickets will be sold at Hillel at eighty-five cents, checking included.

IFC
IFC meets at 12:30 today in 206 Main.

Industrial Arts Club
The Industrial Arts Club will present a demonstration on "Throwing" by Jack D. Wolfe, a professional potter, today at 12:45 in the Comprehensive Shop, 308 South Hall. All members and non-members are cordially invited.

Kappa Delta Pi
Kappa Delta Pi and the Education Society present a French feature film, "Passion for Life" at 12:30 today

this evening at 7:30 in 306 Main. Refreshments will be served. **The Philosophy, Economics, History Societies**

The Philosophy, Economics and History Societies will present Professor Irani, formerly of Philosophy Department, who speak on "Social Change" today at 12:30 in 315 Main.

Physical Education Society
Physical Education Society meets today at 12:30 in 150 Stadium Building.

Pick and Shovel
Applications are available for upper classmen. Inquire in 300 Main.

The Psychology Society
The Psychology Society presents Prof. Peatman, Barnhartley, Klineberg and Wood speaking on Graduate School today at 12:30 in 305 Harris.

Russo-American Cultural and Social Society
All members must attend important meeting today at 12:30 in 300 Main.

The Scientific Phenomena Society
The Scientific Phenomena Society will present the first series of lectures and discussion on "Flying Saucers" at 12:30 today in 211 Main.

Student-Faculty Tea
David Fuchs '55, President of the History Society, and Reginald Rabb (History) announce a Student-Faculty Tea in Knittle Lounge tomorrow 2:30-5.

When you know your beer

...IT'S BOUND TO BE BUD

Ever notice how so many people call for Budweiser? Its matchless flavor makes good food and good fellowship more enjoyable. Produced by the costliest brewing process known, the distinctive taste of Budweiser has pleased more people by far, than any other beer in history.

TECH TOPICS

By Maurice Pollock

The Slide-Rule Basketball League, sponsored by the Tech Inter-University Intersociety Council, will enter its second round this evening when ASME takes on AIEE in the Main Gym at 7:30. The game, scheduled to commence at 8:30, will find ASCE playing against AICChE. Collegiate basketball rules will prevail and each will be forty minutes long (running time). The championship will be decided on the basis of the won-lost record of each team.

The two games that were played last Thursday evening ASME AICChE in overtime and AIEE was beaten by ASCE. AIEE, largest Tech Society had but four men down to play in its game.

The lack of active participation and the general feeling of "let her fellow do it" is only too omnipresent in all of the Tech societies, and it is especially apparent at the TIIC meetings where an effort to organize a committee can be as difficult as pulling a

TIIC, whose function it is to coordinate the activities of all the societies, can only operate effectively and efficiently when member organizations are present at all meetings. TIIC meets at 5 in '16 Main. How many of the twenty eight members decide to show up this week? Why not come down and see—guess is as good as ours.

The American Institute of Chemical Engineers has invited Mr. L. McFadden of the Gow-Mac Instrument Company to speak on the topic of "Gas Analysis by Thermal Conductivity" at 103 Harris.

Student Leadership Program Planned

Martin Gruberg '56, chairman of the Student Government Leadership Training Division, has announced that Student Council has adopted a training program to prepare students for leadership roles in the College community.

The program will include seminars in group dynamics, parliamentary procedure and financial affairs. Interested students can apply in 20 Main.

Books on Buddhist Art Donated to Department

By Ronald Glassman

The Art Department received an invaluable set of books dealing with Buddhist Cave Temple sculpture as a gift from Mrs. Eleanor Roosevelt earlier this month.

Prof. Albert P. D'Andrea (Chairman Art) termed the gift "a set of books in which the fullest amount of information on Buddhist sculpture is available that I know of. I hesitate even to guess at their value." They will be used as a supplement to a course in oriental art.

Found In Caves

The collection of twenty volumes consists of prints of sculptures found in several caves in northern China with accompanying texts written in Chinese and Japanese. The limited edition is the by-product of two professors' archeological expedition sponsored by the Kyoko University of Japan.

Last year the College acquired a set of prints in full color collected by the Japanese ministry

of Education from over two hundred Japanese Colleges and Universities and many private grants. These plates of the Horyuji Monastery paintings have grown in worth since the recent destruction of the building.

Books Available to Students

The only gift comparable to these recent acquisitions is a set of prints representing the works of the "masters" which was given to the College fifteen years ago by the Carnegie Foundation. This is valued at 6,000 dollars.

Professor D'Andrea said that the collection is available "not only to the members of the staff but also to those of the student body who are genuinely interested in the subject." The books and prints are located in 416 A Main.

Jerry Domershick Leaves Unparalleled Record Behind

By A. S. Podolsky

When Jerry Domershick takes to the Madison Square Garden basketball court in the annual East-West game Saturday night, he will leave behind him a record unparalleled in the College's history.

Floor leader, playmaker and shooter supreme, the 21-year-old Thomas Jefferson graduate has broken almost every conceivable record during his three year varsity stay. It was only a fitting conclusion to a great career that he be selected for the Eastern squad, the cream of the Atlantic seaboard.

The only ballplayer in the Lavender's long and illustrious court history to captain the varsity three years in succession, Domershick was the mainstay and high scorer of the squad since coming up to the varsity as a sophomore. During that interim he broke the all-time scoring record for a three year man and set a new points per game mark for a single season. In doing so he scored the greatest number of field goals and fouls for three years of service and set single season and three year percentage marks for accuracy from the field and foul line.

In fact the only important records he doesn't hold are the field goals, fouls and point total for one season and the scoring record for a single game.

Totals 860 Points

Coming up for air? Jerry's total of 860 points for a varsity career is eclipsed only by Irwin Dambrot's 977, but Irwin did it in four years. Discounting Dambrot's last season, when he scored 295 points, his three year effort comes to 682, way below Domershick's mark.

Domershick's 17.7 points per game average during the 1952-53 season broke Eddie Roman's mark of 16.4 set during the 1949-50 "Grand Slam." He earned both his best field goal and foul percentage this season. Jerry hit on .483 percent of his shots and .791 percent of his fouls.

His best season for field goals, however, came in 1951-52, his sophomore year, when he registered 115 baskets and tallied his top mark of 285 points. The following year he deposited 77 fouls, his best foul shooting effort.

Shoots 40%

Domershick has dropped under double figures only eight times in his career and he owns a phenomenal shooting average of 40 percent. He earned it with a quick outside two-handed set shot, jump shots from the circle and one handers from the corner. If the defense played tight, he scored on driving layups.

Aside from being chosen for the East Squad, Domershick was named to the first team All-Metropolitan congregation. In his previous two years, he received honorable mention from the Met writers. The Dell 1954 basketball magazine named Jerry as one of the top ten players in the east, making his selection to the team all the more easy.

All-Star Array

In the East-West game Jerry will combine with such all-star performers as Cliff Hagan, Frank Ramsey and Lou Tsiorapoulos of Kentucky, Frank Selvy, Furman; Bob Pettit, Louisiana State University; Togo Palazzi, Holy Cross; Allan Larkin, Fordham; Bill Hanmon, Army; Richard Guerin, Iona; John Clune, Navy; and Larry Costello, Niagara. Howard Cann of New York University will do the coaching.

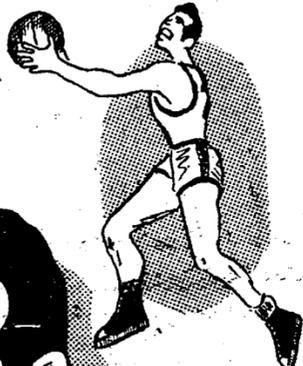

Previous East choices from the College were Irwin Dambrot and Lionel Malamed. Malamed was voted the game's most valuable player in 1948.

A.A. Head Unscrews Warner's Nameplate

Stuart Greenberg, president of the Athletic Association, is a student who speaks softly but carries a big screw driver. That's why the College is rid of another glaring vestige of the basketball scandal.

It all started a week ago. A few students, upon entering the Hygiene Building, noticed the name of Ed Warner imprinted on the Ben Wallack Memorial Plaque adorning the main entrance wall.

The plaque read, "The Ben Wallack Memorial Prize of the class of 1913 awarded annually to the student who reflects the most credit upon the College by his athletic achievement during the year."

Ed Warner received the prize following the 1949-50 "Grand Slam" season and his name was imprinted, along with the previous award winners, on the plaque. These students, however, questioned the credit Warner reflected upon the school since he was accepting bribes the same season he helped win the "Grand Slam."

They approached Greenberg and asked if he knew of the "travesty." Greenberg, along with the majority of the school, was ignorant of the fact, but he promised to do something about it. He kept his promise.

After a conference with Dr. Arthur H. Desgrey, faculty manager of athletics, both agreed that Warner's name should be removed for the best interests of the school. Without the fanfare usually accompanying such an act, Greenberg, armed with his trusty screw driver, removed the

steel slug bearing the name of Warner.

It's hard to tell, but maybe such former award winners as Pincus Sober '26, Julius Raskin '27, George Bullwinkle '31, Moe Spahn '34, Sam Winograd '35, Bernie Fliegel '38, Henry Wittenberg '40, Dave Polansky '42, Red Holzman '44, Sid Trubowitz '45, Paul Schmones '48, Hilty Schapiro '49 and Albert Axelrod '48 heaved a sigh of relief when Stuey wielded his trusty screw driver.

Alumni Meets Varsity In Lacrosse Open

By Bob Baden

Saturday will mark the unofficial opening of the lacrosse campaign when the varsity takes on a rugged alumni squad at Lewisohn Stadium.

The alumni will be coached by ex-All-America George Baron '47, who put in a stint as frosh coach a back. Along with Baron, the old grads will field a studded with form Lavender stars, including Seneca Erman '49, an outstanding all-around athlete at the College and still the highest lacrosse scorer in Beaver history; Al Chasen '51 and Don Wasserman '51, both of whom received honorable mentions on the All-America squad during their senior years. Chasen will handle the goal-tending duties for the Old Beavers, while Wasserman, high-scorer in '51, will play on attack.

Alumni Midfielders

In addition, the alumni team will include Mel Weinberger '50, an all-North selection in his final term, who along with Bob Rattner '50 and Ed Sternman '50, co-captains of the football squad in their senior years, will play at the midfield posts.

The defensive assignments for the old grads will be undertaken by Ted Schnall '50, Herb Holmstrom '54, Shimmy Kalman '51, and Monroe Morris '51. Holmstrom, who played three years of varsity lacrosse, is better known for his three seasons of varsity basketball play, which were interrupted by two years in the armed forces. Kalman and Morris were two of the outstanding performers on the College's last grid team in 1951.

To round out the squad, the alumni have a quartet of stickmen from last year's team: John Mahon, Les Gottlieb, Mike Yessis, and Bob Greenberger. Gottlieb and Yessis lead the '53 Beavers in scoring.

The varsity will be handicapped by the loss of midfielder Milt Perlow, who was sidelined with a leg injury sustained during a practice session this week. Otherwise the varsity is in top-notch condition, and figure to field a team composed of Ronny Rifler at goal; co-captain John McMahon, Mel Schnoll, and Willie Epstein on defense; Charlie Rowe, Stu Greenberg and Al Spitaler at midfield; Ralph Kelly, Stu Namm, and co-captain Arnie Levinson on attack will round out the starting team.
