Festival Club Wins Approval Of Constitution

Student Government's Executive Council approved Friday the constitution of the "CCNY Vienna Youth Festival Club."

According to the Club's constitution its purpose is to publicize and encourage, through speakers, films and discussion, participation in the Vienna World Youth Festival. The festival will be held this summer.

According to Peter Steinberg '61, co-founder of the organization, persons who have attended past festivals will be invited to speak at the College.

"Many of us feel there are misconceptions held about the Festival and we'd like to let the students at the College know just what will go on at it," he said.

Pres Buell G. Gallagher said yesterday he has sent a letter to Uptown and Downtown Student Governments expressing his views on the Youth Festival. The letter is a copy of one he wrote a month ago in response to a request from **The Campus**.

"The responsible student and youth groups in Austria refuse to support it, and instead call on all other youth to boycott the Festival. Should we let them down and attempt to discredit our own national leadership in the student world?" the President stated.

The constitution of the new group still must obtain final approval from the Student Faculty Committee on Student Activities. It will be considered by the SFCSA at its next meeting in three weeks. The club plans to cease functioning at the end of this semester.

Kennan to Lecture Today On US-Russian Relations

The Hon. George F. Kennan, former United States Ambassador to the Soviet Union, will lecture on "The Initial Encounter of the Soviet Union and the West, 1917-1924" today at 5 in the Finley Center Aronow Auditorium.

The last tickets for the three Wednesday afternoon lectures were distributed yesterday. However, Prof. Aaron Noland (History) expects that many tickets will not be used. Students arriving at the Aronow Auditorium without a ticket probably will be seated, he said.

If more students than the auditorium is capable of seating desire to hear Mr. Kennan speak, the lecture will be piped into 217 Finley.

Mr. Kennan, a Professor of History at the Institute for Advanced Study, is writing a three-volume history of Soviet-American relations from 1917 to 1920. The first volume was published in 1956 and received the Pulitzer Prize and the Bancroft Award.

According to Prof. Joseph Wisan (Chairman, History), Mr. Kennan was the leading member of

GEORGE KENNAN

the State Department Policy Planning Staff from 1947 to 1950, and formulated the United States foreign policy of containment of communism.

Professor Wisan said the History Department will attempt to engage a well-known person to speak at the College every year.

Library Vigilance Increased To Diminish Book Losses

Burns Guards have been stationed in the Cohen Library this term to guard against the loss of books and periodicals. More than thirteen thousand volumes have disappeared from the Library in the last twenty years.

Prof. Jerome K. Wilcox (Libra-

rian) said the action is "a protective measure."

When Library officials took inventory two years ago, more than thirteen thousand books were listed as "missing." The inventory was the first in twenty years.

Miss Yezchanik Iskenderian (Associate Librarian) said the number of missing books was not unusual. "This is very good compared to other colleges and universities," she said. "I think the students should be complimented on their respect for the Library."

Other staff members, however, did not share Miss Iskenderian's opinion that students here have "respect" for the Library.

Mr. David Peele said the number of missing periodicals last semester was five times that of previous terms. He attributed the increase to placement of the magazines in the reference room where they are more accessible to students. The Library currently subscribes to more than 1,174 periodicals.

Librarians in other departments also reported at the end of last term that a large number of books were missing from shelves accessible to students. Many of the missing copies were the only ones the Library had.

This term, however, Burns Guards will be on full-time duty in the circulation room to check books being removed from the Library. Students will be required to submit briefcases and packages for inspection.

Students who remove books or periodicals from the Library without permission will face disciplinary action by the Department of Student Life.

Roth Cites NY Law On Fee Regulations In Letter to Faculty

By Dolores Alexander

Letters citing the "illegality" of the General Faculty fee-lists ruling will be received today by GF members. The letters were sent out yesterday by Student Government President Renee Roth '59.

This is the first time since the ruling was passed in early January that student leaders have attempted to demonstrate that the regulation violates New York State law.

Miss Roth stated that the ruling is illegal because the GF, "by administrative action . . . prescribed discriminatory distribution of fees which can be collected only with student support, and therefore, must necessarily be disbursed only with student consent."

As a basis for the argument, Miss Roth cited the New York State Education Law which delineates the powers of the Board of Higher Education. Section 6202 empowers the BHE to require municipal college students to pay library, laboratory, locker and breakfast fees, and to meet the costs of books and consumable supplies.

Miss Roth declared that the Board has "no statutory authority to impose any other charge."

In an interview last night, Miss Ross declined to say whether Section 6202 will form the basis of any future litigation which might be undertaken by SG. But she said she did not think that court action would be necessary.

The contention of illegality was

RENEE ROTH

the last of four objections listed in the two-page mimeographed letter. The first three were:

- The ruling is "confusing" because it joins together two problems "which must be dealt with on different grounds."

- It is "improper" because it is a "violation of accepted practice."

- It is "unreasonable" because it is a "capricious ruling" which distinguishes between organizations chartered by the college which receive fee money, and chartered groups which cannot receive such aid.

The General Faculty Committee
(Continued on Page 2)

In Memoriam

Many years ago the loyal staff members of **The Campus** managed to round up a couple of dollars and had this glorious statue built to commemorate the founder of our semi-weekly publication. That man's name was Theobald Campus (shortened to **The Campus** by a flippant managing board).

Fifty-two years and some months later **The Campus** finds it still has openings for news, sports and feature writers. Business staff members, photographers and cartoonists also are needed. See our managing editor today in 338 Finley. He's a descendant of old The.

President's Statement

Following is the text of the letter sent by Student Government President Renee Roth to members of the General Faculty. To the Members of the General Faculty:

No less than other students, faculty members, and administrators, I weary of reading wordy resolutions. I also tire of writing them. But somewhere in this war of "whereases" and resolves, all concerned are entitled to a succinct and straight-forward statement of the student position regarding membership lists and the Student Activities Fee, and the action of the General Faculty of The City College relative to these questions.

Student Government, and the student body as expressed in past referendum, opposes membership lists for chartered college organizations because they may serve to inhibit freedom of association. We believe that college students are entitled to that freedom not less than other students but more, in the conviction that if freedom of thought does not thrive at the

college, it is in danger of restriction everywhere.

Beyond this, we oppose the General Faculty resolution on the grounds that:

1. It was improper, as a violation of accepted practice. The Student Activities Fee came into being only upon approval by the Student Council and the student body. It has been altered only in accordance with similar procedures. To change its character or purposes in disregard of student will is to break an agreement sanctioned by the fee's sponsors and supported by the fee's history.

2. It was confusing, as a joining-together of two problems — compulsory lists and student fees — which must be dealt with on different grounds, and can be answered only if they are separately considered.

3. It was unreasonable, as a capricious ruling distinguishing between permissible extra-curricular activities chartered by the college which are recipients of fee

Out of Order

Student Council spent two hours last week debating a motion on the World Youth Festival. Although the resolution was defeated, there are strong indications that the question will come up again, possibly this afternoon.

Amid all the talk on the Vienna Festival, pro and con, one vital point has been overlooked. To put it bluntly—the entire matter is none of Council's business.

Council is supposed to represent the student body in school affairs. For this reason, members are elected on the basis of their extra-curricular activities, and their views on College issues, such as membership lists. While campaigning they do not make known their political convictions or ideological beliefs. Therefore they cannot claim to represent the student body on non-scholastic or ideological controversies, such as the Youth Festival issue.

Furthermore, Council has five functions outlined in the SG constitution. Action with regard to the World Youth Festival does not lie in any of these categories.

By taking any official action on the Vienna Festival, Council would be grossly exceeding—both technically and morally—the authority vested in it by the student body.

The Wooden Curtain

Two weeks ago SG President Renee Roth asked permission to represent the student body at tomorrow's General Faculty meeting.

Last week the Student-Faculty Committee on Student Activities asked for an invitation, since it probably will have to implement the GF action on fees.

Today we add our voice to the call, and ask that the student press be admitted.

As long as the General Faculty meets in secret, and passes resolutions without offering explanations for them, its actions will be viewed suspiciously by the student body. Were the press to be admitted, and report on the reasons expressed in debate for and against the resolution, GF actions might become more meaningful. Given the reasoning behind such actions as the "fees-lists compromise," some students might support the GF position. At least there would be a basis for intelligent discussion.

When the General Faculty meets tomorrow a CAMPUS reporter will seek admittance. We hope that on Friday we will be able to publish a more complete account of the meeting than can be gathered from behind a closed door.

Petty Larceny

A member of the College's library staff revealed last week that thirteen thousand volumes have been stolen here in the last twenty years. The assistant librarian said that this was a low figure compared to that at many other colleges. One gold star for us.

Distinguished Speaker

The first major speech of the semester will be given in the Aronow Auditorium today at 5, when George Kennan lectures on "The Initial Encounter of the Soviet Union and the West." Mr. Kennan, former United States ambassador to Russia, has been an important figure in the development of American post-war policy, and the History Department is to be thanked and congratulated for arranging his appearance.

Although all the tickets to the series of three lectures have been distributed, late-comers can hear the speech from a public address system in 217 Finley. It is a rare opportunity to hear so distinguished a speaker.

Debate Team Places Third At Fordham

The College's Debating Team took third place Monday in the annual Fordham University Novice Tournament.

The topic was "Resolved: That the further development of nuclear weapons should be banned by international agreement."

The debaters competed in eight debates and won seven. But because of a tie for first place among three teams—the College, Kings College of Pennsylvania and Fordham—the prizes were awarded on the basis of point totals. Kings College and Fordham placed first and second respectively.

The College's team was composed of Edward Beiser '62 and Edmund Cohen '62 for the affirmative, and Alvin Hirschen '60 and Franklin Kane '60 for the negative. The same team won the Seton Hall Tournament trophy in December.

Other honors were won by the College's second team which won five of its eight debates. Barry Halpern '60, an affirmative speaker, was ranked third among the tournament's 125 participants.

Taking the affirmative with Halpern in this unit was John Tifford '62. Leonard Machtinger '62 and Robert Saginaw '62 spoke for the negative. —Nelson

Roth

(Continued from Page 1)
meets tomorrow at the Baruch School to reopen discussion of the controversy.

Hillel Protests Decision

Hillel Council passed a resolution Monday protesting the General Faculty decision on membership lists and fees.

The resolution requests the GF to "reaffirm the exemption of 'religious, political and social action organizations' from the requirement to submit membership lists." It also asks that all groups be granted funds for non-religious and non-political activities.

News in Brief

Hold 'Matchmaker' Auditions

The Speech Department now is casting for its production this spring of "The Matchmaker." Prof. Frank C. Davidson will conduct auditions in 108 Wagner today from 2 to 4 and tomorrow from 3 to 5.

Veteran's Group Formed

A social group for veterans is being formed within the framework of House Plan. An organizational meeting will be held tomorrow in 217 Finley at 1.

Flight Reservations Available

Reservations for the Student Government flight to Europe, sanctioned by the College, are still available. Deposits of fifty dollars must be made by March 30. Further information may be obtained in the SG office, 331 Finley.

President's Statement

(Continued from Page 1)
money, and permissible extra-curricular activities chartered by the college which cannot be the recipients of such aid. If religious, political, and "social-action" groups or activities do not deserve the support of these fees, they cannot be entitled to the use of college facilities. We hold that such a conclusion would be educationally indefensible.

4. It was illegal, since by administrative action it prescribes the discriminatory distribution of fees which can be collected only with student support and, therefore, must necessarily be disbursed only with student consent. Section 6202 of the Education Law of the Consolidated Laws of the State of New York empowers the Board of Higher Education, at its discretion, to require students, in connection with courses of study, to pay library, laboratory, locker and breakage fees, and to meet the costs of books and consumable supplies. The Board has no statutory authority to impose any other charge. The Student Activities Fee is not one of those enumerated charges, as is demonstrated by its adoption and history, and is acknowledged by the receipt which each student receives upon its payment. It is

valid because it was adopted with student consent. It will remain valid only as long as the terms of its adoption are respected.

It is with profound regret that Student Government has felt compelled to raise these questions and even to appeal to the Board of Higher Education to stay implementation of the General Faculty regulation. But we remain the General Faculty that the original membership list regulation was never referred to the Student Government and the student body for their consideration. We further note that the General Faculty Committee on Student Activities, and later the General Faculty, in passing the current compromise regulation did not consider it necessary or useful to consult the Student Government and other student organizations. Nevertheless, I know that I press the sentiment of the Student Government when I conclude that we still hope that the General Faculty will hear our petition and, examining it, uphold our position.

Very truly yours,
Renee Roth,
President,
Student Government

Presents film in 302 Cohen Library.

Friends of Music
Meets in 228 Finley at 12 for a short discussion and a live musical performance. Bring your lunch.

Gamma Sigma Sigma
Welcomes all female freshman and sophomores to a pledge meeting in 348 Finley.

Gilbert and Sullivan Society
Will meet at 6 in 424 Finley to elect officers and discuss next term's production.

Geological Society
Presents three speakers on Alaskan Geological Engineering in 307 Shepard.

Government and Law Society
Doctor Ernest van den Haag and Prof. Kenneth Clark (Psychology) will debate on the effect of the Supreme Court on segregation in 105 Wagner.

Hillel
Coffee hour meets today at 4 at Hillel House, 475 W. 140 St. to discuss the purpose of Hillel as the representative of the Jewish student body. Refreshments will be served.

Il Circolo Dante Alighieri
Holds first spring affair in 348 Finley. Members and friends invited.

Journal of Social Studies
Holds general meeting at 12 in 331 Finley.

Le Cercle Francais du Jour
Holds songest in 03 Downer.

Lock and Key
Meets in 307 Finley. All members are urged to attend this extremely important meeting.

Mathematics Society
Holds an organizational meeting in 125 Shepard.

Mercury
Holds a workshop in 331. All copy will be read and discussed.

Musical Comedy Society
Meets in 417 Finley. Everyone connected with "Pajama Game" must attend.

Newman Club
A mass of the Holy Ghost will be held at 12:05 at Our Lady of Lourdes Church.

Outdoor Club
Will meet at 12 in 312 Shepard to plan Saturday's ski trip. A three dollar-fee is required.

Physics Society
Meets in 105 Shepard. Prof. H. Lustig speaks on "The Nuclear Two Body Problem."

Promethean Workshop
Meets Friday at 4 in 427 Finley for a reading and group criticism of original fiction by students.

Sociology Society
Prof. Robert Bierstedt (Chmn. Sociology and Anthropology) speaks on "Race Relations" in 202 Wagner.

Students for a Sane Nuclear Policy
Presents L. F. Stone speaking on "How to Prevent War in the Nuclear Age" Friday at 3:30 in 217 Finley.

Science Education Society
Holds first meeting in 208 Klapper Hall. All interested students invited.

Ukrainian Student Society
Holds a business meeting at 12 in 317 Shepard.

Riflers Finish 2nd In Tourney of 22

The College's rifle team finished second in a field of 22 teams Saturday at the United States Coast Guard Academy Invitational Tournament in New London, Conn.

West Point captured the tourney with a score of 1435. The Beavers shot 1429 to beat the University of Maryland by one point.

"I would have liked to have won but I'm very satisfied with our showing," Coach Bernard Kelley said. "It was a great team effort."

The Beavers' leading scorer was Bob Helgans, who shot 290. It was the fourth time this season that Helgans has equalled or bettered 290.

The nimrods easily defeated Queens College, 1419-1307, Friday night. Ed Mahecha and Don Minervini were the leading Beaver scorers with 286 points each.

The riflers now have an 8-1 record in the Metropolitan Intercollegiate Rifle Conference and hold second place in the league behind St. Johns.

Mermen End Dual-meet Slate With 54-31 Loss to Lafayette

By Bob Jacobson

The College's swimming team concluded its dual-meet season Saturday with a 54-31 loss to Lafayette in Easton, Pa. The Beavers' final record is 3-6.

Lafayette jumped to an early 7-0 lead, taking the opening medley relay. Three consecutive Beaver wins—by Captain Joel White in the 220-yard free-style, Carl Ross in the 50, and diver Nick West—closed the gap to 19-15.

West's winning total of 186.3 gave the Beaver diving expert an undefeated season.

From then on it was a "swim-away." The Lafayette mermen registered first-place victories in all the remaining races except the 220-yard breast stroke which Mike Bayuk took for the College.

Ross and White, although placing second in the 100 and 440-yd. respectively, hit their best times of the season. Ross swam the 100 in 0:56.7 and White took only 5:28.7 for the 440.

In the eighth event, the 440-yd.

CAPTAIN Joel White won the 220-yard freestyle race against Lafayette Saturday.

free-style, Lafayette took both first and third positions to increase its lead to 44-25, clinching the meet.

The mermen will compete on March 7 in the Metropolitan championships.

Cagers Edge Rider In Last Home Game

For the sixth home game in a row, the margin of victory was less than five points, Monday night, as the Beaver cagers defeated Rider College, 65-63.

The Beavers' final appearance in Wingate gym was preceded by Mike Gerber's setting a new freshman scoring mark. Gerber, a 6-1 forward, tallied 32 as the Beaver frosh defeated Rider, 70-63, for their eleventh win in sixteen contests. The old mark of 29 was set by Alex Delia in 1956.

In the varsity tilt, the Beavers, after leading throughout fell behind in the last three minutes but came back to capture their sixth win of the season against ten losses. Their record at home is 5-3.

Jack Madden, the game's high scorer with 27 points, gave Rider a 61-60 lead with a jump shot. With 1:37 to go, he tried again but Hal Bauman grabbed the rebound and threw a lead pass the full length of the court to Julio Delatorre.

Delatorre sank the layup to give the Beavers the lead. Nine seconds

CLUTCH SHOOTER; Joel Ascher sank two foul shots to insure win over Rider.

Marty Groveman, the College's high scorer with 22 points, was fouled with seven seconds to go and made one of two shots to close out the scoring. A forty foot shot by Madden before the buzzer was deflected by Bauman.

The cagers won without Hector Lewis, the team's top rebounder and second leading scorer. Lewis sprained his right ankle in the loss to Wagner Saturday night.

The Beavers' other big men, Ascher and Shelly Bender, took up the slack left by the 6-5 Lewis. "Ascher was terrific tonight," Coach Nat Holman said. "He pulled down rebounds, and on defense he clogged up the middle and held Bryant to six points."

Working against a 2-2-1 zone defense, early in the first half, the cagers, with Delatorre and Groveman doing all the scoring, took an early 19-13 lead. Groveman, now averaging 16.6 points per game, hit on ten of eighteen shots from the floor.

Cagers Bow to Wagner

The cagers were defeated by Wagner College, 77-55, in the Seahawks' gym Saturday night. The Beavers hit on only 29 per cent of their shots in the first half and left the court at intermission trailing 37-25.

With seven minutes remaining in the one-sided contest, Lewis drove for the basket and fell to the floor, spraining his ankle. Before his injury, he scored eleven points and grabbed twenty rebounds. Groveman was high for the Beavers with 22 points.

Gal Hoopsters Lose, 49-48

The women's basketball team lost its third straight contest last night when a second half rally fell short of overtaking Manhattanville. The Beavers bowed, 49-48, in the Park gym.

The gal cagers, now 3-3, were behind at the half, 24-20, but went ahead 43-38 midway in the fourth quarter behind the clutch shooting of Mary Dominique and Betty Castro. Manhattanville pulled to within one, 46-45, and after Mary scored the hoopski's final basket, reeled off four straight points to wrap up the victory.

The hoopsterettes fell behind in the first half mainly because of their poor defensive play. Manhattanville, using its superior height to dominate the backboards, forced the hoopski's into costly misplays.

The Beavers made bad passes from backcourt to forecourt which either went out of bounds or into Manhattanville's hands. They were also forced to take quick shots which fell short of the basket.

The second half, however, saw the gal cagers tighten their defense, which, combined with improved shooting, turned the game into a seesaw battle.

Miss Dominique was high scorer with 28 points. Miss Castro scored ten—seven during the second half rally.

Matmen End Losing Streak With Victory Over Knight

By Barry Dentz

The College's wrestling team broke a three match losing streak Saturday by defeating Fairleigh Dickinson, 23-13, at the Knights' gym, fulfilling the first half of a prediction by Coach Joe Sapora.

Before the contest Sapora predicted the wrestlers would defeat both Dickinson and New York University to avert their worst season in years. The matmen now have a 3-4 mark with only the NYU meet remaining.

Looking for the most part stronger and smarter than their opponents, the matmen scored their points on two pins, a decision, a default and a forfeit.

In the opening match lightweight Jerry Kaplan capitalized on superior strength to pin Fairleigh's Mike Horn at 2:16 with a reverse half-nelson. The 130-pound struggle went to the Beavers by default as the Knights' Richard Chirnos tore a knee cartilage.

The Lavender were awarded five points on the default, bringing the score to 10-0. It was here, however, that the Knights made their move. Capturing the next two matches — one a pin and the other a decision—the home squad moved to within two points of the Beavers.

But the College won the following two tests to make the score

18-8. Sophomore Phil Rodman was fast and decisive in pinning K. Leenstra with a body press, as Gerry Horowitz won the 167-pound contest with an 8-3 decision over the Knights' Charles Smullen.

The Beavers picked up their final points of the afternoon on Fairleigh Dickinson forfeit in 177-pound contest.

Officials: Julius Meyer, Robert O'Keefe.			

later, the Broncs' Bob Bryant was called for charging and Joel Ascher made two foul shots to increase the lead to 64-61.

The Broncs' Richie Piotrowski drove in for a basket with 1:15 left to narrow the gap to one. The Beavers froze the ball until 27 seconds remained when Delatorre was tied up for a jump ball. Rider got the tap, but twelve seconds later, before the Broncs could get off a shot, Delatorre stole the ball.

Track

The College's track team placed fifth in a field of twelve teams in the Collegiate Track Conference Relay Carnival Saturday at the Queens College gym. Iona College of New Rochelle won the meet with 16 points. The College scored 5½.

In the sprint relay, the Lavender team, consisting of Stan Dawkins, Bob Ryerson, George Best, and Ike Clark, finished third. A team of Dawkins, Best, Clark and Tom King, tied for third place in the mile relay.

or graduate study

MS, PhD CANDIDATES
Choose direct assignment

... As an RCA Engineer

Receive your MS in Electrical Engineering, Mechanical Engineering or Physics at RCA's expense, through the RCA Graduate Study Program. At the same time, you're beginning your RCA career as an engineer on a fully professional level, getting a head start in the field you prefer. RCA pays the full cost of your tuition, fees and approved texts while you take graduate study part time at the University of Pennsylvania or Rutgers University. Or, you may prefer a different path ahead . . . RCA Design and Development Specialized Training. Here is another of RCA's programs for careers, in which you begin by working full-time on planned technical assign-

ments. Experienced engineers and interested management guide your progress. You may receive assignments in design and development of radar, airborne electronics, computers, missile electronics, television, radio and other equipment fields, as well as in Electron Tubes, Semiconductors and Components. MS, PhD Candidates are eligible for direct assignments in the above mentioned fields.

There's a lot more that's extremely interesting about an RCA engineering career. You should have these facts to make a wise decision about your future. Get them in person very soon when an RCA engineering management representative arrives on campus— **MARCH 3rd**

Right now, though, see your placement officer. Get squared away on a specific time for your interview. And get your copies of the brochures that also help to fill you in on the RCA picture. If you're tied up when RCA's representative is here, send a resume to:

Mr. Robert Haklisch, Manager
College Relations, Dept. CR-11
Radio Corporation of America
Camden 2, New Jersey
